**Subject:** Purchase of Library Bookmobile/Techmobile

### **Proposed Motion:**

Move City Council approve the purchase of a Library Bookmobile/Techmobile, from Farber Specialty Vehicles, utilizing Omnia Contract No. 128867, in the amount of \$634,519.

### **Background/Discussion:**

A bookmobile/techmobile will allow Chandler Public Library (CPL) to expand its footprint in the Chandler community in an adaptable and efficient manner, extending current service options to underserved communities, while also providing future service that can adapt to demographic shifts and changing community needs. The vehicle will make accessing library services more convenient and will increase the library's impact in neighborhoods across Chandler by creating new opportunities to collaborate with outside organizations through special events, school tours, and public stops.

This mobile unit will effectively become a fifth CPL branch, bringing services and resources to residents in communities without easy access to these opportunities otherwise. The cost to build a new library branch can vary greatly, requiring a commitment at minimum of tens of millions of dollars. Acquiring a bookmobile/techmobile as a moving, accessible branch accomplishes many of the same goals for a fraction of the price. From a statistical standpoint, the library anticipates an increase in number of cards issued, circulation of materials, program participation, in-house visits, and collection turnover rate. From a human

services standpoint, however, the potential for impact is even greater through cultural and social connections with residents, enhancement to neighborhood quality of life, and overall community wellness. In addition to being an innovative and convenient library service point for all community members, with 11 Title 1 schools in Chandler and more than 40% of residents earning less than the median household income, there is a socioeconomic need within the City of Chandler to remove barriers to library access and simultaneously increase literacy opportunities.

CPL requests purchase a coach model bookmobile/techmobile to use as a fifth library branch, which will be purchased thanks to the generosity of up to \$135,000 in funding from the Friends of Chandler Library and Intel Corporation funds from an annual contribution tied to the company's facility expansions. There is currently a two-year lead time on the design and build of the vehicle; the proposed Council action will secure a delivery date in 2025. A future budget decision package in the appropriate fiscal year will be submitted for the project operations and maintenance costs of the vehicle once it is in service.

Services that will be available in the mobile library include, but are not limited to:

- Collaboration across city departments, creating a wholistic service for Chandler residents
- STEM/STEAM instruction and programs
- Job search assistance
- Makerspace equipment
- Storytime on-the-go
- Browsing collections
- Holds pickup
- Roaming reference service
- Referrals to city services
- Participation in community events
- Mobile connectivity
- Technology instruction and equipment loans
- Heat relief supplies

The proposed hours of operation for the bookmobile/techmobile once it is in service are:

### **Monday-Thursday**

10 AM - 6 PM (230 PM - 530 PM after school stops) 54 hours/wk

### Friday-Sunday

Community and Special Events

The mobile unit will be staffed with existing CPL full-time and part-time/temporary employees; no additional full-time equivalent positions are requested at this time.

Parking for the techmobile/bookmobile is being incorporated into the Council-approved project, currently in design, for enhancements to the east side of Delaware Street south of Chandler Boulevard.

### **Evaluation:**

Omnia competitively solicited and awarded a contract for specialty vehicles, equipment, and accessories. The City has a current agreement with Omnia allowing for the cooperative use of its contracts. The Omnia contract is valid through November 30, 2024.

### **Financial Implications:**

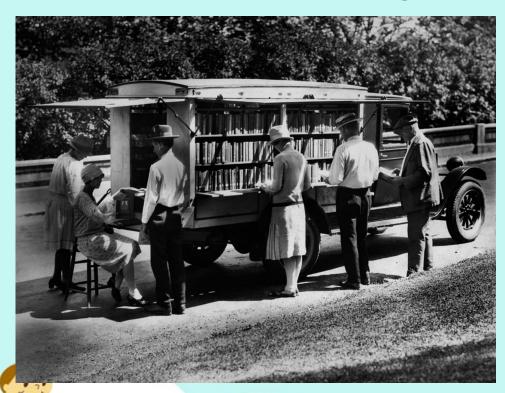

This project is entirely funded by grants and related contributions. \$500,000 is coming from funds received from Intel Corporation designated for library technology enhancements. The remaining approximately \$135,000 is coming from the nonprofit Friends of the Library through the Library Trust Fund. Funding for ongoing operational costs related to using this vehicle (e.g., fuel, program supplies, licenses and/or subscriptions, generator/solar panel repairs), will be included in the future fiscal year in which the vehicle is projected to be delivered.

### City Council Memorandum Community Services Memo No. N/A

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Dawn Lang, Deputy City Manager - CFO John Sefton, Community Services Director

From: Ryan McCartney, Urban Forester

Subject: Agreement No. CS3-918-4620, Tree Inventory and Urban Forest Management

Plan

### **Proposed Motion:**

Move City Council approve Agreement No. CS3-918-4620, with ArborPro, Inc., for the tree inventory and urban forest management plan, in an amount not to exceed \$145,000.

### **Background/Discussion:**

On April 13, 2023, City Council adopted Resolution No. 5667, authorizing the City to enter into a grant agreement with the Arizona Department of Forestry and Fire Management (DFFM) for a tree inventory, tree asset management software system, and an urban forest management plan. This agreement allows the city to receive \$40,000 in federal funds to be used by March 31, 2024.

Developing a tree inventory is useful to make informed management decisions regarding Chandler's tree assets. The City estimates that 20,000 – 25,000 trees are contained within nearly 1,500 acres of land, including 69 developed park facilities maintained by the Parks Division. Detailed information including quantities, species, locations, overall health, and maintenance recommendations will be used to develop a comprehensive management plan to guide maintenance and planting opportunities as well as detail the benefits the trees provide the City's residents.

ArborPro, Inc., has been identified through a Request for Proposal (RFP) process to provide the data collection and urban forest management plan. The

tree inventory software implementation will occur at a later date after data collection is completed and will aid in the storing and tracking of tree care activities.

### **Evaluation:**

On June 13, 2023, city staff issued an RFP No. CS3-918-4620, for a tree inventory, inventory management software, and an urban forest management plan. Notification was sent to all registered vendors. Six proposals were received from the following offerors:

- ArborPro, Inc.
- CN Utility Consulting, Inc.
- Davey Resource Group, Inc.
- MapCollective
- Orlando O. Spencer, Inc.
- West Coast Arborists, Inc.

The Evaluation Committee reviewed the proposals and recommends an award to ArborPro, Inc., which submitted the most advantageous offer to the city in accordance with the evaluation criteria.

### **Financial Implications:**

This project is partially funded through the grant awarded by the U.S. Forestry Service and the Arizona DFFM. The funds received through the grant total \$40,000. The grant agreement states that any costs above the 50% match will be paid for by the city. The FY 2023-24 budget includes the General Fund portion and the \$40,000 grant.

- 4.3 <u>Tax Indemnification</u>. The Contractor and all subcontractors will pay all Federal, state, and local taxes applicable to its operation and any persons employed by the Contractor. The Contractor will and require all subcontractors to hold the City harmless from any responsibility for taxes, damages, and interest, if applicable, contributions required under Federal, state, and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security, and Worker's Compensation.
- 4.4 All prices offered herein shall be firm against any increase for the initial term of the Agreement. Prior to commencement of subsequent renewal terms, the City may approve a fully documented request for a price adjustment. The City shall determine whether any requested price increases for extension terms is acceptable to the City. If the City approves the price increase, the price shall remain firm for the renewal term for which it was requested. If a price increase is agreed upon by

the Parties a written Agreement Amendment shall be approved and executed by the Parties.

#### **SECTION V: GENERAL CONDITIONS**

- 5.1 Records/Audit. Records of the Contractor's direct personnel payroll, reimbursable expenses pertaining to this Agreement and records of accounts between the City and Contractor must be kept on the basis of generally accepted accounting principles and must be made available to the City and its auditors for up to three years following the City's final acceptance of the services under this Agreement. The City, its authorized representative, or any federal agency, reserves the right to audit Contractor's records to verify the accuracy and appropriateness of all cost and pricing data, including data used to negotiate this Agreement and any amendments. The City reserves the right to decrease the total amount of Agreement price or payments made under this Agreement or request reimbursement from the Contractor following final contract payment on this Agreement if, upon audit of the Contractor's records, the audit discloses the Contractor has provided false, misleading, or inaccurate cost and pricing data. The Contractor will include a similar provision in all of its contracts with subcontractors providing services under the Agreement Documents to ensure that the City, its authorized representative, or the appropriate federal agency, has access to the subcontractors' records to verify the accuracy of all cost and pricing data. The City reserves the right to decrease Contract price or payments made on this Agreement or request reimbursement from the Contractor following final payment on this Agreement if the above provision is not included in subcontractor agreements, and one or more subcontractors refuse to allow the City to audit their records to verify the accuracy and appropriateness of all cost and pricing data. If, following an audit of this Agreement, the audit discloses the Contractor has provided false, misleading, or inaccurate cost and pricing data, and the cost discrepancies exceed 1% of the total Agreement billings, the Contractor will be liable for reimbursement of the reasonable, actual cost of the audit.
- 5.2 <u>Alteration in Character of Work</u>. Whenever an alteration in the character of work results in a substantial change in this Agreement, thereby materially increasing or decreasing the scope of services, cost of performance, or Project schedule, the work will be performed as directed by the City. However, before any modified work is started, a written amendment must be approved and executed by the City and the Contractor. Such amendment must not be effective until approved by the City. Additions to, modifications, or deletions from this Agreement as provided herein may be made, and the compensation to be paid to the Contractor may accordingly be adjusted by mutual agreement of the Parties. It is distinctly understood and agreed that no claim for extra work done or materials furnished by the Contractor will be allowed by the City except as provided herein, nor must the Contractor do any work or furnish any materials not covered by this Agreement unless such work is first authorized in writing. Any such work or materials furnished by the Contractor without prior written authorization will be at Contractor's own risk, cost, and expense, and Contractor hereby agrees that without written authorization Contractor will make no claim for compensation for such work or materials furnished.
- 5.3 <u>Termination for Convenience</u>. The City and the Contractor hereby agree to the full performance of the covenants contained herein, except that the City reserves the right, at its discretion and without cause, to terminate or abandon any service provided for in this Agreement, or abandon any portion of the Project for which services have been performed by the Contractor. In the event the City abandons or suspends the services, or any part of the services as provided in this Agreement, the City will notify the Contractor in writing and immediately after receiving such notice, the Contractor must discontinue advancing the work

specified under this Agreement. Upon such termination, abandonment, or suspension, the Contractor must deliver to the City all drawings, plans, specifications, special provisions, estimates and other work entirely or partially completed, together with all unused materials supplied by the City. The Contractor must appraise the work Contractor has completed and submit Contractor's appraisal to the City for evaluation. The City may inspect the Contractor's work to appraise the work completed. The Contractor will receive compensation in full for services performed to the date of such termination. The fee shall be paid in accordance with Section IV of this Agreement, and as mutually agreed upon by the Contractor and the City. If there is no mutual agreement on payment, the final determination will be made in accordance with the Disputes provision in this Agreement. However, in no event may the payment exceed the payment set forth in this Agreement nor as amended in accordance with Alteration in Character of Work. The City will make the final payment within 60 days after the Contractor has delivered the last of the partially completed items and the Parties agree on the final payment. If the City is found to have improperly terminated the Agreement for cause or default, the termination will be converted to a termination for convenience in accordance with the provisions of this Agreement.

- 5.4 <u>Termination for Cause</u>. The City may terminate this Agreement for Cause upon the occurrence of any one or more of the following events: in the event that (a) the Contractor fails to perform pursuant to the terms of this Agreement, (b) the Contractor is adjudged a bankrupt or insolvent, (c) the Contractor makes a general assignment for the benefit of creditors, (d) a trustee or receiver is appointed for Contractor or for any of Contractor's property (e) the Contractor files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or similar laws, (f) the Contractor disregards laws, ordinances, rules, regulations or orders of any public body having jurisdiction, or (g) the Contractor fails to cure default within the time requested. Where Agreement has been so terminated by City, the termination will not affect any rights of City against Contractor then existing or which may thereafter accrue.
- 5.5 Indemnification. The Contractor (Indemnitor) must indemnify, defend, save and hold harmless the City and its officers, officials, agents and employees (Indemnitee) from any and all claims, actions, liabilities, damages, losses or expenses (including court costs, attorneys' fees and costs of claim processing, investigation and litigation) (Claims) caused or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of the Contractor or any of its owners, officers, directors, agents, employees, or subcontractors in connection with this Agreement. This indemnity includes any claim or amount arising out of or recovered under workers' compensation law or on account of the failure of the Contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. The Contractor must indemnify Indemnitee from and against any and all Claims, except those arising solely from Indemnitee's own negligent or willful acts or omissions. The Contractor is responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this Agreement, the Contractor agrees to waive all rights of subrogation against Indemnitee for losses arising from or related to this Agreement. The obligations of the Contractor under this provision survive the termination or expiration of this Agreement.
- 5.6 <u>Insurance Requirements.</u> Contractor must procure insurance under the terms and conditions and for the amounts of coverage set forth in Exhibit C against claims that may arise from or relate to performance of the work under this Agreement by Contractor and its agents,

representatives, employees, and subcontractors. Contractor and any subcontractors must maintain this insurance until all of their obligations have been discharged, including any warranty periods under this Agreement. These insurance requirements are minimum requirements for this Agreement and in no way limit the indemnity covenants contained in this Agreement. The City in no way warrants that the minimum limits stated in Exhibit C are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under this Agreement by the Contractor, the Contractor's agents, representatives, employees, or subcontractors. Contractor is free to purchase such additional insurance as may be determined necessary.

- 5.7 <u>Cooperation and Further Documentation</u>. The Contractor agrees to provide the City such other duly executed documents as may be reasonably requested by the City to implement the intent of this Agreement.
- 5.8 <u>Notices</u>. Unless otherwise provided, notice under this Agreement must be in writing and will be deemed to have been duly given and received either (a) on the date of service if personally served on the party to whom notice is to be given, or (b) on the date notice is sent if by electronic mail, or (c) on the third day after the date of the postmark of deposit by first class United States mail, registered or certified, postage prepaid and properly addressed as follows:

Neither the City nor the Contractor may assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. In no event may any contractual relation be created between any third party and the City.

- 5.10 <u>Disputes.</u> In any dispute arising out of an interpretation of this Agreement or the duties required not disposed of by agreement between the Contractor and the City, the final determination at the administrative level will be made by the City Purchasing and Materials Manager.
- 5.11 <u>Completeness and Accuracy of Contractor's Work.</u> The Contractor must be responsible for the completeness and accuracy of Contractor's services, data, and other work prepared or compiled under Contractor's obligation under this Agreement and must correct, at Contractor's expense, all willful or negligent errors, omissions, or acts that may be discovered. The fact that the City has accepted or approved the Contractor's work will in no way relieve the Contractor of any of Contractor's responsibilities.

- 5.12 <u>Withholding Payment</u>. The City reserves the right to withhold funds from the Contractor's payments up to the amount equal to the claims the City may have against the Contractor until such time that a settlement on those claims has been reached.
- 5.13 <u>City's Right of Cancellation</u>. The Parties acknowledge that this Agreement is subject to cancellation by the City under the provisions of Section 38-511, Arizona Revised Statutes (A.R.S.).
- 5.14 <u>Independent Contractor</u>. For this Agreement the Contractor constitutes an independent contractor. Any provisions in this Agreement that may appear to give the City the right to direct the Contractor as to the details of accomplishing the work or to exercise a measure of control over the work means that the Contractor must follow the wishes of the City as to the results of the work only. These results must comply with all applicable laws and ordinances.
- 5.15 <u>Project Staffing</u>. Prior to the start of any work under this Agreement, the Contractor must assign to the City the key personnel that will be involved in performing services prescribed in the Agreement. The City may acknowledge its acceptance of such personnel to perform services under this Agreement. At any time hereafter that the Contractor desires to change key personnel while performing under the Agreement, the Contractor must submit the qualifications of the new personnel to the City for prior approval. The Contractor will maintain an adequate and competent staff of qualified persons, as may be determined by the City, throughout the performance of this Agreement to ensure acceptable and timely completion of the Scope of Services. If the City objects, with reasonable cause, to any of the Contractor's staff, the Contractor must take prompt corrective action acceptable to the City and, if required, remove such personnel from the Project and replace with new personnel agreed to by the City.
- 5.16 <u>Subcontractors</u>. Prior to beginning the work, the Contractor must furnish the City for approval the names of subcontractors to be used under this Agreement. Any subsequent changes are subject to the City's written prior approval.
- 5.17 <u>Force Majeure</u>. If either party is delayed or prevented from the performance of any act required under this Agreement by reason of acts of God or other cause beyond the control and without fault of the Party (financial inability excepted), performance of that act may be excused, but only for the period of the delay, if the Party provides written notice to the other Party within ten days of such act. The time for performance of the act may be extended for a period equivalent to the period of delay from the date written notice is received by the other Party.
- 5.18 <u>Compliance with Laws</u>. Contractor understands, acknowledges, and agrees to comply with the Americans with Disabilities Act, the Immigration Reform and Control Act of 1986 and the Drug Free Workplace Act of 1989. All services performed by Contractor must also comply with all applicable City of Chandler codes, ordinances, and requirements. Contractor agrees to permit the City to verify Contractor's compliance.
- 5.19 <u>No Israel Boycott.</u> By entering into this Agreement, Contractor certifies that Contractor is not currently engaged in, and agrees for the duration of the Agreement, not to engage in a boycott of Israel as defined by state statute.
- 5.20 Legal Worker Requirements. A.R.S. § 41-4401 prohibits the City from awarding a contract

to any contractor who fails, or whose subcontractors fail, to comply with A.R.S. § 23-214(A). Therefore, Contractor agrees Contractor and each subcontractor it uses warrants their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with§ 23-214, subsection A. A breach of this warranty will be deemed a material breach of the Agreement and may be subject to penalties up to and including termination of the Agreement. City retains the legal right to inspect the papers of any Contractor's or subcontractor's employee who provides services under this Agreement to ensure that the Contractor and subcontractors comply with the warranty under this provision.

- 5.21 <u>Lawful Presence Requirement.</u> A.R.S. §§ 1-501 and 1-502 prohibit the City from awarding a contract to any natural person who cannot establish that such person is lawfully present in the United States. To establish lawful presence, a person must produce qualifying identification and sign a City-provided affidavit affirming that the identification provided is genuine. This requirement will be imposed at the time of contract award. This requirement does not apply to business organizations such as corporations, partnerships, or limited liability companies.
- 5.22 <u>Forced Labor of Ethnic Uyghurs Prohibited</u>. By entering into this Agreement, Contractor certifies and agrees Contractor does not currently use and will not use for the term of this Agreement: (i) the forced labor of ethnic Uyghurs in the People's Republic of China; or (ii) any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; or (iii) any contractors, subcontractors or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.
- 5.23 <u>Covenant Against Contingent Fees</u>. Contractor warrants that no person has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, and that no member of the Chandler City Council, or any City employee has any interest, financially, or otherwise, in Contractor's firm. For breach or violation of this warrant, the City may annul this Agreement without liability or, at its discretion, to deduct from the Agreement price or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.
- 5.24 <u>Non-Waiver Provision</u>. The failure of either Party to enforce any of the provisions of this Agreement or to require performance of the other Party of any of the provisions hereof must not be construed to be a waiver of such provisions, nor must it affect the validity of this Agreement or any part thereof, or the right of either Party to thereafter enforce each and every provision.
- 5.25 <u>Disclosure of Information Adverse to the City's Interests.</u> To evaluate and avoid potential conflicts of interest, the Contractor must provide written notice to the City, as set forth in this Section, of any work or services performed by the Contractor for third parties that may involve or be associated with any real property or personal property owned or leased by the City. Such notice must be given seven business days prior to commencement of the services by the Contractor for a third party, or seven business days prior to an adverse action as defined below. Written notice and disclosure must be sent to the City's Purchasing and Materials Manager. An adverse action under this Agreement includes, but is not limited to: (a) using data as defined in the Agreement acquired in connection with this Agreement to assist a third party in pursuing administrative or judicial action against the City; or (b) testifying or providing evidence on behalf

of any person in connection with an administrative or judicial action against the City; or (c) using data to produce income for the Contractor or its employees independently of performing the services under this Agreement, without the prior written consent of the City. Contractor represents that except for those persons, entities, and projects identified to the City, the services performed by the Contractor under this Agreement are not expected to create an interest with any person, entity, or third party project that is or may be adverse to the City's interests. Contractor's failure to provide a written notice and disclosure of the information as set forth in this Section constitute a material breach of this Agreement.

5.26 <u>Data Confidentiality and Data Security</u>. The Parties agree that all data, regardless of form, including originals, images, and reproductions, prepared by, obtained by, or transmitted to the Contractor or its subcontractors in connection with the Contractor's or its subcontractor's performance of this Agreement is confidential and proprietary information belonging to the City. Except as specifically provided in this Agreement, Contractor or its subcontractors must not divulge data to any third party without the City's prior written consent. In the event the Contractor or its subcontractors are required or requested to disclose data to a third party, or any other information to which the Contractor or its subcontractors became privy as a result of any other contract with the City, the Contractor must first notify the City as set forth in this Section of the request or demand for the data. The Contractor or its subcontractors must give the City sufficient facts so that the City can be given an opportunity to first give its consent or take such action that the City may deem appropriate to protect such data or other information from disclosure. Unless prohibited by law, within ten calendar days after completion or termination of services under this Agreement, the Contractor or its subcontractors must promptly deliver, as set forth in this Section, a copy of all data to the City. All data must continue to be subject to the confidentiality agreements of this Agreement. Contractor or its subcontractors assume all liability to maintain the confidentiality of the data in its possession and agrees to compensate the City if any of the provisions of this Section are violated by the Contractor, its employees, agents or subcontractors. Solely for the purposes of seeking injunctive relief, it is agreed that a breach of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. When personal identifying information, financial account information, or restricted City information, regardless of its format, is no longer necessary, the information must be redacted or destroyed through appropriate and secure methods that ensure the information cannot be viewed, accessed, or reconstructed. In the event that data collected or obtained by Contractor or its subcontractors in connection with this Agreement is believed to have been compromised, Contractor or its subcontractors must immediately notify the City contact. Contractor agrees to reimburse the City for any costs incurred by the City to investigate potential breaches of this data and, where applicable, the cost of notifying individuals who may be impacted by the breach. Contractor agrees that the requirements of this Section must be incorporated into all subcontracts entered into by Contractor. It is further agreed that a violation of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may result in immediate termination of this Agreement without notice. The obligations of Contractor or its subcontractors under this Section must survive the termination of this Agreement.
- 5.28 <u>Jurisdiction and Venue</u>. # EXHIBIT A SCOPE OF SERVICES

The Contractor will perform a GIS-based tree inventory of approximately 25,000 City trees along public parks, facility grounds, and other public property and prepare an Urban Forestry Management Plan. The Contractor's I.S.A. Certified Arborists will collect the tree attributes, tree conditions in the field, and then compile the information for entry into the Contractor's software suite. All inventory data fields will be determined prior to the start of data collection and agreed upon between the City and the Contractor. Data fields may include those items listed in the original Request for Proposal.

#### **Kick-Off Meeting**

Before data collection, the Contractor will meet with the City's representatives to discuss project requirements, site conditions, roles, and responsibilities. Meeting topics will include scheduling, field criteria, detailed attribute definition, zone or naming classification, daily operating procedures, and raw geographic data sharing and acquisition. Potential issues during data collection will also be discussed to agree on the best mitigation strategies.

#### **Data Collection**

The Contractor will assess trees on all sites as identified by the City following a level 2, 360° visual inspection of the tree. Data will be input directly into the Contractor's software. Data points are mapped with the latest G.I.S. technology to ensure sub-meter horizontal accuracy. Photographs of major existing damage and/or concerns will be attached to the data point for reference. No harm will be inflicted on City trees and properties during tree inventory update and assessment.

The Contractor will complete work on a grid-by-grid basis. Each grid will be completed and reviewed before beginning the following grid. If issues are identified within a grid, the Contractor will address the issue. The Contractor will notify the City of Critical Trees before leaving the hazardous tree site.

#### **Tree Health Assessment**

The Contractor will evaluate the general condition of each tree following the International Society of Arboriculture rating system listed below. Ratings may be adjusted according to the City's requirements.

	Tree Condition Rating
Excellent (I.S.A. Rating 80- 100)	Trees in this class are judged to be exceptional trees possessing the best qualities of the species. They have excellent form, very minor maintenance issues, with virtually no dead branches, deformities, or nutritional problems. These trees are in an acceptable location and can be expected to achieve a full mature shape and life expectancy.
Good (I.S.A. Rating 60- 80)	Trees in this class are judged to be desirable and, with proper maintenance, can be returned to excellent classification. They may be interfering with utility lines, planted in an overcrowded location, or have minor insect, pathogen, or nutritional deficiencies.
Fair (LS.A. Rating 40- 60)	Trees in this category have some or all of the following problems: large dead limbs representing less than one-third of the canopy, large cavities in the trunk, major deformities, girding roots, obvious insect, pathogen, or nutritional problems.
Poor (I.S.A. Rating 20- 40)	Trees in this group are in degraded condition with irreversible problems. These can include dead branches representing 50% or more of the canopy, drastic deformities, multiple trunk cavities, and severe insect, pathogen, or nutritional problems.
Very Poor (I.S.A. Rating of 0- 20)	Trees in this category are either already dead or in such poor condition that removal is required. These trees have over 90% dead branches and/or have completely succumbed to insects, pathogens, or nutritional deficiencies.

#### **Tree Care Maintenance**

The Contractor will make maintenance recommendations based on its standard ratings, which may be adjusted according to the City's requirements.

Maintenance Priority		
Priority 1 Removal	Defective trees, dead trees, hazardous trees that must be removed immediately.	
Priority 2 Removal	Trees that should be removed, but do not as great of a liability as Priority One Tree Removals.	
Priority 3 Removal	Trees that should be removed but pose minimal liability to persons or property (i.e. small dead trees, failed transplants, large trees that are poorly sited or inferior quality and pose minimal threat to community)	
Priority 1 Prune	Trees that require removal of hazardous deadwood, hangers, broken branches, dead, dying or diseased limbs greater than $4$ inches in diameter.	
Priority 2 Prune	Trees that have dead, dying, diseased or weakened branches between 2 and 4 inches in diameter.	

	Maintenance Recommendations
Routine Prune Large	Trees that require routine horticultural pruning to correct structural problems or growth pattern obstructing traffic or interfering with utility wires or buildings. Trees in this category have characteristics that could become risks if not corrected.

#### **Quality Assurance**

The Contractor will perform quality assurance scripts to identify any potential data entry errors. Repeating issues will be mitigated. The Contractor will also conduct randomized data checks to ensure accurate tree inventory quality.

Tabular Queries Condition vs Recommended Maintenance (ex. Good condition tree <>

Priority 1 Removal) No duplicate Addresses

Species Review - All species meet regional species

Height vs DBH

Spatial Queries Parcel Address = Point Address

Centerline = Point Street

Side Tree vs Front Tree Identification

In the event that significant errors (>5% of total collected data) are found within the Contractor's data, the Contractor will return to complete a thorough quality control and correct all errors at no cost to the City. Errors may include, but not limited to, incorrect species identification, diameter of tree, tree height, maintenance needs, or any other data collected under the agreed upon scope of work.

#### **Weekly Review**

The data collected by the Contractor will be reviewed every week. Once the Contractor has run the quality assurance scripts, the Contractor will prepare a series of work orders for inspections.

#### **Daily Monitoring**

The Contractor will monitor its staff progress on a daily tracking sheet. This information provides the number of trees surveyed daily and maintains a running count as the project progresses. The Contractor will share this information with the City clients every week, as well as daily starting locations, and any issues identified during the previous workday.

