

PROFESSIONAL SERVICES AGREEMENT
Design Services
GAZELLE MEADOWS PARK RENOVATIONS

Project No. PR2107.203

Council Date: May 11, 2023

Item No.

This Agreement ("Agreement") is made and entered into on the ____ day of _____, 2023 ("Effective Date"), by and between City of Chandler, an Arizona municipal corporation, ("City"), and **Dig Studio, Inc.**, a Colorado corporation, ("Consultant") (City and Consultant may individually be referred to as "Party" and collectively referred to as "Parties").

RECITALS

A. City proposes to engage Consultant to provide Design Services for **GAZELLE MEADOWS PARK RENOVATIONS** project as more fully described in **Exhibit "A"**, which is attached to and made a part of this Agreement by this reference.

B. Consultant is ready, willing, and able to provide the services described in **Exhibit "A"** for the compensation and fees set forth and as described in **Exhibit "B"**, which is attached to and made a part of this Agreement by this reference.

C. City desires to enter into an Agreement with Consultant to provide these services under the terms and conditions set forth in this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the premises and the mutual promises contained in this Agreement, City and Consultant agree as follows:

SECTION I--CONSULTANT'S SERVICES

Consultant must perform the services described in **Exhibit "A"** to City's satisfaction within the terms and conditions of this Agreement and within the care and skill that a person who provides similar services in Chandler, Arizona exercises under similar conditions. All work or services furnished by Consultant under this Agreement must be performed in a skilled and workmanlike manner. All fixtures, furnishings, and equipment furnished by Consultant as part of the work or services under this Agreement must be new, or the latest model, and of the most suitable grade and quality for the intended purpose of the work or service.

SECTION II--PERIOD OF SERVICE

Consultant must perform the services described in **Exhibit "A"** for the term of this Agreement. Unless amended in writing by the Parties, the Agreement term expires **240** calendar days after the Notice to Proceed (NTP) Date.

SECTION III--PAYMENT OF COMPENSATION AND FEES

Unless amended in writing by the Parties, Consultant's compensation and fees as more fully described in **Exhibit "B"** for performance of the services approved and accepted by City under this Agreement must not exceed **\$201,564** for the full term of the Agreement. Consultant may not increase any compensation or fees under this Agreement without the City's prior written consent. Consultant must submit monthly requests for payment of services approved and accepted during the previous billing period and must include, as applicable, detailed invoices and receipts, a narrative description of the tasks accomplished during the billing period, a list of any deliverables submitted, and any subconsultant's or supplier's actual requests for payment plus similar narrative and listing of their work. Consultant must submit an Application and Certification for Payment Sheet with the monthly request for payment to: CapitalProjects.Payables@chandleraz.gov. Payment for those services negotiated as a lump sum will be made in accordance with the percentage of the work completed during the preceding billing period. Services negotiated as a not-to-exceed fee will be paid in accordance with the work effort expended on the service during the preceding month. All requests for payment must be submitted to City for review and approval. City will make payment for approved and accepted services within 30 calendar days of City's receipt of the request for payment. Consultant bears all responsibility and liability for any and all tax obligations that result from Consultant's performance under this Agreement.

SECTION IV--CITY'S OBLIGATIONS

As part of Consultant's services under this Agreement, City will provide furnished items, services, or obligations as detailed in **Exhibit "D"**.

SECTION V--GENERAL CONDITIONS

5.2 Records/Audit. Records of Consultant's direct personnel payroll, reimbursable expenses pertaining to this Agreement and records of accounts between City and Consultant must be kept on the basis of generally accepted accounting principles and must be made available to City and its auditors for up to three years following City's final acceptance of the services under this Agreement (this requirement is increased to five years if construction of this project is federally funded). City, its authorized representative, or any federal agency, reserves the right to audit Consultant's records to verify the accuracy and appropriateness of all cost and pricing data, including data used to negotiate this Agreement and any amendments. City reserves the right to decrease the total amount of Agreement price or payments made under this Agreement or request reimbursement from Consultant following final Agreement payment on this Agreement if, upon audit of Consultant's records, the audit discloses Consultant has provided false, misleading, or inaccurate cost and pricing data. Consultant will include a similar provision in all of its Agreements with subconsultants who provide services under the Agreement to ensure that City, its authorized representative, or the appropriate federal agency, has access to the subconsultants' records to verify the

accuracy of all cost and pricing data. City reserves the right to decrease Agreement price or payments made on this Agreement or request reimbursement from Consultant following final payment on this Agreement if the above provision is not included in subconsultant agreements, and one or more subconsultants refuse to allow City to audit their records to verify the accuracy and appropriateness of all cost and pricing data. If, following an audit of this Agreement, the audit discloses Consultant has provided false, misleading, or inaccurate cost and pricing data, and the cost discrepancies exceed 1% of the total Agreement billings, Consultant will be liable for reimbursement of the reasonable, actual cost of the audit.

5.3 Alteration in Character of Work. Whenever an alteration in the character of work results in a substantial change in this Agreement, thereby materially increasing or decreasing the scope of services, cost of performance, or Project schedule, the work will be performed as directed by City. However, before any modified work is started, a written amendment must be approved and executed by City and Consultant. Such amendment must not be effective until approved by City. Additions to, modifications, or deletions from this Agreement as provided herein may be made, and the compensation to be paid to Consultant may accordingly be adjusted by mutual agreement of the Parties. It is distinctly understood and agreed that no claim for extra services or materials furnished by Consultant will be allowed by City except as provided herein, nor must Consultant do any work or furnish any materials not covered by this Agreement unless such work is first authorized in writing. Any such work or materials furnished by Consultant without prior written authorization will be at Consultant's own risk, cost, and expense, and Consultant hereby agrees that without written authorization Consultant will make no claim for compensation for such work or materials furnished.

5.4 Termination. City and Consultant hereby agree to the full performance of the covenants contained herein, except that City reserves the right, at its discretion and without cause, to terminate or abandon any service provided for in this Agreement, or abandon any portion of the Project for which services have been performed by Consultant. In the event City abandons or suspends the services, or any part of the services as provided in this Agreement, City will notify Consultant in writing and immediately after receiving such notice, Consultant must discontinue advancing the work specified under this Agreement. Upon such termination, abandonment, or suspension, Consultant must deliver to City all drawings, plans, specifications, special provisions, estimates and other work entirely or partially completed, together with all unused materials supplied by City. Consultant must appraise the work Consultant has completed and submit Consultant's appraisal to City for evaluation. City may inspect Consultant's work to appraise the work completed. Consultant will receive compensation in full for services performed to the date of such termination. The fee will be paid in accordance with Section III of this Agreement, and as mutually agreed upon by Consultant and City. If there is no mutual agreement on payment, the final determination will be made in accordance with the "Disputes" provision in this Agreement. However, in no event may the fee exceed the fee set forth in Section III of this Agreement nor as amended in accordance with Section "Alteration in Character of Work." City will make the final payment within 60 days after Consultant has delivered the last of the partially completed items and the Parties agree on the final fee. If City is found to have improperly terminated the Agreement for cause or default, the termination will be converted to a termination for convenience in accordance with the provisions of this Agreement.

