Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.bny.com/pershing/us/en/disclosures.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions, including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Certificates of Deposit

Certificates of Deposit acquired through the Certificate of Deposit Account Registry Service ("CDARS") and held in your brokerage account are subject to Securities Investor Protection Corporation (SIPC) coverage. Please see additional information about SIPC under Important Information and Disclosures on this statement.

Please be advised that the secondary market for CDs is generally illiquid; the actual value of CDs may be different from their purchase price; and a significant loss of principal could result if your CDs are sold prior to maturity. In the event that the CDs listed above do not indicate a market valuation, an accurate market value could not be determined. In the event that a price is listed above for your CDs, Pershing has obtained a price from sources deemed to be reliable or has priced your CDs using a matrix formula. Prices are estimates and the actual value you may obtain for your CD may be different if you elect to sell your CD in the secondary market.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Variable Rate Securities

Interest rate data for certain complex and/or variable rate securities is provided to Pershing by third-party data service providers pursuant to contractual arrangements. Although we seek to use reliable sources of information, the accuracy, reliability, timeliness, and completeness of interest rate data may vary sometimes, particularly for complex and/or variable rate securities and those with limited or no secondary market. As a result, we can offer no assurance as to the accuracy, reliability, timeliness, or completeness of interest rate data for such securities. Pershing may also occasionally make interest rate updates and adjustments based on its reasonable efforts to obtain accurate, reliable, timely, and/or complete interest rate data from other data sources, but we can similarly provide no assurance that those rates or adjustments will be accurate, reliable, timely, or complete.

When updated interest rate data is received from a third-party data service provider or adjusted by Pershing, the updated data will be reflected in various sources where interest rate data is used or viewed, including both paper and electronic communications and data sources. Prior use or communication of interest rate-related data will not be revised. Since variable interest rates may be subject to change at any time and are only as accurate as the data received from third-party data service providers or otherwise obtained by Pershing, interest rate data should not be relied on for making investment, trading, or tax decisions. All interest rate data and other information derived from and/or calculated using interest rates are not warranted as to accuracy, reliability, timeliness, or completeness and are subject to change without notice. Pershing disclaims any responsibility or liability to the fullest extent permitted by applicable law for any loss or damage arising from any reliance on or use of the interest rate data or other information derived from and/or calculated using interest rates in any way. You should request a current valuation for your securities from your financial adviser or broker prior to making a financial decision or placing an order or requesting a transaction in these securities.

Structured Products

Structured products in this section are complex products and may be subject to special risks, which may include, but are not limited to: loss of initial investment; issuer credit risk; limited or no appreciation; risks associated with the underlying reference asset(s); no periodic payments; call prior to maturity (a redemption could affect the yield represented); early redemption fees or other applicable fees; price volatility resulting from issuer's and/or guarantor's credit quality; lower interest rates and/or yield compared to conventional debt with a comparable maturity; unique tax implications; concentration risk of owning the related security; limited or no secondary market; restrictions on transferability; conflicts of interest; and limits on participation in appreciation of underlying asset(s). To review a complete list of risks, please refer to the offering documents for the structured product. For more information about the risks specific to your structured products, you should contact your financial institution or advisor. Certain structured products are designed to make periodic distributions to you and any such structured product distributions you receive will be listed in the Transactions section of your statement. Structured product distributions may be listed there as "Bond Interest Received"; however, this description is not intended to reflect a determination as to either the asset classification of the product or the U.S. tax treatment of such distributions.

