COUNCILMEMBER STEWART said this is a minimal fee.

MR. PETERS said that the fee offsets the cost of administering the short-term rental program.

COUNCILMEMBER STEWART asked how violation would be enforced.

MR. PETERS answered that law enforcement will respond to complaints, and then it is entered into the verified violation process workflow. The owner has an adjudication process to demonstrate responsibility for their tenants. Law enforcement can also call the owner to address the situation there.

COUNCILMEMBER STEWART asked who decides to pull the license.

MR. PETERS said the decision is the city's through its enforcement.

COUNCILMEMBER STEWART asked if there are any rules in place for enforcement.

MR. PETERS said that there are general rules, and to follow the established voluntary compliance philosophy.

COUNCILMEMBER STEWART said that the result would be to suspend short term rentals at that location.

MR. PETERS said that we cannot permanently suspend licenses. There is a 12-month suspension that is applied to the license.

MAYOR HARTKE asked if there is any mechanism to encourage rentals to register.

MR. PETERS said that it has been a challenge to encourage registration. It is currently illegal to operate without a license.

MAYOR HARTKE asked about education opportunities available for homeowners.

MAG will be providing funding and asked for the city to consent to the program. The flights are below 400 ft, 4 – 6 flights a day for a total of seven days over two weeks. It will be a five-minute flight. Airspace Link has met with City departments to discuss public safety. It is expected to occur during this summer. There is no cost to the City.

COUNCILMEMBER ELLIS commented that this item is an exciting development for Chandler.

VICE MAYOR ORLANDO shared a concern about traffic.

MR. KAUP said that drone flights are being communicated, part of MAG funding stipulates a communication plan by the City. The limited times of operations should limit traffic concerns. We can review feedback on the program and go from there.

VICE MAYOR ORLANDO asked if the flight operators have insurance.

MR. KAUP said that Airspace Link does have insurance.

COUNCILMEMBER STEWART shared that this is a unique sustainable solution.

MAYOR HARTKE said the route looks like it avoids residential areas, we will communicate with any potential stakeholders.

COUNCILMEMBER ELLIS asked if Chandler is the only city in Arizona to have a program like this.
