SECTION V: GENERAL CONDITIONS

5.1 Records/Audit. Records of the Contractor's direct personnel payroll, reimbursable expenses pertaining to this Agreement and records of accounts between the City and Contractor must be kept on the basis of generally accepted accounting principles and must be made available to the City and its auditors for up to three years following the City's final acceptance of the services under this Agreement. The City, its authorized representative, or any federal agency, reserves the right to audit Contractor's records to verify the accuracy and appropriateness of all cost and pricing data, including data used to negotiate this Agreement and any amendments. The City reserves the right to decrease the total amount of Agreement price or payments made under this Agreement or request reimbursement from the Contractor following final contract payment on this Agreement if, upon audit of the Contractor's records, the audit discloses the Contractor has provided false, misleading, or inaccurate cost and pricing data. The Contractor will include a similar provision in all of its contracts with subcontractors providing services under the Agreement Documents to ensure that the City, its authorized representative, or the appropriate federal agency, has access to the subcontractors' records to verify the accuracy of all cost and pricing data. The City reserves the right to decrease Contract price or payments made on this Agreement or request reimbursement from the Contractor following final payment on this Agreement if the above provision is not included in subcontractor agreements, and one or more subcontractors refuse to allow the City to audit their records to verify the accuracy and appropriateness of all cost and pricing data. If, following an audit of this Agreement, the audit discloses the Contractor has provided false, misleading, or inaccurate cost and pricing data, and the cost discrepancies exceed 1% of the total Agreement billings, the Contractor will be liable for reimbursement of the reasonable, actual cost of the audit.

5.2 Alteration in Character of Work. Whenever an alteration in the character of work results in a substantial change in this Agreement, thereby materially increasing or decreasing the scope of services, cost of performance, or Project schedule, the work will be performed as directed by the City. However, before any modified work is started, a written amendment must be approved and executed by the City and the Contractor. Such amendment must not be effective until approved by the City. Additions to, modifications, or deletions from this Agreement as provided herein may be made, and the compensation to be paid to the Contractor may accordingly be adjusted by mutual agreement of the Parties. It is distinctly understood and agreed that no claim for extra work done or materials furnished by the Contractor will be allowed by the City except as provided herein, nor must the Contractor do any work or furnish any materials not covered by this Agreement unless such work is first authorized in writing. Any such work or materials furnished by the Contractor without prior written authorization will be at Contractor's own risk, cost, and expense, and Contractor hereby agrees that without written authorization Contractor will make no claim for compensation for such work or materials furnished.

5.3 Termination for Convenience. The City and the Contractor hereby agree to the full performance of the covenants contained herein, except that the City reserves the right, at its discretion and without cause, to terminate or abandon any service provided for in this Agreement, or abandon any portion of the Project for which services have been performed by the Contractor. In the event the City abandons or suspends the services, or any part of the

services as provided in this Agreement, the City will notify the Contractor in writing and immediately after receiving such notice, the Contractor must discontinue advancing the work specified under this Agreement. Upon such termination, abandonment, or suspension, the Contractor must deliver to the City all drawings, plans, specifications, special provisions, estimates and other work entirely or partially completed, together with all unused materials supplied by the City. The Contractor must appraise the work Contractor has completed and submit Contractor's appraisal to the City for evaluation. The City may inspect the Contractor's work to appraise the work completed. The Contractor will receive compensation in full for services performed to the date of such termination. The fee shall be paid in accordance with Section IV of this Agreement, and as mutually agreed upon by the Contractor and the City. If there is no mutual agreement on payment, the final determination will be made in accordance with the Disputes provision in this Agreement. However, in no event may the payment exceed the payment set forth in this Agreement nor as amended in accordance with Alteration in Character of Work. The City will make the final payment within 60 days after the Contractor has delivered the last of the partially completed items and the Parties agree on the final payment. If the City is found to have improperly terminated the Agreement for cause or default, the termination will be converted to a termination for convenience in accordance with the provisions of this Agreement.

