Subject: Street side patios

Hello Mary,

I am writing you on behalf of Pedal Haus Chandler to express our need and desire to keep the street-side patios available for use for the foreseeable future.

We have found that ever since Governor Ducey lifted the social distancing executive order many of our guests still prefer to remain socially distant and dine outdoors. During the past two weeks, 17% of all of our sales came from guests sitting on our street-side patio. Prior to that, we found guests waiting for outdoor tables almost two to one over guests comfortable sitting inside.

When speaking to guests, they really appreciate the fact that they have additional options for outdoor dining in Downtown Chandler. Please let me know what we can do to assist in the discussions with the city.

Cheers,

Chris Purcell