5.5 Indemnification. To the extent permitted by law, the Consultant ("Indemnitor") must indemnify, save and hold harmless City and its officers, officials, agents and employees ("Indemnitee") from any and all claims, actions, liabilities, damages, losses or expenses (including court costs, attorneys' fees and costs of claim processing, investigation and litigation) ("Claims") caused or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of Consultant or any of its owners, officers, directors, agents, employees, or subconsultants in connection with this Agreement. This indemnity includes any claim or amount arising out of or recovered under workers' compensation law or on account of the failure of Consultant to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. Consultant must indemnify Indemnitee from and against any and all Claims, except those arising solely from Indemnitee's own negligent or willful acts or omissions. Consultant is responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this Agreement, Consultant agrees to waive all rights of subrogation against Indemnitee for losses arising from or related to this Agreement. The obligations of Consultant under this provision survive the termination or expiration of this Agreement.

5.6 Insurance Requirements. Consultant must procure insurance under the terms and conditions and for the amounts of coverage set forth in **Exhibit "C"** against claims that may arise from or relate to performance of the work under this Agreement by Consultant and its agents, representatives, employees, and subconsultants. Consultant and any subconsultant must maintain this insurance until all of their obligations have been discharged, including any warranty periods under this Agreement. These insurance requirements are minimum requirements for this Agreement and in no way limit the indemnity covenants contained in this Agreement. City in no way warrants that the minimum limits stated in **Exhibit "C"** are sufficient to protect Consultant from liabilities that might arise out of the performance of the work under this Agreement by Consultant, Consultant's agents, representatives, employees, or subconsultants. Consultant is free to purchase such additional insurance as may be determined necessary.

5.7 Cooperation and Further Documentation. Consultant agrees to provide City such other duly executed documents as may be reasonably requested by City to implement the intent of this Agreement.

5.8 Successors and Assigns. City and Consultant each bind itself, its partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns, and legal representatives of such other party in respect to all covenants of this Agreement. Neither City nor Consultant may assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. In no event may any contractual relation be created between any third party and City.

5.9 Disputes. In any dispute arising out of an interpretation of this Agreement or the duties required not disposed of by agreement between Consultant and City, the final determination at the administrative level will be made by City Engineer.

5.10 Completeness and Accuracy of Consultant's Work. Consultant must be responsible for the completeness and accuracy of Consultant's services, data, and other work prepared or compiled under Consultant's obligation under this Agreement and must correct, at Consultant's expense, all willful or negligent errors, omissions, or acts that may be discovered. Correction of errors disclosed and determined to exist during any construction of the project on architectural or engineering drawings and specifications must be accomplished by Consultant. The cost of the design necessary to correct those errors attributable to Consultant and any damage incurred by City as a result of additional construction costs caused by such engineering or architectural errors will be chargeable to Consultant and will not be considered a cost of the Work. The fact that City has accepted or approved Consultant's work will in no way relieve Consultant of any of Consultant's responsibilities.

5.11 Reporting. Written monthly reports, along with updated work schedules, will be made by Consultant in the format prescribed by City. These reports will be delivered to City per schedule. When requested by City, Consultant will attend Council meetings and provide finished documents including correspondence for Council action, supporting charts, graphs, drawings and colored slides of same.

5.12 Withholding Payment. City reserves the right to withhold funds from Consultant's payments up to the amount equal to the claims City may have against Consultant until such time that a settlement on those claims has been reached.

5.13 City's Right of Cancellation. The Parties acknowledge that this Agreement is subject to cancellation by City under the provisions of Section 38-511, Arizona Revised Statutes (A.R.S.).

5.14 Independent Consultant. For this Agreement Consultant constitutes an independent contractor. Any provisions in this Agreement that may appear to give City the right to direct Consultant as to the details of accomplishing the work or to exercise a measure of control over the work means that Consultant must follow the wishes of City as to the results of the work only. These results must comply with all applicable laws and ordinances.

5.15 Project Staffing. Prior to the start of any work under this Agreement, Consultant must submit to City detailed resumes of key personnel that will be involved in performing services prescribed in the Agreement. City hereby acknowledges its acceptance of such personnel to perform services under this Agreement. At any time hereafter that Consultant desires to change key personnel while performing under the Agreement, Consultant must submit the qualifications of the new personnel to City for prior approval. Key personnel include, but are not limited to, principals-in-charge, project manager, and project Consultant. Consultant will maintain an adequate and competent staff of qualified persons, as may be determined by City, throughout the performance of this Agreement to ensure acceptable and timely completion of the Scope of Services. If City objects, with reasonable cause, to any of Consultant's staff, Consultant must take prompt corrective action acceptable to City and, if required, remove such personnel from the Project and replace with new personnel agreed to by City.

5.16 Consultants or Subconsultants. Prior to beginning the work, Consultant must furnish City for approval the names of consultants or subconsultants to be used under this Agreement.

Any subsequent changes are subject to City's written prior approval.

5.17 Force Majeure. If either party is delayed or prevented from the performance of any act required under this Agreement by reason of acts of God or other cause beyond the control and without fault of the Party (financial inability excepted), performance of that act may be excused, but only for the period of the delay, if the Party provides written notice to the other Party within ten days of such act. The time for performance of the act may be extended for a period equivalent to the period of delay from the date written notice is received by the other Party.

5.18 Compliance with Federal Laws. Consultant understands and acknowledges the applicability of the Americans with Disabilities Act, the Immigration Reform and Control Act of 1986 and the Drug Free Workplace Act of 1989 to it. Consultant agrees to comply with these laws in performing this Agreement and to permit City to verify such compliance.

5.19 No Israel Boycott. By entering into this Agreement, Consultant certifies that Consultant is not currently engaged in, and agrees for the duration of the Agreement, not to engage in a boycott of Israel as defined by state statute.

5.20 Legal Worker Requirements. A.R.S. § 41-4401 prohibits City from awarding an Agreement to any consultant who fails, or whose subconsultants fail, to comply with A.R.S. § 23-214(A). Therefore, Consultant agrees Consultant and each subconsultant it uses warrants their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with § 23-214, subsection A. A breach of this warranty will be deemed a material breach of the Agreement and may be subject to penalties up to and including termination of the Agreement. City retains the legal right to inspect the papers of any Consultant's or subconsultant's employee who provides services under this Agreement to ensure that Consultant and subconsultants comply with the warranty under this provision.