#### **Progress Reports and Meetings**

Weekly reports will be emailed to the City representatives to review the project status. The report will include detailed maps of the complete areas, a list of trees surveyed that week, a list of trees under Priority 1 Maintenance for immediate action of the required prescription, and any other concerns regarding data or progress. Weekly meetings may be conducted upon request from the City. In addition, the reports will include work planned for the next week.

#### **Tree Inventory Data Delivery**

The Contractor will deliver the tree inventory data in its tree inventory management software, Enterprise 2.0. Deliverables are available in the following formats: Microsoft Excel, XML, Google Earth's K.M.L., and ESRI Shape File. The City will have access to the inventory on the Contractor's Cloud-based inventory management software.

#### **Closeout Report**

Upon completion of the inventory, the Contractor will provide a Closeout Summary Report of the observations to summarize the data collection process, provide basic statistics related to the inventory, and identify high-risk trees for priority removal. The report will include a final map, breakdown by species, size characteristics, condition, recommended maintenance, density, and hardscape damage. The Contractor will use this information to suggest recommendations for the administration and management of the City's trees. The terms used during the data collection will be defined to maximize inventory utility.

#### **Urban Forest Management Plan**

Once the Tree Inventory Project is completed, the Contractor will develop an Urban Forestry Management Plan for the City of Chandler. The project will begin with a meeting with City staff to review the scope, desired deliverables, and schedules and to document the plan's development process.

The Contractor will research local laws, studies, and ordinances and familiarize itself with City plans and will work with local non-profits, businesses, schools, City, and other appropriate entities. The Contractor will attend meetings as needed to gather needed input.

#### **Management Plan Outline**

The Contractor will develop and management plan to support the long-term vision of the City. The Contractor will meet with staff to discuss the Management Plan outline, delivery dates, meeting schedule, etc.

The Management Plan will include:

Thru: Joshua H. Wright, City Manager

Dawn Lang, Deputy City Manager - CFO John Sefton, Community Services Director

From: Jeffrey Larsen, Parks Operations and Maintenance Senior Manager

Subject: Agreement No. C20-910-4120, Amendment No. 4, with UBM Enterprise, Inc.,

for Park Restroom Cleaning Services

# **Proposed Motion:**

Move City Council approve Agreement No. CS0-910-4120, Amendment No. 4 with UBM Enterprise, Inc., for park restroom cleaning services, in an amount not to exceed \$178,225, for the period of one year, December 1, 2023, through November 30, 2024.

# **Background/Discussion:**

The City of Chandler has utilized a cleaning contract for park restrooms since 2002. This contract provides daily cleaning of 60 restrooms at 23 City parks. The cleaning of these restrooms is performed after the closing of the parks each evening (generally 10:30 p.m.) and completed before reopening the following morning (generally 6:00 a.m.). The recommended contract also includes the additional cleaning services at all locations upon request. This contract also provides cleaning services for the restrooms at the Chandler Fashion Mall Transit Station and the Tumbleweed Park and Ride facility.

## **Evaluation:**

On November 17, 2019, City Council approved an agreement with UBM Enterprise, Inc., for park restroom cleaning, for a one-year period, with the option of up to four (4) one-year extensions. The Contractor has agreed to extend for one additional year at the same terms and conditions with a 4.1% increase in pricing, citing an increase to minimum wages. Staff finds the price increase to be

fair and reasonable.

Staff recommends an extension of this Agreement for the term of December 1, 2023, through November 30, 2024.

# City Council Memorandum Community Services Memo No. N/A

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Dawn Lang, Deputy City Manager - CFO John Sefton, Community Services Director

From: Joshua Adams, Business Systems Support Analyst

Subject: Agreement No. 4561, with Active Network, LLC, for Recreation Registration

System

# **Proposed Motion:**

Move City Council approve Agreement No. 4561, with Active Network, LLC, for the recreation registration system for the period of three years, in an amount not to exceed \$175,000 in year one, beginning November 1, 2023, through October 31, 2026

# **Background/Discussion:**

Since November 2014, the Recreation Division has utilized ActiveNet as its main business system solution to process transactions and provide reporting, meeting the city and customer needs. This software service is the primary tool used to facilitate customer engagement with recreation activity registration, parks and recreation facility reservations, and all related transactional accounting. In FY22/23 ActiveNet processed over 330,000 customer transactions for the Parks and Recreation divisions.

The initial agreement between ActiveNet and the City of Chandler was for a term of five years with five subsequent one-year automatic renewals. ActiveNet is a hosted, software-as-a-service (SaaS) solution.

#### **Evaluation:**

On September 12, 2013, City Council approved an agreement with Active Network, LLC, for the recreation registration and reservation system. Active Network provides functional use of the software, all technical support, and product maintenance and development/upgrades for the system. Support and maintenance services are only available through Active Network. Over the tenure of ActiveNet use in Chandler, the functionality, service support, and operational improvements have continued to meet the technical, service, and operational needs of the Community Services Department. Staff recommends the award of this agreement to Active Network, LLC, for an initial term of a three years with a single two-year renewal option (for a total term not to exceed five years).

A significant change with this updated agreement is the consolidation of the Credit Card Processing services. Previously, this service was performed by a third-party (Chase PaymenTech). Under the new terms, an Active Network affiliate (Heartland) will assume this function. This change will provide a single point-of-contact for staff, and Active Network assumes responsibility to resolve credit card transaction and related issues.

# **Financial Implications:**

The SaaS purchase price is set by a determined percentage of the transaction fees that a customer pays. The Active Network Schedule (attached) details this fee structure. In a three-year review, the costs per transaction for the SaaS plus the payment processing fees were approximately \$.50 per transaction on average. Historically, payment industry transaction fees have increased nominally per year. For this contract, depending on the customer's payment choice, transaction fees may range from 2% up to 5% of the Council-approved and published Recreation/Reservation fee.

This contract projects continued future cost increases. The Community Services Pricing Policy includes these fees within the cost recovery model, and the customer does not pay an additional amount for credit card processing or convenience fees. Capacity to afford this expense is monitored monthly and increased needs will be managed through the annual budget process.

#### **Products and Services General Terms**

Client's relationship with Active and Client's use of Active's products and services (including Client's licensing of Active's SaaS, Client's use of Services, and/or Client's purchase or leasing of Hardware) are subject to the terms and conditions set forth herein and are between Client and Active. Capitalized terms are defined in Section 2 below, unless otherwise defined within the body of this Agreement, the applicable Product Attachment, or Schedule. In order to use the Products, Client must first agree to this Agreement. Client represents and warrants that Client has the necessary and full right, power, authority, and capability to accept this Agreement, to bind Client's organization, and to perform Client's obligations hereunder. Client can accept this Agreement by: (a) clicking to accept or agree to this Agreement, where this option is made available to Client by Active in the user interface for any Product; (b) signing a document where a link to this Agreement appears in an order form, Schedule, or other document provided to Client by Active; (c) by signing this Agreement, if there is a designated area to sign; or (d) by actually using the Products. In the case of (d), Client understands and agrees that Active will treat Client's use of the Products as acceptance of this Agreement from that point onwards. Client may not use the Products and may not accept this Agreement if (i) Client is not of legal age to form a binding contract with Active, or (ii) Client is a person barred from receiving the Products under the laws of the United States or other countries, including the country in which Client agrees as follows:

#### 1. AGREEMENT STRUCTURE AND SCOPE.

- 1.1. General Terms and Incorporation of Product Terms. This Agreement establishes the general terms and conditions to which the parties have agreed to in order to facilitate the licensing of SaaS and the provision of Products. Additional Product-specific terms and conditions are set forth in one or more documents referenced in the applicable Schedule, each of which is incorporated herein (each, a "Product Attachment"). All references to the "General Terms" mean this document, exclusive of Product Attachments and Schedules.
- **1.2.** Incorporation of Schedules. The parties may enter into new Schedules from time to time. Each Schedule incorporates the terms of these General Terms and the applicable Product Attachment.
- **1.3.** Incorporation of EULAs. Client's use of any Third Party Products hereunder may be subject to, and Client will comply with, this Agreement and any applicable Third Party EULA(s).
- 1.4. Incorporation of Exhibits. Client's use of any payment processing services hereunder will be subject to, and Client will comply with, this Agreement and an applicable Exhibit(s).
- **1.5. Affiliates.** Client's Affiliates may order Products from Active (or one of Active's Affiliates) by entering into a Schedule. In the event that a Client Affiliate enters into a Schedule with Active (or an Affiliate of Active), reference in this Agreement to "Client" and "Active" will mean the respective entity that accepts (as described in the Preamble) the applicable Schedule. Each such Schedule will be deemed to be a separate agreement.

#### 2. FINANCIAL TERMS.

- **2.1. Fees; Payment Terms; Currency.** Fees, currency, and payment terms are specified in the applicable Schedule. Unless otherwise specified in the Schedule, all amounts owed by Client that are not directly collected by Active are due from Client within 30 days from either (a) the end of the remittance cycle during which the fees accrued (if related to registrations or transaction processing), or (b) the date of the applicable invoice. Past due fees will accrue interest at the lesser of the annual rate of 10% per annum or the maximum amount permitted by applicable law. In the event of any non-payment or delay in paying a fee that results in litigation, the prevailing party may recover the prevailing party's reasonable attorney's fees and legal expenses incurred in the litigation. Except as otherwise expressly provided in a Schedule, Active may modify the fees once per calendar year upon 30 days' notice, provided that any such increase will not exceed 12.5% over the then-current transaction fees or 5% over the then-current subscription fees.
- **2.2.** Additional Payment Terms. If Active reasonably believes that a transaction by Client, Licensee, or End User, as applicable, may be fraudulent or otherwise contrary to law, Active must provide Client with prior written notice and an opportunity to cure any alleged transaction that may be unlawful within 90 days of the written notice. If Client fails to timely cure the alleged unlawful transaction within 90 days after written notice, Active may issue an invoice or offset an equivalent amount from Client's account or any payment Active owes to Client and return the value to the End User (as set forth below) and if sufficient funds are not available, Client must reimburse Active on demand. Active will notify Client of the reason for such offset provided that it is lawful to do so.
- **2.3.** Credit Card Surcharging. All fees described in the applicable Schedule are in consideration of the SaaS and Services that Active provides. Active and Client acknowledge that certain credit card network rules and laws prohibit imposing a surcharge that is based on the type of payment method used (e.g., having a different fee for the use of a credit card vs. debit card), and therefore, each agrees not to impose such a surcharge on any End User.

#### 2.4. Reserved.

- 3. LIMITED RIGHTS AND OWNERSHIP; INDEMNIFICATION.
- **3.1.** Reservation of Rights. All rights not expressly granted in this Agreement are reserved by Active and its licensors. Client acknowledges that: (a) all Protected Materials are licensed and not sold; (b) Client acquires only the right to use the Products in accordance with this Agreement, and Active and/or its licensors will retain sole and exclusive ownership of and all right, title, and interest in the Products, including the following: (i) all Intellectual Property embodied or associated with the Products, (ii) all deliverables and work product associated with the Products, and (iii) all copies and derivative works thereof; and (c) the Products, including the source and object codes, logic, and structure, contain and constitute valuable trade secrets of Active and its licensors.
- **3.2. Restrictions.** Unless otherwise set forth in a EULA, Product Attachment, or Schedule, Client will not itself, or through any Affiliate, employee, consultant, contractor, agent, or other third party: (a) knowingly sell, resell, distribute, host, lease, rent, license, or sublicense, in whole or in part, the Protected Materials; (b) knowingly decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer, or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure, or other elements of the Products in whole or in part, for competitive purposes or otherwise; (c) knowingly allow access to,

provide, divulge, or make available the Protected Materials to any user other than those who are licensed pursuant to this Agreement to have such access; (d) knowingly write or develop any derivative works based upon the Products; (e) knowingly modify, adapt, translate, or otherwise make any changes to the Products or any part thereof; (f) knowingly use the Protected Materials to provide processing services to third parties, or otherwise use the same on a service bureau basis; (g) knowingly disclose or publish, without Active's prior written consent, (i) performance or capacity statistics, or the results of any benchmark test performed on the Products, or (ii) the terms (but not the existence) of this Agreement or other valuable trade secrets of Active or its licensors; (h) knowingly without Active's prior written consent, perform or disclose or cause to be performed or disclosed any information related to any security penetration or similar tests; (i) knowingly disclose or otherwise use or copy the Protected Materials except as expressly permitted herein; (i) knowingly remove from any Products identification, patent, copyright, trademark, or other notices or circumvent or disable any security devices' functionality or features; (k) knowingly contest or do or aid others in contesting or doing anything which impairs the validity of any proprietary or Intellectual Property rights, title, or interests of Active in and to any Products; (I) knowingly use the Products for other than authorized and legal purposes, consistent with this Agreement and all applicable laws, regulations, and the rights of others; (m) knowingly take any steps to avoid or defeat the purpose of security measures associated with the Products, such as sharing of login and password information, or attempt to circumvent any use restrictions; or (n) except as expressly permitted by this Agreement, knowingly use the Protected Materials for hosting purposes. Further, Client will: (o) not knowingly use the SaaS to transmit, publish, or distribute any material or information: (i) for which Client does not have all necessary rights and licenses, including any material or information that infringes, violates, or misappropriates the intellectual property rights of any third party; (ii) that contains a computer virus or other code, files, or programs designed to disrupt or interfere with the functioning of the SaaS; (iii) that is inaccurate or misleading; (iv) that is or that may reasonably be perceived as being harmful, threatening, offensive, obscene, or otherwise objectionable; (v) that contains a virus or malicious code; or (vi) that includes the private information of another without express permission, including but not limited to contact information, social security numbers, credit card numbers or other information which a reasonable person would consider private in nature; (p) not knowingly attempt to gain access to any systems or networks that connect to the Services or SaaS except for the express purpose of using the SaaS for their intended use; (g) not knowingly engage in any activity that interferes with or disrupts the SaaS; and (r) not knowingly use the SaaS in violation of the CAN-SPAM Act, Canadian Anti-Spam Legislation, or any other applicable laws pertaining to unsolicited email, SMS, text messaging or other electronic communications.

- **3.3. Enforcement.** Client shall use all commercially reasonable efforts to (a) ensure that Client users of Products comply with the terms and conditions of this Agreement; (b) promptly notify Active of any actual or suspected violation thereof; and (c) cooperate with Active with respect to any investigation and enforcement of this Agreement.
- **3.4.** Active Indemnification. Active agrees to defend, settle, and pay damages (including reasonable attorneys' fees) relating to any third party claim, demand, cause of action or proceedings (whether threatened, asserted, or filed) ("Claims") against Client to the extent that such Claim is based upon: (i) Active's proprietary Products (excluding Professional Services and Third Party Products) directly infringing a United States patent, registered United States copyright, or registered United States trademark, provided that the Products are used in compliance with this Agreement, or (ii) Active's gross negligence or willful misconduct.
- 3.5. Client Indemnification. To the extent not prohibited by law, Client will defend, indemnify, and hold Active harmless from and against any and all third party claims, demands, causes of action or proceedings (whether threatened, asserted, or filed) ("Claims") against Active to the extent that such Claim is based upon (a) any actual, alleged or anticipated breach by Client of this Agreement; (b) injury or death to a person or damage to property resulting from the participation in an Event operated by Client in connection with the Services and/or SaaS; (c) Client's provision to Active of materials, products, or services as part of Client's obligations hereunder that infringe the intellectual property rights of any third party provided that such materials, products, or services are used by Active in accordance with the Agreement; (d) use or unauthorized disclosure of Participant Information (as defined in the Product Attachment) by Client or other third parties to whom access is given to Participant Information as provided hereunder; (e) Client's use of the Services and/or SaaS in violation of Section 3.2 of these General Terms; and/or (f) any claims for refunds or chargeback requests from End Users.

#### 5. TERM AND TERMINATION.

- **5.1. Term.** The Term for each Product or Service offered under this Agreement will be as set forth in the applicable Product Attachment. This Agreement will continue until either party terminates all Schedules and Product Attachment as provided hereunder.
- **5.2. Termination.** Either party may terminate this Agreement, including any or all Product Attachments and Schedules executed hereunder, immediately upon written notice: (a) in the event that the other party commits a non-remediable material breach of this Agreement and/or the applicable Product Attachment or Schedule, or if the other party fails to cure any remediable material breach or provide a written plan of cure acceptable to the non-breaching party within 30 days of being notified in writing of such breach, except for breach of Section 2 of these General Terms which will have a 10 day cure period; or (b) in the event of institution of bankruptcy, receivership, insolvency, reorganization, or other similar proceedings by or against either party under any section or chapter of the United States Bankruptcy Code, as amended, or under any similar laws or statutes of the United States or any state thereof, if such proceedings have not been dismissed or discharged within 30 days after they are instituted; or the insolvency or making of an assignment for the benefit of creditors or the admittance by either party of any involuntary debts as they mature or the institution of any reorganization arrangement or other readjustment of debt plan of either party not involving the United States Bankruptcy Code. Where a party has the right to terminate this Agreement, such party may at its discretion either terminate the entire Agreement or the applicable Product Attachment. Product Attachments and Schedules that are not terminated will continue in full force and effect under the terms of these General Terms. Following termination of this Agreement or a Product Attachment (for whatever reason), if requested by Active, Client will certify that it has returned or destroyed all copies of the applicable Protected Materials and acknowledges that its rights to use the same are relinquished. Termination for any reason will not excuse Client's obligation to pay in full any and all amounts due, nor will termination by Active result
- **5.3. Suspension.** Active will be entitled to suspend any or all Services or deactivate Client's account, including suspending its performance and obligation to remit payments hereunder, upon 30 days' written notice to Client and subsequent failure by Client to cure after receiving such notice, in the event Active reasonably believes that Client is in breach of this Agreement, Client's use of the Services or SaaS is not in compliance with applicable law or the Agreement, is fraudulent, or is otherwise suspect, or if there is a dispute as to the legal authority of a Client-associated party to perform hereunder. Further, Active, in its sole discretion, may terminate Client's password, accounts (or any part thereof), and/or Client's right to use the Services, and remove and discard any and all of Client's content within the Services, at any time for any reason or no reason, including, without limitation, for lack of use, failure to timely pay any fees or other monies due Active, or if Active believes Client has violated or acted inconsistently with the letter or sprit of this Agreement. Client agrees that any termination of its use of the Services may be effected without prior notice, and acknowledges and agrees that Active may immediately deactivate or delete Client's account and all related content and files related to Client's account and/or bar any further access to such files or Services. Further, Client agrees that Active shall not be liable to Client or any third party for any termination of use of or access to the Services. All provisions of this Agreement that by their nature should survive termination of Client's right to use the Services shall survive (including, without limitation, all limitations of liability, releases, indemnification obligations, disclaimers of warranties and intellectual property protections and licenses).
- **5.4. Client's Termination for Convenience.** Client may elect to terminate this Agreement for its convenience between May 1st and May 31st of each given calendar year that this Agreement remains in effect ("Opt-Out Period") by providing written notice to Active and payment to Active of an Early Termination Fee in the amount of \$80,000. Where the Client exercises its termination for convenience right hereunder by providing Active with written notice during the Opt-Out Period for that applicable year, this Agreement shall terminate thirty (30) days from Active's receipt of the Client's notice and payment of the Early Termination Fee. Where no such notice is received by Active during the Opt-Out Period, or such notice is received by Active after the expiration of the Opt-Out Period for that applicable year, then the Agreement shall continue and remain in effect until terminated in accordance with its terms. Notwithstanding anything to the contrary in this Agreement, in the event of a termination for convenience under this Section, Client will pay Active for the Services performed in accordance with the terms and conditions of this Agreement up to and through the date of termination in addition to the Early Termination Fee.

Client will provide written notice to Active of any proposed or completed Change of Control as soon as permissible and in any event within 5 days of the public announcement or close of the transaction, whichever occurs first. Within the 30 day period following such notice, Active will have the right to immediately terminate each applicable Schedule if Active determines, in its reasonable good faith discretion that the purchaser or assignee is a competitor of Active or a party with whom Active does not want to do business. #### Recreation and Membership Management Product Attachment

This document is a "Product Attachment" as defined in the General Terms entered into by Client and Active and is subject to and incorporates by reference the provisions of the General Terms. This Product Attachment is effective as of the date it is "accepted" (in accordance with the Preamble to the General Terms). Any capitalized terms not defined herein have the meaning ascribed to them in the General Terms.

1. SERVICES. Active will provide Services related to events, camps, licenses, classes, tickets, contests, permits, facility/equipment use, transactions, sales, memberships, reservations, donations, and/or activities (together, "Events"), including without limitation access to its SaaS. Client agrees to cooperate with Active and to provide Active with certain information relating to Client's organization as necessary for Active to provide the Services and SaaS. SaaS provided hereunder are deemed delivered when access is made available to Client.

#### 2. LICENSE TO INTELLECTUAL PROPERTY/PROMOTION.

- 2.1. Active hereby grants to Client a limited, non-exclusive, non-transferable, non-sublicensable license during the Term of this Product Attachment (a) to use the SaaS for the purposes of offering, promoting, managing, tracking, and collecting fees in connection with Client's Event(s) solely in accordance with the Agreement and the Schedule, which for purposes hereof will include the support and maintenance handbook applicable to the Products (available for review in the Client portal), as may be updated from time to time, and (b) to display, reproduce, distribute, and transmit in digital form Active's name and logo solely for the purposes set forth in this Section 2. Client hereby grants to Active a limited license to use information provided by Client relating to Client's organization and Event, which may include content regarding the Event, Client's organization's name, trademarks, service marks, and logo (collectively, the "Marks"), in connection with the promotion of Client's organization or Events and the Services that Active provides.
- 2.2. Client will make reasonable efforts to promote and encourage the use and availability of the SaaS in connection with the promotion of Events. During the Term of this Product Attachment, Active will be the sole and exclusive provider of registration software and other services similar to the SaaS and Services provided to Client hereunder for all of Client's Events for which registration begins during the Term of this Product Attachment until the Event occurs. For clarity, if an Event occurs after this Agreement is terminated, other than for Active's uncured material breach, and registration for such Event begins during the Term of this Agreement, then Active SaaS shall be used. Client expressly understands and agrees that the exclusivity set forth in this Section 2.2Error! Reference source not found. is consideration in exchange for the pricing and other benefits being provided to Client hereunder. Without limiting the foregoing, Client will not enter into any agreement, arrangement, or relationship with any other party that offers online registration or transaction processing services similar to the SaaS provided to Client hereunder.
- **2.3.** Active may present commerce offers to users who register for, sign up, or otherwise use the SaaS in connection with the Events ("**End Users**"). Any such End Users may opt in to receive information, items, or promotions/deals from Active or third parties, in which case, Active or such third party will be responsible for fulfillment and providing customer service for any such offers. Client will not present any competing offers to End Users.

#### 3. INFORMATION COLLECTION.

- 3.1. Active collects certain information from End Users, individuals, and/or Licensees as part of the registration process for Events (collectively, "Participant Information"). Client may login to Active's data management system to access the Participant Information. Client is responsible for the security of its login information and for the use or misuse of such information. Client will immediately disable a user's access who is using the SaaS on its behalf or notify Active in writing if any such user is no longer authorized or is using such information without Client's consent. Active may rely, without independent verification, on such notice, and Client, inclusive of Client's parent, subsidiaries, and affiliated entities, as applicable, and each of their respective officers, directors, managers, shareholders, owners, agents, employees, contractors, and representatives, to the extent not prohibited by law, covenant not to sue and agree to defend, indemnify, and hold harmless Active from any claims arising from Active providing, denying, suspending, or modifying access to or use of the SaaS and Services of any individual as directed by Client or by someone who Active reasonably, under the circumstances, believes is authorized to act on behalf of Client. In the event of any dispute between two or more parties as to account ownership, Client agrees that Active will be the sole arbiter of such dispute in its sole discretion and that Active's decision (which may include termination or suspension of any account subject to dispute) will be final and binding on all parties. Client agrees not to use the SaaS or Services to collect or elicit (a) any special categories of data (as defined in the General Data Protection Regulation, as may be amended from time to time), including, but not limited to, data revealing racial or ethnic origin, political opinions, religious or other beliefs, trade-union membership, as well as personal data concerning health or sexual life or criminal convictions other than in pre-defined field
- **3.2.** Both parties agree to use the Participant Information in compliance with (a) all applicable laws, rules and regulations, including, without limitation, those governing privacy and personal information (e.g., by including an appropriate CAN-SPAM Act and Canadian Anti-Spam Legislation opt out mechanism in email communications) and the use of credit card data (e.g., using credit card information only for purposes authorized by the cardholder); (b) applicable credit card network rules and Payment Card Industry Data Security Standards; and (c) Active's privacy policy, as published on its website or otherwise provided by Active from time to time.

#### 4. FEES.

4.1. Client will pay the fees as more fully described in the applicable Schedule. Unless otherwise set forth in the applicable Schedule, Active will charge registration fees to individuals who register for the Events or purchase goods or services online, and will process and collect such fees as a payment facilitator according to the card networks. On a bi-weekly basis, unless otherwise set forth in the applicable Schedule, Active will pay Client sums due to Client based on the total fees collected, net of Active's service fees as set forth in the applicable Schedule and any other deductions provided herein. The applicable currency will be set forth in the Schedule.

- **4.2.** Any minimum volume commitment will be set forth in the applicable Schedule. The minimum volume calculation will begin on the date of the first live operational use of the SaaS for the Event(s) ("**Go-Live Date**"). If the Schedule indicates that Client is paying on a subscription basis, Client will be invoiced for the first month of subscription fees upon the Go-Live Date, with subsequent subscription fees being invoiced monthly.
- **4.3.** If (a) there are any overdue or overage amounts owed by Client; or (b) there are returned charges or items, including those resulting from any error or complaint related to an Event, Active has the right to charge fees owed to Active by Client by issuing an invoice, or by offsetting the deficiency from any account balance Client maintains with Active or any payment Active owes Client.
- **4.4.** In the event Client is entering into this Product Attachment and using the Services and/or SaaS for the benefit of a third-party Event or organization ("Third Party Recipient"), Client agrees that Active can remit amounts directly to the Third Party Recipient identified by Client. In addition, Client will cause each Third Party Recipient to agree to and comply with provisions that are at least as protective of Active as Sections 3 and 4 of the General Terms in Client's agreement with such Third Party Recipient. Should Client fail to obtain such agreement to such provisions and the failure results in costs or damages to Active, to the extent not prohibited by law, Client agrees to defend, indemnify, and hold Active harmless from any such costs and damages, including, without limitation, reasonable attorneys' fees. In addition, Client is responsible and liable for each Third Party Recipient's compliance with the terms and conditions of the Agreement.
- 4.5. It is Client's responsibility to notify End Users of Client's refund policy. Client must ensure that Client's refund policies are consistent with the Agreement. Client agrees that all fees for a given Event are earned by Client only following either the conclusion or delivery of the applicable Event (as applicable) and all amounts ultimately due to Client will be net of all service fees, reversals, refunds, disputed charges, chargebacks and other deductions whether due to customer complaints, allegations of fraud, discrepancies related to the applicable Event or otherwise. No payments will be made to Client with respect to any Event that is cancelled. If payments have already been made by Active to Client for a cancelled Event or if Active reasonably determines that it is prudent or otherwise necessary to pay a refund to or honor a chargeback request from an End User, Active may issue an invoice or offset an equivalent amount from Client's account or payment owed by Active to Client and return the value to the End User, and if sufficient funds are not available, Client must reimburse Active on demand. Active will notify Client of the reason for such offset provided that it is lawful to do so.