Messages

Although a money market mutual fund (money fund) seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in a money fund. The money fund's sponsor has no legal obligation to provide financial support to a money fund, and you should not expect that the sponsor will provide financial support to a money fund at any time, including during periods of market stress. Although no money fund's board has current intentions to impose a fee upon the sale of shares, each board reserves the ability to impose liquidity fees if it determines it's in the best interest of the fund. Pursuant to SEC Rule 10b-10(b) (1) confirmations are not sent for purchases into money funds processed on the sweep platform. Pursuant to applicable regulation, account statements will be produced monthly or quarterly. Federal Deposit Insurance Corporation (FDIC) eligible bank deposit sweep products automatically deposit any available cash into FDIC member banks where those balances are eligible for pass-through FDIC insurance coverage on swept balances, based on account type pursuant to FDIC regulation and subject to certain conditions. The name and amount at each FDIC member bank holding balances in FDIC eligible bank deposit sweep products are reported in the section of this statement titled "FDIC Eligible Bank Deposits" on or around the 15th day of each calendar month (Reporting Date). The bank deposit sweep balances available on the Reporting Date may not reflect changes to your bank sweep deposit balances between the Reporting Date and the calendar month end. Balances in FDIC member banks in bank deposit sweep products are not protected by Securities Investor Protection Corporation (SIPC). Shares of a money fund or the balance of a bank deposit product held in your brokerage account may be liquidated upon request with the proceeds credited to your brokerage account. Please see the money fund's prospectus or the bank deposit product's disclosure document or contact your advisor for additional information.

PERSHING LLC (BNY PERSHING) ANNUAL DISCLOSURE OF IMPORTANT INFORMATION

BNY Pershing, as the custodian for your accounts, is required to disclose certain information to you on an annual basis. This document contains those disclosures.

TRADING ACTIVITY DISCLOSURES

Messages (continued)

CREDIT INTEREST AND CHECK DISBURSEMENT

Under certain conditions, BNY Pershing earns revenue based on free credit balances in client accounts. A small number of firms share in a portion of that revenue. In situations where you request a check disbursement from your account, BNY Pershing will continue to earn revenue based on the amount of the check from the date that it is disbursed until its final settlement and payment. Free credit balances in your account are for investment purposes. If you currently maintain free credit balances in your account solely for the purpose of receiving credit interest and have no intention of investing the funds in the future, contact your firm to discuss your investment options.

MUTUAL FUND FEES AND REVENUE SHARING

BNY Pershing provides operational services to mutual fund companies and receives fees for those services. These fees are paid to BNY Pershing for its work on behalf of the funds, such as dividend calculations and posting, accounting, reconciliation, client confirmation and statement preparation and mailing, and tax statement preparation and mailing.

Where applicable, BNY Pershing facilitates payments of SEC Rule 12b-1 fees received from mutual funds and paid to you or your firm. In limited circumstances, pursuant to agreements with certain firms, BNY Pershing retains a portion of those fees. BNY Pershing offers a mutual fund no-transaction-fee program called FundVest® and Offshore Flex (for nonUS clients). BNY Pershing receives fees from mutual funds that participate in FundVest and Offshore Flex. There are some firms that choose to participate in this program and have agreements with BNY Pershing to share in the fees received by BNY Pershing. These fees are considered revenue sharing and are a source of revenue for BNY Pershing and, where applicable, a source of revenue for your firm. These fees create an incentive for BNY Pershing to support these products on its platform.

MONEY FUND AND BANK DEPOSIT SWEEP PRODUCT FEES AND REVENUE SHARING

Money fund and bank deposit sweep product processing fees and revenue sharing arrangements are a source of revenue for BNY Pershing and, where applicable, a source of revenue for your firm. Not all sweep products are available to all firms or accounts. For the money funds supported on its sweep platform available to all clients, BNY Pershing receives remuneration paid out of the total operating expenses of the fund, some of which include SEC Rule 12b-1 fees. If your firm selects a sweep product available to all clients that pays BNY Pershing remuneration, in most cases a portion of the fees BNY Pershing receives from money fund and bank deposit sweep product providers will be shared with your firm. In addition, BNY Pershing receives fees for providing access to its platform from money funds and bank deposit sweep product providers. In most cases, these fees are paid based on assets in the products. In certain circumstances, BNY Pershing shares these fees with your firm. Some firms have unique sweep products, where BNY Pershing does not receive fees from the sweep product provider. When BNY Pershing receives fees, a portion is applied against costs associated with providing services, including maintaining cash sweep systems, sub-accounting, dividend and interest calculations, posting, reconciliation, client statement preparation and distribution, tax statement preparation and distribution, marketing and distribution related support and other services. For a listing of money funds and bank deposit products that pay BNY Pershing revenue-sharing and processing fees, refer to <https://www.bny.com/pershing/us/en/disclosures>.