5.21 Lawful Presence Requirement. A.R.S. §§ 1-501 and 1-502 prohibit City from awarding an Agreement to any natural person who cannot establish that such person is lawfully present in the United States. To establish lawful presence, a person must produce qualifying identification and sign a City-provided affidavit affirming that the identification provided is genuine. This requirement will be imposed at the time of Agreement award. This requirement does not apply to business organizations such as corporations, partnerships, or limited liability companies.

5.22 Covenant Against Contingent Fees. Consultant warrants that no person has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, and that no member of the Chandler City Council, or any City employee has any interest, financially, or otherwise, in Consultant's firm. For breach or violation of this warrant, City may annul this Agreement without liability or, at its discretion, to deduct from the Agreement price or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

5.23 Non-Waiver Provision. The failure of either Party to enforce any of the provisions of this Agreement or to require performance of the other Party of any of the provisions hereof must

not be construed to be a waiver of such provisions, nor must it affect the validity of this Agreement or any part thereof, or the right of either Party to thereafter enforce each and every provision.

5.24 Disclosure of Information Adverse to City's Interests. To evaluate and avoid potential conflicts of interest, Consultant must provide written notice to City, as set forth in this Section, of any work or services performed by Consultant for third parties that may involve or be associated with any real property or personal property owned or leased by City. Such notice must be given 7 business days prior to commencement of the services by Consultant for a third party, or 7 business days prior to an adverse action as defined below. Written notice and disclosure must be sent in accordance with Section 6.7 above. An adverse action under this Agreement includes, but is not limited to: (a) using data as defined in the Agreement acquired in connection with this Agreement to assist a third party in pursuing administrative or judicial action against City; or (b) testifying or providing evidence on behalf of any person in connection with an administrative or judicial action against City; or (c) using data to produce income for Consultant or its employees independently of performing the services under this Agreement, without the prior written consent of City. Consultant represents that except for those persons, entities, and projects identified to City, the services performed by Consultant under this Agreement are not expected to create an interest with any person, entity, or third party project that is or may be adverse to City's interests. Consultant's failure to provide a written notice and disclosure of the information as set forth in this Section constitute a material breach of this Agreement.

5.25 Data Confidentiality and Data Security. As used in the Agreement, "data" means all information, whether written or verbal, including plans, photographs, studies, investigations, audits, analyses, samples, reports, calculations, internal memos, meeting minutes, data field notes, work product, proposals, correspondence and any other similar documents or information prepared by, obtained by, or transmitted to Consultant or its subconsultants in the performance of this Agreement. The Parties agree that all data, regardless of form, including originals, images, and reproductions, prepared by, obtained by, or transmitted to Consultant or its subconsultants in connection with Consultant's or its subconsultant's performance of this Agreement is confidential and proprietary information belonging to City. Except as specifically provided in this Agreement, Consultant or its subconsultants must not divulge data to any third party without City's prior written consent. Consultant or its subconsultants must not use the data for any purposes except to perform the services required under this Agreement. These prohibitions do not apply to the following data provided to Consultant or its subconsultants have first given the required notice to City: (a) data which was known to Consultant or its subconsultants prior to its performance under this Consultant or its subconsultants by a third party, who to the best of Consultant's or its subconsultants' knowledge and belief, had the legal right to make such disclosure and Consultant or its subconsultants are not otherwise required to hold such data in confidence; or (c) data which is required to be disclosed by virtue of law, regulation, or court order, to which Consultant or its subconsultants are subject. In the event Consultant or its subconsultants are required or requested to disclose data to a third party, or any other information to which Consultant or its subconsultants became privy as a result of any other Agreement with City, Consultant must first notify City as set forth in this Section of the request or demand for the data. Consultant or its subconsultants must give City sufficient facts so

that City can be given an opportunity to first give its consent or take such action that City may deem appropriate to protect such data or other information from disclosure. All data must continue to be subject to the confidentiality agreements of this Agreement. Consultant or its subconsultants assume all liability to maintain the confidentiality of the data in its possession and agrees to compensate City if any of the provisions of this Section are violated by Consultant, its employees, agents or subconsultants. Solely for the purposes of seeking injunctive relief, it is agreed that a breach of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. Consultant agrees that the requirements of this Section must be incorporated into all subagreements entered into by Consultant. A violation of this Section may result in immediate termination of this Agreement without notice.

5.26 Personal Identifying Information-Data Security. Personal identifying information, financial account information, or restricted City information, whether electronic format or hard copy, must be secured and protected at all times by Consultant or its subconsultants. At a minimum, Consultant or its subconsultants must encrypt or password-protect electronic files. This includes data saved to laptop computers, computerized devices, or removable storage devices. When personal identifying information, financial account information, or restricted City information, regardless of its format, is no longer necessary, the information must be redacted or destroyed through appropriate and secure methods that ensure the information cannot be viewed, accessed, or reconstructed. In the event that data collected or obtained by Consultant or its subconsultants in connection with this Agreement is believed to have been compromised, Consultant or its subconsultants must immediately notify City contact. Consultant agrees to reimburse City for any costs incurred by City to investigate potential breaches of this data and, where applicable, the cost of notifying individuals who may be impacted by the breach. Consultant agrees that the requirements of this Section must be incorporated into all subcontracts entered into by Consultant. It is further agreed that a violation of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may result in immediate termination of this Agreement without notice. The obligations of Consultant or its subconsultants under this Section must survive the termination of this Agreement.

5.27 Jurisdiction and Venue. This Agreement is made under and must be construed in accordance with and governed by the laws of the State of Arizona without regard to the conflicts or choice of law provisions thereof. Any action to enforce any provision of this Agreement or to obtain any remedy with respect hereto must be brought in the courts located in Maricopa County, Arizona, and for this purpose, each Party hereby expressly and irrevocably consents to the jurisdiction and venue of such court.

5.28 Survival. All warranties, representations, and indemnifications by Consultant must survive the completion or termination of this Agreement.

5.29 Modification. Except as expressly provided herein to the contrary, no supplement, modification, or amendment of any term of this Agreement will be deemed binding or effective unless in writing and signed by the Parties.

5.30 Severability. If any provision of this Agreement or the application to any person or circumstance may be invalid, illegal or unenforceable to any extent, the remainder of this

Agreement and the application will not be affected and will be enforceable to the fullest extent permitted by law.

5.31 Integration. This Agreement contains the full agreement of the Parties. Any prior or contemporaneous written or oral agreement between the Parties regarding the subject matter is merged and superseded.

5.32 Time is of the Essence. Time of each of the terms, covenants, and conditions of this Agreement is hereby expressly made of the essence.

5.33 Date of Performance. If the date of performance of any obligation or the last day of any time period provided for should fall on a Saturday, Sunday, or holiday for City, the obligation will be due and owing, and the time period will expire, on the first day after which is not a Saturday, Sunday or legal City holiday. Except as may otherwise be set forth in this Agreement, any performance provided for herein will be timely made if completed no later than 5:00 p.m. (Chandler time) on the day of performance.