5.4 Termination for Cause. The City may terminate this Agreement for Cause upon the occurrence of any one or more of the following events: in the event that (a) the Contractor fails to perform pursuant to the terms of this Agreement, (b) the Contractor is adjudged a bankrupt or insolvent, (c) the Contractor makes a general assignment for the benefit of creditors, (d) a trustee or receiver is appointed for Contractor or for any of Contractor's property (e) the Contractor files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or similar laws, (f) the Contractor disregards laws, ordinances, rules, regulations or orders of any public body having jurisdiction, or (g) the Contractor fails to cure default within the time requested. Where Agreement has been so terminated by City, the termination will not affect any rights of City against Contractor then existing or which may thereafter accrue.

5.5 Indemnification. The Contractor (Indemnitor) must indemnify, defend, save and hold harmless the City and its officers, officials, agents and employees (Indemnatee) from any and all claims, actions, liabilities, damages, losses or expenses (including court costs, attorneys' fees and costs of claim processing, investigation and litigation) (Claims) caused or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of the Contractor or any of its owners, officers, directors, agents, employees, or subcontractors in connection with this Agreement. This indemnity includes any claim or amount arising out of or recovered under workers' compensation law or on account of the failure of the Contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. The Contractor must indemnify Indemnatee from and against any and all Claims, except those arising solely from Indemnatee's own negligent or willful acts or omissions. The Contractor is responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this Agreement, the Contractor agrees to waive all rights of subrogation against Indemnatee for losses arising from or related to this Agreement. The obligations of the Contractor under this provision survive the termination or expiration of this Agreement.

5.6 Insurance Requirements. Contractor must procure insurance under the terms and conditions and for the amounts of coverage set forth in Exhibit C against claims that may arise

from or relate to performance of the work under this Agreement by Contractor and its agents, representatives, employees, and subcontractors. Contractor and any subcontractors must maintain this insurance until all of their obligations have been discharged, including any warranty periods under this Agreement. These insurance requirements are minimum requirements for this Agreement and in no way limit the indemnity covenants contained in this Agreement. The City in no way warrants that the minimum limits stated in Exhibit C are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under this Agreement by the Contractor, the Contractor's agents, representatives, employees, or subcontractors. Contractor is free to purchase such additional insurance as may be determined necessary.

5.7 Cooperation and Further Documentation. The Contractor agrees to provide the City such other duly executed documents as may be reasonably requested by the City to implement the intent of this Agreement.

5.11 Completeness and Accuracy of Contractor's Work. The Contractor must be responsible for the completeness and accuracy of Contractor's services, data, and other work prepared or compiled under Contractor's obligation under this Agreement and must correct, at Contractor's expense, all willful or negligent errors, omissions, or acts that may be discovered. The fact that the City has accepted or approved the Contractor's work will in no way relieve the Contractor of any of Contractor's responsibilities.

5.12 Withholding Payment. The City reserves the right to withhold funds from the Contractor's payments up to the amount equal to the claims the City may have against the Contractor until such time that a settlement on those claims has been reached.

5.13 City's Right of Cancellation. The Parties acknowledge that this Agreement is subject to cancellation by the City under the provisions of Section 38-511, Arizona Revised Statutes (A.R.S.).

5.14 Independent Contractor. For this Agreement the Contractor constitutes an independent contractor. Any provisions in this Agreement that may appear to give the City the right to direct the Contractor as to the details of accomplishing the work or to exercise a measure of control over the work means that the Contractor must follow the wishes of the City as to the results of the work only. These results must comply with all applicable laws and ordinances.

5.15 Project Staffing. Prior to the start of any work under this Agreement, the Contractor must assign to the City the key personnel that will be involved in performing services prescribed in the Agreement. The City may acknowledge its acceptance of such personnel to perform services under this Agreement. At any time hereafter that the Contractor desires to change key personnel while performing under the Agreement, the Contractor must submit the qualifications of the new personnel to the City for prior approval. The Contractor will maintain an adequate and competent staff of qualified persons, as may be determined by the City, throughout the performance of this Agreement to ensure acceptable and timely completion of the Scope of Services. If the City objects, with reasonable cause, to any of the Contractor's staff, the Contractor must take prompt corrective action acceptable to the City and, if required, remove such personnel from the Project and replace with new personnel agreed to by the City.