(BNYMIA). BNYMIA has engaged its affiliate, Dreyfus, a division of Mellon Investments Corporation (MIC) to serve as sub-adviser. The funds are distributed by BNY Mellon Securities Corporation (BNYMSC). BNYMSC and BNYMIA are affiliates of BNY Pershing and BNYMSC receives compensation for delivering services to the Dreyfus money funds. The Dreyfus Insured Deposits products are bank deposit sweep products that automatically deposit swept funds into FDIC member participating banks (Program Banks), where swept balances receive pass through FDIC insurance coverage through those Program Banks. The Dreyfus Insured Deposits products are supported by BNY Pershing, and may be offered to you by your firm, operate through a private labelling arrangement with Dreyfus. BNY Pershing has appointed Dreyfus to provide certain services with respect to the operation of the Dreyfus Insured Deposits products. The Bank of New York Mellon is a state-chartered bank and BNY Mellon, National Association (BNY Mellon, N.A.) is a national banking association, both of which may act as Program Banks by participating in the bank deposit sweep products that BNY Pershing supports on its sweep platform. BNYMSC is a registered investment adviser and broker-dealer, and a subsidiary of BNYMIA. BNY Pershing, Pershing Advisor Solutions, BNYMSC, BNYMIA, The Bank of New York Mellon and BNY Mellon, N.A. are BNY companies. BNY is the corporate brand for The Bank of New York Mellon Corporation. BNY Pershing, Pershing Advisor Solutions and BNYMSC earn fees (which may or may not be account-based) based on the amount of money in the Dreyfus Money Funds and Dreyfus Insured Deposits products. Depending on the specific terms of the products offered, BNY Pershing and Pershing Advisor Solutions may earn a higher fee on balances in any of the bank deposit sweep products supported on the platform than in other sweep products, such as money funds. Based on the agreement between BNY Pershing and your firm, BNY Pershing, in its sole discretion, will share a portion of the fees it earns from the support of these sweep products with your firm, in which case your firm would earn fees on balances in these products, which may be higher than fees earned on

FOREIGN CURRENCY TRANSACTIONS

BNY Pershing will execute foreign currency transactions as principal for your account. BNY Pershing's compensation for such transactions is based on the difference between the prevailing Foreign Exchange Interbank market and the rate applied at the time of the trade. Each currency conversion rate applied by BNY Pershing will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Some firms increase or decrease the currency conversion rate you are charged by BNY Pershing and such increase or decrease in the rate results in compensation to your firm. Conversion rates may differ from rates in effect on the date a dividend, interest payment or corporate action is credited or declared. Unless you instruct your firm otherwise, BNY Pershing automatically converts foreign currency to or from U.S. dollars for dividends, interest and corporate actions.

STOP ORDER ELECTION/TRIGGER

Equity odd-lot sales count toward consolidated and participant exchange volumes, but do not update the last-sale, open, close, high, or low price. Since odd-lot executions are not last-sale eligible, they will not trigger non-directed stop, stop-limit or trailing-stop orders routed to BNY Pershing for execution.

CONFIRMATION OF EXECUTIONS AND/OR CANCELLATIONS

Confirmations of executions and/or cancellation requests may be delayed, erroneous (e.g., due to computer system issues) or subject to further edits including cancellation by a market center. A customer is bound by the conditions of the actual order execution if consistent with the customer's order instructions. Further, requests to cancel an order are not

guaranteed, and will only be cancelled if received and applied to the still unexecuted order at the relevant market center. Customers may not assume that any order has been executed or cancelled until the customer has received a transaction or cancellation confirmation from BNY Pershing. Even in the event such execution or cancellation is reported to a customer, any reporting or posting errors, including errors in reporting or posting execution prices or cancellations, may be corrected to reflect what actually occurred in the marketplace. Note that during market hours, it is rarely possible to cancel a market order or a marketable limit order as such orders are subject to immediate execution.