5.34 Third Party Beneficiary. Nothing under this Agreement will be construed to give any rights or benefits in the Agreement to anyone other than City and Consultant, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of City and Consultant and not for the benefit of any other party.

5.35 Conflict in Language. All work performed must conform to all applicable City of Chandler codes, ordinances, and requirements as outlined in this Agreement. If there is a conflict in interpretation between provisions in this Agreement and those in **Exhibit "A"**, the provisions in this Agreement prevail.

5.36 Document/Information Release. Documents and materials released to Consultant, which are identified by City as sensitive and confidential, are City's property. The document/material must be issued by and returned to City upon completion of the services under this Agreement. Consultant secondary distribution, disclosure, copying, or duplication in any manner is prohibited without City's prior written approval. The document/material must be kept secure at all times. This directive applies to all City documents, whether in photographic, printed, or electronic data format.

5.37 Exhibits. The following exhibits are made a part of this Agreement and are incorporated by reference:

Exhibit A - Scope of Services / Schedule

Exhibit B - Compensation and Fees

Exhibit C - Insurance Requirements

Exhibit D - Special Conditions

Exhibit E - Federal Requirements (if applicable)

5.38 Special Conditions. As part of the services Consultant provides under this Agreement, Consultant agrees to comply with and fully perform the special terms and conditions set forth in **Exhibit "D"**, which is attached to and made a part of this Agreement.

5.39 Non-Discrimination and Anti-Harassment Laws. Consultant must comply with all applicable City, state, and federal non-discrimination and anti-harassment laws, rules, and regulations.

5.40 Licenses and Permits. Beginning with the Effective Date and for the full term of this Agreement, Consultant must maintain all applicable City, state, and federal licenses and permits required to fully perform Consultant's services under this Agreement.

5.41 Warranties. Consultant must furnish a one-year warranty on all work and services performed under this Agreement. Consultant must furnish, or cause to be furnished, a two-year warranty on all fixtures, furnishings, and equipment furnished by Consultant, subconsultants or suppliers under this Agreement. Any defects in design, workmanship, or materials that do not comply with this Agreement must be corrected by Consultant (including, but not limited to, all parts and labor) at Consultant's sole cost and expense. All written warranties and redlines for as-built conditions must be delivered to City on or before City's final acceptance of Consultant's services under this Agreement.

5.42 Cooperative Purchasing Agreement (S.A.V.E. – Strategic Alliance for Volume Expenditures). In addition to City of Chandler and with the approval of Consultant, this Agreement may be extended for use by other municipalities, school districts, and government agencies of the State. Any such usage by other entities must be in accordance with the ordinance, charter, or procurement rules and regulations of the respective political entity.

5.43 Budget Approval into Next Fiscal Year. This Agreement will commence on the Effective Date and continue in full force and effect until it is terminated or expires in accordance with the provisions of this Agreement. The Parties recognize that the continuation of this Agreement after the close of the City's fiscal year, which ends on June 30 of each year, is subject to the City Council's approval of a budget that includes an appropriation for this item as an expenditure. The City does not represent that this budget item will be actually adopted. This determination is solely made by the City Council.

5.44 Forced Labor of Ethnic Uyghurs Prohibited. By entering into this Agreement, Contractor certifies and agrees Contractor does not currently use and will not use for the term of this Agreement: (i) the forced labor of ethnic Uyghurs in the People's Republic of China; or (ii) any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; or (iii) any contractors, subcontractors or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.

5.45 License to City for Reasonable Use. With this Agreement, Consultant and its subconsultants hereby grant a license to City, its agents, employees, and representatives for an indefinite period of time to reasonably use, make copies, and distribute as appropriate the Documents, works or deliverables developed or created as a result of the Project and this Agreement. This license also includes the making of derivative works.

This Agreement will be in full force and effect only when it has been approved and executed by the duly authorized City officials.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

3. PROJECT SCHEDULE:

- 3.1 Consultant must perform the services within the times set forth in the Production Schedule included herein and made a part hereof by reference.
- 3.2 Consultant must adhere to the Production Schedule described herein and such schedule may not be modified or deviated from without written consent of City. Consultant must revise and submit for review an updated schedule whenever it is demonstrated that the time for completion of the Project Design or of any of the partial completion points listed in the schedule is delayed by two weeks or more. Such adjusted schedule will include a written explanation stating the reasons for

the change and a plan for getting back on schedule. Consultant must take all reasonable actions necessary to get the project back on schedule and City will cooperate to assist Consultant.

4. QUALITY CONTROL:

- 4.1 Consultant must institute and comply with the Design Quality Control Plan attached hereto and made a part hereof by reference.

5. PRELIMINARY RESEARCH:

- 5.1 As and for preliminary research before preparing the project design, Consultant will:
 - a. Perform a Document Search for utility as-builts.
 - b. Perform a Document search for rights-of-way.
 - c. Perform a Document search for survey ties and benchmarks.
 - d. Perform a Document search for City policies, regulations, standards, design manuals, and requirements, etc. relevant to project.
 - e. Research and/or obtain geotechnical reports and investigations, master plans, computer model data and field surveys.
 - f. Research all utility companies/agencies and acquire all available as-built and utility records.
 - g. Investigate existing conditions, make measured drawings, and verify accuracy of drawings or other information furnished by City.
 - h. Consultant must provide a survey of the project area that includes complete topographical and property data of the immediate site. Design must utilize established City of Chandler benchmarks and reference locations of benchmarks on the plans. Clearly define the benchmark location and elevation that will be utilized for construction of this facility.

6. UTILITY/AGENCY COORDINATION:

- 6.1 Coordination with utility companies and agencies must be in accordance with the latest version of the "Public Improvement Project Guide" (PIPG).
- 6.2 Consultant must identify utility conflicts during the initial stages of the design process.
- 6.3 Consultant must coordinate the design and installation of the utilities, which includes, but is not limited to, services for electric, communications, water, storm drainage, irrigation and sanitary systems, etc.

- 6.4 Easements for these utilities must be identified early in the design stage of the project and necessary information provided to City's Real Estate Department to allow City to complete acquisition during the design phase.
- 6.5 Consultant must submit preliminary plans, specifications, and design calculations to utilities/agencies for review and use during their design for their service improvements or any necessary relocations.
- 6.6 Consultant must conduct utility meetings to coordinate relocations with utility/agency and establish relocation schedules.
- 6.7 Consultant must follow-up with the final design submittal for utility construction and coordination with the bid documents.
- 6.8 Consultant must incorporate the utility/agency private developer construction requirements into the bid documents.