#### 5. TERM AND TERMINATION.

- **5.1.** Unless otherwise set forth in the applicable Schedule, this Product Attachment will commence on the Effective Date and will continue in effect until the earlier to occur of (i) its termination in accordance with the terms and conditions below and (ii) the third anniversary of the Effective Date (the "**Initial Term**"). This Product Attachment shall renew following the Initial Term for subsequent renewal terms thereafter of two (2) years (the "**Renewal Term(s)**", and, together with the Initial Term, the "**Term**") by mutual written agreement of the Parties. In no event shall the Initial Term and Renewal Term(s) of the Agreement exceed five (5) years. Unless otherwise set forth in the applicable Schedule, to the extent that Client enters into a Schedule for additional Services and/or SaaS that are related to or interoperable with Services or SaaS set forth in a previously entered into Schedule, the Term of such subsequent Schedule will be concurrent and coterminous with the Term of the previously entered into Schedule.
- **5.2.** If Client has entered into a sub-merchant agreement for payment processing services, and such agreement is terminated by the applicable acquiring bank, Active may terminate this Product Attachment and the effected Schedule.

#### 6. NON-APPROPRIATION.

Client's obligations and all amounts payable hereunder are contingent upon sufficient appropriations therefore by Client's Governing Body. If sufficient appropriations are not made, Client will notify Active of the same, and this Agreement will terminate forthwith. Client represents that it intends to fulfill its obligations under this Agreement and reasonably believes that funds in amounts sufficient to fulfill these obligations lawfully can and will be appropriated and made available for this purpose. In the event funds are not appropriated in amounts sufficient to fulfill these obligations, Client shall use its best efforts to satisfy any requirement for payment from any other source of funds legally available for this purpose. Notwithstanding the foregoing, Client shall notify Active within ten (10) days of any action by Client's governing body not to appropriate funds for payment of Client's obligations hereunder, and will provide with such notice a copy of the resolution, minutes or recording of such action.

#### 7. MISCELLANEOUS.

- **7.1.** Sections Error! Reference source not found. and 7 of this Product Attachment and any fees owed by Client will survive any termination or expiration of the Agreement.
- 7.2. The "Liquidated Damage Amount" equals the "Annual Projected Contract Value" (to the extent such amount is specified in the applicable Schedule(s)) times the number of years in the then-current Term, minus the amount of revenue already paid to Active during the then-current Term, net of all refunds, credit card chargebacks, and all other deducted amounts. Client agrees that (a) it will pay Liquidated Damages to Active if (i) Client breaches its exclusivity obligations under Section 2.2 of this Product Attachment; (ii) Active terminates a Schedule and/or the Agreement in accordance with Section 5.2 of the General Terms; (iii) Client fails to cause an assignment as specified in Section 6.2 of the General Terms; and/or (iv) Active terminates a Schedule and/or the Agreement pursuant to Section 6.3 of the General Terms; (b) all Liquidated Damage Amounts set forth in the Agreement will automatically reset during each Renewal Term; (c) Active may offset any Liquidated Damages Amount set forth in the Agreement from any account balance Client maintains with Active or any payment Active owes Client; (d) because of the difficulty in making a precise determination of actual damages incurred by Active, the Liquidated Damage Amount will be assessed, not as a penalty, but as a reasonable approximation of costs incurred by Active and Active's loss of revenue; and (e) that in any suit or other action or proceeding involving the assessment or recovery of

liquidated damages, the reasonableness of the Liquidated Damage Amount will be presumed and the liquidated damages assessed will be in addition to every other remedy now or hereinafter enforceable at law, in equity, by statute, or under the Agreement.

#### 8. CLIENT DATA.

- **8.1.** As used in this Agreement, "Client Data" means information obtained from Client that is not generally available to the public, including business, administrative and financial data, intellectual property and personnel data. Except as specifically provided in this Agreement, Active or its subcontractors must not divulge Client Data to any third party without the Client's prior written consent. Active or its subcontractors must not use the Client Data for any purposes except to perform the services required under this Agreement. For the avoidance of doubt, these prohibitions do not apply to the following data: (a) data which was known to Active or its subcontractors prior to its performance under this Agreement (unless such data was acquired in connection with work performed for the Client and otherwise meets the definition of Client Data); or (b) data which was acquired by Active or its subcontractors in its performance under this Agreement and which was disclosed to Active or its subcontractors by a third party, who to the best of Active's or its subcontractors knowledge and belief, had the legal right to make such disclosure and Active or its subcontractors are not otherwise required to hold such data in confidence; or (c) data which is required to be disclosed by virtue of law, regulation, or court order, to which Active or its subcontractors are subject. Moreover, for the avoidance of doubt, nothing in this paragraph shall be interpreted to prohibit Active or its subcontractors from sharing Client Data with attorneys or other service providers subject to a professional obligation of secrecy where such disclosures are necessary for the establishment, defense, or prosecution of legal claims, with or without prior notice to or consent from the Client.
- **8.2.** In the event Active or its subcontractors are required or requested to disclose Client Data to a third party other than an attorney or other professional services provider as contemplated by the last sentence of Section 8.1, Active must first notify the Client as set forth in this Section of the request or demand for the Client Data. Active or its subcontractors must give the Client sufficient facts so that the Client can be given an opportunity to first give its consent or take such action that the Client may deem appropriate to protect such Client Data from disclosure.
- **8.3.** Active will, at Client's request, deliver to Client a file containing Client Data for download in a commercially-reasonable standard format, such as comma separated value (.csv) or extensible markup language (.xml), along with attachments in their native format as stored by Active, within a reasonable time upon Active's receipt of Client's written notice requesting the same made not more than thirty (30) days after the termination of this Agreement for any reason. Upon conclusion of thirty (30) days, inclusive, after termination of this Agreement for any reason, Active will have no obligation to maintain or provide such Client Data to Client and Active shall thereafter delete all Client Data in Active systems or otherwise in Active's possession or under Active's control. If requested by Client, Active will certify that it has returned or destroyed all copies of the applicable Client Data using commercially reasonable measures and acknowledges that its rights to use the same are relinquished.
- **8.4.** Client Data, whether electronic format or hard copy, must be secured and protected with reasonable measures at all times by Active and any of its subcontractors. When Active no longer needs City Data to accomplish the purpose for which it was collected, or to satisfy any legally applicable retention requirements, Active must redact or destroy the Client Data through appropriate and secure methods that ensure the Client Data cannot be viewed, accessed, or reconstructed.
- **8.5.** In the event of a Security Breach involving Active's systems and Client Data, Active will notify Client without undue delay following its internal confirmation that such Client Data has been involved in a Security Breach, provided that such notification will not conflict with or compromise Active's efforts to (i) cooperate with law enforcement, (ii) protect Client Data or confidential information belonging to Active or any third party, or (iii) remediate and/or mitigate the Security Breach and further provided that Active will notify Client at the same time Active notifies other similarly situated and similarly impacted customers. "Security Breach" means (i) any unauthorized use of, loss of, access to or disclosure of, Client Data; provided that an incidental disclosure of or incidental access to Client Data by Active or its authorized parties, where no reasonable suspicion exists that such disclosure or access involves theft, or is fraudulent, criminal or malicious in nature, shall not be considered a "Security Breach" hereunder.
- **8.6.** Back Up Scheduling. Commencing on the Go Live Date and continuing for the remainder of the term of the Agreement, Active, or its subcontractors will provide and administer a backup solution for the Client in order to facilitate data recovery by backing up the Client Data (including, but not limited to, an off-line "snap-shot" of the database being used to store Client Data) at the end of each business day. The backup solution will allow for the following with respect to the Client Data:
  - Allow Client Data recoverability daily for the prior two weeks backups;
  - Allow Client Data recoverability weekly for the previous calendar month; and
  - Allow Client Data recoverability monthly for six (6) previous months

#### 3. Data Security Requirements

3.1 The PCI Security Standards Council ("PCI SSC") was founded by American Express, Discover Financial Services, JCB, MasterCard Worldwide and Visa, Inc. All five founders agreed to incorporate the PCI DSS as the technical requirements of each of their data security compliance programs. The PCI SSC is responsible for the Payment Application Data Security Standard ("PA-DSS") and PIN Transaction Security Requirements for PIN-Entry Devices ("PED").

PCI DSS applies to HPS and any Merchant and Merchant Servicer that stores, processes or transmits Cardholder information. HPS acknowledges that it has an obligation to comply with PCI DSS for Cardholder information it possesses.

For the avoidance of doubt, as between Merchant, HPS and the Member Sponsor Bank, Merchant shall be solely responsible for any unauthorized access to Cardholder information or Transaction Data while such Cardholder Information or Transaction Data resides on Merchant's or its Third Party Agent's systems or networks. Any such unauthorized access shall be considered an Event of Default.

All eligible Merchants, regardless of size, must comply with these standards. The following are standards that, at a minimum, Merchant must comply with:

- (a) Install and maintain a firewall configuration to protect Cardholder data.
- (b) Do not use vendor-supplied defaults for system passwords and other security parameters.
- (c) Protect stored Cardholder data.
- (d) Encrypt transmission of Cardholder data across open, public networks.
- (e) Use and regularly update anti-virus software or programs.
- (f) Develop and maintain secure systems and applications.
- (g) Restrict access to Cardholder data by business need-to-know.
- (h) Assign a unique ID to each person with computer access.
- (i) Restrict physical access to Cardholder data.
- (i) Track and monitor all access to network resources and Cardholder data.
- (k) Regularly test security systems and processes.
- (I) Maintain a policy that addresses information security for all personnel.

More information, including the complete PCI DSS specifications can be found at: <a href="https://www.pcisecuritystandards.org">https://www.pcisecuritystandards.org</a>

Each of the Card Schemes has requirements based on PCI DSS that define a standard of due care and enforcement for protecting sensitive information. Merchant must meet the compliance validation requirements defined by the Card Schemes available at:

www.visa.com/cisp

www.mastercard.com/sdp

www.discovernetwork.com/fraudsecurity/disc.html

www.americanexpress.com/datasecurity - For American Express Direct merchants only

In cases where payment application software is used as a part of Authorization or settlement of Cardholder data, Merchant must use a PA-DSS compliant payment application or have current proof of PCI DSS compliance validation. The List of Validated Payment Applications may be found at:

https://zh.pcisecuritystandards.org/assessors\_and\_solutions/payment\_applications?agree=true

In cases where PIN-based debit Transactions are processed, Merchant must use a compliant PIN Entry Device ("PED"). The List of PCI SSC Approved PIN Transaction Security Devices may be found at: https://listings.pcisecuritystandards.org/assessors\_and\_solutions/pin\_transaction\_devices?agree=true

Transactions must comply with the Triple Data Encryption Standard (TDES) and any successor technologies or standards connected therewith.

In addition, Merchant must immediately notify HPS of its use of any agent or Merchant Servicer that will have any access to Cardholder data and provide the full name and business address of such agent or Merchant Servicer and any changes thereto.

- 3.2 A Card Scheme may require Merchant, by notice to either HPS, Member Sponsor Bank or Merchant, to conduct an independent forensics review due to its data security procedures and/or Transaction activities. Upon notice of such request from either a Card Scheme or HPS, Merchant, at its sole cost and expense, shall retain the requisite forensics services and provide, through the requisite forensic review process, information as may be required by the Card Scheme. If Merchant fails to retain the requisite forensics services, HPS may retain such forensics services on Merchant's behalf, and Merchant shall remain responsible for payment and/or reimbursement to HPS of all cost and expense associated with such forensics services. In addition, Merchant shall be solely responsible for the cost and expense associated with any changes to its systems or other remediation required by the Card Scheme as a result of the forensic review process.
- 3.3 Merchant agrees that it will not introduce into HPS's or Member Sponsor Bank's system any virus, "time bomb," or any other contaminant, including but not limited to, codes, commands, or instructions that could damage or disable HPS's or Member Sponsor Bank's system or property.
- 3.4 Merchant must keep all systems and media containing account, cardholder or transaction information (physical or electronic, including but not limited to account numbers, card imprints, and terminal identification numbers) secure and prevent access by or disclosure to anyone other than Merchant's authorized personnel. Merchant must destroy, in a manner that will render the data unreadable, all such media that Merchant no longer deems necessary or appropriate to store (except for Sales Drafts maintained in accordance with this Agreement, applicable law, or Rules). Merchant must also ensure proper destruction of Cardholder, Transaction or system information (physical or electronic, including but not limited to account numbers, card imprints, and terminal identification numbers) prior to selling, storing, or disposing of any terminal.

- (f) the city and state where such Transaction occurred; and
- (g) if required by the applicable Card Scheme, the signature of the Cardholder of the Card.

In cases where prompted by the equipment to do so, Merchant shall key enter the last four digits of the Card to verify the contents of the magnetic stripe and shall deliver a completed copy of the Sales Draft to the Cardholder.

This provision shall not apply to those Transactions specifically excluded from these requirements by the Rules.

- **4.4** For all mail or telephone orders, Merchant shall type or legibly print on the signature line of the Sales Draft the letters or words indicated: "Mail Order," "MO," or "Telephone Order," "TO."
- In the event a Transaction cannot be completed via a Card Swipe or EMV Transaction, then an alternate form of payment should be requested. Merchant shall not manually key enter unembossed cards (unless Merchant participates in the CVV2 with the Magnetic Stripe Failure process) or manually write the account number on a paper draft. Only a Card Swipe or EMV Transaction is acceptable by the Card Scheme as proof that the Card was present at the time of the Transaction.
- 4.6 Merchant's policy for the exchange or return of goods sold and adjustment for services rendered shall be established and posted in accordance with applicable regulations of the applicable Card Scheme and laws. Merchant agrees to disclose, if applicable, to a Cardholder before a Card sale is made, that if merchandise is returned:
  - (a) no refund, or less than full refund, will be given;
  - (b) returned merchandise will only be exchanged for similar merchandise of comparable value;
  - (c) only a credit toward purchases will be given;
  - (d) a restocking fee will be charged; or
  - (e) special conditions or circumstances apply to the sale (e.g. late delivery, delivery charges or other non-credit terms).

If Merchant does not make these disclosures, a full refund in the form of a credit to the Cardholder's Card account must be given. In no circumstances shall any cash refunds be given on any item originally charged to a Card.

The foregoing disclosures must be made on all copies of Sales Drafts across all Card Schemes issued at the time of the sale in letters approximately ¼ inch high in close proximity to the space provided for the Cardholder's signature. In circumstances where credits or adjustments are due, Merchant shall prepare and deliver to the Cardholder a properly completed Credit Voucher. Merchant will input Credit Vouchers into the equipment on the day of the credit Transaction for inclusion in Merchant's daily transmission of Transactions.

- **4.7** Merchant shall not transmit for processing and payment any Transaction(s) representing the refinancing of an existing obligation of a Cardholder including, but not limited to, obligations:
  - (a) previously owed to Merchant;
  - (b) arising from the dishonor of a Cardholder's personal check; or
  - (c) representing the collection of any other pre-existing debt.
- 4.8 Merchant shall not, under any circumstances, (a) disclose, sell, purchase, provide or exchange, or (b) use for any purpose other than completing a Transaction, any Cardholder's account number or any credit information relating to any Cardholder's account or any Sales Drafts or Credit Vouchers that may have been obtained or imprinted with any Card to any person other than HPS, except as expressly authorized in writing by the Cardholder, HPS, or as required by law.
- 4.9 On the date of the Transaction and prior to honoring any Card, Merchant agrees to obtain an Authorization on all Transactions for the total amount of the Transaction by physically sliding, dipping, or inserting the Card through the Card reader of the equipment (or tapping the near-field communication ("NFC") enabled Card in

the case of an NFC-enabled Transaction) thereby causing the equipment to electronically read a magnetically encoded stripe or EMV chip on the reverse side of each Card, except for Card-Not-Present Transactions, which are governed by Section 4.15 hereof.

Any Transaction that cannot be authorized electronically through the equipment or manually key entered is subject to a Voice Authorization call. Merchant shall obtain an Authorization prior to completing a Card-Not-Present Transaction.

Any Transaction that is not properly authorized is made with full recourse and may be charged back to Merchant; furthermore, any Card-Not-Present Transaction will be subject to additional charges for a Mid-Qualifying or Non-Qualifying Transaction. An Authorization does not constitute a guarantee of payment, only an indication of available credit, and may be subject to dispute or Chargeback.

Except at such times as the equipment may be inoperable, Merchant shall not engage in soliciting or accepting Card-Not-Present Transactions without the prior written permission of HPS, and then only for such Products and in such amounts as stated in such written permission. Merchant shall not utilize the service of any third party (e.g. telemarketer) to solicit or accept orders or engage in Outbound Telemarketing Transactions.

- 4.10 MERCHANT ACKNOWLEDGES THAT AN AUTHORIZATION DOES NOT CONSTITUTE:
  - (A) A WARRANTY THAT THE PERSON PRESENTING THE CARD IS THE RIGHTFUL CARDHOLDER; OR
  - (B) A PROMISE OR GUARANTEE BY HPS THAT IT WILL PAY OR ARRANGE FOR PAYMENT TO MERCHANT FOR THE AUTHORIZED TRANSACTION. AN AUTHORIZATION DOES NOT PREVENT A SUBSEQUENT CHARGEBACK OF AN AUTHORIZED TRANSACTION PURSUANT TO THIS AGREEMENT.
- 4.11 When possible to do so, Merchant shall utilize the equipment as the exclusive method for obtaining Authorization codes. Voice Authorization service is for use during equipment downtime periods only. Use of Voice Authorization systems will result in additional charges for such use being assessed to Merchant based on HPS then-current rates. Merchant will record for every Transaction applicable Authorization and reference numbers on each Sales Draft to facilitate the timely and accurate retrieval of information as requested by HPS.
- **4.12** Merchant shall use its best efforts, by reasonable and peaceful means, to recover the Card when:
  - (a) Merchant is advised to recover the Card in response to an Authorization request; or
  - (b) Merchant has reasonable grounds to believe that the Card is counterfeit, fraudulent or stolen. Merchant shall take no action to recover a Card that may result in a breach of the peace.
- **4.13** Merchant may utilize the equipment's keypad to input Card number(s) in the following instances:
  - (a) Card-Not-Present Transactions; or
  - (b) the magnetic stripe on a Card is damaged and therefore unreadable by the equipment; or
  - (c) the equipment's Card reader is inoperative, in which case Merchant shall immediately advise HPS.
- 4.14 If a Merchant is approved as an Internet, Mail Order or Telephone Order Merchant, the following sections of this Agreement shall not apply: 4.3 (b) and (g), 4.5, 4.9, 4.12, and 4.13 and such sections shall be replaced by the following:
  - (a) Merchant shall obtain an Authorization for all Transactions. Any Transaction that cannot be authorized electronically is subject to a Voice Authorization call. Any Transaction that is not properly authorized is made with full recourse and may be charged back to the Merchant. An Authorization does not constitute a guarantee of payment, but may be subject to dispute or Chargeback;
  - (b) Merchant shall print legibly the following information on the Sales Draft; Merchant's name and address;
    - (i) the Card Issuer's name;
    - (ii) the truncated account number of the Card;
    - (iii) the expiration date of the Card and any effective date on the Card; and
    - (iv) the Cardholder's name. Merchant shall be deemed to warrant to HPS the Cardholder's identity as an authorized user of the Card:
  - (c) Merchant is required to use a real-time Internet payment gateway authorized in advance by HPS to obtain Authorization codes and process Transactions;
  - (d) Internet Transactions are Card-Not-Present Transactions and must be performed on the Internet by the customer; or
  - (e) In the case of a Virtual Terminal, the Internet Merchant Store Front (the customer interface) must be Web Hosted so that the credit Transactions are received over a secure socket layer (SSL) by the Merchant;

- (f) In any Card-Not-Present Transaction, as a material part of the consideration for HPS to enter into this Agreement, Merchant accepts such Transactions solely at its own risk, and further assumes all risks of loss attendant to non-imprint Card-Not-Present Transactions.
- (g) Internet Merchant Website Requirements. Internet Merchant shall use the eCommerce Gateway solely for Merchant's internal business purposes and shall not allow any third party use of or access to the eCommerce Gateway. An Internet Merchant agrees to adhere to those Rules governing electronic commerce as well as HPS requirements as set forth herein; which include, but are not limited to ensuring the following information is included or properly referenced on the Internet Merchant website:
  - (i) contact information including: customer service telephone number, email and URL addresses, legal name and permanent corporate address including the country of domicile which should be located on the check-out screen, along with the final purchase amount or those pages accessed by a Cardholder during the checkout process;
  - (ii) a complete description of the Products offered for sale and related prices, form of currency, as well as how to complete a purchase and the point at which the purchase is complete;
  - (iii) include a method by which the Cardholder can affirmatively consent to the Transaction (i.e., an "order now" or "purchase now" option);
  - (iv) provide clear disclosure of all material terms of the Transaction: (i.e., all sales are final, applicable restocking fees, returns, etc.);
  - (v) shipping and delivery policies will be clearly and accurately stated;
    - 1) if providing age restricted products/services, Merchant shall clearly state the age restrictions on the website and implement an age verification process;
  - (vi) refund and returned merchandise policies and terms of use;
  - (vii) Merchant's privacy policy clearly and accurately in accordance with all applicable laws and the Rules, including, but not limited to, the content, location and accessibility of its privacy policy;
  - (viii) security policy indicating that:
    - the transmission of payment and will adhere to the PCI DSS for storing and transmitting Cardholder data;
    - 2) Merchant remains fully responsible and liable for the security of Transaction and personal data submitted to and/or processed through your website or as may otherwise be in Merchant's or its agents or vendors' control, including implementing fraud prevention measures as required by law or industry regulation;
    - 3) Merchant will use Cardholder Data for the sole purpose of supporting payment for and delivery of Merchant's goods and services and consistent with Merchant's privacy policy;
    - 4) Merchant will maintain the security of any and all passwords, ID number or other access control methods to use the e-Commerce Payment Gateway; and
  - (ix) any other legal policies, including export control and terms of use.
- **4.15** The following additional terms apply to Card-Not-Present Transactions:
  - (a) Merchant shall use, and retain for not less than one year, proof of a traceable delivery system utilized for the delivery of Products to customers.
  - (b) Merchant shall use an address verification service to verify each Transaction.
  - (c) Merchant must utilize if available through its gateway a Payer Authentication Program. This program identifies the Cardholder by authenticating their personal PIN entry. Specific programs could include Verified by VISA and MasterCard Secure Code.
  - (d) Except where Merchant has specified future delivery on the Application, a customer's Card shall not be debited until the Product purchased has been shipped.
  - (e) Upon request by HPS, Merchant shall provide copies of all advertisements, catalogues, brochures or other materials used to solicit mail or telephone orders and any forms used in recording or transmitting orders.
- 4.16 In all cases, unless stipulated otherwise in the Merchant Processing Agreement, the shipment of goods to a Cardholder will be no later than the business day following the date on which that Transaction was transmitted to HPS for processing.
- 4.17 Merchant agrees to electronically deposit Sales Drafts and Credit Vouchers no later than the day of the Transaction. The time of receipt by HPS will affect the timing of payment to Merchant. If Merchant fails to submit Transactions on a timely basis as provided herein, Merchant will be charged and agrees to pay the additional fees assessed to HPS by the Card Schemes.
- 4.18 Merchant shall at all times maintain a direct deposit Account (the "Account" or "DDA") in good standing at a bank that is a Receiving Depository Financial Institution (RDFI) of the Federal Reserve Bank ACH System or other ACH settlement network. Merchant represents and warrants to HPS that: (a) the Account will always be

in the same legal and DBA (if applicable) name as Merchant's name on the Merchant Application; (b) Merchant will own and maintain control of the Account and will keep such Account open at all times during the term and as long as any Reserve Account is in effect; and, (c) the Account will not be associated with any merchant processing activity that is illegal or prohibited by the Rules or applicable law, including without limitation merchant processing activity associated with other accounts and/or processors. Merchant agrees that all credits for collected funds and debits for fines, fees, Chargebacks, Credit Vouchers, payments and adjustments and other amounts due under the terms of this Agreement (including but not limited to attorney's fees and early termination charges) may be made to the Account. Merchant shall not close, restrict or change the Account without prior written approval from HPS. Merchant agrees to pay HPS a twenty-five dollar (\$25.00) handling fee to change the DDA information and a twenty-five dollar (\$25.00) fee on all returned ACH items. Merchant is solely liable for all fees and all overdrafts, regardless of cause. HPS shall have the unlimited right to debit, without prior notice, any DDA containing funds for the purpose of satisfying any liability incurred by or on behalf of Merchant.

**4.19** Merchant agrees to retain original Card Scheme Sales Drafts and Credit Vouchers as specified by the Rules and Merchant assumes liability for all fines, fees, failures, charges and penalties charge to Merchant or HPS for a failure to comply therewith.

Such documents shall be stored in a secure manner permitting retrieval and submission of legible copies on the same day that Merchant receives a request from HPS. Since a Card Issuer may over a period of time request duplicate copies of the same Sales Draft, Merchant must retain at least one legible copy of each Card Transaction.

Failure to provide HPS with requested documentation within five (5) business days after receipt of such request may result in the Transaction being charged back to the Merchant and HPS shall have the right to debit the Account for the full amount of the Transaction. Merchant agrees that it shall destroy material containing Cardholder account information in a manner that renders the data unreadable.

- **4.20** Merchant shall not submit any Transaction for processing for the purpose of obtaining or providing a cash advance, or make a cash disbursement to any other Cardholder (including Merchant when acting as a Cardholder), or receive monies from a Cardholder and subsequently prepare a credit to Cardholder's account.
- 4.21 As partial consideration for this Agreement, Merchant expressly authorizes HPS to change the financial institution providing settlement services to Merchant. Merchant will execute all necessary documents enabling HPS to effect such change.
- **4.22** Merchant shall provide HPS with immediate notice of its intent to:
  - (a) transfer, sell or liquidate any substantial part of its assets;
  - (b) change the basic nature of its business, including selling any Products not related to its current business;
  - (c) change ownership or transfer control of its business; or
  - (d) enter into any joint venture, partnership or similar business arrangement whereby any person or entity not a party to this Agreement assumes more than a ten percent (10%) interest in Merchant's business.

Merchant also shall provide HPS with prompt written notice of any material changes regarding any information provided in the Merchant Application, including Merchant's address, ticket size or monthly volume.

Merchant and principal owner(s) identified on an approved Merchant Application and any new owner of Merchant or successor Merchant shall be jointly and severally liable to HPS and remain liable for any and all losses, costs and expenses suffered or incurred by HPS in accordance herewith, unless the original Merchant or successor thereof is released in writing by HPS.

- 4.23 Merchant agrees to pay HPS the face amount of any Transaction processed by HPS pursuant to this Agreement whenever any Card Transaction is reversed in accordance with the Rules, any state or federal statute, regulation, court or administrative order or terms of this Agreement, or in the event of a Chargeback.
- 4.24 Merchant agrees to pay Member Sponsor Bank and/or HPS any fees, fines, penalties or assessments imposed directly or indirectly on Member Sponsor Bank and/or HPS by a Card Scheme resulting from all acts or omissions of Merchant, including without limitation, any fines, fees, penalties or assessments (such as Card replacement cost) imposed by Card Schemes in relation to Merchant's or a Third Party Agent's non-compliance with PCI DSS and/or Rules.

4.25 HPS agrees to use commercially reasonable efforts to mail or electronically transmit all Chargeback documentation to Merchant promptly at Merchant's address shown in the Merchant Application; however, HPS may at any time without prior notice debit Merchant's DDA or any other Merchant Account for Chargebacks without prior notice in accordance with this Agreement.

If Merchant notifies HPS after such time, HPS may, in its discretion, assist Merchant, at Merchant's expense, in investigating whether any adjustments are appropriate and whether any amounts are due to or from other parties; however, HPS shall not have any absolute obligation to investigate or effect any such adjustments. Any voluntary efforts by HPS to assist Merchant in investigating such matters shall not create an obligation to continue such investigation or any future investigation. Merchant must provide all information requested by HPS by the time specified in a request for information. Failure to respond within the specified time shall constitute a waiver by Merchant of its ability to dispute or reverse a Chargeback or other debit, and Merchant shall be solely responsible where it fails to timely provide information concerning any Chargeback.