5.16 Subcontractors. Prior to beginning the work, the Contractor must furnish the City for approval the names of subcontractors to be used under this Agreement. Any subsequent changes are subject to the City's written prior approval.

5.17 Force Majeure. If either party is delayed or prevented from the performance of any act required under this Agreement by reason of acts of God or other cause beyond the control and without fault of the Party (financial inability excepted), performance of that act may be excused, but only for the period of the delay, if the Party provides written notice to the other Party within ten days of such act. The time for performance of the act may be extended for a period equivalent to the period of delay from the date written notice is received by the other Party.

5.18 Compliance with Laws. Contractor understands, acknowledges, and agrees to comply with the Americans with Disabilities Act, the Immigration Reform and Control Act of 1986 and the Drug Free Workplace Act of 1989. All services performed by Contractor must also comply with all applicable City of Chandler codes, ordinances, and requirements. Contractor agrees to permit the City to verify Contractor's compliance.

5.19 No Israel Boycott. By entering into this Agreement, Contractor certifies that Contractor is not currently engaged in, and agrees for the duration of the Agreement, not to engage in a boycott of Israel as defined by state statute.

5.20 Legal Worker Requirements. A.R.S. § 41-4401 prohibits the City from awarding a contract

to any contractor who fails, or whose subcontractors fail, to comply with A.R.S. § 23-214(A). Therefore, Contractor agrees Contractor and each subcontractor it uses warrants their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with § 23-214, subsection A. A breach of this warranty will be deemed a material breach of the Agreement and may be subject to penalties up to and including termination of the Agreement. City retains the legal right to inspect the papers of any Contractor's or subcontractor's employee who provides services under this Agreement to ensure that the Contractor and subcontractors comply with the warranty under this provision.

5.21 Lawful Presence Requirement. A.R.S. §§ 1-501 and 1-502 prohibit the City from awarding a contract to any natural person who cannot establish that such person is lawfully present in the United States. To establish lawful presence, a person must produce qualifying identification and sign a City-provided affidavit affirming that the identification provided is genuine. This requirement will be imposed at the time of contract award. This requirement does not apply to business organizations such as corporations, partnerships, or limited liability companies.

5.22 Forced Labor of Ethnic Uyghurs Prohibited. 5.23 Covenant Against Contingent Fees. Contractor warrants that no person has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, and that no member of the Chandler City Council, or any City employee has any interest, financially, or otherwise, in Contractor's firm. For breach or violation of this warrant, the City may annul this Agreement without liability or, at its discretion, to deduct from the Agreement price or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

5.24 Non-Waiver Provision. The failure of either Party to enforce any of the provisions of this Agreement or to require performance of the other Party of any of the provisions hereof must not be construed to be a waiver of such provisions, nor must it affect the validity of this Agreement or any part thereof, or the right of either Party to thereafter enforce each and every provision.

5.25 Disclosure of Information Adverse to the City's Interests. To evaluate and avoid potential conflicts of interest, the Contractor must provide written notice to the City, as set forth in this Section, of any work or services performed by the Contractor for third parties that may involve or be associated with any real property or personal property owned or leased by the City. Such notice must be given seven business days prior to commencement of the services by the Contractor for a third party, or seven business days prior to an adverse action as defined below. Written notice and disclosure must be sent to the City's Purchasing and Materials Manager. An adverse action under this Agreement includes, but is not limited to: (a) using data as defined in the Agreement acquired in connection with this Agreement to assist a third party in pursuing administrative or judicial action against the City; or (b) testifying or providing evidence on behalf

of any person in connection with an administrative or judicial action against the City; or (c) using data to produce income for the Contractor or its employees independently of performing the services under this Agreement, without the prior written consent of the City. Contractor represents that except for those persons, entities, and projects identified to the City, the services performed by the Contractor under this Agreement are not expected to create an interest with any person, entity, or third party project that is or may be adverse to the City's interests. Contractor's failure to provide a written notice and disclosure of the information as set forth in this Section constitute a material breach of this Agreement.