7. GEOTECHNICAL INVESTIGATION:

- 7.1 City to provide Geotechnical Report conducted as part of the Detroit Basin project. Consultant may perform additional pavement borings or potholing necessary to complete their work.
- 7.2 Sub-surface soil conditions, established by the geotechnical investigations, must be incorporated into the bid documents in a manner usable to the excavation and foundation bidding and construction.

8. PROGRAMMING:

- 8.1 Consultant must meet with City staff to ascertain the requirements of the Project and will arrive at a mutual understanding of such requirements.
- 8.2 Consultant must facilitate 1 "sub-committee" meetings to gather pertinent information from:
 - a. City staff
- 8.3 Consultant must prepare a "Program" which will include:
 - a. Complete documentation of site survey from preliminary work
 - b. Define new park component space requirements and amenities necessary to accommodate planned activities within the park
 - c. Define site requirements
 - d. Create a matrix of spaces, sizes and amenities

- 8.4 Based on the mutually agreed-upon program, schedule and construction budget requirements, Consultant must prepare, for approval by City, Schematic Design Documents consisting of drawings and other documents illustrating the scale and relationship of the Project components.

9. SCHEMATIC DESIGN (30% Document Review):

- 9.1 When the design is approximately thirty percent complete, Consultant must do the following:
- a. Prepare a 30% Construction Document package. 24 x 36 set of plans shall be submitted to parks staff for review.
 - b. Present initial schemes to City and its representatives (to potentially include a contractor). Staff will collaborate with designers to manipulate the plans and mutually decide on the best scheme.
 - c. The final scheme must incorporate City's comments (and potentially a contractors' comments) and be cleaned up for reference and presentation to City Council if requested.
 - d. Complete a drainage analysis and provide solutions to mitigate the runoff.
 - e. Identify all necessary offsite improvements such as: streets, utilities, railroad, irrigation, etc., and depict the scope in a schematic design plan.
 - f. Submit the project to City (Parks) for a Standards review.
 - g. Prepare a construction cost estimate for verification with the budget and re-design as necessary to re-align the design with the construction budget.
 - h. Submit to City's Project Manager for comment two complete drawing sets with drainage & structural calculations, one of which must be reproducible.

10. DESIGN DEVELOPMENT (60% Document Review):

- 10.1 Based on the approved Schematic Design Documents and any adjustments authorized by City in the program, schedule or construction budget, Consultant must prepare, for approval by City, Design Development Documents consisting of drawings and other documents to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, materials and such other elements as may be appropriate. When the design is approximately sixty percent (60%), Consultant must do the following:
- a. Allow and invite the Owner's Representative to attend the regular weekly design coordination meetings.
 - b. Develop a site plan. Design must utilize established City of Chandler benchmarks and reference locations of benchmarks on the plans.
 - c. Collaborate with City to define their requirements for building systems.

- d. City Template shall be used to create outline of specification.
- e. Prepare plans, elevations, sections, schedules and notes as required to fix and describe the project as to civil, architectural, structural, mechanical, electrical, and special systems. Prepare plans, elevations, sections, schedules, notes and specifications as required to be able to bid and construct the project in its entirety.
 - i. Hardscape Plans – Dig, in coordination with their design team, will prepare construction documents based on the approved layout of the design and any adjustments to the probable cost. The hardscape plan will utilize horizontal and vertical control coordinate points for staking the location of paving, planting, sport court, etc. The materials and finishes of the hardscape will be identified and detailed on the plan. Dig will provide installation details for all hardscape components. All structural components will be coordinated with the project structural engineer and the hardscape plans will reference the details shown on the structural plans if needed. It is anticipated that structural design will be required for the post-tension sport court and possible modifications to the existing ramada.
 - ii. Landscape Plans – Dig will prepare the landscape construction documents that respond to the hardscape/site plan and any adjustments to the probable cost. The landscape plan will identify the final locations of inert groundcover for dust control and the location of new plant and relocated material. The plan will also include a complete plant key, materials schedule, and quantities. Dig will provide installation details for all landscape components.
 - iii. Irrigation Plans – Dig's subconsultant will prepare an overall irrigation plan in the area impacted by the new sport court improvements. An Optional Design is included in this proposal that address possible irrigation upgrades to the existing park irrigation system.
 - iv. Grading, Drainage and Utility Plans – Dig's subconsultant will prepare the grading and drainage plans that work within the parameter of the existing retention basin. It is anticipated that building review will require an engineer's evaluation of the existing retention basin volume and an evaluation of any new improvements may have on the volume. Note: the addition of the sport court should not impact the retention volume, but building review may require an engineer's statement of "no impact".
 - v. Electrical Plans – Digs' subconsultant will prepare electrical designs for the park and open space improvements. The drawings will support the new park improvements. Note: The lighting has been

replaced with LED's, new lighting would include the sport court and possible new ramada lighting.

- f. Perform code reviews and implement requirements into the design documents.
- g. Consultant is required to review and complete the City's Constructability Review Checklist. All applicable checklist items are required to be incorporated in the design documents.
- h. Value Engineer the design cooperatively with the entire design team and City's representatives. This effort will occur as early as effectively possible and consist of a focused meeting addressing: relationships of components, construction materials, and building systems.
- i. Prepare a construction cost estimate for verification with the budget. Re-design as necessary to re-align the design with the construction budget.
- j. Conduct a full document set (plans & specs) review in the presence of all consultants and City's representatives and any other stakeholders.
- k. Submit to City's Project Manager and City On-line Portal complete drawing sets, specifications, drainage & structural calculations. Include original redline drawings and comments received from previous review along with a review summary indicating action taken.
- l. Schedule review meeting with plan check staff to discuss review comments. Clarify with the plan check staff what the design challenges are and decide the method in which they will be resolved.

11. CONSTRUCTION DOCUMENTS (90% Document Review):

11.1 Based on the approved Design Development Documents and any further adjustments in the scope or quality of the Project or in the construction budget authorized by City, Consultant must prepare, for approval by City, Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Project. When the design is approximately ninety percent (90%) complete Consultant must do the following:

- a. Prepare plans, elevations, sections, schedules, notes and specifications as required to be able to bid and construct the project in its entirety.
 - vi. Hardscape Plans – Dig, in coordination with their design team, will prepare construction documents based on the approved layout of the design and any adjustments to the probable cost. The hardscape plan will utilize horizontal and vertical control coordinate points for staking the location of paving, planting, sport court, etc. The materials and finishes of the hardscape will be identified and detailed on the plan. Dig will provide installation details for all hardscape components. All structural components will be coordinated with the project structural engineer and the

hardscape plans will reference the details shown on the structural plans if needed. It is anticipated that structural design will be required for the post-tension sport court and possible modifications to the existing ramada.