If HPS elects, in its sole discretion, to take action on a Chargeback after the time specified to respond has expired, Merchant agrees to pay all costs incurred by HPS. Merchant agrees to pay HPS a processing fee for Sales Draft retrieval requests at HPS' discretion.

- 4.26 Merchant agrees to reimburse HPS for the amount of the Sales Draft in the event of a Chargeback together with a handling fee for each Chargeback, which fee may be amended from time to time. Merchant hereby irrevocably authorizes HPS to debit without notice Chargebacks and Chargeback handling fees and all other amounts due hereunder from Merchant's daily deposit and if such collection is inadequate, agrees to reimburse HPS immediately for any shortage that occurs as a result of such charges.
- 4.27 Merchant will be subject to debit for a Chargeback in accordance with the Rules in effect at the time of the Chargeback. The basis for Chargebacks and the rules for their processing are governed by the Rules. However, all disputes that are not resolved through established Chargeback procedures shall be settled between Merchant and the Cardholder, and Merchant will indemnify HPS for all expenses, including reasonable attorneys' fees, that may be incurred as the result of any Cardholder claim that is pursued outside the Rules. Merchant acknowledges and agrees that it is bound by the rules of the Card Schemes with respect to any Chargeback.

Merchant further acknowledges that it is solely responsible for providing HPS and Member Sponsor Bank with any available information to re-present a Chargeback and that, regardless of any information it provides or does not provide HPS and Member Sponsor Bank in connection with a Chargeback, or any other reason, Merchant shall be solely responsible for the liability related to such Chargeback. If any such amount is uncollectible through withholding from any payments due hereunder or through charging Merchant's Account or the Reserve Account, Merchant shall, upon demand by HPS, pay HPS the full amount of the Chargeback.

- **4.28** Merchant shall not accept or deposit any fraudulent Transaction, or any Transaction about which Merchant has knowledge or notice of circumstances that would impair the validity of the Transaction or the indebtedness thereunder or its collectability.
- 4.29 Merchant unconditionally represents and warrants to HPS that all Sales Drafts submitted to HPS hereunder will represent the indebtedness of the Cardholder with whom Merchant has completed a Transaction in amounts set forth therein for Products only and shall not involve any element of credit for any other purposes, and shall not be subject to a defense, dispute, offset or counterclaim that may be raised by Cardholder under the Card Schemes Rules, the Consumer Credit Protection Act (15 USC § 1601) or other relevant state or federal statute or regulation. Further, Merchant warrants that any Credit Voucher that it issues represents a bona fide refund or adjustment on a Transaction by Merchant with respect to which a Sales Draft has been accepted by HPS.
- **4.30** Merchant shall not, under any circumstances, present for processing or credit, directly or indirectly, a Transaction that originates with any other Merchant or any other source.
- **4.31** Merchant shall not deposit duplicate Transactions. Merchant shall be debited for any adjustments for duplicate Transactions and shall be liable for any Chargebacks which may result therefrom.
- **4.32** Merchant shall not initiate a Transaction in an attempt to collect a Chargeback.
- 4.33 To the extent legally permitted, Merchant shall give HPS immediate written notice of any complaint, subpoena, civil investigative demand or other process issued by any state or federal governmental entity that alleges,

refers or relates to any illegal or improper conduct of Merchant, its owner(s) or other entity under common ownership or control. Failure to give such notice shall be deemed to be a material breach of this Agreement.

- **4.34** Merchant must obtain final approval by HPS of Debit Network sponsorship prior to submitting any debit Transaction.
- 4.35 Merchant shall not be assessed a Chargeback fee for the first three (3) Chargeback requests processed in any twelve-month period beginning with the Merchant's anniversary date. Once three Chargeback requests have been submitted by the Card Scheme or a card issuer in any such twelve-month period, HPS shall bill all applicable Chargeback fees. For purposes of this Section 4.35, the anniversary date shall be the date of Merchant's first deposit with HPS unless otherwise designated by HPS.
- 4.36 HPS shall have no liability for customer data that is lost or stolen from the Merchant's POS system or equipment and Merchant shall indemnify HPS from any claim or loss arising out of or relating to such lost or stolen data.
- 4.37 Merchant shall ensure HPS has the correct business taxpayer ID ("TIN") and legal name on file for Form 1099-K tax reporting purposes. Any Merchant reporting an invalid TIN and legal name combination is subject to a backup withholding amount as defined by IRS and state regulations.
- **4.38** Merchant shall at all times comply with the Rules, as well as all applicable federal, state and local rules and regulations.
- 4.39 Merchant, at its own expense, will have installed and will maintain the point-of-sale equipment, unless otherwise agreed to by the parties in writing. Each equipment type installed at a Location must be compatible with HPS' System and HPS has the right to test the equipment to assure compatibility. Merchant will submit each equipment type and all new core hardware, and any releases of modifications to the implementation software, to HPS for quality assurance testing at least thirty (30) days prior to the equipment, hardware or software's first use at a Location; provided however, both parties acknowledge that the quality assurance test may take less than thirty (30) days and HPS will use commercially reasonable efforts to accomplish the testing as soon as practicable. Quality assurance testing is applicable to each implementation software release for each equipment type.

If Merchant changes the method used to communicate with HPS' System from one form of technology to another, e.g. dial to frame relay, once any necessary quality assurance testing has been completed, Merchant will arrange for, with the assistance of HPS, if necessary, the equipment to be connected to HPS and then tested to ensure that the new method of communication works properly, which test will be conducted in accordance with Merchant's and HPS' procedures and paid by each party, respectively. Once the new technology has been tested and approved, it will not be necessary for each Location that adopts the new technology to perform the testing referred to in this paragraph.

- **4.40** Merchant shall assume responsibility for managing the repair of problems associated with Merchant's own telecommunications and processing system (both hardware and software), including terminals.
- **4.41** Special pricing through an agreement between HPS and a Merchant association shall apply to Merchant members in good standing of such Merchant association; any special pricing may be discontinued without notice.
- 4.42 Merchant agrees to provide HPS such financial statements and other information concerning Merchant as HPS may reasonably request from time to time. Merchant agrees that HPS, or its duly authorized representative, may examine Merchant's books and records related to its receipt of the services from HPS hereunder, including records of Transactions submitted hereunder.
- 4.43 Merchant shall not engage in any services that require registration with the applicable Card Schemes as a Payment Service Provider (PSP) or Payment Facilitator (PF) without prior written approval from HPS. In the event Merchant is registered as a PSP/PF, Merchant agrees to promptly disclose to all Sub-merchants any new or increased Card Scheme related dues, assessments and fees, including but not limited to Convenience fees, in accordance to the contracted services performed by the Merchant. For the avoidance of doubt, all Service Providers, Third Party Agents, Payment Service Providers, and Payment Facilitators must comply with all Rules, including those found at the following websites (or their successor websites):

#### 5. Debit Card Processing; EBT Services

If Merchant elects to receive debit Card processing services, the following terms will apply:

- 5.2 Until and unless otherwise authorized by HPS, Merchant agrees to utilize compliant and compatible equipment/PIN-pads or systems capable of processing all ACH debit Card Transactions as well as online-debit Card Transactions at its Locations. All HPS applications software residing on the equipment or systems is the sole property of HPS. Any software residing in Merchant owned or leased equipment or systems must be HPS compatible.

Merchant's placement of the equipment or system at its Locations shall constitute acceptance of all terms and conditions set forth in this section. Merchant understands and agrees that HPS has no responsibility whatsoever for inoperative equipment or systems (or software if applicable).

In the case of inoperative terminal or system, Merchant shall consult Merchant's warranty or equipment maintenance agreement as applicable. Merchant also acknowledges that all equipment/pin-pads or systems capable of processing all debit Card Transactions at its Locations must remain compliant with the data security requirements of Section 3 of this Agreement.

If Merchant determines that any Transaction(s) have been processed in error, Merchant will initiate the appropriate Transaction for adjustment. Merchant is responsible for all applicable adjustment fees assessed by the Card Schemes.
- **5.8** Merchant shall be responsible for all telephone message unit costs, if any, as they are incurred by Merchant for any of the services provided.

- 5.12 Non-Request for PIN Disclosure Procedures. Merchant agrees to ensure that no employee or agent requests a Cardholder to divulge their PIN number.
- 5.13 Prevention of PIN Entry Observation. Merchant agrees to undertake commercially reasonable actions to prevent others from observing the entered PIN number. Some prevention examples could be, but not limited to:
  - (a) Placement of security cameras in relation to PIN Entry Device (PED);
  - (b) PED shielding; or
  - (c) PED placement on POS counter.

#### 5.14 EBT Transactions

If Merchant elects to accept electronic benefit Transactions ("EBT"), the additional following terms and conditions will apply:

#### 5.14.1 EBT Services.

Merchant will participate in, and HPS will provide access to, the programs for debit card access to electronically distributed government benefits as agreed to between the parties from time to time. ("EBT Programs"). Each EBT Program shall be treated as a "Network" for purposes of this Agreement and each EBT card issued for access to government benefits issued under such EBT Programs shall be treated as a "debit card" under this Agreement.

- (a) At all times during the term, including any renewal thereof, Merchant shall remain a participant in good standing in each EBT Program selected hereunder.

In addition, if Merchant accepts EBT under the Food Stamp Program, Merchant shall deploy and identify its equipment consistent with Department of Agriculture requirements. Merchant will not take any action that would cause HPS to be in violation of any law, regulation, rule or administrative guideline applicable to an EBT Program, including any Network Rules.
- (f) With respect to each EBT Program in which Merchant participates, Merchant shall comply with any obligations or duties imposed on merchants participating in such EBT Program under an agreement ("Processor Agreement") between HPS and the administrator of the EBT Program ("EBT Provider") pursuant to which HPS is authorized to process Transactions for the EBT Program, and the EBT Provider shall have the right to directly enforce the terms and conditions of the Processor Agreement against Merchant in the event that Merchant breaches its obligations hereunder.

#### **5.14.3** HPS Representations and Warranties.

HPS hereby represents and warrants that it is a qualified processor in each EBT Program identified and that it has obtained any and all Authorizations, certifications or other evidence of authority and has properly executed and delivered any and all applications, agreements or other documents necessary to participate in each such EBT Program.

#### **5.14.4** Rights, Duties and Responsibilities of HPS.

- (a) HPS shall provide the EBT services identified in accordance with the terms of EBT, this Agreement and applicable laws, regulations, Rules and administrative guidelines applicable to each selected EBT Program, including any Network Rules.
- (b) HPS shall have the authority, without any liability, to terminate or suspend the provision of services hereunder with respect to each and every EBT Program, at the direction of any federal, state or other authority with responsibility for oversight or implementation of such EBT Program, or upon HPS determination to terminate support for such EBT Program for all customers. If HPS is directed to terminate or suspend the provision of services hereunder with respect to an EBT Program, HPS may also terminate or suspend provision of services hereunder for any other EBT Program without liability.

#### **5.14.5** Indemnity.

In addition to any indemnification obligations of Merchant set forth elsewhere in this Agreement, Merchant agrees to indemnify and hold harmless HPS and Member Sponsor Bank from and against any and all claims or losses arising out of:

- (a) any act or omission by Merchant in violation of any applicable federal, state or local law or regulation, or rule or administrative guideline related to any EBT Program, including a Network Rule:
- (b) any negligent or fraudulent act or omission or intentional misconduct by Merchant;
- (c) any failure by Merchant to comply with any obligation or duty imposed on merchants participating in an EBT Program under a Processor Agreement; or
- (d) any act or omission of Merchant that causes HPS to breach any undertaking under a Processor Agreement, including any performance standards hereunder.

#### **5.14.6** Limitation of Liability.

In addition to any other limitations of liability set forth in this Agreement, Merchant agrees and acknowledges that HPS and Member Sponsor Bank shall have no liability to Merchant arising out of any act or omission by an EBT Provider. Without limiting the foregoing, HPS and each EBT Provider shall have no liability to Merchant for an EBT Provider's rejection, Chargeback or other failure to fully process in the ordinary course and without penalty any adjustment based upon a restriction on any

EBT Provider's ability to process such adjustment to the Account of a recipient of government benefits, regardless of whether the error being adjusted was caused, in whole or in part, by HPS.

#### **5.14.7** Deluxe EBT Program.

If Merchant is a participant in an EBT Program in the States of Kansas, Louisiana, (or any other state where Deluxe Data Systems, Inc. ["Deluxe"] is the prime contractor for the state), Merchant agrees that Deluxe, which is the EBT Provider for those states, shall have no liability to Merchant arising out of Deluxe's management of the EBT Program or processing of Transactions except for Merchant's direct damages caused by fraud or intentional misconduct committed by Deluxe's employees.

In no event shall Deluxe be liable to Merchant for indirect, incidental or consequential damages. Merchant agrees and acknowledges that Deluxe is a third party beneficiary of EBT for purposes of this limitation liability.

Furthermore, any exposure to PHI shall be random, infrequent and incidental to the provision of services by HPS, as allowed under the HIPAA Rules, and is not meant for the purpose of accessing, managing the PHI or creating or manipulating the PHI. - 8.4 Merchant authorizes HPS to use, make available to third parties, and/or exchange information, including Transaction Data and Personal Information, about Merchant (and about its partners, principals, proprietors, officers, shareholders and managing agents who have provided their written consent pursuant to this Agreement) for statistical analysis, marketing purposes, and any other purpose related to the provision of HPS or a third party's products and services.
- 8.5 Merchant acknowledges that HPS may use, make available to third parties or exchange information, including Transaction Data and Personal Information, about Merchant (and about its partners, principals, proprietors, officers, shareholders and managing agents who have provided their written consent pursuant to this Agreement) with other entities that have products or services that may be of interest to Merchant. Confidential Information further includes Personal Information, including but not limited to: social security number, driver's license number, credit or debit card number, personal identification number or password that would permit access to a financial account, personal bank account number, passport number or email address. Confidential Information further includes information HPS provides to Merchant about HPS's products, services, systems, and business.

- (b) Confidential Information shall not include information that is lawfully obtained and publicly available or that is derived from federal, state, or local government records lawfully made available to the public.
- (c) HPS may otherwise share or disclose Confidential Information pursuant to Sections 8.1, 8.2 and 8.3 or if it determines, in its sole discretion, that it is required to do so pursuant to any applicable law, regulatory requirement, and/or contractual obligation.

#### 9. Reserve and Payment Obligations

- **9.1** At any time, HPS may establish a Reserve Account to secure the performance of Merchant's obligations hereunder, including without limitation in the event: (a) of a breach of this Agreement by Merchant; (b) of a material adverse change in Merchant's financial condition;
  - (c) Merchant receives excessive Chargebacks as determined by HPS, a Member Sponsor Bank or any Card Scheme; (d) Merchant has submitted fraudulent or suspicious Transactions; (e) HPS has reasonable grounds to believe that it may be or become liable to third parties due to Merchant's action or inaction hereunder; (f) of a change in Merchant's transaction volume or average ticket, or (g) HPS has reasonable grounds to believe that material fines, fees, or penalties may be assessed against HPS or a Member Sponsor Bank by a Card Scheme arising out of or relating to Merchant's failure to comply with the Rules. The amount of such Reserve Account shall be set and may be revised by HPS in its sole discretion at any time, based upon Merchant's processing history and the anticipated risk of loss to HPS.

In the event of termination of this Agreement by either Merchant or HPS, an immediate Reserve Account, if not already established, may be established by HPS and the Reserve Account will be held by HPS for six (6) months after termination of this Agreement or for such longer time as HPS may, in its discretion, deem reasonably necessary based upon Merchant's liability to HPS arising prior to or after termination of this Agreement and HPS may deposit into and retain in the Reserve Account any and all amounts otherwise payable to Merchant.

Funds held in a Reserve Account may be held in a commingled Reserve Account for the reserve funds held in relation to HPS's other merchants, without involvement by an independent escrow agent. Merchant agrees that it shall have no right, title or interest in or to the commingled Reserve Account and shall receive no interest on funds held in a Reserve Account. However, Merchant may have an unsecured contractual claim against HPS with respect to any amount which may be due to Merchant after the expiration of the period described herein. Alternatively, in the sole discretion of HPS, HPS may place the funds in a Reserve Account in Merchant's name, and such funds shall be payable to Merchant therefrom in accordance with this Agreement. Any amount

remaining in the Reserve Account when HPS determines that the Reserve Account may be closed shall be released to Merchant.

- 9.3 To secure the Merchant's obligations to HPS under this Agreement, and any other agreement for the provision of related equipment or related services ("Obligations"), Merchant grants to HPS a lien and security interest in and to any of Merchant's funds now or hereafter in the possession of HPS, whether now or hereafter due or to become due to Merchant from HPS. HPS is hereby authorized (any related notice and demand are hereby expressly waived), to set off, recoup, appropriate, and apply any and all such funds against and on account of Merchant's obligations under this Agreement, whether such obligations are liquidated, un-liquidated, fixed, contingent, matured or un-matured. Merchant agrees to duly execute and deliver to HPS such instruments and documents as HPS may reasonably request to perfect and confirm the lien, security interest, right of set off, recoupment and appropriation set forth in this Agreement.
- 9.4 Merchant agrees that HPS may withdraw funds from the Reserve Account at any time without notice to Merchant in the amount of any obligation of liability of Merchant to HPS hereunder, arising prior to or after termination, including any applicable Early Termination Fees pursuant to Section 13.4. If the Reserve Account funds are not sufficient to cover the Chargebacks, adjustments, fees and other charges due from Merchant, or if the funds in the Reserve Account have been released, Merchant agrees to promptly pay HPS the amount of such deficiency upon request.

MERCHANT AGREES TO REIMBURSE HPS FOR ALL COSTS AND EXPENSES, INCLUDING WITHOUT LIMITATION, REASONABLE ATTORNEY'S FEES INCURRED AS A RESULT OF ANY SUCH ACTION, PROCEEDING OR LIABILITY. - 12.1 Use of promotional materials and use of any trade name, trademark, service mark or logo type ("Marks") associated with each Card Scheme shall fully comply with specifications contained in applicable Rules.
- 12.2 Merchant shall only use each Mark in a way to indicate that the Card Scheme is accepted at Merchant and that Merchant is customer of HPS. Marks may not be edited or combined with other Marks. Merchant shall not use any promotional materials or Marks in any way that suggests or implies that a Card Scheme endorses Merchant's Products or services.

#### 13. Term: Termination

13.1 THIS AGREEMENT SHALL BECOME EFFECTIVE UPON ACCEPTANCE OF THE FIRST MERCHANT DEPOSIT BY HPS AND SHALL CONTINUE IN EFFECT FOR A TERM OF THIRTY-SIX (36) MONTHS THEREFROM ("TERM"). THEREAFTER, THIS AGREEMENT WILL AUTOMATICALLY RENEW FOR ADDITIONAL TWELVE (12) MONTH PERIODS UNLESS TERMINATED BY ANY PARTY BY GIVING WRITTEN NOTICE TO THE OTHER PARTY AT LEAST SIXTY (60) DAYS PRIOR TO THE END OF THE TERM OR ANY RENEWAL TERM, EXCEPT THAT IN CASE OF AN EVENT OF DEFAULT BY MERCHANT, OR AS REQUIRED BY A CARD SCHEME OR MEMBER SPONSOR BANK, THIS AGREEMENT MAY BE TERMINATED OR SUSPENDED IMMEDIATELY AND HPS SHALL GIVE MERCHANT WRITTEN NOTICE WITHIN FIFTEEN (15) DAYS THEREAFTER.

- 13.2 Upon the occurrence of any Event of Default, all amounts payable hereunder by Merchant to HPS shall be immediately due and payable in full without demand or other notice of any kind, all of which are expressly waived by Merchant. For the purposes of this Section 13.2 an "Event of Default" occurs when:

  - (g) reasonable belief by HPS that Merchant is engaged in practices that involve elements of fraud or conduct deemed to be injurious to Cardholders, including, but not limited to fraudulent, prohibited or restricted Transaction(s);
  - (h) any voluntary or involuntary bankruptcy or insolvency proceedings involving Merchant, its parent or an affiliated entity, or any other condition that would cause HPS to deem Merchant to be financially insecure;
  - (i) Merchant engages in any Outbound Telemarketing Transactions;
  - (j) Merchant or any other person owning or controlling Merchant's business is or becomes listed in any Card Schemes security reporting; or
  - (k) Early termination of this Agreement by Merchant without cause, including without limitation by Merchant's use of another processor to provide services similar to those provided by HPS hereunder.

Then, upon occurrence of any Event of Default, all amounts payable hereunder by Merchant to HPS, including any applicable Early Termination Fees (payable as set forth in Section 13.4), shall be immediately due and payable in full without demand or other notice of any kind, all of which are expressly waived by Merchant.

- 13.3 In the event of termination, regardless of cause, Merchant agrees that all obligations and liabilities of Merchant including all Chargebacks, fees, credits and adjustments with respect to any Sales Draft or Credit Voucher presented prior to the effective date of termination shall survive such termination and expressly authorizes HPS to withhold and discontinue the deposit to Merchant's Account for all Card and other payment Transactions of Merchant in the process of being collected and deposited.
- 13.4 MERCHANT MAY BE CHARGED A FEE OF \$295 PER LOCATION ("EARLY TERMINATION FEE" OR "ETF") IF MERCHANT TERMINATES THIS AGREEMENT PRIOR TO THE EXPIRATION OF THE TERM (EXCEPT IF AS A RESULT OF HPS' MATERIAL UNCURED BREACH OF THIS AGREEMENT). THE ETF MAY BE DEDUCTED IN A SINGLE PAYMENT FOR THE FULL AMOUNT VIA ACH DEBIT TO THE ACCOUNT, AT HPS' OPTION, UPON OR AT ANY TIME AFTER HPS' RECEIPT OF MERCHANT'S NOTICE OF TERMINATION.
- 13.5 Neither the expiration nor termination of this Agreement shall terminate the obligations or rights of the parties pursuant to provisions of this Agreement, which by their terms are intended to survive or be perpetual or irrevocable.
- 13.6 The provisions governing processing and settlement of Card Transactions, all related adjustments, fees and other amounts due from Merchant and the resolution of any related Chargebacks, will continue to apply after termination of this Agreement.

#### 17. DISPUTE RESOLUTION – ARBITRATION AND CLASS ACTION WAIVER

NOTE: PLEASE READ THIS SECTION CAREFULLY AS IT AFFECTS YOUR RIGHTS AND THE RESOLUTION OF DISPUTES

17.1 MANDATORY ARBITRATION: ANY DISPUTE OR CLAIM ARISING OUT OF, RELATING TO, OR IN CONNECTION WITH THIS AGREEMENT OR THE RELATIONSHIPS WHICH RESULT FROM THIS AGREEMENT SHALL BE RESOLVED BY BINDING ARBITRATION, RATHER THAN IN COURT; HOWEVER, YOU MAY ASSERT CLAIMS IN SMALL CLAIMS COURT IF (1) THE CLAIMS QUALIFY FOR SMALL CLAIMS COURT; (2) THE MATTER REMAINS IN SMALL CLAIMS COURT AT ALL TIMES; AND (3) THE MATTER PROCEEDS ONLY ON AN INDIVIDUAL (NOT A CLASS OR REPRESENTATIVE) BASIS). ARBITRATION DOES NOT PROCEED BEFORE A JURY AND MAY INVOLVE MORE LIMITED DISCOVERY THAN A COURT PROCEEDING.

ANY ARBITRATION UNDER THIS AGREEMENT WILL ONLY BE ON AN INDIVIDUAL BASIS. CLASS ARBITRATIONS, CLASS ACTIONS, PRIVATE ATTORNEY GENERAL ACTIONS, AND CONSOLIDATION WITH OTHER ARBITRATIONS ARE NOT PERMITTED. The arbitrator's award or decision will not affect issues or claims involved in any proceeding between HPS and any person or entity who is not a party to the arbitration. The arbitrator may award monetary, declaratory or injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim. The arbitrator's award, if any, will not apply to any person or entity that is not a party to the arbitration. However, nothing in this Section or Agreement shall preclude any party from bringing issues to the attention of federal, state or local agencies. Such agencies can, if the law allows, seek relief on your behalf.

Further, notwithstanding the foregoing, nothing in this Section or this Agreement prohibits a party from applying to a court of competent jurisdiction for a temporary restraining order, preliminary injunction, or other equitable relief.

The Federal Arbitration Act (9 U.S.C. § 1 et seq.) governs the interpretation and enforcement of the arbitration provisions of this section. Arbitration will be administered by JAMS (www.jamsadr.com). For claims greater than \$250,000, the JAMS Comprehensive Arbitration Rules and Procedures in effect at the time the arbitration is commenced will apply (if no such rules are in effect, JAMs default arbitration rules shall apply). For claims equal to or less than \$250,000, the JAMS Streamlined Arbitration Rules and Procedures in effect at the time the arbitration is commenced will apply (if no such rules are in effect, JAMS default arbitration rules shall apply). Unless the arbitrator(s) determine that justice or fairness require otherwise: (i) any arbitration will proceed in Muscogee County, Georgia (although, for the convenience of the Merchant or guarantor (as applicable), any party or its counsel may participate telephonically); and (ii) the arbitrator(s) will oversee limited discovery, taking into account the amount in controversy and the parties' desire to keep proceedings cost-effective and efficient. Any decision rendered in any arbitration proceeding shall be final and binding on each of the parties to the arbitration and judgment may be entered thereon in any court of competent jurisdiction. The parties will maintain the confidential nature of the arbitration proceeding except as may be necessary to enforce any award or to comply with applicable law.

If the total damage claims in an arbitration are \$10,000 or less, not including the Merchant's attorney fees ("Small Arbitration Claim"), the arbitrator may, if the Merchant, prevails, award the Merchant reasonable attorney fees, expert fees and costs (separate from Arbitration Costs as defined below), but may not grant HPS its attorney fees, expert fees or costs (separate from Arbitration Costs) unless the arbitrator determines that the Merchant's claim was frivolous or brought in bad faith. In a Small Arbitration Claim case, HPS will pay all arbitration filing, administrative and arbitrator costs (together, "Arbitration Costs"). The Merchant must submit any request for payment of Arbitration Costs to JAMS at the same time the Merchant submits its Demand for Arbitration. However, if the Merchant wants HPS to advance the Arbitration Costs for a Small Arbitration Claim before filing, HPS will do so at the Merchant's written request which must be sent to HPS at the address in paragraph 16.1 above.

If the Merchant's total damage claims in an arbitration exceed \$10,000, not including the Merchant's attorney fees ("Large Arbitration Claim"), the arbitrator may award the prevailing party its reasonable attorneys' fees and costs, or it may apportion attorneys' fees and costs between the Merchant and HPS (such fees and costs being separate from Arbitration Costs).

In a Large Arbitration Claim case, if the Merchant is able to demonstrate that the Arbitration Costs will be prohibitive as compared to the costs of litigation, HPS will pay as much of the Arbitration Costs as the arbitrator deems necessary to prevent the arbitration from being cost-prohibitive.

Merchant hereby agrees that claims applicable to American Express may be resolved through arbitration as further described in the American Express Merchant Requirements Guide (the "American Express Guide").

