Shirley/Shelly/Commissioners:

After working 52+ years full time and part-time for Burnet County I have decided to retire. My last day will be February 28, 2025. When I started in 1972 working for Wayne Barton, County Clerk, I did not think I would still be working for Burnet County in 2025. The years have flown by. I have worked for a number of elected or appointed officials and have had a great working relationship with them all. I know I will miss working for Burnet County. I have made many friends that I will always cherish.
