

County Judge Recommendation

To: Jim Luther

Date: Monday 10 February 2025 at 17:17:

Commissioner Luther,

I am writing to support Alan Trevino for Burnet County Judge. His skills, experience, and community dedication are a good fit for the citizens of Burnet County and are exactly what we need.

Trevino's campaign focuses on transparency, integrity, and growth, proposing to use surplus funds for infrastructure and debt reduction, showcasing his fiscal responsibility.

He possesses the necessary qualities for an effective county judge, with expertise in budget management, government administration, emergency response, and interpersonal relations. His ideas are clear and actionable, and I believe he will be an excellent facilitator.

Alan's deep community engagement, leadership, and service commitment make him an outstanding candidate. His participation in local activities shows his accessibility and commitment to his constituents. He will also be a 40+ hour per week County Judge - this is a very important issue to many residents of Burnet County.

Choosing Trevino signifies the Court's dedication to proactive governance. His planning skills and local insight will further facilitate a bright future for Burnet County.

Also, after careful consideration of the applicants' forum responses, I strongly endorse Trevino.

Thank you for considering this,