- 17.2 Choice of Forum: A court, not the arbitrator, will decide any questions regarding the validity, scope and/or enforceability of Section 17.1. Any litigated action (as opposed to an arbitration) regarding, relating to or involving the validity, scope and/or enforceability of Section 17.1, or otherwise, shall be brought in either the courts of the State of Georgia sitting in Muscogee County or the United States District Court for the Northern District of Georgia, and Merchant and guarantor (if applicable) expressly agree to the exclusive jurisdiction of such courts. Merchant and guarantor (if applicable) hereby agree and consent to the personal jurisdiction and venue of such courts, and expressly waive any objection that Merchant or guarantor might otherwise have to personal jurisdiction or venue in such courts.
- 17.3 Class Action Waiver: MERCHANT AND GUARANTOR (IF APPLICABLE) ACKNOWLEDGE AND AGREE THAT ALL DISPUTES ARISING OUT OF OR RELATED TO THIS AGREEMENT SHALL BE RESOLVED ON AN INDIVIDUAL BASIS WITHOUT RESORT TO ANY FORM OF CLASS ACTION AND SHALL NOT BE CONSOLIDATED WITH THE CLAIMS OF ANY OTHER PARTIES.

  MERCHANT AND GUARANTOR (IF APPLICABLE) FURTHER AGREE TO WAIVE, AND HEREBY WAIVE, THE RIGHT TO PARTICIPATE IN A CLASS ACTION OR TO LITIGATE OR ARBITRATE ON A CLASS-WIDE BASIS.

#### 18. Additional Services

- 18.1 Merchant may request additional systems and services ("Additional Services") from HPS beyond those originally requested in the Application. In order to expedite the establishment of Additional Services, Merchant hereby authorizes HPS to take whatever measures necessary to promptly establish any Additional Service that Merchant might request in writing and to execute necessary authorization(s) on Merchant's behalf on the warranty hereby given that Merchant's signature on this Agreement shall be valid for all Additional Services. Delivery of any requested Additional Services shall be deemed to have occurred upon Merchant's first use of any such Additional Services. Merchant acknowledges that all Additional Services shall be governed by this Agreement and the Rules.
- 18.2 In the event that Merchant elects to receive tokenization services, the following terms and conditions of this Section 18 shall apply with respect thereto. HPS will tokenize each Cardholder primary account number ("PAN") submitted to HPS by Merchant in connection with a Transaction. HPS's tokenization of each PAN submitted to HPS by Merchant will occur after Authorization. Merchant hereby acknowledges that tokens may be assigned to a token group which may be shared among other HPS merchants.

Merchant further acknowledges and agrees that all tokens provided or created in connection herewith remain the sole and exclusive property of HPS and cannot be transferred or removed from HPS and will not follow Merchant to any other provider without prior written approval from HPS, which approval may be approved or withheld by HPS in its sole discretion.

#### 19. Additional Terms

- 19.1 Truth of Statements: Merchant represents to HPS that all information and all statements contained in the Merchant Application are true and complete and do not omit any information necessary to make such information and statements not misleading to HPS.
- 19.2 Personal Guarantees & Guarantor(s): Any individual(s) by execution of the application as guarantor, hereby unconditionally and irrevocably guarantees to HPS the full and faithful performance or payment by Merchant of each and all of its duties and obligations herein set forth, including payment of all sums due and owing and any attorney's fees and cost associated with the enforcement of terms hereof, whether prior or subsequent to termination or expiration of this Agreement. HPS shall not be required to proceed against Merchant or enforce any other remedy before proceeding against the guarantor(s). This is a continuing guaranty and shall not be discharged or affected by the sale or assignment of the merchant's business or death of the guarantor(s) unless such release is in writing signed by an authorized HPS representative.

It shall bind the heirs, administrators, representatives and assigns of the guarantor(s) and may be enforced by or for the benefit of any successor of HPS.

- **19.3** Entire Agreement: This Agreement constitutes the entire understanding of HPS and Merchant and supersedes all prior agreements, understandings, representations, and negotiations, whether oral or written between them.
- 19.4 No Waiver of Rights: Any failure of HPS to enforce any of the terms, conditions or covenants of this Agreement shall not constitute a waiver of any rights under this Agreement.
- **19.5** Section Headings: All section headings contained herein are for descriptive purposes only, and the language of such section shall control.
- 19.6 Assignability: Merchant may not assign this Agreement directly or by operation of law, without the prior written consent of HPS. Any assignment by Merchant without the prior written consent of HPS shall be void. HPS and Member Sponsor Bank may assign this Agreement without Merchant's consent. This Agreement shall be binding upon the parties hereto, their successors and permitted assigns.
- 19.7 Relationship of the Parties: Nothing contained herein shall be deemed to create a partnership, joint venture or, except as expressly set forth herein, any agency relationship between HPS and Merchant.
- 19.8 Severability: If any term or provision of this Agreement is found to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such terms or provisions shall be deemed modified to the extent necessary to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.
  - No part or portion of 17.1 (Mandatory Arbitration), Section 17.2 (Choice of Forum), or Section 17.3 (Class Action Waiver) shall be deemed so integral to either this Agreement as a whole, or to the remaining parts or portions of Sections 17.1 through 17.3 hereof, that the unenforceability of that part or portion should have any impact on or render the remainder unenforceable.
- 19.9 Choice of Law: HPS, Member Sponsor Bank, Merchant, and guarantor (if applicable) agree that any and all disputes or controversies of any nature whatsoever (whether in contract, tort, or otherwise) arising out of, relating to, or in connection with (a) this Agreement, (b) the relationships which result from this Agreement, or (c) the validity, scope, interpretation, or enforceability of the choice of law and forum provisions of this Agreement, shall be governed by the laws of the State of Georgia, notwithstanding any conflicts of laws rule; provided, however, that the Federal Arbitration Act (9 U.S.C. § 1 et seq.) governs the interpretation and enforcement of Section 17.1 when permitted.
- 19.10 No Third Party Beneficiary: Under no circumstance, shall any third party be considered a third party beneficiary of Merchant's rights or remedies under this Agreement or otherwise be entitled to any rights or remedies of Merchant under this Agreement.
- 19.11 Amendments: HPS may change the terms of or add new terms to this Agreement at any time and any such changes or new terms shall be effective when notice thereof is given by HPS either through written communication or on its Merchant website located at: <a href="https://infocentral.heartlandpaymentsystems.com">https://infocentral.heartlandpaymentsystems.com</a>. Notwithstanding anything herein to the contrary, all fees, charges and/or discounts charged to Merchant hereunder may be changed immediately and without prior written notice to Merchant, provided that HPS will notify Merchant of any such changes promptly, either through written communication or on the Merchant website listed above.
- 19.12 Public Statements: Merchant shall obtain the prior written consent of HPS prior to making any written or oral public disclosure or announcement, whether in the form of a press release or otherwise, which directly or indirectly refers to HPS.
- 19.13 Financial Accommodation: This Agreement creates a contract for the extension of financial accommodations to Merchant within the meaning of Section 365 of the Bankruptcy Code. In the event Merchant becomes a debtor in bankruptcy, this Agreement cannot be assumed or enforced against HPS and HPS shall be excused from performance hereunder.
- 19.14 Electronic Signatures: Under the Electronic Signatures in Global and National Commerce Act (E-Sign), this Agreement and all electronically executed documents related hereto are legally binding in the same manner as are hard copy documents executed by hand signature when (1) your electronic signature is associated with this

Agreement and related documents, (2) you consent and intend to be bound by this Agreement and related documents, and (3) this Agreement is delivered in an electronic record capable of retention by the recipient at the time of receipt (i.e., print or otherwise store the electronic record). This Agreement and all related electronic documents shall be governed by the provisions of E-Sign. By pressing Submit, you agree (i) that this Agreement and related documents shall be effective by electronic means, (ii) to be bound by the terms and conditions of this Agreement and related documents, (iii) that you have the ability to print or otherwise store this Agreement and related documents, and (iv) to authorize us to conduct an investigation of your credit history with various credit reporting and credit bureau agencies for the sole purpose of determining the approval of the applicant for merchant status or equipment leasing. This information is kept strictly confidential and will not be released.

#### 20. Optional Card Brand Fees

**CONVENIENCE FEE:** A fee charged to the Cardholder by the Merchant for a true convenience for accepting a credit or debit card. Examples of a "true convenience" are payment through the internet, mail order or phone order. All Card Schemes allow merchants to charge a convenience fee. All Card Schemes must be charged equally. Merchant is required to disclose the fee to the Cardholder and provide the Cardholder with the opportunity to cancel the Transaction, if the Cardholder does not want to pay the convenience fee. In addition to the foregoing, (i) Visa requires merchants to have a brick and mortar location in order to be allowed to charge a convenience fee; (ii) MasterCard requires processors to register any government or education merchant.

**SURCHARGE:** A charge in addition to the initial amount of the sale on a credit card to cover the Merchant's cost of acceptance. All Card Schemes allow surcharging. Visa, MasterCard and Discover require merchants to register with the Card Schemes. The Merchant is required to disclose the fee at the entry of its establishment and at the point of sale. The Cardholder must be given the opportunity to cancel the Transaction if they do not want to pay the surcharge fee. The amount of the charge cannot exceed the amount of the Merchant's discount fee on Visa, MasterCard and Discover and is capped at 4%. The surcharge must appear on the sales receipt separately from the sales amount. All Card Schemes must be charged equally. Currently there are several states that prohibit surcharging. Merchants should check their state and local laws prior to initiating a surcharge.

**SERVICE FEE:** Visa allows government and education merchants to charge a different type of fee called a "service fee". This fee is assessed for accepting payments for taxes, fees and fines for government MCCs and for tuition, room and board, lunch programs, etc. for education MCC merchants. The service fee can be charged on credit and debit Transactions, in a face-to-face or card not present environment.

The service fee must appear separate from the sales amount on the receipt. Merchants must be registered through Visa. Service fee must be disclosed prior to completion of the transaction, allowing the Cardholder to cancel the Transaction if they do not wish to accept the service fee. MasterCard allows government and education merchants to charge "convenience fees" and has no separate "service fee" for these MCCs.

**OTHER FEES:** Handling fees and payment fees are allowed on all Card Schemes as long as these fees are charged on all payment channels; cash, checks, ACH, etc. These are not governed by the Card Schemes specifically. State and local laws may apply and merchants should ensure the fees are allowed in their area of business.

## Equipment Purchase, Rental & Customer Owned Equipment Agreement ("Equipment Agreement")

#### I. Equipment Options:

As used herein, "Equipment" means the terminals, printers, readers, and accessories or hardware necessary to operate Merchant's chosen Heartland Payment Systems, LLC ("Heartland") solution(s). Merchant may choose to provide its own Equipment, may purchase Equipment from or through Heartland, may, if applicable, receive Rental Equipment (as defined below), or any combination of these options. This Equipment Agreement provides the terms that apply to and govern each of these options, with the terms of Section II applying to all options. This Equipment Agreement is part of and shall be governed by the terms and conditions of the Merchant Processing Agreement (the "Agreement") between the parties and is incorporated therein by reference.

- (a) Providing Your Own Equipment: Merchant may choose to purchase or lease Equipment from parties other than Heartland. In such case, Heartland makes no promise that Equipment acquired through third parties ("Third Party Equipment") will work correctly with and for Heartland's proprietary terminal software application (the "Software"), Services and/or Equipment. Except as specifically stated in this Equipment Agreement, Heartland will not be responsible for any failure, malfunction, speed or adequacy of Third Party Equipment, for performance of Heartland Software or Services on Third Party Equipment or for repair or replacement of any Third Party Equipment except as specifically stated in this Equipment Agreement. Heartland may elect to support certain Third Party Equipment in its sole discretion, and if it so elects Heartland will replace and repair Merchant's Third Party Equipment should the equipment become inoperative, in which event Merchant will receive replacement equipment and the repaired Third Party Equipment will be placed in Heartland inventory. Merchant will be billed for all replacements and repairs of Merchant's Third Party Equipment. Returned Merchant Third Party Equipment that cannot be repaired will be replaced and billed as a new purchase at then current rates. Notwithstanding the foregoing, Heartland does not provide repair or replacement service for third party equipment provided by third party Point of Sale (POS) System providers.
- (b) Purchasing Equipment from Heartland: Merchant may choose to buy some or all of the necessary Equipment from or through Heartland. Equipment pricing will be quoted, and must be agreed upon by Merchant (via written order form or phone) before an order will be processed. Equipment fees will be collected via an ACH debit to Merchant's designated DDA account (the "Account"). Unless otherwise specifically stated in the documentation provided with the Equipment, Heartland provides a one year warranty beginning on the date of shipment on all Heartland supplied serialized Equipment (including its internal Software) that such Equipment shall be free from faulty workmanship and defects in materials ("Heartland Hardware Warranty"). Equipment covered by the Heartland Hardware Warranty will be replaced at no cost to the Merchant during the applicable warranty period. However, Equipment sold to Merchant by or through Heartland and sent back to Heartland, but not covered under the Heartland Hardware Warranty (including, but not limited to, Heartland supplied and sold equipment damaged by fire, lightning, water damage) will be replaced and billed to Merchant as a new purchase at then current rates. After the warranty period, Heartland will replace such Equipment and repair damaged Equipment at Merchant's expense. If Equipment is damaged by the negligence or the willful acts or omissions of Merchant, its employees, agents or customers during the applicable warranty period, Merchant will be charged for Equipment repairs or replacements. If Equipment purchased from Heartland is returned within sixty (60) days of purchase in Original Condition. Heartland will refund the difference less a restocking fee of \$30 for new or used repair/replacement equipment. "Original Condition" means Equipment that has not been used to process transactions, other than to test the Equipment prior to deployment for general use. Heartland will not accept returned Equipment after 60 days of purchase or Equipment not in Original Condition.
- (c) Equipment Provided by Heartland: Merchant may choose to rent Equipment from Heartland, may receive equipment from Heartland in connection with its receipt of software services, or may be loaned equipment by Heartland (collectively, "Rental Equipment"). Merchant is liable for all rental payments due hereunder. Rental privileges shall last as long as Merchant continues to remit timely rental payments and complies with its agreements with Heartland. All Rental Equipment is and shall remain the sole personal property of Heartland and will not be deemed for any purpose to be fixtures.

Heartland may affix or attach to all Rental Equipment a tag or label indicating its ownership of, or interest in, said Rental Equipment and Merchant will not remove, or allow the removal of, any such tag or label. Merchant will not sell, lease, encumber, or otherwise dispose of any interest in any Rental Equipment and will keep it free of all liens, claims or encumbrances whatsoever. Merchant will not be liable for ordinary wear and tear of Rental Equipment. Rental Equipment may be replaced at no expense to Merchant if a defect in the Rental Equipment cause it to become inoperable through no fault of Merchant, its employees, agents or customers. If Rental Equipment is damaged due to the negligence or the willful acts or omissions of Merchants, its employees, agents or customers, Merchant will be charged by Heartland for any repairs. Merchant will be liable for the full cost of the Rental Equipment in the event the Rental Equipment is lost, destroyed or made inoperative. Merchant will indemnify Heartland against any loss or destruction of any Rental Equipment for any cause whatsoever, excepting the negligence of Heartland.

If applicable, Merchant shall pay the monthly rental price indicated on the order form, and such rental fees will be collected

monthly via an automatic ACH debit to Merchant's designated DDA Account and will be billed monthly including the last month in which Merchant processes transactions. Within thirty (30) days of the termination or expiration of the Agreement (the "Return Deadline"), all Rental Equipment must be returned to Heartland at Merchant's sole cost and expense. In addition, should Merchant discontinue processing bankcard Transactions with Heartland prior to the expiration of the term of the Agreement, it shall pay to Heartland an Equipment Agreement cancellation fee of \$100.00. If Rental Equipment malfunctions and Heartland issues replacement Rental Equipment, Merchant shall, within ten (10) days of receipt of the replacement Rental Equipment, ship the malfunctioning Rental Equipment to Heartland at Merchant's expense. If Merchant fails to so return the malfunctioning Equipment to Heartland, or if Merchant fails to return any Rental Equipment by the Return Deadline, Merchant shall be liable for the full replacement value of said Rental Equipment and for any costs incurred by Heartland in connection with recovery of the malfunctioning Equipment, and Merchant's designated Account will be debited for all amounts due Heartland for unreturned Rental Equipment.

#### II. Universal Terms:

- (a) Installation and Training: Heartland will program equipment for Authorization and appropriate draft capture. Heartland will ship the Equipment at Merchant's expense to Merchant's designated business Location ("Location") as set forth in the Merchant Application and Agreement. Heartland will provide Merchant with a reasonable number of Quick Reference Guides and/or User Guides, as applicable, to help Merchant install the Equipment. Heartland may amend the Quick Reference Guides and/or User Guides as applicable to the equipment functionality. Merchant agrees to comply with all applicable instructions as set forth in the Quick Reference Guides and/or User Guides when installing Equipment at the Location. Heartland shall provide additional training as Heartland may deem necessary or appropriate. When additional training is deemed to be necessary by Heartland, Merchant will cooperate with Heartland in scheduling its employees for training at mutually convenient times and in making its employees available at the time scheduled. Promptly after the completion of such training at any Location or immediately upon receipt of the Quick Reference Guides and/or User Guides when training is not deemed necessary by Heartland, Heartland shall commence providing the Services through the Equipment installed and connected at such Location, subject to the further terms and conditions of this Equipment Agreement. The obligations of Heartland under this Section II (a) shall not apply to Third Party Equipment except for Third Party Equipment that Heartland, in its sole discretion, elects to support.
- (b) Software: All Heartland Software provided in connection with the Equipment is licensed (not sold) to Merchant on a limited, non-transferable, non-exclusive basis for use by Merchant on the designated Equipment. This will be for Merchant's internal purposes only in conjunction with Heartland Services. Heartland Software is the sole and exclusive property of Heartland, including all applicable rights to patents, copyrights, trademarks and trade secrets and shall be held in confidence by Merchant. Merchant will not remove any Heartland designation mark from any supplied material.

Merchant agrees not to disassemble, decompile, reverse engineer or otherwise reduce the software to perceptible form. Merchant may not rent, lease, sub-license or transfer the software. Merchant may not use Heartland software for any purpose or in any manner outside this license. Heartland warrants that the software shall perform substantially in the manner set forth in the applicable Quick Reference Guide and/or User Guide ("Heartland Software Warranty"). Third party software is licensed or sub-licensed to Merchant under the terms, including without limitation the warranty terms, of the manufacturer's license and of this Equipment Agreement.

Software licensed on a subscription basis is warranted during the period the subscription is in full force and effect. Software licensed on a standalone basis that is not part of Equipment acquired from Heartland and for which a different warranty period is not expressly provided for in the documentation accompanying such software is warranted for ninety (90) days beginning on the date of shipment or download. Heartland does not offer refunds on Heartland software or software licensed or sublicensed by Heartland on behalf of a third party.

Should Heartland determine during the applicable warranty period that the software does not operate as warranted, Heartland will, at its option, replace or repair the software. In the case of third party software, the determination whether to replace or repair shall be made by the applicable third party software licensor.

Export Regulation. Merchant acknowledges that the Software acquired hereunder may include technical data subject to U.S. export control laws and regulations. Merchant shall not itself, or permit any other person or entity, to export, reexport or release, directly or indirectly, any Software or related documentation provided hereunder to any country, jurisdiction or person to which the export, re-export or release of same is prohibited by applicable law.

- <u>U.S. GOVERNMENT RESTRICTED RIGHTS.</u> The software and documentation are provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in applicable federal law.
- (c) \*\*\*Heartland Secure Breach Warranty: Heartland agrees to provide this limited warranty for the HEARTLAND SECURE devices.

If the warrantied HEARTLAND SECURE device fails to encrypt or prevent the unauthorized decryption of cardholder data on that particular device and that failure is proven to be a direct result of a defect or error in Heartland's proprietary software or hardware, Heartland will pay:

- (i) the amount of compliance fines, fees and/or assessments charged by the card brands, issuing bank or acquiring bank, and
- (ii) the amount charged for a directly related forensic audit conducted by a PCI-Certified Qualified Incident Response Assessor (QIRA) of Heartland's choice.

This warranty applies only if the Merchant is:

- (i) using a HEARTLAND SECURE device as identified on the HEARTLAND SECURE website: <a href="http://www.heartlandpaymentsystems.com/secure">http://www.heartlandpaymentsystems.com/secure</a> and the theft, conversion or unauthorized decryption is proven to be directly caused by the failure of the HEARTLAND SECURE device;
- (ii) a party to Heartland's Agreement;
- (iii) processing transactions through Heartland at the time the failure occurs; and
- (iv) in compliance with the terms of the Agreement. The Merchant must comply with all terms and conditions of any equipment agreement or warranty, and the merchant must implement all required updates and upgrades on the HEARTLAND SECURE device and allow access to the device immediately upon Heartland's request. The Merchant must provide access and information to Heartland and others regarding any claims made by Merchant under the warranty, including but not limited to, financial and/or forensic audits, inspections of facilities, equipment, infrastructure and/or documents. Payment obligations under this warranty will be entirely contingent upon a final finding by the QIRA that the HEARTLAND SECURE device failed to encrypt or prevent the unauthorized decryption of the Merchant's cardholder data on the HEARTLAND SECURE device.

#### (d) Additional Warranties and Limitations:

EXCEPT AS EXPRESSLY PROVIDED HEREIN HEARTLAND MAKES NO ADDITIONAL REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, BEYOND THOSE EXPRESSLY STATED HEREIN. HEARTLAND SPECIFICALLY DISCLAIMS WARRANTIES AS TO THE MERCHANTABILITY, CONDITION, DESIGN, OR COMPLIANCE WITH SPECIFICATIONS OR STANDARDS, AND EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR USE, OR NONINFRINGEMENT OF THIRD PARTY RIGHTS, WITH RESPECT TO ANY EQUIPMENT, SOFTWARE OR SERVICE. HEARTLAND DOES NOT WARRANT THAT THE EQUIPMENT, SERVICE OR SOFTWARE WILL OPERATE WITHOUT INTERRUPTION OR ON AN ERROR-FREE BASIS, AND EXCEPT AS OTHERWISE PROVIDED IN THE EXPRESS WARRANTIES MADE BY HEARTLAND IN THIS EQUIPMENT AGREEMENT THE EQUIPMENT AND SOFTWARE ARE PROVIDED "AS IS". HEARTLAND SHALL HAVE NO LIABILITY TO MERCHANT FOR INCIDENTAL, SPECIAL, CONSEQUENTIAL, INDIRECT OR EXEMPLARY DAMAGES, INCLUDING WITHOUT LIMITATION LOST PROFITS, REVENUES AND BUSINESS OPPORTUNITIES, OR DAMAGES FOR INJURY TO PERSON OR PROPERTY, ARISING OUT OF OR IN CONNECTION WITH THE USE BY MERCHANT OF ANY EQUIPMENT OR SERVICE.

For the avoidance of any doubt, any damages under the Secure Warranty Breach shall be subject to the limitation set out immediately above; provided, however, in accordance with the Agreement, there shall be no direct damages limitation on Merchant's recovery in relation to the Secure Warranty Breach as described and subject to the warranty language in II(c) above. Heartland's sole obligation with respect to a warranty claim received by Heartland during the applicable warranty period shall be to replace any malfunctioning equipment or software under warranty, provided however, that Merchant has first utilized Heartland's telephone assistance services and such assistance has not resolved the Equipment or Software problem. Equipment returned to Heartland as a Repair / Replacement must be in repairable order. Product warranties are not available for used PinPads or PinPad swaps.

In addition any PinPad swap must be of like equipment. Heartland will provide, or cause to be provided, telephone assistance in response to telephone inquiries, twenty-four (24) hours a day, seven (7) days a week, including holidays. These hours may be changed at any time, at Heartland's sole discretion.

Authorization Services typically will be available through installed or connected equipment continuously twenty-four (24) hours a day, seven (7) days a week, except that Services may be interrupted for usually no more than thirty (30) minutes in the aggregate between the hours of 12 midnight and 8 a.m. (CST) for the purpose of system maintenance. Provision of the Services may also be interrupted for reasons beyond the control of Heartland or any independent contractor utilized by Heartland in providing Services. Any extended warranty programs which may be offered by Heartland with respect to equipment or software, if any, shall be governed by the terms and conditions applicable to such extended warranty programs.

(e) Third Party Payment Services: Use of third party payment services is subject to the terms and conditions imposed by the third party service providers sponsoring or otherwise supporting such services ("Third Party Services Terms and Conditions"). Merchant agrees to comply with all applicable Third Party Services Terms and Conditions and should refer to the website of the applicable service provider and other documents provided by such service provider from time to time for the current terms and conditions. Merchant agrees to indemnify Heartland for any losses or liabilities arising from Merchant's breach of any Third Party Services Terms and Conditions. Also, in Heartland's reasonable discretion, such a breach by Merchant may be deemed by Heartland to be a breach of the Equipment Agreement and the Merchant Processing Agreement.

# City Council Memorandum Cultural Development Memo No. 24-012

**Date:** November 09, 2023 **To:** Mayor and Council

Joshua H. Wright, City Manager

Thru: Andy Bass, Deputy City Manager

Kim Moyers, Cultural Development Director

From: Hermelinda Llamas, Special Events Senior Program Manager

Subject: 2024-2029 Ostrich Festival License Agreement among the City of Chandler,

the Chandler Chamber of Commerce, and Steve LeVine Entertainment, LLC

# **Proposed Motion:**

Move City Council approve the 2024-2029 Amended and Restated Ostrich Festival License Agreement for Chandler Ostrich Festival among the City of Chandler, the Chandler Chamber of Commerce, and Steve LeVine Entertainment, LLC.

# **Background/Discussion**

The Chandler Chamber of Commerce has hosted the Ostrich Festival in the community for over 30 years. In 2018, the City of Chandler and the Chandler Chamber of Commerce entered into a four-year License Agreement to outline the City's in-kind contributions to the Ostrich Festival as well as the Chandler Chamber of Commerce's scope of services provided during the three-day weekend. The agreement was subsequently amended and renewed by the parties to continue the event through 2023.

After piloting the concept in 2022, the Chandler Chamber of Commerce has requested the ability to permanently add the option for a second weekend to the Ostrich Festival. A new, six-year License Agreement among the City of Chandler, the Chandler Chamber of Commerce and Steve Levine Entertainment (SLE) provides the option to host up to two festival weekends in March, deadlines for exercising that option, identifying future event dates, timelines, and responsibilities of the parties involved.

The City of Chandler annually budgets for in-kind services such as police, fire, and traffic management to assist the Ostrich Festival for one weekend of the event. Should the Chandler Chamber of Commerce choose to exercise its right to host a second weekend, expenses traditionally covered through these in-kind services will be paid for by the Chandler Chamber of Commerce and SLE. The proposed new agreement also adds language regarding parking arrangements as the site of the Ostrich Festival, Tumbleweed Park, continues to develop, as well as outlines the benefits the event provides to the community.

Shuttles must begin to run one hour before Festival opening and continue running until one hour after Festival closing times, and shuttle service must arrive at the designated pick-up locations at least every quarter hour or the agreed upon posted times by both parties. The Chamber and SLE must provide to the City a detailed parking plan at least three months in advance of each Festival showing how the anticipated parking needs for the Festival will be accommodated, including i) the locations of off-site parking facilities and all pick-up and drop-off locations and times, and ii) the model, rider capacity, and number of shuttles that will be used.