The Parties agree that all data, regardless of form, including originals, images, and reproductions, prepared by, obtained by, or transmitted to the Contractor or its subcontractors in connection with the Contractor's or its subcontractor's performance of this Agreement is confidential and proprietary information belonging to the City. Except as specifically provided in this Agreement, Contractor or its subcontractors must not divulge data to any third party without the City's prior written consent. In the event the Contractor or its subcontractors are required or requested to disclose data to a third party, or any other information to which the Contractor or its subcontractors became privy as a result of any other contract with the City, the Contractor must first notify the City as set forth in this Section of the request or demand for the data. The Contractor or its subcontractors must give the City sufficient facts so that the City can be given an opportunity to first give its consent or take such action that the City may deem appropriate to protect such data or other information from disclosure. Unless prohibited by law, within ten calendar days after completion or termination of services under this Agreement, the Contractor or its subcontractors must promptly deliver, as set forth in this Section, a copy of all data to the City. All data must continue to be subject to the confidentiality agreements of this Agreement. Contractor or its subcontractors assume all liability to maintain the confidentiality of the data in its possession and agrees to compensate the City if any of the provisions of this Section are violated by the Contractor, its employees, agents or subcontractors. Solely for the purposes of seeking injunctive relief, it is agreed that a breach of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. In the event that data collected or obtained by Contractor or its subcontractors in connection with this Agreement is believed to have been compromised, Contractor or its subcontractors must immediately notify the City contact. Contractor agrees to reimburse the City for any costs incurred by the City to investigate potential breaches of this data and, where applicable, the cost of notifying individuals who may be impacted by the breach. Contractor agrees that the requirements of this Section must be incorporated into all subcontracts entered into by Contractor. It is further agreed that a violation of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may result in immediate termination of this Agreement without notice. The obligations of Contractor or its subcontractors under this Section must survive the termination of this Agreement.

5.28 Jurisdiction and Venue. This Agreement is made under, and must be construed in accordance with and governed by the laws of the State of Arizona without regard to the conflicts or choice of law provisions thereof. EXHIBIT A TO AGREEMENT SCOPE OF SERVICES

Introduction

The LCRR was promulgated by the United States Environmental Protection Agency (USEPA) on January 15, 2021 and became effective on December 16, 2021. The LCRR includes a 3-year timeframe for utilities to meet the new regulatory requirements with a compliance deadline of October 16, 2024. As of July 2023, approximately 15 months remain for compliance. State primacy agencies retain the option to accelerate this timeline; however, the Arizona Department of Environmental Quality (ADEQ) is planning to match the EPA's compliance deadline. The compliance deliverables in the state of Arizona include:

- Lead Service Line (LSL) Inventory
- Lead Service Line Replacement Plan (if any lead, galvanized requiring replacement (GRR), or lead status unknown service lines are present in the LSL Inventory).
- Tap Sampling Plan
- List of Schools and Childcare Facilities Requiring Testing

The City of Chandler (City) hired Hazen and Sawyer (Hazen) to complete Phase 1 of this project to complete the base LSL inventory. Phase 1 effort has been completed. The City has requested Hazen to provide a proposal for Phase 2 of this project, the scope of work and fee for which is covered in this proposal.

Project Understanding and Approach

The LSL Inventory must include the utility and customer-owned portions of each service line and indicate whether the service line material is lead, galvanized requiring replacement (GRR), non-lead, or lead status unknown. During Phase 1 efforts, 3,821 and 25,107 lead status unknown service lines remained on the utility-side and customer-side, respectively, out of 84,955 service lines in the distribution system following desktop analyses. Subsequent record review further reduced the total number of lead status unknown service lines. Additionally, the remaining lead status unknown service lines were further reduced for field verification by applying interpolation of service line materials within subdivisions. The remaining sites for field verification are currently 3,961.

