## JUSTIN DUNK

512-755-2220

Justin Dunk has a background as a general contractor overseeing custom, speculative, and light commercial construction in the Texas Hill Country. Early in his career an internship with KB Homes in San Antonio led to a Project Manager position overseeing construction of neighborhoods in Schertz Cibilo and Converse Judson. He moved to the Horseshoe Bay area in 2005 and went on to build many quality custom and spec homes throughout the area, with his focus being on high-end speculative homes.

In 2022 he merged his business with another home designer and transitioned into designing and drawing plans for custom homes and commercial projects.

Justin holds a BST in Construction Science from Texas State University in San Marcos.