The City reserves the right in the interests of the protection of the public's health, safety, and welfare to prohibit or shut down activities not set forth in this License and in compliance with the submitted information. ## **SECTION 3: INSURANCE**

### 3.1 Insurance.

- a. No later than sixty (60) days prior to the set-up dates set forth in Section 1.3(a-f) SLE and the Chamber shall furnish City a certificate of insurance on a standard insurance industry ACORD form. The ACORD form must be issued by an insurance company authorized to transact business in the State of Arizona possessing a current A.M. Best, Inc. rating of A-7 or better and legally authorized to do business in the State of Arizona, with policies and forms satisfactory to the City. Provided, however, the A.M. Best rating requirement shall not apply to required workers' compensation coverage.
- b. SLE and the Chamber shall procure and maintain, until all of their obligations have been discharged, including any warranty periods under this License, the insurance set forth below.
- c. The insurance requirements set forth below are minimum requirements for this License and in no way limit the indemnity covenants contained in this License.
- d. The City in no way warrants that the minimum insurance limits contained in this License are sufficient to protect SLE and the Chamber from liabilities that might arise out of the performance of activities under this License by SLE, its agents, representatives, employees, or subcontractors, and SLE is free to purchase any additional insurance as it may determine necessary.
- e. Failure to demand evidence of full compliance with the insurance requirements in this License or failure to identify any insurance deficiency will not relieve SLE and the Chamber from, nor will it be considered a waiver of their obligation to maintain the required insurance at all times during the performance of this License.
- f. Use of Subcontractors: If any work is subcontracted in any way, SLE and the Chamber shall execute a written agreement with subcontractor containing the same indemnification clause and insurance requirements as the City requires of the Chamber and SLE in this License, except subcontractors' requirements for commercial liability insurance shall be a limit of not less than One Million Dollars (\$1,000,000) for each occurrence, Two Million Dollars (\$2,000,000)

aggregate, with coverage for death, personal injury, property damage, operations, independent contractors, products, completed operations, and advertising injury. Unless a subcontractor is providing alcoholic beverages during the Festival, such subcontractor shall not have to provide liquor liability coverage. SLE and the Chamber are responsible for executing the written agreement with the subcontractor, obtaining certificates of insurance, and verifying that the subcontractor meets the insurance requirements.

- 3.2 <u>Minimum Scope and Limits of Insurance</u>. SLE and the Chamber shall provide coverage with limits of liability not less than those stated below.
  - a. Commercial General Liability-Occurrence Form. SLE and the Chamber must maintain "occurrence" form commercial general liability insurance with a limit of not less than Five Million Dollars (\$5,000,000) for each occurrence, Six Million Dollars (\$6,000,000) aggregate, with coverage for death, personal injury, property damage, operations, independent contractors, products, completed operations, and advertising injury. If any excess insurance is utilized to fulfill the requirements of this paragraph, the excess insurance must be "follow form" equal or broader in coverage scope than underlying insurance.
    - i. Liquor Liability Coverage. In addition, SLE and the Chamber must maintain liquor liability coverage either through a separate policy or a special endorsement upon the commercial general liability policy described above. Such coverage shall be in a minimum amount of Five Million Dollars (\$5,000,000) per occurrence for the contract year.
  - b. Automobile Liability Any Auto or Owned, Hired, and Non-Owned Vehicles Vehicle Liability: SLE and the Chamber must maintain business/automobile liability insurance with a limit of One Million Dollars (\$1,000,000) for each accident on SLE or Chamber-owned, hired, and non-owned vehicles assigned to or used in the performance of SLE's or the Chamber's work or services under this License. If any excess or umbrella insurance is utilized to fulfill the requirements of this paragraph, the excess or umbrella insurance must be "follow form" equal or broader in coverage scope than underlying insurance.
  - c. Workers Compensation and Employers Liability Insurance: SLE and the Chamber must maintain Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction of SLE and Chamber employees engaged in the performance of work or services under this License and must also maintain employers' liability insurance of not less than One Hundred Thousand Dollars (\$100,000) for each accident, One Hundred Thousand (\$100,000) disease for each employee and Five Hundred Thousand (\$500,000) disease policy limit.
- 3.3 Additional Policy Provisions Required.
  - a. Self-Insured Retentions and Deductibles. Any self-insured retentions and deductibles must be declared and approved by the City. If not approved, the City

may require that the insurer reduce or eliminate any deductible or self-insured retentions with respect to the City, its officers, officials, agents, employees, and volunteers.

- b. City as Additional Insured. The policies described above are to contain, or be endorsed to contain, the following provisions:
  - i. The commercial general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions: the City, its officers, officials, agents, volunteers, and employees are additional insureds with respect to liability arising out of activities performed by, or on behalf of, including the City's general supervision of, products and completed operations of, and automobiles owned, leased, hired, or borrowed by.
  - ii. Insurance must contain broad form contractual liability coverage and must not exclude liability arising out of explosion, collapse, or underground property damage hazards ("XCU") coverage.
  - iii. The City, its officers, officials, agents, volunteers, and employees must be additional insureds to the full limits of liability purchased by SLE or the Chamber, even if those limits of liability are in excess of those required by this License.
  - iv. SLE and the Chamber's insurance coverage must be primary insurance with respect to the City, its officers, officials, agents, volunteers, and employees. Any insurance or self-insurance maintained by the City, its officers, officials, agents, volunteers, and employees shall be in excess of the coverage provided by SLE and the Chamber and must not contribute to it.
  - v. SLE and the Chamber's insurance must apply separately to each insured against whom claim is made, or suit is brought, except with respect to the limits of the insurer's liability.
  - vi. Coverage provided by SLE and the Chamber must not be limited to the liability assumed under the indemnification provisions of this License.
  - vii. The policies must contain a waiver of subrogation against the City, its officers, officials, agents, volunteers, and employees for losses arising from work performed by SLE and/or the Chamber for the City.
  - viii. If a certificate of insurance is submitted as verification of coverage, the City will reasonably rely upon the certificate of insurance as evidence of coverage, but this acceptance and reliance will not waive or alter in any way the insurance requirements or obligations of this License. If any of the required policies expire during the life of this License, SLE and the Chamber must forward renewal or replacement certificates to the City within ten (10) days after the renewal date containing all the necessary insurance provisions.
  - ix. All certificates must include a thirty (30)-day advance notice of cancellation provision. If the ACORD Certificate of Insurance form is used, the phrases in the cancellation provision "endeavor to" and "but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives" must be deleted. Certificate forms other than the ACORD form must have similar restrictive language deleted.

- 1. SLE and the Chamber shall provide evidence of such certificates of insurance and coverage by submitting such evidence to the City no later than sixty (60) days prior to the Festival set up dates set forth in Section 1.3(a-f) for each annual Festival in a form acceptable to the City.
- 2. SLE and the Chamber agree to obtain and keep in full force and effect the insurance coverage required herein from:
  - a. 2024: March 3, 2024, at least and until March 20, 2024, for the 2024 Ostrich Festival:
  - b. 2025: March 9, 2025, at least and until March 26, 2025, for the 2025 Ostrich Festival;
  - c. 2026: March 8, 2026, at least and until March 25, 2026, for the 2020 Ostrich Festival;
  - d. 2027: March 7, 2027, at least and until March 24, 2027, for the 2027 Ostrich Festival
  - e. 2028: March 5, 2028, at least and until March 22, 2028, for the 2028 Ostrich Festival.
  - f. 2029: March 4, 2029, at least and until March 21, 2029, for the 2029 Ostrich Festival.
- 3.4 The City reserves the right at its sole discretion to change any of the insurance provisions of this License as set forth in this Section 3 of the License prior to every annual Ostrich Festival.
- 3.5 The Chamber will provide the City a comprehensive list of community benefits no later than 60 days after the last day of the Ostrich Festival each year. Refer to Exhibit C for a list of benefits that may be included, but not limited to, each year.

In no event shall

the City be liable for any indirect, consequential, or incidental damages or lost profits arising out of this License.

## **SECTION 5: COMPLIANCE WITH LAWS, POLICIES AND PROCEDURES**

Once the City has received Exhibit B and agreed to the events in writing, no events, rides, performances, or anything of the like shall be allowed thereafter unless agreed to in writing by the Parties and incorporated herein. Any effort to provide such entertainment shall not be allowed, and the City will invoke its authority to shut down the entertainment or activity.
- 5.4 <u>Non-Discrimination</u>. The Chamber and SLE, in their use of the Park and Event Area, shall not discriminate against any person, entity, or group because of age, race, sex, creed, color, religion, or national origin, nor otherwise commit an unfair employment practice. The Chamber and SLE shall comply with the Americans with Disabilities Act.
- 5.5 <u>Drug-Free Work Program</u>. The Chamber and SLE are hereby advised that the City has adopted a policy establishing a drug-free workplace for itself and as a requirement for sellers-contractors doing business with the City to ensure the safety and health of employees working on City license agreements, contracts, and/or projects. Failure of the Chamber or SLE to require a drug-free workplace in accordance with the City's policy may result in termination of this License.

# **SECTION 6: GENERAL CONDITIONS**

The City shall have no liability for any costs, expenses, or other liability incurred by the Chamber or SLE as a result of such force majeure event.

- 6.2 <u>Entire Agreement: Amendments.</u> This License, any exhibits to this License, and the City's charter, code, policies, procedures, and regulations constitute the entire agreement of the Parties with respect to the subject matter hereof and except as otherwise specified in this License, all prior and contemporaneous agreements, representations, negotiations, and understandings of the Parties are superseded by and merged into this License. Any modifications, additions, or other amendments to this License must be in writing and signed by the Parties.

Any assignment, transfer, pledge, or mortgage of this License by the Chamber or SLE or by operation of law in violation of this Section 6.3 shall be void.
- 6.4 <u>Attorney's Fees</u>. In the event any action at law or equity shall be instituted between the Parties in connection with this License, the Party prevailing in such action shall be paid from the other Party all of its costs, including reasonable attorney's fees and court costs.

- 6.9 <u>No Third-Party Beneficiaries</u>. The City, SLE, and the Chamber acknowledge and agree that the terms, provisions, and conditions hereof are for the sole benefit of, and may be enforceable solely by, the Parties. No third-party beneficiaries are intended to be created under this License.
- 6.10 <u>Severability</u>. If any provision of this License is declared invalid, illegal, or unenforceable, that provision shall be severed from the License, and the remaining provisions shall otherwise remain in full force and effect to the fullest extent permissible by law, except if the remaining portions of the License do not provide one or both of the Parties with the essential consideration for entering into this License.

Subject: Purchase of tree grates and landscape fencing to be located along Arizona

**Avenue** 

# **Proposed Motion:**

Move City Council approve the purchase of tree grates and landscape fencing to be located along Arizona Avenue, from Iron Age Designs, in the amount of \$205,539.

# **Background/Discussion:**

As part of planned improvements in Downtown Chandler, tree grates will be added to the planter beds along Arizona Avenue to enhance this highly visible corridor. The city previously installed tree grates in 2010 and 2018 to various areas of downtown, and this purchase will finish the goal of every downtown planter bed having a tree grate. This project will add 54 tree grates, as well as 544 linear feet of landscape fencing, on both sides of Arizona Avenue between Boston Street and Buffalo Street. Additionally, this project will add tree grates and landscape fencing on the west side of Arizona Avenue from Buffalo Street to Chandler Boulevard. Installing tree grates and landscape fencing will increase the safety of pedestrians walking along the sidewalks and allow for additional plantings and placemaking initiatives identifying the downtown area.

# **Evaluation:**

Iron Age Designs has fabricated the new tree grates that were previously installed along Arizona Avenue. To ensure consistency of product, as well as avoid the additional cost associated with the setup of the city's design for fabrication by a different vendor, staff recommends the competition impracticable purchase of the Arizona Avenue tree grates and landscape fencing from Iron Age Designs.

generally located 1/2 mile north of the northwest corner of McClintock Drive

and Chandler Boulevard.

**Location:** 4100 W Galveston st., generally located 1/2 mile north of the northwest

### **Proposed Motion:**

Move City Council introduce and tentatively adopt Ordinance No. 5072 approving Rezoning PLH23-0035 Galveston Commercial, amending existing PAD zoning to allow medical office uses, subject to the conditions as recommended by Planning and Zoning Commission.

### **Background Data:**

- The subject site is currently zoned Planned Area Development (PAD) for light industrial uses such as general office and research and development.
- Per the current zoning, medical office uses are not permitted.
- A PAD amendment is required to allow for medical uses.

### **Surrounding Land Use Data:**

North Single Family Residential	South Galveston St., then vacant
	parcel

East	McClintock Dr., then Single Family	West	Commercial building
	Residential		

### **General Plan and Area Plan Designations:**

The subject site has a General Plan Designation of Employment.

### **Proposed Development**

Building Total	85,000 Square Feet
Suite 1	42,800 Square Feet
Suite 2	26,000 Square Feet
Suite 3	17,000 Square Feet
Parking Provided	520 Spaces
Parking Required	459 Spaces

### **Review and Recommendation**

The property was zoned PAD for light industrial uses, such as general office and research and development, in 1988 through zoning case Z88-018 as part of a larger development called Chandler Corporate Center. For this portion of the development, medical office was not a permitted use. The current request is to amend the PAD to allow for medical office use.

Staff finds that the proposed medical office use is acceptable upon demonstrating that the use does not generate a parking demand that exceeds the number of parking spaces on site. Section 35-1804 of the City of Chandler's parking regulations dictates that medical office uses should be parked at one (1) space per one hundred fifty (150) square feet and general office at one (1) space per two hundred fifty (250) square feet. The parking calculations with medical office yields a parking requirement of 459 parking spaces. There are currently 520 parking spaces provided on site.

The existing tenant in the neighboring westernmost suite of the building had some concerns about parking, regarding which this tenant and the applicant discussed adding new signage and striping the parking spots that will be designated for the aforementioned suite.

No changes are proposed to the site other than designating parking spaces for the adjacent suite. A copy of the Chandler Corporate Center II preliminary development plan booklet (approved in 2013) is attached for reference only, as it will continue to regulate development within the proposed amended PAD. A copy

of the current PAD, adopted via Ordinance No. 1968, is also attached for reference. Planning staff has reviewed the request and finds it to be consistent with the General Plan and Zoning Code regulations.

### **Public / Neighborhood Notification**

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting was held on August 30, 2023. There was one neighbor in attendance in addition to staff and the applicant.
- As of the writing of this memo, Planning staff is aware of the concerns of the tenants of the neighboring suite, but is not aware of any opposition to the request.

### **Planning and Zoning Commission Vote Report**

Planning and Zoning Commission meeting October 18, 2023 Motion to Approve

In Favor: 5 Opposed: 0 Absent: 2

### **Recommended Conditions of Approval**

Planning and Zoning Commission recommends the City Council approval of amending the PAD to allow for Medical Office uses, subject to the following conditions:

- 1. Development shall be in substantial conformance with exhibits and representations entitled "Chandler Corporate Center II" kept on file in the City of Chandler's Planning Division, in file No. PDP13-0017, modified by such conditions included at the time the exhibits were approved by the City Council and/or as thereafter amended, modified or supplemented by the City Council.
- 2. Uses permitted shall be limited to light industrial such as but not limited to general offices and research and development. Additionally, medical office uses shall be permitted provided they do not exceed 43,000 square feet.
- 3. All employees and clients shall park on-site.
- 4. The site shall be maintained in a clean and orderly manner.

## Introduction

The property is approximately 100 acres located at the northwest corner of McClintock Drive and Chandler Boulevard in the City of Chandler ("Property"). This is to request approval of a Preliminary Development Plan (PDP) on the approximate 75 acre portion of the property north and west of the existing Juniper Drive and Erie Street alignment. PDP(s) for the remaining approximate 25 acres will be submitted at a later date.

This PDP will establish the site plan, development standards and development guidelines for the property. The site plan(s) contained herein are conceptual only; the development shall be in conformance with the development intensity chart on page 7. The building elevations contained herein are typical office and typical employment/industrial buildings and are intended to establish a level of quality and guidelines for future review of building plans by City Staff.

The zoning for the property approved in Case No. Z-88-018, and as set forth in Ordinance No. 1968, is now vested and final. The PDP submitted with this application is in substantial conformance with the stipulations set forth in Ordinance No. 1968.

This PDP is enhanced and superior to the current PDP on this property approved by the City Council on December 14, 2000. This PDP has less square footage and will therefore generate less traffic. In addition, the general sizes of the building footprints have been reduced in this PDP. The two-story building at the SWC of Desert Breeze Boulevard and McClintock Drive has been eliminated and replaced with a two-story office building at the far west portion of the property, adjacent to the park. All of the other buildings on the south frontage of Desert Breeze Boulevard (directly south of the existing single-family subdivision) will now be limited to one-story. Finally, all of the key elements of the current PDP have been retained and/or enhanced: (i) There is no vehicular access to Desert Breeze Boulevard; (ii) the 50' wide landscape setback along the south side of Desert Breeze Boulevard will be dedicated to the City as a lineal park to provide a connection between

McClintock Drive and Desert Breeze Park; (iii) entry way features shall be maintained and/or expanded upon, and (iv) landscape areas are designed and distributed throughout the property to provide a corporate setting and unified theme.

The intent of this document is to set forth and establish a Preliminary Development Plan (PDP) and development guidelines. Plans for individual buildings within the project shall be reviewed and approved administratively by staff.

It is anticipated that the first phase will include a Class A office building for MediServe Information Systems. MediServe has been a pioneer in clinical information systems for key departments of healthcare organizations since 1985 - creating solutions that provide both clinical and business impact for ancillary departments. The MediServe office building will set a standard for future development.

## Landscape Design Standards

#### **OVERVIEW**

The Chandler Corporate Center landscape theme is intended to contribute to a continuity of design for this mixed use project.

The interior streetscape theme which is required for properties fronting the arterial streets and interior roads also provides a sense of community through creating a shaded street and sidewalk.

The project shall have a lush desert appearance all year round using drought tolerant plant material combined with minimal use of turf areas. Utilize only those plants on the "Low Water Use Plant List".

Turf shall not exceed 10% of total landscape areas or each individual development.

At a minimum of 3 years growth, no non-turf areas shall have ground areas not covered by shrub and on-ground cover areas that exceed 7 square feet between plant materials.

The use of seasonal color is encouraged at main building areas.

## A. APPROVED PLANT SELECTION

The following is a preliminary approved plant list composed of plant materials that have low water requirements. It is the intent of the guidelines to present a consistent selection of plant materials throughout the entire development. Additional plant material may be considered on a case by case basis.

The use of large non-vegetated areas is not permitted. In landscape areas where turf is not used, a minimum of 50% of the total area must be planted with shrubs and vegetative ground covers.

#### Housing

Rugged extruded 6063 T6 aluminum Min 0.080" (2mm) max 0.410" (10mm) incorporating precision, internally welded with clamp joint construction. Extruded aluminum heavy wall yoke incorporating circular revels to allow light passage reducing 'ground shadowing'. Aerodynamic profile reduces wind loading cross-section. Unique 'positive lift' design transposes lateral loading and pole sway with ecifi upward 'lift', much like the wing on an aircraft.

High performance highly polished specular grade aluminum multi-stage optics are segmented, multifaceted and rotatable in 90 degree increments. Elimiator reflectors utilize horizontal lamp positions and are designed to minimize light output directly below the luminaire at low mounting neights. IES distributions available are Type: V, III, FF

#### Lens / Frame

6063 T6 clear anodized extruded aluminum. Servicing made easy with a hinged tool-less entry tempered glass lens fully gasketted and accessed below the luminaire Flat tempered safety glass encased with EPDM gasket is standard. Sag bubble glass is optional.

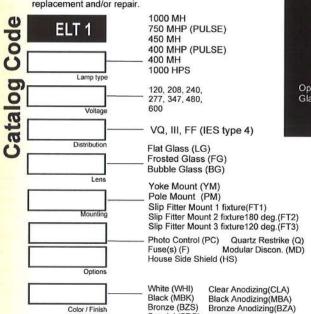

#### Electrical

High power factor ballasts rated to -30°C (-20°F). 4 KV rated mogul base lamp holders are utilized for all reflector types.

For long life, oven baked polyester powder coatings utilizing muti stage pre-treatment are supplied as standard. Hard color anodizing is optional

Features / Construction Eliminator 1000watt - Aerodynamic - High Performance - HID Cut-Off Luminaire

- Extruded aluminum construction offered in a wide variety of colors and unmatched ultra-tuff hard color anodized finishes.
- Servicing made easy with a hinged tool-less entry tempered alass lens fully gasketted and accessed below the luminaire. The low mounting height will eliminate the need for long reach equipment.
- High performance multi-stage stepped optics are engineered to remove the 'Hot Spot' and to maximize uniformity at a never before 30' mounting height. The Eliminator will reduce the number of luminaires and poles required on your project significantly.

 Outstanding aerodynamic properties (0.97 EPA.) combined with low mounting heights will eliminate the need for heavyduty poles for any high wind or coastal environments.

## Pappi's Theory of Realitivity

**High Pressure Zone** 

As Wind speed increases the low pressure zone generated by the Eliminators positive lift body design expands exponentially. Normal lateral loading (pole sway) is reduced by the luminaire's unique ability.

IX. Signage

# Signage Design Standards

## **OVERVIEW**

Chandler Corporate Center signage has been developed to create an integrated graphic system that will provide standards for individual business identification and the Chandler Corporate Center.

Along with architecture and landscaping, signage and graphics for Chandler Corporate Center integrate the overall scheme of the Center through the promotion of the project through consistency, quality and fairness while being responsive to the adjacent residential neighborhoods. The signage system provides information and directs users and visitors in the development.

## SIGN STANDARDS

The sign standards are to be used by each Owner of all parcels/projects and buildings within Chandler Corporate Center.

These sign standards describe approaches to be used in developing a sign program for each site. All signs shall conform to the Chandler Sign Ordinance. Any sign which bears the Chandler Corporate Center name and/ or logo shall conform to the established logo standards.

Sign standards are for all Owners and tenants at Chandler Corporate Center, and are intended to allow for a strong marketing image, the creation of a related community of buildings and facilities, and contribute to the vitality and value of the entire Chandler Corporate Center

For each development/project within Chandler Corporate Center, wall/building signage shall be approved by staff as part of the Final Development Approval, and shall be in compliance with the City of Chandler sign standards.

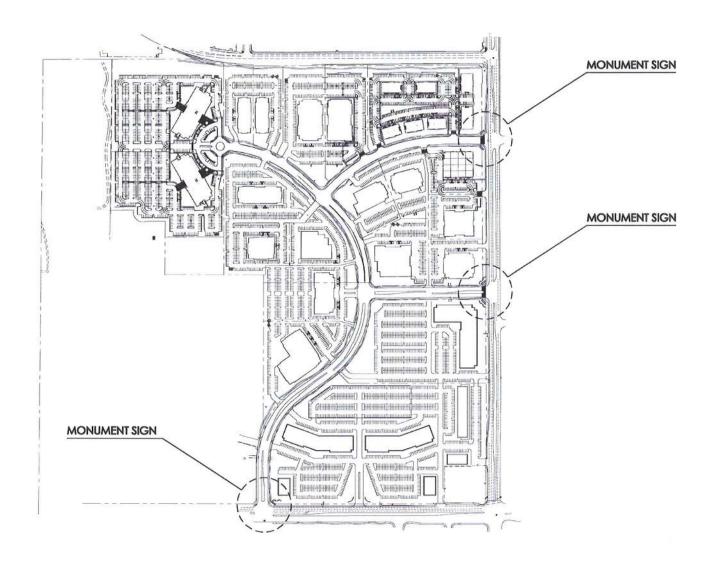

#### PROJECT SIGN TYPES

Each Owner is responsible for all signs on site which shall be built, installed and maintained by the Owner as part of their improvements. Signage for the common areas, project identity and individual tenant standards have been created in the following categories:

Chandler Corporate Center Project ID Onsite Center Directory/Directionals Parcel Tenant Freestanding Identification **Traffic Directionals** Regulatory Signs **Building/Tenant Signage Building Addressing** 

On site directory/directional and parcel/tenant freestanding identification signage to be reviewed and approved administratively by staff at time of individual plan application.

#### TYPICAL SIGN LOCATIONS

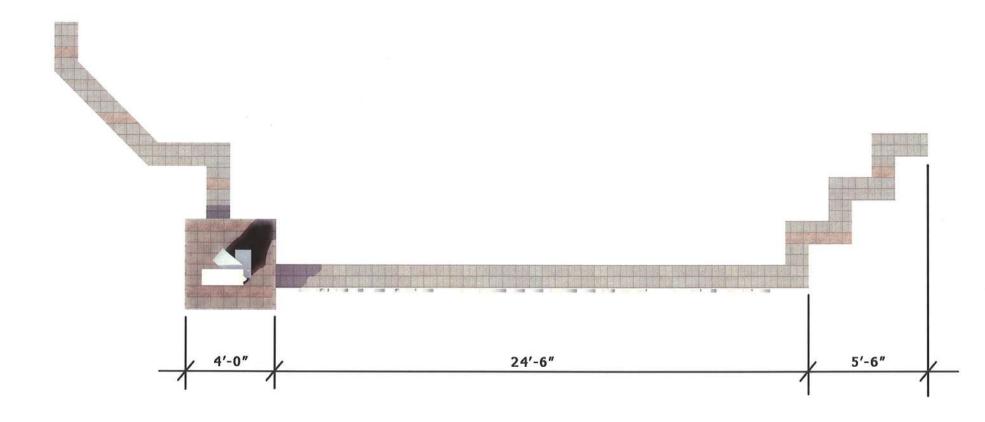

## MAIN PROJECT IDENTIFICATION

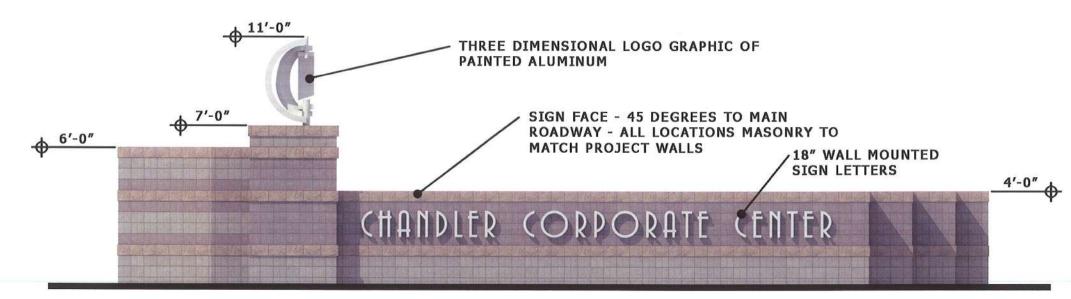

These signs have been designed to create a sense of entry at the major entry points to the center located at McClintock and Erie, both entries along Desert Breeze and along the south at Chandler Boulevard and Juniper Road. The project entry signage will be incorporated into the entry theme walls and landscape concepts, utilizing contemporary design elements and compatible materials of masonry block, and dimensional aluminum fabricated graphics.

The logo and lettering for the identity is constructed of dimension and flat cut out aluminum with finishes and colors to accentuate and complement the architectural color palettes.

The project's logo is finished in painted aluminum (colors TBD) in a three dimensional form which will be accented by ground mounted illumination fixtures. The lighting fixtures will highlight the lettering as well as the landscaping.

#### MONUMENT SIGN ENTRY WALL

## ON-SITE DIRECTORY/DIRECTIONAL SIGNS

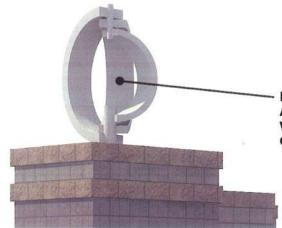

Directory/directional signs have been designed to be utilized along the interior roads of the project to assist in directing to projects and major tenants located within.

These signs shall have a consistent look and design to help tie the project together. The Chandler Corporate Center logo and project lettering will be used along the top of each sign. A consistent letterstyle, Arial Bold, will be used to identify all projects and/or buildings identified by a major tenant. This will then be used on the identification signs for the individual projects.

Signs shall be no more than forty (40) square feet in area and eight (8) feet tall. Where applicable, both sides of the elements will be utilized for directional information and could have up to two (2) tenant panels.

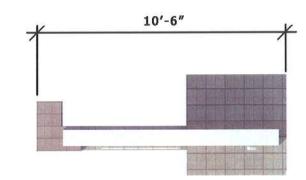

The Chandler Corporate Center project logo will be used on each element in a size that is proportional to the sign face.