The proposed compliance program schedule for the City is shown below in **Figure 1**. This proposal covers Phase 2, Program Compliance. Phase 3 efforts are only needed if LSLs, GRR, and/or lead status unknown service lines remain at the end of Phase 2. The City's goal is to reach 'No LSL, GRR or unknown' designation by the end of Phase 2, and thus Phase 3 is not included in this proposal.

EXHIBIT B TO AGREEMENT COMPENSATION AND FEES

Figure 1: Proposed LCRR Project Phasing

Figure Notes: *Indicated compliance actions and deliverables are only required for water systems with LSLs, GRR, and/or lead status unknown service lines.

Phase 2 of the LCRR Compliance Program is aimed to fulfill the City's goal to have "No Lead Verification" per ADEQ standards. In order to reach this goal, a Service Line Identification Action Plan is proposed to document direct and indirect methods utilized for reaching zero lead status unknown service lines. Additionally, site review of field verified service lines and an updated LSL Inventory will be required. Beyond the LSL Inventory, compliance sample sites and protocol as well as school and childcare facility testing and protocol aim to fulfill two additional compliance requirements. Finally, customer education and outreach is critical both for the field verification efforts planned as well as to meet LCRR requirements in the future after the compliance deadline.

Scope of Services

The Scope of Services includes the necessary tasks to complete Phase 2. The following tasks will be performed as part of this project:

- Task 1: Project Management and Meetings
- Task 2: Regulatory Coordination
- Task 3: Service Line Identification Action Plan
- Task 4: Service Line Inventory Updates

Task 1: Project Management and Meetings

Hazen will provide project management services throughout the project, including preparation of billing statements, document control, record keeping, and project budget and schedule tracking. Hazen will also track project performance including budget and schedule, identify any outstanding issues, and hold progress meetings/conference calls with City staff as necessary.

Our management approach includes well-defined roles and responsibilities of each resource and the lines of communication among team members and the City, as well as plans for maintaining QA/QC. Brindha Dhanasekaran will be our PM with Cayla Cook as our Deputy PM.

Project Kick-Off Meeting and Review: Hazen will conduct a 1-hour virtual kickoff meeting with the City to introduce our project team, establish lines of communication, review LCRR requirements, and review the scope of services and project schedule. All City staff involved in the Phase 1 LCRR compliance effort are encouraged to attend the kickoff meeting.

During the kickoff meeting, Hazen will verify the City's LCRR team participants, needs, and schedule.

Project Schedule: We will provide an initial schedule with milestones using MS Project to guide the project.

Project Progress Meetings: Hazen will coordinate with City throughout the duration of the project. Coordination meetings will be held between the Hazen Program Manager, Hazen Deputy Program Manager, Hazen Project Engineer(s), and the City's Project Manager and staff, as needed.

Progress Reports: Project progress will be summarized each month in invoice progress reports.

Deliverables:

- Kickoff Meeting – agenda, slides, action items, and key takeaways
- Project schedule
- Meeting minutes for monthly project progress meetings, which will be billed monthly
- Monthly progress reports, which will be billed monthly for those that occurred in that month.

Assumption:

- Conduct a kickoff meeting and virtual monthly progress calls, as needed, during a project duration, estimated at 10 months with one meeting per month.

Task 2: Regulatory Coordination

While ADEQ is requiring all utilities to complete their LSL Inventory, Sampling Plan, and LSL Replacement Plan by October 16, 2024, they are still developing the standard/approved methods and will likely delay the preparation of a primacy package until after the compliance deadline. Thus, frequent coordination with ADEQ to ensure regulatory compliance is required for this effort. Hazen will attend up to four calls with ADEQ to communicate the approach and findings.

Deliverables:

- A material verification method approach summary to be prepared and sent electronically to ADEQ which will identify available data sources, data gaps, and methods for identification of lead status unknown service lines.
- Meeting Minutes from meetings with ADEQ.