- vii. Landscape Plans – Dig will prepare the landscape construction documents that respond to the hardscape/site plan and any adjustments to the probable cost. The landscape plan will identify the final locations of inert groundcover for dust control and the location of new plant and relocated material. The plan will also include a complete plant key, materials schedule, and quantities. Dig will provide installation details for all landscape components.
 - viii. Irrigation Plans – Dig's subconsultant will prepare an overall irrigation plan in the area impacted by the new sport court improvements. An Optional Design is included in this proposal that address possible irrigation upgrades to the existing park irrigation system.
 - ix. Grading, Drainage and Utility Plans – Dig's subconsultant will prepare the grading and drainage plans that work within the parameter of the existing retention basin. It is anticipated that building review will require an engineer's evaluation of the existing retention basin volume and an evaluation of any new improvements may have on the volume. Note: the addition of the sport court should not impact the retention volume, but building review may require an engineer's statement of "no impact".
 - x. Electrical Plans – Digs' subconsultant will prepare electrical designs for the park and open space improvements. The drawings will support the new park improvements. Note: The lighting has been replaced with LED's, new lighting would include the sport court and possible new ramada lighting.
-
- b. Cover sheet to be provided by City (AutoCAD 2004).
 - c. Provide City of Chandler with a copy of the AutoCAD files. Each drawing must be "layered" so as to be able to isolate trades or engineering from landscape architectural components or vice versa.
 - d. Conduct a full document set (plans & Specs) review in the presence of all consultants and City's representatives.
 - e. Prepare Drainage Report.
 - f. Prepare a construction cost estimate for verification with the budget. Re-design as necessary to re-align the design with the construction budget.
 - g. Prepare bid alternates as necessary to assure budget can be met.
 - h. Submit to City's Project Manager for comment two complete drawing sets, specifications, drainage & structural calculations, one of which will be

reproducible. Include original redline drawings and comments received from previous review along with a review summary indicating action taken.

12. BID & AWARD (100% Documents):

- 12.1 Submit bid documents to Development Services for building permit. All plans, calculations and specifications will be stamped. The specifications will be 8-1/2" x 11" and in electronic format in Microsoft Word 98. Plans will be black line prints Auto CAD release 14 or R2000. Include original redline drawings and comments received from previous review along with a review summary indicating action taken.
- 12.2 Pick-up plan review final comments and prepare stamped documents for reproduction. City will have the bid sets reproduced from these documents. Prepare plans, elevations, sections, schedules, notes and specifications as required to be able to bid and construct the project in its entirety.
 - i. Hardscape Plans – Dig, in coordination with their design team, will prepare construction documents based on the approved layout of the design and any adjustments to the probable cost. The hardscape plan will utilize horizontal and vertical control coordinate points for staking the location of paving, planting, sport court, etc. The materials and finishes of the hardscape will be identified and detailed on the plan. Dig will provide installation details for all hardscape components. All structural components will be coordinated with the project structural engineer and the hardscape plans will reference the details shown on the structural plans if needed. It is anticipated that structural design will be required for the post-tension sport court and possible modifications to the existing ramada.
 - ii. Landscape Plans – Dig will prepare the landscape construction documents that respond to the hardscape/site plan and any adjustments to the probable cost. The landscape plan will identify the final locations of inert groundcover for dust control and the location of new plant and relocated material. The plan will also include a complete plant key, materials schedule, and quantities. Dig will provide installation details for all landscape components.
 - iii. Irrigation Plans – Dig's subconsultant will prepare an overall irrigation plan in the area impacted by the new sport court improvements. An Optional Design is included in this proposal that address possible irrigation upgrades to the existing park irrigation system.

13. PERIOD OF SERVICE (MILESTONES):

- 13.1 Following receipt of a "Notice to Proceed" with the design work, Consultant must complete the design and have all documents ready for bidding within 135 calendar days of the date indicated on the Notice to Proceed.
- 13.2 Following the General Contractors "Notice to Proceed" with construction of the Project, Consultant must perform the construction administration portion of this Agreement for approximately 240 days.
- 13.3 Consultant must prepare and deliver to City record documents within 20 days of the date of receipt of the red line drawings from City.
- 13.4 Consultant must complete all services specified herein in accordance with the Production Schedule and progress milestones included in Exhibit A attached herein. In the event delays are experienced beyond the control of Consultant, the completion date may be extended as mutually agreed upon by City and Consultant.

Re: **PR2107.203 City of Chandler – Gazelle Meadows Park**
Chandler, Arizona
Professional Civil Engineering Services

Dear Mr. Lothner:

Thank you for inviting Wood, Patel & Associates, Inc. (WOODPATEL) to submit this Professional Civil Engineering services Agreement to **Dig Studio** (Client) for **Gazelle Meadows Park**. WOODPATEL has successfully completed projects in the **City of Chandler**. This has allowed us to develop an understanding of the expectations, design requirements and polices required to meet the project goals.

We understand this project will consist of a 9.0± acre neighborhood park redevelopment for the City of Chandler located at 500 North Exeter Street in Chandler, Arizona. Our services are based on the Client provided RFP email dated March 20, 2023, with a concept rendering of the Gazelle Meadows Park plan included.

Below is our scope of services and fee summary for Professional Civil Engineering services based on our understanding of the project and without specific meetings with the City of Chandler. These items follow an industry standard outline of services for Schematic Design, Design Development, and Construction Documents. Post Design services are not included but can be provided under a separate proposal.

SCOPE ASSUMPTIONS

- A final Site Plan will be provided in AutoCAD format. This scope does not include developing a proposed site plan for design team use or jurisdictional submittal.
- Unless stated above, topographic and boundary survey information shall be provided by the Client in AutoCAD format. WOODPATEL is not responsible for the accuracy of survey work performed by others.
- Construction Document plans and reports will be a continuation of Design Development documents. Design alternative studies (Value Engineering) after Design Development can be completed under separate contract, if requested.
- Additional services required to meet Client, Owner or Contractor phasing requirements of Construction Documents can be completed under separate contract, if required.
- Sanitary sewer design services are not expected to be required for this project therefore is not included in this scope of services.
- A Water Basis of Design Report is not expected to be required for this project therefore is not included in this scope of services.
- Regional and/or comprehensive Master Studies can be completed under separate contract, if required.
- Offsite utility extensions, roadway or intersection improvements are not included but can be completed under separate contract, if required.
- Civil documents will reference a Geotechnical Report, prepared by others, for pavement and soil information. Proposed pavement and/or hardscape sections shall be provided by the Geotechnical Engineer.
- Civil documents will reference structural plans for retaining wall design information.
- Post Design, Construction Administration, management, inspection or certification of services are not included with this scope of services.
- Existing utilities will be shown based on information made available to WOODPATEL. Non-destructive subsurface utility investigation (potholing) may be necessary for this project.
- This scope does not include dry utility (power, gas, telecommunications, etc.) design. Design, if necessary, is completed by the service provider. WOODPATEL will contact the local area dry utility providers to coordinate potential conflicts with the civil design shown on the plans and provide design information to the dry utility providers for their use. The civil plans can show proposed dry utility routing, conduit locations, services lines and meter locations if provided by the dry utility designer or service provider.

