STEPS FORWARD DAY

—
APRIL 12, 2024

Steps Forward Day is a fun and meaningful way for LCRA to give back and partner with our customers on projects that help their communities. On April 12, 2024, hundreds of our employees will volunteer on projects in dozens of communities throughout the lower Colorado River basin. The backup date, if needed, is April 26.

WHO CAN SUBMIT AN APPLICATION FOR A STEPS FORWARD DAY PROJECT?

LCRA customers, or city officials within the communities we serve, may nominate projects in their communities for inclusion in Steps Forward Day.

HOW MANY PROJECTS MAY EACH CITY OR CUSTOMER NOMINATE?

Each city or customer may submit applications for up to two projects. Each application also may include details on additional work to be completed if the team finishes the primary project earlier than expected.

WHAT KINDS OF PROJECTS ARE CHOSEN FOR STEPS FORWARD DAY?

Our enthusiastic employee volunteers can help complete projects like cleaning up trails, painting park equipment or planting trees.

Visit www.lcra.org/stepsforward to learn more about the projects we've completed in previous years.

We consider many factors when choosing projects, including:

- Safety and health.
- Location.
- Number of volunteers needed.
- Skills required to complete the work.
- Equipment needed to complete the task, and whether LCRA has that equipment readily available.

NEED A PROJECT IDEA?

WE CAN HELP:

- Paint athletic field fencing and bleachers.
- Improve landscaping with new plants and mulch.
- Pick up litter.
- Plant trees.
- Paint park buildings, such as restrooms and concession stands.
- Repair sections of fence.
- Improve playgrounds with paint and new mulch.

IS FUNDING AVAILABLE TO HELP OFFSET THE COST OF THE PROJECTS?

LCRA will consider requests to provide up to \$1,000 for supplies per customer or municipality, not per project.

WILL LCRA SUPPLY EQUIPMENT TO HELP COMPLETE THE PROJECTS?

LCRA may be able to supply some equipment for use on projects. Requests will be considered on a case-by-case basis and should be submitted as early as possible.

WHAT HAPPENS AFTER I SUBMIT AN APPLICATION?

We will review your application and assign an LCRA team lead and safety representative to visit the work site with you to discuss the project's scope, needed equipment and any safety issues. If your project is formally accepted as part of Steps Forward Day, we will notify you by mid-February after our internal volunteer signup period ends.