Assumptions:

- Hazen will conduct regulatory coordination meetings with ADEQ on the material verification methods and development of the inventory throughout the duration of the project.
- Written or verbal verification from ADEQ on service line material identification methods will be received prior to finalizing the Service Line Identification Action Plan.

Task 3: Service Line Identification Action Plan

Identification Methods Workshop: Hazen will prepare and lead a workshop with the City to provide an overview of all direct and indirect service line identification methods. A combined direct and indirect identification method will be recommended.

Transfer inventory to City ArcGIS Online Portal: The base LSL inventory developed by Hazen will be transferred to the City's GIS portal. The City will provide up to 4 Hazen team members with AGO credentials transfer the database, develop apps and dashboards. All data, apps and dashboards will be hosted by the City. City will be responsible for data backup. City will also be responsible for user management for internal City staff and external field work contractors who will need access to the apps and dashboards.

Mobile App and Dashboards: Hazen will deploy the ESRI Solutions Lead Service Line Inventory Database and integrate the City's Phase 1 data. Subsequently, Hazen will develop a Field Maps app to directly integrate field verification findings into the Lead Service Line Inventory Database. This Field Maps app will cover the required service line verification points as required by ADEQ. Service line sites may be assigned to City staff or Contractor(s), as desired, within the app platform. Instructions for utilization of the Field Maps app will be included in Task 3's Training Materials. The app will be programmed with the QC workflow allowing Hazen staff to review the field data input prior to updating the LSL database.

Draft and Final Service Line Identification Action Plan: Hazen will develop a Service Line Identification Action Plan with methods to verify service line materials based on findings in Phase 1 and the pilot effort. This Plan will inform any future work that could be performed to

identify “Lead Status Unknown” service lines in the system. The Plan will include a phased, targeted approach to field work required for material identification.

Deliverables:

- Lessons learned from field work pilot in ppt format
- Service Line Identification Methods Workshop – agenda, presentation, action items and key takeaways.
- Field Verification Mobile App.
- Field Verification QC Dashboard.
- Draft and Final Service Line Identification Action Plan.

Assumptions:

- None.

Task 4: Service Line Inventory Updates

Inventory Updates: Throughout the field identification effort, Hazen will update the LSL Inventory to provide an estimated quantity of remaining unknowns. At the completion of field identification, the LSL Inventory Template will be populated with the final LSL Inventory results for future detailed inventory submission requirements by ADEQ.

Deliverables:

- Updated LSL Inventory
- LSL Inventory Template

Assumptions:

- City staff and/or the selected contractor will maintain a viable mobile device and upload all service line data into the Field Maps mobile app without need for manual entry.

Project Schedule

Our proposed project schedule is provided below. The anticipated Notice to Proceed (NTP) date is tentatively prior to August 2023. It shows the planned progression of the project starting with the Kick-off Meeting and ending with the final customer outreach and education deliverables. The schedule identifies the major tasks and subtasks that need to be undertaken, as well as activities that will need to occur concurrently. We are proposing a timeline of completing the project within 10 months.

EXHIBIT D TO AGREEMENT SPECIAL CONDITIONS

INTELLECTUAL PROPERTY

City Ownership of Project Documents. All work products (electronically or manually generated) including, but not limited to: plans, specifications, cost estimates, tracings, studies, design analyses, original drawings, Computer Aided Drafting and Design (CADD) file diskettes which reflect all final drawings, and other related documents which are prepared in the performance of this Agreement (collectively referred to as "Documents") are to be and remain the property of the City and are to be delivered to the City Representative before the final payment is made to the Contractor. In the event these Documents are altered, modified or adapted without the written consent of the Contractor, which consent the Contractor shall not unreasonably withhold, the City agrees to hold the Contractor harmless to the extent permitted by law from the legal liability arising out of the City's alteration, modification or adaptation of the Documents.