Re: **Gazelle Meadows Park**

Attn: Jeff Lothner

Dear Jeff,

Wright Engineering appreciates this opportunity to submit a proposal for electrical engineering services on the above referenced project. The following services will be performed in a professional manner to meet City of Chandler requirements:

Electrical Design Scope of Services:

1. Coordinate design with owner, power company, civil engineer, and/or architect/landscape architect as required.
 - a. Project coordination will be performed via email, telephone calls, and virtual meetings. Up to (2) two in-person design coordination meetings are included in this scope.
2. Visit the site to determine existing conditions and electrical configuration. Please note, this task will require extensive onsite discovery of the existing conditions, electrical equipment, and loads being served. Up to (1) one visit.
3. Review existing electrical drawings and load calculations for site.
4. Determine existing peak demand loads and coordinate proposed electrical loads.
5. Design the electrical power system to meet local codes and requirements.
6. Prepare 24" X 36" electrical construction drawings showing all new equipment to include the following:
 - a. Electrical service entrance section and distribution equipment
 - b. Control equipment
 - c. Area lighting (Relocate existing concrete poles and LED luminaires)
 - d. Pathway lighting
 - e. Ramadas (one light and convenience receptacle)
 - f. Monuments (internal / external illumination as requested)
 - g. Parking lot lighting
 - h. Basketball court lighting
 - i. Skate plaza lighting
 - j. Playground lighting
 - k. Power to booster pump

- l. Power to irrigation controller
 - m. Power to chilled drinking fountain
- 7. Prepare photometric calculations showing all lighting averages, uniformities and any spill light at adjacent property lines.
- 8. All lighting on/off control will be designed per client's requirements. All necessary equipment will be shown on the plans.
- 9. Prepare necessary elevation view and installation details of the equipment listed above to help determine layout and size.
- 10. Prepare load calculations and single line diagram.
- 11. Prepare panel schedule and other electrical installation details as required.
- 12. Prepare a conduit and wire table showing all power conduits and wire for equipment listed above.
- 13. Prepare system fault current and voltage drop calculations as required.
- 14. Prepare an engineer's opinion of probable electrical construction costs and project specific electrical specifications document upon request.
- 15. Structural calculations for the light foundations are included below as an allowance if required by the reviewing agency.
- 16. Perform in-house QA/QC review and modifications.
- 17. The above plans will be provided to client at 30%, 60% and 100% levels for submittal review and comment. Submittals will be made via email in digital PDF format. Client will print, copy and submit to the City and owner as needed.
- 18. Up to one set of base drawing changes or updates will be included in this engineering cost proposal. Incorporating any additional base drawing changes will incur additional cost at the rates noted under additional services.
- 19. Municipal review comments will be responded to and addressed.

Responsibilities of Others:

- 1. Provide Wright Engineering Corp. electronic base files in an AutoCAD format which includes all proposed and existing utilities, all proposed improvements, and any existing conditions that affect this scope.
- 2. Wright Engineering will submit plans to the civil engineer or landscape architect for submittal to the local government agencies for approval and permits.
- 3. Wright Engineering will confirm if the existing electrical service for this project is sufficient, in the case that it needs replaced/upgraded/relocated; Designation of location of power company connection to electrical service meter will be determined by the local utility company. Wright Engineering will coordinate the design of all electrical utility power services modifications during the design process.

Final Deliverables:

1. Upon completion of the design, we will provide final sealed documents bearing the signature of a registered electrical engineer in the State of Arizona.

Engineering Fee:

The above services will be provided as follows:

1. Electrical Design Services: **\$14,925.00** (Lump Sum)
2. Allowance for structural calculations if required: **\$1,000.00** (Lump Sum)
[Includes (2) unique light pole types / heights in structural design]

Please Note: Services as stated above can be provided in whole or part to meet client needs.

Additional Services:

Any services not specifically included in the Scope of Services section shall be additional services payable at an hourly fee at the following rates:

Principal	\$180/hour	Designer	\$115/hour
Senior Engineer	\$160/hour	Drafter	\$105/hour
Engineer	\$135/hour	Admin	\$65/hour

Printing Charges:

Although not anticipated, any printing and delivery requested will be charged as follows:

Blacklines	\$ 2.00 each
Mylar Sepia	\$18.00 each
Delivery Cost	cost

Billing:

We will bill you on a monthly basis for these services. Payment terms are Net 30 days. This proposal will be valid for the next 90 days. Any engineering or services fees requested to be paid by credit card will be charged an additional 4.25% for processing. If you have any questions, please contact us at your earliest convenience.

I look forward to working with you on this project. Please show your acceptance of this proposal by signing below and returning one copy for my records.

Sincerely,

A handwritten signature in black ink, reading "Clifford Tolman". The signature is written in a cursive, flowing style.

INSURANCE REQUIREMENTS

1. General.
 - 1.1 At the same time as execution of this Agreement, Consultant must furnish City a certificate of insurance on a standard insurance industry ACORD form. The ACORD form must be issued by an insurance company authorized to transact business in the State of Arizona possessing a current A.M. Best, Inc. rating of A-7, or better and legally authorized to do business in the State of Arizona with policies and forms satisfactory to City. Provided, however, the A.M. Best rating requirement will not be deemed to apply to required Workers' Compensation coverage.
 - 1.2 Consultant and any of its subconsultants must procure and maintain, until all of their obligations have been discharged, including any warranty periods under this Agreement are satisfied, the insurances set forth below.
 - 1.3 The insurance requirements set forth below are minimum requirements for this Agreement and in no way limit the indemnity covenants contained in this Agreement.
 - 1.4 City in no way warrants that the minimum insurance limits contained in this Agreement are sufficient to protect Consultant from liabilities that might arise out of the performance of the Agreement services under this Agreement by Consultant, its agents, representatives, employees, subconsultants, and Consultant is free to purchase any additional insurance as may be determined necessary.
 - 1.5 Failure to demand evidence of full compliance with the insurance requirements in this Agreement or failure to identify any insurance deficiency will not relieve Consultant from, nor will it be considered a waiver of its obligation to maintain the required insurance at all times during the performance of this Agreement.
 - 1.6 Use of subconsultants: If any work is subcontracted in any way, Consultant must execute a written Agreement with subconsultant containing the same Indemnification Clause and Insurance Requirements as City requires of Consultant in this Agreement. Consultant is responsible for executing the Agreement with the subconsultant and obtaining Certificates of Insurance and verifying the insurance requirements.
2. Minimum Scope and Limits of Insurance. Consultant must provide coverage with limits of liability not less than those stated below.
 - 2.1 *Professional Liability.* If the Agreement is the subject of any professional services or work performed by Consultant, or if Consultant engages in any professional services or work adjunct or residual to performing the work under this Agreement, Consultant must maintain Professional Liability insurance covering errors and omissions arising out of the work or services performed by Consultant, or anyone employed by Consultant, or anyone whose acts, mistakes, errors and omissions Consultant is legally liable, with a liability limit of \$1,000,000 each claim and \$2,000,000 all claims. In the event the Professional Liability insurance policy is written on a "claims made" basis, coverage must extend for 3 years past

completion and acceptance of the work or services, and Consultant, or its selected Design Professional will submit Certificates of Insurance as evidence the required coverage is in effect. The Design Professional must annually submit Certificates of Insurance citing that the applicable coverage is in force and contains the required provisions for a 3 year period.