#### MONUMENT SIGN DETAILS

## PARCEL/TENANT FREESTANDING **IDENTIFICATION SIGNS**

Each parcel will be allowed a minimum of one (1) ground sign along each interior road it abuts, to identify the name of the project and multi-tenant building, or the name of its sole tenant. Signs must conform to the following criteria:

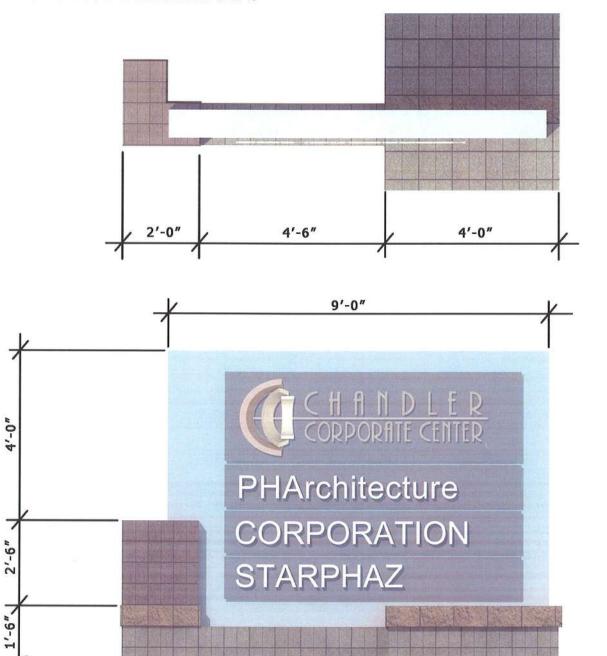

- Where the parcel has an excess of three hundred (300) feet of frontage, one (1) additional monument sign will be allowed for a total of two (2) signs per street.
- Maximum square footage shall never exceed four hundred and fifty (450) for all detached ground signs for any project.
- Content of ground signs may contain no more than two (2) tenants and may also contain a generic name of the project. If more that one sign per street front is allowed, it may contain two different tenant names than the first.

- Location: parallel or perpendicular to the street; conforming to setback requirements per City of Chandler ordinances.
- Illumination: sign base and cabinet to be ground illuminated with landscape fixtures hidden from view by landscaping features.

## FREESTANDING IDENTIFICATION SIGNS

## TRAFFIC DIRECTIONALS

These signs are upgraded from the standard DOT type u-channel and sheet metal signs through use of custom panels, backgrounds and colors. However, the signage panels will be standard DOT colors, shapes and sizes so there is no confusion to traffic regulatory information.

Custom colors will be used on the post and panel system for signs in all public right-of-ways as shown.

## **Directionals**

XIV. Amendments

# Intensity & Lot Use Amendment (Approved PDP Page 7 and 8)

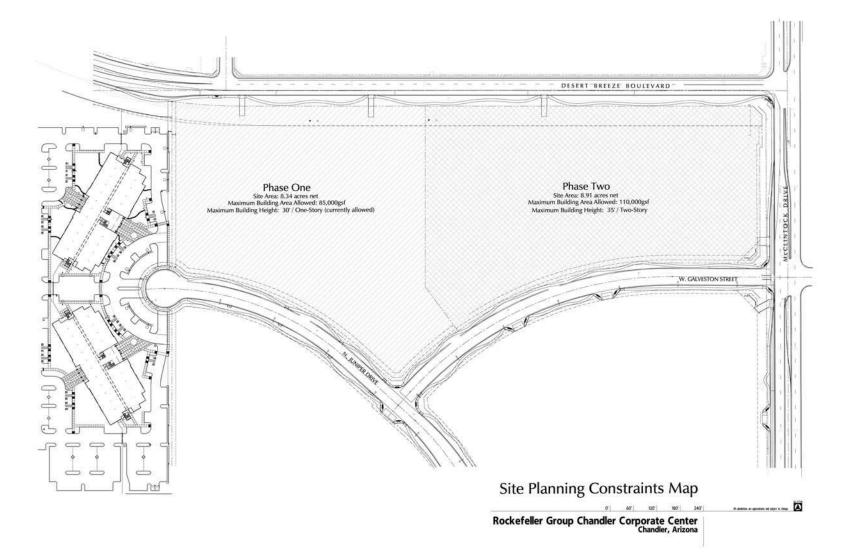

This proposed amendment to the approved 'Chandler Corporate Center' PDP (prepared by PHArchitecture, dated December 15th 2005) is designed to allow for a flexible framework for site planning of the remaining 17.25 acres (approximate) located at the northwest corner of McClintock Drive and Galveston Street (Parcels B and C in the approved PDP). The existing approved site planning criteria for this portion of 'Chandler Corporate Center' limits the maximum building size to 72,000 square feet and to 30' / one story maximum building height on Parcel B and maximum building size to 35,000 square feet and to 30' / one story maximum building height on Parcel C (See Page 8 of approved PDP).

The proposed amendment would create two site plan restriction zones, an 8.34 acre parcel on the western portion of the property, and an 8.91 acre parcel on the eastern portion of the property (Phase One and Phase Two, respectfully, on the attached 'Site Planning Constraints Map'). The Phase One portion of the property would allow for a maximum building size of 85,000 square feet with a maximum building height of 30' / one story, a building height which by right exists in the PDP. The Phase Two portion of the property would allow for a maximum building size of 110,000 square feet (in one or more buildings) with a five (5) foot increase to a maximum building height of 35' / two stories. Any two story building would be 100% office use and be located at the most southeastern corner of this parcel. Upon approval of this PDP amendment, all final development plans shall be reviewed and approved by the City of Chandler's planning staff. Depending on market demand, there may be slight changes to the western and eastern parcel sizes to accommodate parking.

(Approved PDP Page 21)

In cases where mature perimeter lot landscaping exists and/or existing property line walls providing sufficient screening and meeting the intent of parking lot screening in the City of Chandler ordinance, the planner and design professional shall have the option to maintain the landscaping rather than providing a screen wall.

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Andy Bass, Deputy City Manager

Micah Miranda, Development Services Acting Director

Louis Kneip, Development Engineering Manager

Ryan Peters, Strategic Initiatives Director

From: Dennis Aust, Telecommunications and Utility Franchise Manager

**Subject:** Adoption of Resolution No. 5750, Authorizing a License Agreement between

Ubiquity Arizona, LLC, and the City of Chandler for the Use of Public Property

for the Establishment of Class 4 and Class 5 Communications Systems

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5750, authorizing the Mayor to execute the license agreement between Ubiquity Arizona, LLC, and the City of Chandler for the use of facilities in the City's rights-of-way and public places to establish Class 4 and Class 5 Communications Systems, and authorizing the City Manager or designee to execute other documents as needed to give effect to the agreement.

## **Background:**

Ubiquity has filed an application with the city to install, operate and maintain an underground fiber optic communications system that may provide both Class 4 (lit fiber/active services) and Class 5 non-telecommunications services (dark fiber/internet services). The agreement provides terms for both services and is similar to agreements the city has with other providers. This item is for a five-year nonexclusive agreement. Ubiquity's build plan includes building fiber-to-the-home throughout the majority of Chandler neighborhoods within five years.

# **Financial Implications:**

The city has received a \$3,000 application fee to cover the city's cost for the processing of this application. A transaction privilege tax of 2.75% will be paid on any non-interstate telecommunications services (Class 4). Fiber that is not exempted by federal or state law and is used for non-telecommunications services (Class 5) is subject to an annual \$2.55 per linear foot fee as prescribed by the City's Fee Schedule capped at a maximum of 2% of Ubiquity's gross revenues for services provided within the City of Chandler.

#### **SECTION 2. PERMISSION GRANTED**

- 2.1. <u>Grant.</u> Subject to the provisions of this License, the Chandler City Charter, the Chandler City Code, and Arizona and federal law, the City grants to Licensee nonexclusive and revocable rights and nonexclusive and revocable privileges as set forth in this License to construct, install, operate, and maintain its System in the Public Rights-of-Way and on other City-owned property.
  - 2.1.1 At any time during the term of this License, Licensee may apply to the City for encroachment permits that set forth the specific location of Licensee's System, fees (if any) for the specific location, and other terms and conditions. The City may approve, deny, or conditionally approve Licensee's encroachment permit application based on the following but not exclusive reasons: (i) availability of space at the location sought by Licensee; (ii) public health, safety, and welfare; and (iii) other considerations in accordance with the City Code, applicable construction regulations, and other applicable law.
  - 2.1.2 Subject to the permission of the affected property owner, this License also authorizes Licensee to place its System on property owned by third parties, such as an electric utility company or other private property owners. Provided: however, the System installed or constructed by Licensee on the private property satisfies applicable Rights-of-Way Construction regulations and is installed underground in accordance with applicable law including Section 47-4 of the Chandler City Code. Upon request from the City, Licensee must promptly furnish to the City documentation of the third party's permission. By executing this License, the City does not waive any rights that City may have against any public utility or other third party to require such owners to obtain the City's prior approval for such uses of their property or facilities, or that revenues received by any public utility or other property owner from Licensee be included in the computation of the use fees owed by such parties to the City. Nothing contained in this paragraph or in this License authorizes Licensee to enter into an agreement with any third party that results in new aerial attachments or aerial overlash of existing plant whether owned or leased from a third party. Licensee's attachment of facilities or equipment must be accomplished through existing infrastructure and which results in no aerial overlash of existing infrastructure.
  - 2.1.3 No component or part of Licensee's System may be installed, constructed, located on, or attached to any property within the City until Licensee has applied for and received approval for an encroachment permit under Chapter 46 of the Chandler City Code. Additionally, Licensee must comply with all other provisions of the Chandler City Code including, but not limited to, Chapter 35 related to zoning, Chapter 47 related to off-site construction, and other applicable City regulations.

Any right or privilege claimed under this License by Licensee for any use in the Public Rights-of-Way and on other City-owned property is subordinate to any City prior or subsequent lawful occupancy or use or any other governmental entity and is subordinate to any prior easements. Provided; however, nothing in this License extinguishes or otherwise interferes with the Parties' property rights established independently of this License.

2.1.4 Nothing in this License will be construed to prevent the City from abandoning, altering, improving, repairing, or maintaining the City's facilities in the Public Rights-of-Way, and for any or more of such purposes or any other lawful purpose requiring Licensee, at Licensee's expense and no expense to the City, to remove, relocate, or abandon in place Licensee's System to accommodate the City's projects and activities. The City will not be liable for Licensee's lost revenues, however caused, due to any City activity or project in the Public Rights-of-Way, when such costs or lost revenues result from the construction, operation, or maintenance of City facilities and any other lawful project or activity in the Public Rights-of-Way. Provided; however, the City's activities and projects that result in such costs or lost revenues to Licensee are conducted in accordance with applicable laws and regulations.

#### 2.2 Description of the Services, System, and its Construction.

- 2.2.1 Licensee uses its System to provide Communication Services, including a high-speed fiber-to-the-home ("FTTH") network offering broadband internet to residential and commercial customers throughout the City of Chandler. Licensee represents and warrants that Licensee does not provide services that are considered multichannel video programming services, video services provided by an open video system, cable television, or video services.
- 2.2.2 Licensee acknowledges, represents, warrants, and agrees that: (i) if a CC&N or other authorization is required by law for certain services, Licensee agrees that it will not provide these services under this License until Licensee receives the proper authorization; (ii) if Licensee obtains a CC&N or other legal authorization during the term of this License, Licensee will furnish a copy of any legal authorization to City as provided in this License within 30 days of receipt; and (iii) Licensee will indemnify, defend, save, and hold harmless the City as provided in this License and assume all liability and risk for Licensee's failure to possess the proper legal authorization to provide some or all of the services under this License.
- 2.2.3 As part of Licensee's authorized System, Licensee may install empty conduit and dark fiber within the Public Rights-of-Way or on other City-owned property.
- 2.2.4 Licensee must obtain the proper and necessary encroachment permit before Licensee begins any work or construction in the Public Rights-of-Way or on other City-owned property.
- 2.2.5 Unless otherwise required by applicable law, Licensee's must install and construct Licensee's System underground by trenching or boring conduit along with surface mounted hand holes for access to the fiber for splicing. This license permits Licensee's construction of its System within the Public Rights-of-Way or on other City-owned property. It is the Parties' intent that the Parties will work to minimize inconvenience to Chandler residents other Public Rights-of-Way users. Before Licensee installs the System, Licensee must submit specifications for proposed manholes and pull boxes to the City for approval, which approval the City will not unreasonably delay or withhold. All work on Licensee's System must comply with the Uniform Standard Specifications for Public Works Construction sponsored and distributed by the Maricopa Association of Governments as amended (hereinafter referred to as "MAG Specs"), the City supplements to MAG Specs, all lawful and reasonable requirements of the City Utility Manual and must follow and comply with industry best practices and standards. As required by City specifications, all of Licensee's conduits must be placed outside of the Public Rights-of-Way or on other City-owned property wherever and whenever possible except as otherwise allowed by Microtrenching (defined below) standards approved by the City. Provided; however, Licensee must build the System in accordance with plans approved by the City.
- 2.2.6 Any changes to the System must be approved in writing by the City Engineer's designee, which approval will not be unreasonably withheld or delayed.
- 2.2.7 Licensee shall retain an independent testing company, approved by City in its reasonable discretion without undue condition or delay, to test all materials that will be used to remediate City and third-

- party facilities, and which are subject to materials testing pursuant to MAG Specs and the City supplements to MAG Specs. All testing results must be sent to the City within 3 business days of Licensee's possession or knowledge of the results.
- 2.2.8 Licensee's installation of the System must be reasonably coordinated with other utilities and the City to accommodate opportunities for common installation along with Licensee's project as set forth in this License. In accordance with applicable law, all installations must be located underground and in conduit as reasonably approved by the City Engineer. Provided; however, nothing in this License requires Licensee to incur any material additional expense to accommodate common installations. The provisions relating to material additional expense in the foregoing sentence relate only to coordinated common installations and are not applicable to any other section of this License.
- 2.2.9 Licensee must install the System according to City approved details, standards, and requirements. Licensee may install portions of the System in trenches that are shallower or narrower than the City's preferred standards in areas of the City as allowed by the City Engineer and if Licensee's installation complies with City-approved microtrenching details, standards, and requirements (collectively "Microtrenching"). Licensee acknowledges, accepts, and agrees that the City will not be liable for any damage or harm caused by the City, its employees, officers, officials, agents, representatives, and contractors to any portion of Licensee's System installed using Microtrenching.

#### 2.3 Location of the System.

- 2.3.1 At the time of proposed construction, Licensee must submit an encroachment permit application(s) together with the details, plans, and specifications for the City's review and approval, and pay all applicable application, review, and inspection fees before all construction work is performed under the rights and privileges granted under this License. This work includes but is not limited to the installation, operation, maintenance, and location of all the System. The proposed locations of Licensee's planned installation of its System including related facilities or equipment is depicted on the map attached and made a part of this License as Exhibit A ("Service Area"). The System must be depicted more specifically on engineering drawings provided to the City as part of the encroachment permit process and must be updated annually on the anniversary date of this License in accordance with section 4.2.5. Proposed locations of the System that are part of any encroachment permit(s) must also be made a part of a general depiction of Licensee's System in Exhibit A and must be updated at the time of License renewal or amendment.
- 2.3.2 Although the exact placement and location of Licensee's System will be determined by the City through the Encroachment Permit process, Licensee has expressed its intent and the City has expressed its desire to have the System installed outside of the paved street areas whenever such location is feasible and reasonable. Further, it is the intent and desire of both Parties that when it is necessary for the System to intersect City streets or be placed under paved areas, Licensee must use directional boring unless a deviation is authorized by the City Engineer.
- 2.3.3 If Licensee desires to change the location of any of the System, including any related facilities or equipment, from the location depicted in initial encroachment permit application(s), Licensee must submit revised plans to apply for and obtain approval for an amendment to the encroachment permit, prior to installation and construction of the facilities or equipment.

#### **SECTION 3. SCOPE**

- 3.1 <u>Licensing Requirements.</u> This License satisfies the licensing requirements of, and is in accordance with, the provisions of Chapter 46 of the Chandler City Code.
- 3.2 <u>Use of Licensee's System by Others.</u> This License authorizes Licensee in its ordinary course of business: (i) to lease to or contract with others for use of all or part of the System, except to aerial overlash, attach to poles and/or store Final Ubiquity Telecom License Dated 8-16-23 V3.1

aerial fiber for purposes of leasing or contracting with others for use of all or part of the system, and (ii) to sell dark fibers, conduit, or any other facilities that are parts of the System to others that have an agreement, franchise, or other licenses with the City to use the Public Rights-of-Way and on other City-owned property. Under this section, Licensee must first provide written notice to the City of the identity of the proposed user or purchaser and a description of the proposed use or sale arrangement as provided in A.R.S. § 9-583(D). In the event the lease or agreement provides for the other entity to construct, install, operate, or maintain any of Licensee's System, no such arrangement may proceed until the other entity enters a License with the City for use of the Public Rights-of-Way.

- 3.2.1 Licensee may not allow third parties to use its System for any use that Licensee itself does not have the authority under this License.
- 3.2.2 Licensee may enter into agreements with third-party Communications Corporations in the ordinary course of business for the resale of Communications Services. Such Agreements ("User Contracts") are subject to all requirements and provisions of this License.
- 3.3 <u>Co-location.</u> Licensee's installation of the System must be reasonably coordinated with other utilities and the City to accommodate opportunities for common installation along with Licensee's project as set forth in this License. All installations must be located as approved by the City Engineer.

#### 3.4 Compliance with Laws.

- 3.4.1 Licensee must comply with all applicable laws as amended from time to time including but not limited to, the Chandler City Code, the Chandler Charter, and Arizona and federal law in the exercise and performance of its rights and obligations under this License. If it is necessary for Licensee to comply with any law or regulation of the FCC or the Arizona Corporation Commission ("ACC") to engage in the business activities anticipated by this License, Licensee must comply with such laws or regulations as a condition precedent to exercising any rights granted by this License. Provided; however, no such law or regulation of the FCC or ACC may enlarge or modify any of the rights or duties granted by this License without a written modification to this License.
- 3.4.2 To the extent that Licensee uses the Public Rights-of-Way or other City-owned property to provide services other than intrastate calls through System, the use of the Public Rights-of-Way or other City-owned property is subject to the terms and conditions of this License and any applicable permits and laws.

#### 3.5 Reports.

- 3.5.1 Upon request, Licensee will provide to City copies of any non-confidential communications and reports submitted by Licensee to the FCC or any other federal or state regulatory commission or agency with jurisdiction into any matters that directly affect this License.
- 3.5.2 In addition to the reports required in Section 4.2.3 of this License, upon City's request, Licensee will provide City with regular reports, as needed, to establish Licensee's compliance with the various requirements, fees, and other provisions of this License.

#### 3.6 Non-Interference.

3.6.1 Licensee's System must be constructed, installed, operated, and maintained to interfere as little as possible with traffic or other authorized uses over, under, or through the Public Rights-of-Way and on other City-owned property. All phases of permitting, construction, traffic control, backfilling, compaction and paving, and the location or relocation of the System are subject to the City's jurisdiction as described in MAG, City supplements to MAG, and the City of Chandler Utility Manual. Licensee must keep accurate construction and installation records of the location of all its System and facilities, both aboveground and underground within the City and furnish them to City within sixty (60) days of installation. Licensee must furnish such information in an electronic format compatible with the then current City electronic format.

- 3.6.2 Licensee must locate and relocate, at its own expense, any facilities, equipment, or other encroachment installed or maintained in, on, or under the Public Rights-of-Way and on other City-owned Property as may be necessary to facilitate any public purpose or any City project or activity whenever directed to do so by City in writing on a non-discriminatory basis. Such relocations must be accomplished in accordance with the directions from City including the City's construction schedule and made under the same terms and conditions as the initial installation allowed pursuant to this License and encroachment permit. Licensee must reimburse the City for any direct or indirect damages incurred by the City because of delays in locations or relocations as required by this paragraph if caused by Licensee's negligence, willful misconduct, or undue delay.
- 3.6.3 Licensee agrees to obtain permits as required by this License prior to removing, abandoning, relocating, or repair of any portion of its System in the Public Rights-of-Way and on other City-owned property. Notwithstanding the foregoing, City understands and acknowledges there may be instances when Licensee is required to make repairs that are of an emergency nature or in connection with an unscheduled disruption of the System. Licensee will maintain any annual permits required by the City for such repairs. Licensee will notify City, if practicable, before the repairs and will apply for and obtain the necessary permits the next business day after the repairs are initiated.

# SECTION 4. FEES, CHARGES, LETTER OF CREDIT, SECURITY FUND, DAMAGE TO THE PUBLIC RIGHTS-OF-WAY AND OTHER CITY-OWNED PROPERTY

Licensee will be solely responsible for the payment of all fees and charges in connection with Licensee's performance under this License, including those set forth below.

- 4.1 <u>Application Fee.</u> Licensee must pay the City a fee in the amount of \$3,000.00 to process the application for this License before approval of this License is submitted to the City Council.
- 4.2 <u>Annual Fee.</u> Licensee must pay an annual fee to use the Public Rights-of-Way and other City-owned property under the terms and conditions of this License and as calculated under this section (collectively "Annual Fee").
  - 4.2.1 The City will assess, and Licensee must pay, any Annual Fee in accordance with A.R.S. §§ 9-582-583. Licensee bears the burden to show Licensee's payment of any Annual Fee is not required under A.R.S. §§ 9-582-583. Licensee must pay all taxes on intrastate telecommunications services as provided by applicable law and Licensee must pay any Annual Fee as provided in this License for the portions of Licensee's System that are not excluded under A.R.S. §§ 9-582-583.
  - 4.2.2 If Licensee's System carries interstate traffic between and among Licensee's interstate points of presence or leases its dark fiber to another carrier for purposes of carrying interstate traffic between and among that telecommunications corporation's interstate points of presence, Licensee must pay the lesser amount of: (i) \$2.55 (for calendar year 2023) per linear foot for trench located in the Public Rights-of-Way or on other City-owned property; or (ii) two percent (2%) of Gross Revenue for such use. City may, but is not obliged to, accept in-kind consideration in lieu of the Annual Fee if offered by Licensee.
  - 4.2.3 If Licensee's System carries interstate traffic between and among Licensee's interstate points of presence or leases its dark fiber to any entity not included in Section 4.2.2 of this License, Licensee must pay the lesser amount of: (i) \$2.55 (for calendar year 2023) per linear foot for trench located in the Public Rights-of-Way or on other City-owned property; or (ii) two percent (2%) of Gross Revenue for such use.
  - 4.2.4 If Licensee places empty conduit in the Public Rights-of-Way or on other City-owned property for services other than those listed in Section 4.2.1, Licensee must pay the lesser amount of: (i) \$2.55 (for calendar year 2023) per linear foot for trench located in the Public Rights-of-Way or on other City-owned property; or (ii) two percent (2%) of Gross Revenue for such use.

- 4.2.5 On the annual anniversary of the Effective Date, Licensee will report to the City the amount of linear feet of trench, if any, or the amount of Gross Revenue, if any, subject to the Annual Fee under Sections 4.2.2, 4.2.3, or 4.2.4 permitted and installed in the Public Rights-of-Way or on other City-owned property. The Annual Fee for the coming year will be adopted as part of the annual fee schedule adopted by the City Council. If the Annual Fee is based on the amount of linear feet of trench located in Public Rights-of-Way or on City-owned property, the Annual Fee is calculated by multiplying the current annual per linear foot fee, as adjusted by annual CPI under section 4.2.7 for the year of payment, by the linear footage of trench permitted or installed in the Public Rights-of-Way or on other City-owned property. If the Annual Fee is based on Gross Revenue, Licensee will report the amount of Gross Revenue generated during the twelve (12) consecutive months prior to the anniversary date of the Effective Date and multiply this amount by two percent (2%). The Licensee must pay, and the City must receive, any Annual Fee that is due before the City will issue any new encroachment permits for additional facilities or equipment in the Public Rights-of-Way or other City-owned property.
- 4.2.6 In the event Licensee cancels or returns a permit and does not construct or install the System approved by such a permit, the fees Licensee previously paid for the respective permit may be applied as a credit to a future Annual License Fee or may be refunded to Licensee by City.
- 4.2.7 The Annual License Fee will be adjusted based on the percentage of change in the consumer price index ("CPI") for the previous twelve-month period. Any increase in the Annual License Fee will be referred to herein as the "Adjusted Fee." In no event may the Adjusted Fee be less than the Annual License Fee for the prior year. For purposes of this License, CPI is defined as the Western Region Consumer Price Index for All Urban Customers, All Items, as published by the Bureau of Labor Statistics (BLS), United States Department of Labor. Base period 1982-84 = 100. Adjusted Fees will be effective upon the next subsequent anniversary of the Effective Date. The change in CPI will be calculated based on the change in the CPI for the previous twelve-month period. The City will compute the Adjusted Fee as follows. The following example illustrates calculation of the change factor for a twelve-month period ending in January 2018.

CPI January 2018 CPI January 2017 (prior year) 258.638 250.814

Calculated change in CPI

258.638/250.814

Change in CPI

1.031 (rounded to nearest tenth) = 3.1%

If the BLS ceases publication of the specified CPI, City and Licensee may determine an agreeable inflation index that most clearly approximates the Western Region CPI for the remaining term of the License

- 4.3 <u>License to Use City's Freeway Ducts and Conduit.</u> If Licensee wishes to occupy one (1) four-inch (4") conduit owned by the City within the duct bank underneath a freeway located within the City and which City controls, Licensee must pay the City \$18,000 per year for the term of this License for this use. Licensee may use the conduit solely to install and operate the System authorized under the terms and conditions of this License. Licensee's payment for use of the duct is due on or before the Effective Date and each annual anniversary thereafter. Licensee's use of the City's Freeway conduit(s) must be reflected in Exhibit A.
- 4.4 <u>In Kind.</u> This License does not currently require any in-kind payment to City by Licensee. However, if Licensee has not paid any fees required under Section 4, the Parties may agree in writing to new in-kind payments to offset to any fees not paid by Licensee. This subsection imposes no obligation on the City to agree to offset any fees in this License or in any future License.
- 4.5 <u>Failure to Pay.</u> Licensee agrees that if it fails to pay the Annual Fee owed to the City by the time prescribed for payment, Licensee must pay interest on the amounts owed, at the rate of one percent (1%) per month.
- 4.6 <u>Invoice and Payment Information:</u>

4.6.1 The City will send invoices for fees and charges under this License to Licensee at the following address:

Additionally, if the City reasonably requires retaining outside inspectors or other persons to review and inspect Licensee's plans, specifications and construction of the System, Licensee must reimburse the City for its actual and documented costs incurred in connection therewith.

  - 4.9.1 Amount; Purpose. Within thirty (30) Days after the Effective Date of this License, Licensee must deposit with the City one of the following: (i) an irrevocable letter of credit ("LOC") in the amount of \$50,000 ("LOC"); or (ii) a cash bond in the amount of \$50,000 ("Bond"). The form and substance of the LOC or Bond must comply with the form, terms, and conditions as attached in Exhibit "B". The LOC or Bond will be used to assure: (a) the faithful performance by Licensee of all provisions of this License; (b) compliance with all orders, permits, and directions of any City department having jurisdiction over Licensee's acts or defaults under this License; and (c) Licensee's payment of any penalties, liquidated damages, claims, liens, and taxes due to the City that arise by reason of the construction, operation, or maintenance of the System, including cost of removal or abandonment of any of Licensee's property. Licensee will not be required to replenish any draw down of the LOC or Bond during the term of this License, unless by mutual written agreement of the Parties.
  - 4.9.2 <u>Drawing on Letter of Credit.</u> The LOC may be drawn upon by the City by presentation of a draft at sight on the lending institution, accompanied by a written certificate signed by the City Manager certifying that Licensee has failed to comply with this License, stating the nature of noncompliance, and stating the amount being drawn. The rights reserved to the City with respect to the letter of credit are in addition to all other rights of the City, whether reserved by this License or authorized by law, and no action proceeding against a letter of credit will affect any other right the City may have.
  - 4.9.3 <u>Drawing on Cash Bond.</u> The Bond may be drawn upon by the City by presentation of written notice to Licensee as provided in this License, signed by the City Engineer certifying that Licensee has

failed to comply with this License, stating the nature of noncompliance, and stating the amount being drawn. The rights reserved to the City with respect to the Bond are in addition to all other rights of the City, whether reserved by this License or authorized by law, and no action proceeding against the Bond will affect any other right the City may have.