Contractor to Retain Copyrights. The copyrights, patents, trade secrets or other intellectual property rights associated with the ideas, concepts, techniques, inventions, processes or works of authorship developed or created by the Contractor, its subcontractors or personnel, during the course of performing this Agreement or arising out of the Project shall belong to the Contractor.

License to City for Reasonable Use. With this Agreement, the Contractor and its subcontractors hereby grant a license to the City, its agents, employees, and representatives for an indefinite period of time to reasonably use, make copies, and distribute as appropriate the Documents, works or deliverables developed or created as a result of the Project and this Agreement. This license also includes the making of derivative works. In the event that the derivative works require the City to alter or modify the Documents, then the provisions of this section apply.

Documents to Bear Seal. The Contractor and its subcontractors shall endorse by professional seal all plans, works, and deliverables prepared by each for this Agreement as required by state law

ACCESS TO SECURED FACILITIES

Contract Worker Access Controls, Badge and Key Access Requirements. A Contract Worker shall not be allowed to begin work in any City facility without: (A) The prior completion and the City's acceptance of the required background screening; and (B) when required, the Contract Worker's receipt of a City issued badge. A badge will be issued to a Contract Worker solely for access to the City facility(s) to which the Contract Worker is assigned. Each Contract Worker who enters a City facility must use the badge issued to the Contract Worker. Any and all fees associated with security badging will be assessed in compliance with Chandler City Code §4-22.

Key Access Procedures. If the Contract Worker's services require keyed access to enter a City facility(s), a separate key issue/return form must be completed and submitted by Contractor for each key issued.

Stolen or Lost Badges or Keys. Contractor shall report lost or stolen badges or keys to the City immediately. A new badge application or key issue form shall be completed and submitted along with payment of the applicable fees prior to issuance of a new badge or key.

Return of Badges or Keys. All badges and keys are the property of the City and must be returned to the City within one business day of when the Contract Worker's access to a City facility is no longer required to furnish the services under this Agreement. Contractor shall collect a Contract Worker's badge and key(s) upon the termination of the Contract Worker's employment; when the Contract Worker's services are no longer required at the particular City facility(s); or upon termination, cancellation or expiration of this Agreement.

Contractor's default under this Section shall include, but is not limited to the following: (1) Contract Worker gains access to a City facility(s) without the proper badge or key; (2) Contract Worker uses a badge or key of another to gain access to a City facility; (3) Contract Worker commences services under this Agreement without the proper badge, key or Background Screening; (4) Contract Worker or Contractor submits false information or negligently submits wrong information to the City to obtain a badge, key or applicable Background Screening; or (5) Contractor fails to collect and timely return Contract Worker's badge or key upon termination of Contract Worker's employment, reassignment of Contract Worker to another City facility or upon the expiration, cancellation or termination of this Agreement. Contractor acknowledges and agrees that the access control, badge and key requirements in this Section are necessary to preserve and protect public health, safety and welfare. Accordingly, Contractor agrees to properly cure any default under this Section within three business days from the date notice of default is sent by the City. The parties agree that Contractor's failure to properly cure any default under this Section shall constitute a breach of this Section. In addition to any other remedy available to the City at law or in equity, Contractor shall be liable for and shall pay to the City the sum of \$1,000.00 for each breach by Contractor of this Section. The parties further agree that the sum fixed above is reasonable and approximates the actual or anticipated loss to the City at the time and making of this Agreement in the event that Contractor breaches this Section. Further, the parties expressly acknowledge and agree to the fixed sum set forth above because of the difficulty of proving the City's actual damages in the event that Contractor breaches this Section. The parties further agree that three breaches by Contractor of this Section arising out of any default within a consecutive period of three months or three breaches by Contractor of this Section arising out of the same default within a period of 12 consecutive months shall constitute a material breach of this Agreement by Contractor and the City expressly reserves all of its rights, remedies and interests under this Agreement, at law and in equity including, but not limited to, termination of this Agreement.

