During the August 17th,2026 Commissioner's Court, County Republican party chair Tammy Hullum speaks on the public record and identifies five points plus three violations of the Texas election codes that occurred in the 2026 March primary election.

Who entered, revised, and certified the canvass as final in the Texas Election Admin. Management System(TEAMS)without the certification of the Burnet County Republican Party Chair ?

The newly appointed Election Admin.Michael Evans was the person responsible for providing Tammy Hullums with the required election records. He failed to do this. Why would the Election Admin. not provide the records required by Texas law ?

There were reports that Judge Bryan Wilson had several private meetings with the Election Admin. over the course of the primary election. This would be highly unethical if not illegal since the appointed Judge was on the primary ballot.

Could it be possible that Michael Evans did not provide Tammy Hullums with the election records because County Judge Bryan Wilson instructed him to enter the election results into the TEAM software system himself and not follow Texas Election procedures ?

County Judge Wilson attended a Burnet County Republican party meeting just two days after his appointment on March 11th, 2025. During this meeting, after he requested that video and audio cameras be turned off, Bryan Wilson admitted to all the people in the room that he had violated State and Federal election law while serving as an election judge in Bastrop County.

In an election in Burnet County where his own self interests were involved, I don't think it would unreasonable to assume that Bryan Wilson would be willing to violate the law by exercising authority over the Election Admin.

County Judge Wilson decided that Burnet County taxpayers should pay tens of thousands of dollars for a private law firm's advice. Invoices from that law firm show that the Judge was seeking legal council on election issues starting March 19th, just fifteen days after the election with more inquiries continuing over a month. Why ?

Is this private law firm being used as personal legal counsel by Mr. Wilson and a way of using attorney client privilege to hide any and all records of County Judge Wilson's unethical and illegal manipulation of the primary election in Burnet County ?

How can the voters in Burnet County trust the results of the primary election ?

Since Wilson is the appointed County Judge, the Chair of the county Elections Commission, and has a seat on the County Elections Board, his lies are revealing and his silence on all this is deafening.

In my opinion this is election fraud and a cover up of the fraud by the corrupt appointed Judge Bryan Wilson.

I am publicly calling for the immediate resignation of Bryan Wilson.

Bryan Wilson cannot be on the ballot in the November election for Burnet County Judge.