2.2 *Commercial General Liability-Occurrence Form.* Consultant must maintain “occurrence” form Commercial General Liability insurance with a limit of not less than \$2,000,000 for each occurrence, \$4,000,000 aggregate. Said insurance must also include coverage for products and completed operations, independent contractors, personal injury and advertising injury. If any Excess insurance is utilized to fulfill the requirements of this paragraph, the Excess insurance must be “follow form” equal or broader in coverage scope than underlying insurance.

2.3 *Automobile Liability-Any Auto or Owned, Hired and Non-Owned Vehicles Vehicle Liability:* Consultant must maintain Business/Automobile Liability insurance with a limit of \$1,000,000 each accident on Consultant owned, hired, and non-owned vehicles assigned to or used in the performance of Consultant’s work or services under this Agreement. If any Excess or Umbrella insurance is utilized to fulfill the requirements of this paragraph, the Excess or Umbrella insurance must be “follow form” equal or broader in coverage scope than underlying insurance.

2.4 *Workers Compensation and Employers Liability Insurance:* Consultant must maintain Workers Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction of Consultant employees engaged in the performance of work or services under this Agreement and must also maintain Employers’ Liability insurance of not less than \$1,000,000 for each accident and \$1,000,000 disease for each employee.

3. Additional Policy Provisions Required.

3.1 *Self-Insured Retentions or Deductibles.* Any self-insured retentions and deductibles must be declared and approved by City. If not approved, City may require that the insurer reduce or eliminate any deductible or self-insured retentions with respect to City, its officers, officials, agents, employees, and volunteers.

3.1.1. Consultant’s insurance must contain broad form contractual liability coverage.

3.1.2. Consultant’s insurance coverage must be primary insurance with respect to City, its officers, officials, agents, and employees. Any insurance or self-insurance maintained by City, its officers, officials, agents, and employees will be in excess of the coverage provided by Consultant and must not contribute to it.

3.1.3. Consultant’s insurance must apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

3.1.4. Coverage provided by Consultant must not be limited to the liability assumed under the indemnification provisions of this Agreement.

- 3.1.5. The policies must contain a severability of interest clause and waiver of subrogation against City, its officers, officials, agents, and employees, for losses arising from Work performed by Consultant for City. (Does not apply to Professional Liability coverage.)
- 3.1.6. Consultant, its successors and or assigns, are required to maintain Commercial General Liability insurance as specified in this Agreement for a minimum period of 3 years following completion and acceptance of the Work. Consultant must submit a Certificate of Insurance evidencing Commercial General Liability insurance during this 3-year period containing all the Agreement insurance requirements, including naming City of Chandler, its agents, representatives, officers, directors, officials and employees as Additional Insured as required.
- 3.1.7. If a Certificate of Insurance is submitted as verification of coverage, City will reasonably rely upon the Certificate of Insurance as evidence of coverage, but this acceptance and reliance will not waive or alter in any way the insurance requirements or obligations of this Agreement.

3.2. *Insurance Cancellation During Term of Agreement.*

- 3.2.1. If any of the required policies expire during the life of this Agreement, Consultant must forward renewal or replacement Certificates to City within 10 days after the renewal date containing all the required insurance provisions.
- 3.2.2. Each insurance policy required by the insurance provisions of this Agreement must provide the required coverage and must not be suspended, voided or canceled except after thirty (30) days prior written notice has been given to City, except when cancellation is for non-payment of premium, then ten (10) days prior notice may be given. Such notice must be sent directly to Chandler Law-Risk Management Department, Post Office Box 4008, Mailstop 628, Chandler, Arizona 85225. If any insurance company refuses to provide the required notice, Consultant or its insurance broker must notify City of any cancellation, suspension, non-renewal of any insurance within seven (7) days of receipt of insurers' notification to that effect.

3.3 *City as Additional Insured.* The policies are to contain, or be endorsed to contain, the following provisions:

- 3.3.1. The Commercial General Liability and Automobile Liability policies are to contain, or be endorsed to contain, the following provisions: City, its officers, officials, agents, and employees are additional insureds with respect to liability arising out of activities performed by, or on behalf of, Consultant; Products and Completed operations of Consultant; and automobiles owned, leased, hired, or borrowed by Consultant.
- 3.3.2. City, its officers, officials, agents, and employees must be additional insureds to the full limits of liability purchased by Consultant even if those limits of liability are in excess of those required by this Agreement.

SPECIAL CONDITIONS

Standard Details and Specifications. Consultant must be familiar with City's latest revision of the MAG Specifications and MAG Standard Details as amended by City. City's current amendment to the MAG Specifications, part of City's Unified Development Manual, may be found and downloaded from City's website at <http://www.chandleraz.gov/udm>.

City Ownership of Project Documents. All work products (electronically or manually generated) including, but not limited to: plans, specifications, cost estimates, field notes, tracings, studies, investigations, design analyses, original drawings, original mylars, Computer Aided Drafting and Design (CADD) file diskettes which reflect all final drawings, and other related documents which are prepared in the performance of this Agreement (collectively referred to as "Documents") are to be and remain the property of City and are to be delivered to the Project Manager before the final payment is made to Consultant. In the event these Documents are altered, modified or adapted without the written consent of Consultant, which consent Consultant must not unreasonably withhold, City agrees to hold Consultant harmless to the extent permitted by law from the legal liability arising out of City's alteration, modification or adaptation of the Documents.

Re-use of Documents. The parties agree the documents, drawings, specifications and designs, although the property of City, are prepared for this specific project and are not intended nor represented by Consultant to be suitable for re-use for any other project. Any re-use without written verification or adaptation by Consultant for the specific purpose intended will be at City's sole risk and without liability or legal exposure to Consultant.

Documents to Bear Seal. Consultant and its subconsultants must endorse by professional seal all plans, works, and deliverables prepared by each for this Agreement as required by state law.

Work within City's Right-of-Way. All work performed within City's Right-of-Way by Consultant and Consultant's subconsultants must comply with City of Chandler requirements.