BNY PERSHING'S IMPARTIAL LOTTERY PROCESS: PARTIAL CALLS

Information about BNY Pershing's impartial lottery process can be found at www.bny.com/pershing/us/en/disclosures. A printed copy of this information is available by calling (888) 367-2563, option 3 then option 5.

When a security is subject to a partial redemption, BNY Pershing has procedures to treat you fairly. When an issuer initiates a partial call of securities, the depository holding such securities (typically, the Depository Trust and Clearing Corporation, or DTCC) conducts an impartial, computerized lottery using an incremental random number technique to determine the allocation of called securities to participants for which it holds securities on deposit (including BNY Pershing). Because DTCC's lottery is random and impartial, participants may or may not receive an allocation of securities selected for redemption. BNY Pershing conducts a similar, computer-generated random lottery. The lottery determines the accounts that will be selected and the number of securities in the account that will be redeemed. Allocations are based on the number of trading units held in the account. The probability of any trading unit held by an account being selected as called in a partial call is proportional to the total number of trading units held through BNY Pershing.

Once the lottery is complete, BNY Pershing notifies your firm which accounts have received an allocation. Securities registered in the client's name, either in transit or held in custody, are excluded from the BNY Pershing lottery process. BNY Pershing initiates the lottery process by identifying the accounts holding the called security, the total par value of the called securities held, and the trading unit of the security.

For example (unit of trade = \$25,000):

Client Account	Par Value	Number of Trading Units
ABC-123234	\$100,000	4
DEF-325465	\$75,000	3
EDR-567433	\$150,000	6
EGT-876574	\$50,000	2
EGT-888345	\$25,000	1
FRT-435234	\$25,000	1
FRT-658797	\$75,000	3

In brief, the allocation process involves the following steps:

- The number of trading units held in each account is identified.
- A sequential number is assigned to each trading unit (e.g., account EDR-567433 would be assigned six numbers).
- A random number is generated that will result in one of these trading units being the first unit in the selection process.
- Thereafter, the trading units participating in the allocation are based on an incremental random number technique until the number of trading units allocated to BNY Pershing is exhausted.

Additional Information

- The allocation of called securities is not made on a pro-rata basis. Therefore, it is possible that a client may receive a full or partial redemption of shares held. Conversely, it is also possible that a client may not have any securities selected for redemption.
- When a partial call is deemed favorable to the holders of the called security, BNY Pershing will exclude certain accounts from the lottery. Excluded accounts will include BNY Pershing's proprietary and employee accounts, as well as proprietary and employee accounts of your firm (if BNY Pershing carries and clears those accounts). No allocation will be made to these proprietary and employee accounts until all other client positions at BNY Pershing in such securities have been called. When a partial call is deemed unfavorable to holders of the called security, BNY Pershing will not exclude any accounts from the lottery.
- If the partial call is made at a price above the current market price as captured in BNY Pershing's price reporting system, BNY Pershing will generally categorize the partial call as one that is favorable to the holders of such security. If the partial call is made at a price that is equal to or below the current market price of the security as captured in BNY Pershing's price reporting system, BNY Pershing will generally categorize that call as one that is unfavorable to holders of the security.
- Clients have the right to withdraw uncalled, fully paid securities from BNY Pershing at any time prior to the cut-off date and time established by the issuer, transfer agent and/or depository with respect to the partial call. Clients also have the right to withdraw excess margin securities, provided that the client account is not subject to restriction under Regulation T or that such withdrawal will not cause an under-margined condition.
- Impartial lottery is conducted based on settled positions as of the close of business the day prior to the publication date.
