Product Details

Champion Elite 225 Engine-Driven Welder - The heavy-duty, All-in-One Engine Driven Welder combines 10,000-watt auxiliary power with a 225-amp DC welder. Designed for Stick welding with quick and easy arc starts.

- Heavy-duty construction - Offers you stamina and long dependable service. Enclosed design, large battery, rugged electrical connections and wiring, and circuit breaker protection.
- Smooth and consistent arc starts - Allows you smooth arc starts with minimal "ticking".
- Quick-set amperage control - Allows you to easily dial in your precise weld setting. Refer to Electrode Key on the front panel to set the correct amperage for your weld.
- Lightweight and compact design - Lightweight and portable design allows easy movement around the jobsite and fuel efficiency for transporting. Compact design allows more space while operating equipment, as well as in the back of a vehicle.
- Simple User Interface - New interface provides a user-friendly experience with single amperage knob. Also includes easy to read fuel display that shows your hour/meter and service reminders.
- Rugged Vanguard Engine - Saves you time and money with the dependable engine which conserves fuel and provides long operation before refueling. 11-gallon fuel tank and low oil pressure shutdown are standard features.
- Weld and auxiliary power efficiency - The upgraded Champion Elite 225 offers enhanced solutions including full auxiliary power at any amperage, no arc interference from other tools, and no power spikes.
- Multitude of power inputs - Two 120-volt plugs, the NEMA 6-30 and NEMA 6-50 provide anything from common job site tools to plasma cutters to four prong receptacles for powering various job site applications.
- Hobart 5/3/1 Industrial Warranty