1. **Contractor and Subcontractor Worker Background Screening.** Contractor agrees that all contract workers and subcontractors (collectively "Contract Worker(s)") that Contractor furnishes to City under this Agreement will be subject to background and security checks and screening as set forth in this Section (collectively "Background Screening") at Contractor's sole cost and expense. As part of the Background Screening, Contractor must provide to a person designated by the City the name(s), address(es), and phone number(s) of all Contract Workers who will provide any services under this Agreement. All Contract Workers must comply with these Background Screening requirements. All Contract Workers must be able to provide proof of the legal right to work in the United States. The Background Screening provided by Contractor must comply with all applicable laws, rules, and regulations. Contractor further agrees that the Background Screening required in this Section is necessary to preserve and protect public health, safety, and welfare. The Background Screening requirements set forth in this Section are the minimum requirements for this Agreement. City in no way warrants that these minimum

requirements are sufficient to protect Contractor from any liabilities that may arise out of Contractor's services under this Agreement or Contractor's failure to comply with this Section. Therefore, in addition to the specific measures set forth below, Contractor and its Contract Workers must take such other reasonable, prudent, and necessary measures to further preserve and protect public health, safety, and welfare when providing services under this Agreement.

2. **Background Screening Requirements and Criteria.** Before offering or scheduling any services under this Agreement, Contractor agrees that all Contract Workers, including the Contractor, if the Contractor is an individual or sole proprietorship, must have successfully passed a Background Screening in accordance with this Section. Contractor warrants that no person will be permitted to substitute for a Contract Worker who has satisfied the Background Screening requirements until the proposed substitute has also satisfied the Background Screening requirements in this Section. For review and approval, Contractor must submit to a person designated by the City proof of a completed Background Screening for each Contract Worker over the age of 18 performing services under this Agreement no fewer than two (2) weeks before the proposed start date of such Contract Worker's services. The Background Screening must have been completed within the 12-month period preceding the Contract Worker's start date under this Agreement and must include the results of a national criminal databased check with source verification, and a sex offender database search.
3. **Additional City Rights Regarding Security Inquiries.** In addition to the foregoing, City reserves the rights but not the obligations to: (1) have a Contract Worker be required to provide fingerprints and execute such other documentation as may be necessary to obtain criminal justice information pursuant to A.R.S. § 41-1750(G)(4); (2) act on newly acquired information whether or not such information should have been previously discovered; (3) unilaterally change its standards and criteria relative to the acceptability of Contract Workers; and (4) object, at any time and for any reason, to a Contract Worker performing work (including supervision and oversight) under this Agreement.
4. **Contractor Certification.** By executing this Agreement, Contractor certifies that Contractor has read and understands the Background Screening requirements and criteria in this Section and will fully comply with such requirements. Contractor further certifies that any Background Screening information to be furnished to City related to Contractor or its Contract Workers will be complete, current, and accurate. A Contract Worker rejected for work under this Agreement will not be proposed to perform work under other City contracts or engagements without City's prior written approval.
5. **Terms of This Section Applicable to all of Contractor's Contracts and Subcontracts.** Contractor must include the terms of this Section for Contract Worker Background Screening in all contracts and subcontracts for services furnished under this Agreement including, but not limited to, supervision and oversight services.
6. **Materiality of Background Screening Requirements: Indemnity.** The Background Screening requirements of this Section are material to City's entry into this Agreement and any breach of this Section by Contractor will be deemed a material breach of this Agreement. In addition to the indemnity provisions set forth in this Agreement, Contractor

must defend, indemnify, and hold harmless City for any and all Claims arising out of this Background Screening Section including, but not limited to, the disqualification of a Contract Worker by Contractor or City for failure to satisfy this Section.

7. **Continuing Duty, Audit.** Contractor's obligations and requirements that Contract Workers satisfy this Background Screening Section will continue throughout the entire term of this Agreement. Contractor must notify City immediately of any change to a Background Screening of a Contract Worker previously accepted by City. Contractor must maintain all records and documents related to all Background Screenings and City reserves the right to audit Contractor's compliance with this Section under the terms of this Agreement.
