

Volunteer and Unpaid Intern Policy and Application

Department heads and supervisors may utilize volunteers and unpaid interns (volunteers) to meet their obligations to Burnet County. The priority use for volunteers are those individuals working to meet professional, training, or experience requirements. Individuals requesting to volunteer with Burnet County must complete a County-approved volunteer application, Public Information Act training, cybersecurity training, and authorize a background investigation.

Supervisors are required to manage completed applications, Public Information Act training and cybersecurity training certificates, background check results, and all related documentation. Supervisors shall submit to the Human Resources (HR) Department copies of the application, Public Information Act training and cybersecurity training certificates, background check authorization, and any reports required for volunteers. HR will maintain completed applications with criminal background check authorization, submit the background check, notify the supervisor of the results of the background check, and maintain a copy of completion of volunteering/ interning with Burnet County. Departments may require additional non-disclosure or sensitive document assurances from volunteers but must notify HR that such documents are in use.

Supervisors are responsible for all applicable recordkeeping requirements. Supervisors must submit a written request to IT for volunteers to have access to county-issued email accounts and technology systems. The access is exclusively to conduct official County official business.

Supervisors are required to provide training to use email only for county business, to follow all Burnet County policies, procedures, and applicable laws, including the Texas Public Information Act. Supervisors wanting volunteers to have keys or other facility access to perform their duties must strictly adhere to Burnet County Key Control Policy. All County-issued access, whether physical or electronic, remains the sole property of Burnet County and must not be used for any unauthorized purpose. The department head or designated supervisor shall oversee and monitor volunteer activities to ensure compliance with County policies, applicable law, and the proper performance of assigned duties. Failure to comply with any aspect of this policy may result in suspension of volunteer privileges or other appropriate disciplinary actions providing in the Burnet County Personnel Policies and Employee Handbook.