Damage to Public Property. Whenever the installation, removal, or relocation of any of Licensee's System is required or permitted under this License, and such installation, removal, or relocation causes damage to Public Rights of Way or other City-owned property, Licensee at its sole cost and expense must promptly repair and return Public Property in which the System components are located to a safe and satisfactory condition in accordance with applicable laws, with provisions in the City of Chandler Utility Manual and the Maricopa Association of Governments (hereinafter referred to as "MAG") and the City's supplements to MAG, reasonably satisfactory to the City Engineer. If Licensee does not repair the Public Property as just described in a reasonable amount of time, then City shall have the option, upon fifteen (15) days prior written notice to Licensee, to perform or cause to be performed such reasonable and necessary work on behalf of Licensee and to charge Licensee for the actual documented costs incurred by the City at City's standard rates, plus an administrative fee of fifteen percent (15%). Upon the receipt of a demand for payment accompanied by explanation of cost and fees incurred by City, Licensee must, within forty-five (45) days, reimburse City for such costs. For any payement cuts by Licensee, Licensee agrees to restore the payement and to reimburse the City for all costs arising from the reduction in the service life of any public road, in accordance with the provisions of Chapter 46 of the Chandler City Code and the fees established by the City pursuant thereto. Licensee agrees to pay within forty-five (45) days from the date of issuance of an invoice and explanation of costs and fees from Citv.

Any license that is assigned or otherwise transferred pursuant to this Section must be equally subject to all the obligations and privileges of this License including any amendments, which will remain in effect, as if the assigned License was the original License.
- 8.2 <u>No Lease Without Consent.</u> The License must not be sublet or assigned, nor must any of the related rights or privileges be leased, assigned, sold, or transferred, either in whole or in part, nor must title, either legal or equitable, or any right, or property interest pass to or vest in any person other than Licensee, by act of the Licensee or operation of law, without the written consent of City, which consent will not be unreasonably withheld or delayed. Prior to any proposed assignment becoming final, Licensee must seek the City's consent.
- 8.3 <u>Notice to City.</u> The approval of any change in ownership interest must include an assignment agreement signed by the assignee, Licensee, and City. Licensee must provide City a copy of the deed, license, mortgage, lease, or other written instrument evidencing such sale, transfer, or lease, certified, and sworn to as correct by the Licensee. Licensee must notify the City within 60 days of any change in mailing address.
- 8.4 <u>Binding on Assignee.</u> After assignment, this License, including any amendments, shall be binding on the assignee to the full extent that is binding upon Licensee.
- Conditional Ownership. Nothing in this Section prohibits a pledge, hypothecation, mortgage, or similar instrument transferring conditional ownership of all or part of Licensee's assets to a lender or creditor in the ordinary course of business. In the event a lender assumes control of the assets and operation of Licensee, the lender may assume the rights and obligations of the Licensee. The Lender may not transfer or change control of the License without submitting the change to the City for approval. If the lender does continue operation on any basis at any time, the lender shall be subject to all provisions of the License. No later than three years after assumption of control by the lender, the lender must apply to the City for the right to continue assumption of control or to transfer the License. Application by the Lender for approval of assumption of control or transfer must be subject to consent by the Chandler City Council that may not be unreasonably denied or withheld. A "Lender" for the purposes of this License does not include a Licensee, person, or corporation, or other entities that operate cable television systems or fiber optics Communications systems as a principal or important business. This paragraph is intended to prohibit the intentional use of lending and/or foreclosure as a method for effecting change of control or transfer of the License without City Council review and approval.
- 8.6 <u>Assignment Exceptions.</u> Notwithstanding the foregoing, prior consent will not be required for transfer to (1) any company which owns or controls, is owned or controlled by, or under common control with the Licensee; (2) to any successor in interest of Licensee's business operations in City in connection with any merger, acquisition, or similar transaction if Licensee determines after a reasonable investigation that the successor in interest has the resources and ability to fulfill the obligations of this Agreement; or (3) to any purchaser of all or substantially all of Licensee's Network Facilities in City if the purchaser has the resources and ability to fulfill the obligations of this Agreement. Provided that, no such transfer will be valid unless:
  - 8.6.1 The proposed transferee has read, accepts, and agrees to be bound by the terms of the License.
- 8.6.2 The proposed transferee assumes all obligations, liabilities, and responsibility pursuant to the License for Final Ubiquity Telecom License Dated 8-16-23 V3.1

the acts and omissions of Licensee, known and unknown, for all purposes, and agrees that the transfer will not permit it to take any position or exercise any right which Licensee could not have exercised; and

- 8.6.3 The transfer will not substantially diminish the financial resources available to the Licensee.
- 8.7 <u>Transfer Description.</u> Prior to executing such transfer described in this Section, Licensee and the proposed transferee must submit to the City a description of the nature of the transfer and submit complete information regarding the effect of the transfer on the direct and indirect ownership and control of the Licensee. Licensee may be required to pay a new application fee of \$3,000 to cover the legal, administrative, and other expenses related to every transfer (other than the sale of publicly traded stock) or to any request for a consent to transfer.

#### **SECTION 9. NON-EXCLUSIVE RIGHTS**

- 9.1 <u>Non-Exclusive Rights.</u> This grant is not exclusive, and nothing herein contained may be construed to prevent City from granting other like or similar grants or privileges to any other person, firm, or corporation, or to deny to or lessen the powers and privileges granted City under the Constitution and laws of the State of Arizona.
- 9.2 <u>Priority Rights.</u> Any and all rights granted to Licensee under this License must be exercised at Licensee's sole cost and expense and are subject to the prior and continuing right of City to use all the Public Rights-of-Way and other City-owned property concurrently, with any other person or persons, and further will be subject to all deeds, easements, dedications, conditions, covenants, restrictions, encumbrances, and claims of title that may affect the Public Rights-of-Way and on other City-owned property. Nothing in this License will be construed to grant, convey, create, or vest a perpetual real property interest in land to Licensee, including any fee or leasehold interest, easement, or any City franchise rights.

#### **SECTION 10. PUBLIC SAFETY**

- 10.1 <u>Public Safety Violation</u>. Licensee, its affiliates, agents, employees, contractors, successors, assigns, and representatives must comply with and perform each obligation required of Licensee as set forth in this License. Licensee's failure to cure a public safety event of default as described in this Section within five (5) business days from the date of notice from the City constitutes a public safety violation by Licensee.
- 10.2 <u>Public Safety Events of Default.</u> All agreements and permits issued to Licensee under this License are approved upon the condition that each of the following events will be deemed a "Public Safety Event of Default" for Licensee's failure to perform or satisfy the following material obligations:
  - 10.2.1 Licensee's failure to comply with the traffic barricade manual or any other public health, safety, or welfare law or regulation authorized by or located in the Chandler City Code and that applies to Public Property.
  - 10.2.2 Licensee's acts, errors, or omissions violate any term or condition of an encroachment permit issued to Licensee.
  - 10.2.3 Licensee's failure to obtain the appropriate encroachment permit to perform work on Public Property.
- 10.3 <u>City's Remedies for Licensee's Public Safety Violations.</u> Upon the occurrence of any public safety violation or at any time thereafter, City may, at its option, exercise at Licensee's expense any or all or any combination of the following cumulative remedies in any order and repetitively at City's option: (i) revoke any or all encroachment permits due to Licensee's failure to cure a Public Safety Event of Default as set forth in Section 10.1. The City's revocation does not terminate Licensee's obligations arising during the time simultaneous with or prior to the revocation, and in no way terminates any of Licensee's liability related to any breach of this License; (ii) pay or perform, for Licensee's account, in Licensee's name, and at Licensee's expense, any or all payments or performances required to be paid or performed by Licensee (iii) abate at Licensee's expense any violation of the encroachment permit; (iv) notwithstanding anything under this License to the contrary, unilaterally and without Licensee's or any other person's consent or approval, draw upon, withdraw or otherwise realize upon or obtain the value of any letter of credit, escrowed funds, insurance policies, or other deposits, sureties, bonds, or other funds or Final Ubiquity Telecom License Dated 8-16-23 V3.1

security held by City or pledged or otherwise obligated to City by Licensee or by any third party (whether or not specifically mentioned herein) and use the proceeds for any remedy permitted by this License; (v) assert, exercise, or otherwise pursue at Licensee's expense, any and all other rights or remedies, legal or equitable, to which City may be entitled, subject only to the limitation set out below on City's ability to collect money damages in light of the Violation Use Fee; and (vii) impose civil sanctions for public safety violations as provided in this License.

10.4 <u>Violation Use Fee</u>. In lieu of certain money damages (the "Inconvenience Costs") set out below, the following use fees apply to Licensee's public safety violation (the "Violation Fee Provisions"): (i) The Inconvenience Costs are the money damages that City suffers in the form of administrative cost and inconvenience, disharmony among competing users, and general inconvenience in the use of Public Rights-of-Way by City, competing users, and the public when Licensee fails to comply with the Violation Fee Provisions; and (ii) Licensee's failure to comply with Violation Fee Provisions will result in Inconvenience Costs in an amount that is and will be impracticable to determine. Therefore, the Parties have agreed that, in lieu of Licensee paying to City as damages the actual amount of the Inconvenience Costs for violating the Violation Fee Provisions, Licensee must pay the following Violation Use Fees. The City may elect to draw upon the letter of credit or cash bond (as appropriate) to collect the Violation Use Fee. For continuing violations within a 24-hour period, each calendar day is considered a separate period for purposes of recovery of violation use fees. The Violation Fee Provisions and the amount of the Violation Use Fee per day or part thereof are as follows:

Use fee per day	Violation Use Fee Description
\$600	Licensee's failure to properly restore Public Property within five (5) business days after notice, or timely perform work within five (5) business days after notice, or to correct related violations of specifications, code, ordinance, or standards within five (5) business days after notice.
\$500	Three or more public safety violations by Licensee within 90 consecutive days.
\$250	Licensee's failure to make Licensee's books and records available as required by this License or one or more public safety violations by Licensee within 30 consecutive days.

A Violation Use Fee is only intended to remedy inconvenience costs that City suffers because of Licensee's public safety violations. Licensee's payment of Violation Use Fee does not in any way excuse any breach by Licensee of this License or limit in any way City's rights and interests in any other legal or equitable remedy provided by this License or otherwise for such public safety violation. For example, Licensee's obligation to pay Violation Use Fee does not in any way satisfy Licensee's indemnity and insurance obligations under this License, which apply according to their terms in addition to Licensee's obligation to pay Violation Use Fee.

- 10.5 <u>Enforcement of Violation Use Fees: Appeal.</u> The City Manager is authorized to issue notices of violation of this License and may take those measures necessary to promote, preserve, and protect public health, safety, and welfare within the Public Rights-of-Way and City-owned property through Violation Use Fees. The City Manager will issue a warning for the first violation by a Licensee under this section. The City Manager will issue notice to the Licensee as listed in Section 14.16. If the City determines that Licensee is liable for a Violation Use Fee, the City will issue to Licensee a notice of City's assessment of a Violation Use Fee to Licensee as provided in Section 14.16. The notice will set forth the nature of the violation and the amount of the assessment. Licensee must pay the Violation Use Fee within ten days of the date of the City's notice or may appeal the notice of violation as provided in Chandler City Code § 1-7.
- 10.6 <u>Public Safety Violations; Civil Sanctions.</u> In addition to imposing a Violation Use Fee, the City Manager is authorized to issue notices of violation of this License, prosecute such violations as provided in Chandler City Code sec.1-8, and may take those measures necessary to promote, preserve, and protect public health, safety, and welfare within the Public Rights-of-Way and City-owned property. The City Manager will issue a warning for the first violation by a Licensee under this section. The City Manager will issue notice to the Licensee as listed in Section 14.16.

- 10.7 <u>Failure to Pay Civil Sanction</u>. Failure of a party to pay a civil sanction upon final adjudication of the civil action as provided by law may result in the automatic termination of this License and any such party may be prohibited from obtaining additional licenses or permits until all outstanding civil sanctions have been dismissed or paid in full.
- Non-waiver. Licensee acknowledges Licensee's unconditional obligation to comply with this License. No failure by City to demand any performance required of Licensee under this License, and no acceptance by City of any imperfect or partial performances under this License, will excuse such performance or impair in any way City's ability to insist, prospectively and retroactively, upon full compliance with these terms and conditions. No acceptance by City of payments or other performances hereunder will be deemed a compromise or settlement of any right City may have for additional, different, or further payments or performances as provided for in these terms and conditions. Any waiver by City of any breach of condition or covenant herein contained to be kept and performed by Licensee will not be deemed or considered as a continuing waiver and will not operate to bar or otherwise prevent City from declaring a default for any breach or succeeding or continuing breach either of the same condition or covenant or otherwise. No statement, bill, or notice by City or Licensee concerning payments or other performances due hereunder, or failure by City to demand any performance hereunder, will excuse Licensee from compliance with its obligations nor estop City (or otherwise impair City's ability) to, at any time, correct such notice and/or insist prospectively and retroactively upon full compliance with this License. No waiver of any description (including any waiver of this sentence or paragraph) will be effective against City unless made in writing by a duly authorized representative of City specifically identifying the particular provision being waived and specifically stating the scope of the waiver.
- 10.9 Reimbursement of City's Expenses. Licensee must pay to City within 45 days after City's demand all amounts expended or incurred by City in performing Licensee's obligations (upon Licensee's failure to perform the same after notice from City) together with interest thereon at the rate of 1% per annum from the date expended or incurred by City.

#### **SECTION 11. ABANDONMENT**

- 11.1 <u>Abandonment; Removal of Facilities</u>. In the event that the use of a substantial part of any of the System is discontinued for any reason for a continuous period of two (2) years for reasons other than Force Majeure, or in the event such System or property has been installed in any Public Rights-of-Way or other City-owned property without complying with the requirements of this License, or this License has terminated or been revoked, Licensee must promptly, upon being given 60 days' notice from the City, begin removal of the System and related appurtenances from the Public Rights-of-Way and other City-owned property other than such underground facilities which the City may permit to be abandoned in place. In the event of such removal, Licensee must promptly restore the Public Rights-of-Way and other City-owned property or other area from which such property has been removed to a condition satisfactory to the City subject to the City's customary practice to review upon request of Licensee. As a minimum, Licensee must restore the Public Rights-of-Way and other City-owned property to a condition as existed prior to the removal of the structure or property.
- 11.2 <u>Permanent Abandonment.</u> The System and any other property of Licensee remaining in the Public Rights-of-Way and other City-owned property without the consent of the City 180 days after the revocation of the License will be at the option of the City considered permanently abandoned. Any Licensee property permitted to be abandoned in place will be abandoned consistent with C.C.C. §§ 46-2.9, 46-8.12(K), the Utility Permit Manual, Transportation and Development Policy TDP-275, and any other applicable law.

#### SECTION 12. LICENSE REVOCATION, ALTERATION, SUSPENSION

In addition to the remedies set forth in Section 10, the City may revoke, alter, or suspend this License as follows.

12.1 <u>License Events of Default.</u> In addition to the remedies listed in C.C.C. chapter 46 and subject to these terms and conditions, this License may, after City Council consideration, be revoked, altered, or suspended by the City as the City deems necessary for any of the following events of default following the cure period specified in Section 12.2: (i) Licensee's failure to maintain any faithful insurance coverage, or pay any fees or taxes due and owing as Final Ubiquity Telecom License Dated 8-16-23 V3.1

required under this License; (ii) Licensee's failure to comply with an applicable law, rule, or regulation related to the System, this License, or as required by the appropriate regulatory authority; (iii) fraud by Licensee, in its conduct or relations under this License; (iv) Licensee's willful or grossly negligent violation of this License; (v) Licensee's failure to comply with any federal, state, local, or administrative order, law, permit, regulation, or consent decree as such may apply to Licensee's activities and services as contemplated in this License; (vi) permanent or temporary suspension of Licensee's services for a period of 180 or greater consecutive calendar days by the United States or the State of Arizona for any authorizations legally required for Licensee to own, operate, maintain, or construct the System; (vii) If Licensee is the subject of a voluntary or involuntary bankruptcy, receivership. insolvency, or similar proceeding or if any assignment of any of Licensee's property is made for the benefit of creditors or if Licensee is not regularly paying its debts as they come due; (viii) If City incurs any liability, obligation, damage, cost, expense, or other claim of any description for which is not liable and for which Licensee is obligated pursuant to this License to indemnify, defend, and hold harmless the City, unless Licensee gives prompt statement or notice to City of Licensee's commitment to indemnify, defend, and hold City harmless against such claim and Licensee does in fact promptly commence and continue to indemnify, defend, and hold City harmless against such claim to the extent required under this License, unless Licensee believes in good faith that it is not obligated to indemnify, defend and hold the City harmless; and (ix) Licensee is found liable under Section 10 for five (5) public safety violations within a period of twelve (12) consecutive months.

- 12.2 <u>Additional Cure Period</u>. Due to the gravity of the license events of default listed in Section "12.1", Licensee is provided additional time (when compared to Section 10) to cure these events of default. If any of the foregoing events in Section "12.1" occur, Licensee must cure the default within 60 days after receipt of notice from the City. Licensee will be held in material breach under this Section "12": (i) if Licensee fails to cure the license event of default listed in Section "12.1" within 60 days after notice from the City; or (ii) if a license event of a default listed in Section "12.1" cannot be cured within 60 days after notice from the City and Licensee fails to begin and diligently pursue to cure the default.
- 12.3 <u>City Determination; City Council Consideration.</u> If Licensee is held in material breach as provided in Section "12.2", the City will notify Licensee as provided in Section 14.16 of the City's determination to terminate, postpone for a period, or proceed with the revocation, alteration, or suspension of this License. As part of this determination, the City will state the principal reasons that support the City's determination. Licensee may appeal the City's determination as provided in Chandler City Code sec.1-7 within (10) ten business days from the date of the determination. If Licensee fails to timely appeal the City's determination or if Licensee's appeal fails, the City may proceed to terminate, postpone for a period, or proceed with the revocation, alteration, or suspension of this Agreement by presenting this matter to the Chandler City Council for consideration at the Council's next regularly scheduled Council meeting. The City will send a written statement of proposed action by certified U.S. mail, return receipt requested, to Licensee as provided in Section 14.16. The written statement of proposed action must include the date and time of the City Council meeting and the principal reasons for the proposed action. The City Council may take any final action the Council deems necessary and prudent related to this License. Licensee will retain all legal remedies should it choose to contest the City's proposed action.
- 12.4 Removal of Facilities. Upon revocation of this License, the City may declare a forfeiture, whereupon all rights and privileges of Licensee under this License will immediately be divested without a further act upon the part of Licensee, and Licensee must remove its structures or property from the Public Rights-of-Way and other City-owned property to the condition as existed prior to the removal of the structure or property. Upon Licensee's failure to do so within six months of revocation, the City may perform the work and collect the City's cost from Licensee. At the City's option, Licensee may abandon structures or property in place as provided in this License. At a minimum, the Public Rights-of- Way and other City-owned property must be restored to a condition as existed before the removal of the structures or property.

#### SECTION 13. EFFECT OF EXPIRATION, REVOCATION, OR TERMINATION OF LICENSE

13.1 <u>Services</u>. Upon expiration, revocation, or termination of this License for any reason, Licensee may enter good-faith negotiations with the City or other governmental authority for a period of 180 days from the date of expiration, revocation, or termination to obtain a license, permit, or other approval or agreement that may be lawfully

required to allow Licensee to continue use of the Public Rights-of-Way and other City-owned property.

13.2 <u>Holding Over.</u> In any circumstance whereby Licensee continues to occupy the Public Rights-of-Way and other City-owned property after the expiration of this License, the Licensee's hold over operates as a renewal or extension of this License on a month-to-month basis that may be terminated at any time by the City upon 60 days' written notice to Licensee, or by Licensee upon 60 days' written notice to the City.

#### **SECTION 14. GENERAL CONDITIONS**

- 14.1 <u>License Administrator and Enforcement</u>. In all matters of License administration, the City Manager has authority to determine Licensee's compliance with the terms and provisions of the License, and in the event of non-compliance, to exercise any or all the remedies included in this License.
- 14.2 <u>Right of Inspection of Construction</u>. The City may inspect all construction or installation work performed subject to the provisions of this License and to make such tests as it deems necessary to ensure compliance with the terms of this License and other pertinent provisions of law.
- 14.3 <u>Right of Intervention</u>. The City may intervene in any suit or proceeding related to or arising out of this License to which Licensee is party, and Licensee may not oppose such intervention by the City.
- 14.4 <u>Public Records Acknowledgment</u>. Notwithstanding any provision in this License, Licensee acknowledges and understands that the City is a political subdivision of the State of Arizona and is subject to the disclosure requirements of Arizona's Public Records Law (A.R.S. §§ 39-121 et seq.).
- 14.5 <u>Permission of Property Owner Required</u>. This License does not convey the right to install any part of Licensee's System on private property.
- 14.6 <u>Compliance With Laws</u>. Licensee must comply with all federal, state, and City ordinances, resolutions, rules, and regulations related to the rights and duties granted Licensee under this License.
- 14.7 Reserved.
- 14.8 <u>Non-Enforcement by the City</u>. Licensee will not be relieved of its obligation to comply with any of the provisions of this License by reason of the City's failure to insist upon or to seek compliance with any term and condition.
- 14.9 <u>License Documents</u>. Licensee must submit to the City the letter of credit and insurance certificates as required by the License within 90 days of the Effective Date. The License granted is not legally operative until all of Licensee's requirements in this Section are completed. In the event Licensee does not timely satisfy these, this License will be deemed null and void unless Licensee's period to comply is extended by the Council.
- 14.10 <u>Survival of Warranties</u>. Licensee's representations and warranties made as part of the grant of this License, or any permit issued under this License survive termination or revocation of this License.
- 14.11 <u>Hazardous Substances</u>. Licensee will, at its own cost, be responsible for proper investigation and management of all Hazardous Substances under its control, including Hazardous Substances Licensee uses, generates, or disposes of, and must comply with all Environmental Laws to carry out its obligations under this License. In the event Licensee releases to the environment Hazardous Substances under its control, to the extent that a governmental agency with jurisdiction requires reporting, investigation, cleanup, or remedial measures to be taken, Licensee must, at its sole cost and expense, promptly undertake such required actions. If Licensee discovers a Pre-existing Environmental Condition, Licensee will immediately notify the City in writing as provided in Section 14.16.
- 14.12 Right of Cancellation. Licensee acknowledges that this License is subject to cancellation by the City under A.R.S. § 38-511.

- 14.13 <u>Covenant Against Contingent Fees</u>. Licensee warrants that no person has been employed or retained to solicit or secure this License upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee; and that no member of the City Council, or any employee of the City has any interest, financially or otherwise, in this License. For breach or violation of this warranty, the City has the right to annul this License without liability or at its discretion to deduct from the License price or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.
- 14.14 <u>Independent Contractor</u>. Any provision in this License that may appear to give the City the right to direct Licensee or Licensee the right to direct the City as to the details of accomplishing the work or to exercise a measure of control over the work means that the party will follow the wishes of the other party as to the results of the work only.
- 14.15 <u>Jurisdiction; Governing Law; Venue.</u> As a condition of the grant of this License, Licensee acknowledges and accepts that Licensee is subject to personal and subject matter jurisdiction of Arizona state courts. Arizona law governs this License, both as to interpretation and performance. Any action at law, suit in equity, or judicial proceeding to enforce this License must be instituted in a court located in Maricopa County, Arizona.
- 14.16 <u>Delivery, Procedure of Notices and Communications</u>. All notices, consent, or other communication under this License must be in writing and: (i) delivered in person; or (ii) sent by electronic mail and deposited in the United States mail, postage prepaid, certified mail, return receipt requested; or (iii) deposited with any commercial air courier or express service and addressed as follows:

14.17 <u>Organization/Employment Disclaimer</u>. This License is not intended to constitute, create, give rise to, or otherwise recognize a joint venture, agreement, or relationship, partnership, or formal business organization of any Final Ubiquity Telecom License Dated 8-16-23 V3.1

kind, and the rights and obligations of the Parties will be only those expressly set forth in this License.

No supplement, modification, or amendment of any term of this License will be deemed binding or effective unless executed in writing by the Parties. No waiver is binding unless expressly executed in writing by the Party making the waiver.

Exhibit A – Service Area
Exhibit B – Form Letter of Credit

- 14.19 Right of Parties. Nothing in this License, whether express or implied, is intended to confer any right or remedies under or by reason of this License on any persons other than the Parties to this License and their respective successors and permitted assigns, nor is anything in this License intended to relieve or discharge any obligation or liability of any person who is not a party to this License, nor will any provisions in this License give any persons not a party to this License any right of subrogation or action over or against any Party to this License.
- 14.20 <u>Construction</u>. This License is the result of negotiations between the Parties, none of whom has acted under any duress or compulsion, whether legal, economic, or otherwise. Accordingly, the terms and provisions of this License will be construed in accordance with their usual and customary meanings. The Parties hereby waive the application of any rule of law that otherwise would be applicable in connection with the construction of this License that ambiguous or conflicting terms or provisions should be construed against the party who (or whose attorney) prepared the executed License or any earlier draft of the same. Unless the context of this License otherwise clearly requires, references to the plural include the singular and the singular the plural. The words "hereof," "herein," "hereunder" and similar terms in this License refer to this License as a whole and not to any particular provision of this License. All references to "Sections" herein refer to the sections and paragraphs of this License unless specifically stated otherwise. The section and other headings contained in this License are inserted for convenience of reference only, and they neither form a part of this License nor are they to be used in the construction or interpretation of this License.
- 14.21 <u>Severability</u>. If any covenant, condition, term, or provision of this License is held to be illegal, or if the application of this License to any person or in any circumstances to any extent be judicially determined to be invalid or unenforceable, the remainder of this License or the application of such covenant, condition, term, or provision to persons or in circumstances other than those to which it is held invalid or unenforceable, must not be affected, and each covenant, term, and condition of this License is valid and enforceable to the fullest extent permitted by law.
- 14.22 <u>Cooperation and Further Documentation</u>. Each of the Parties agree to provide the other with such additional and other duly executed documents as are reasonably requested to fulfill the intent of this License.
- 14.23 <u>Force Majeure</u>. For the purpose of any of the provisions of this License, neither Licensee nor the City, as the case may be, will be considered in breach of or in default of their obligations under this License as a result of the enforced delay in performance of such obligations due to unforeseeable causes beyond its control and without its fault or negligence, including, but not limited to: acts of God, acts of the public enemy, acts of the Federal Government, acts of the Salt River Project, acts of Maricopa County, acts of the State of Arizona or any of its departments, acts of any railroad, fire, floods, epidemics, pandemics, strikes, lock outs, freight embargoes, and unusually severe weather; it being the purpose and intent of this provision that in the occurrence of any such enforced delay, the time for performance of Licensee's and the City's obligations, as the case may be, will be extended for the period of the enforced delay, provided that the party seeking the benefit of this provision will have notified the other party in writing of the cause or causes, and requested an extension for the period of the enforced delay. If notice by the party claiming such extension is sent to the other party more than 30 days after commencement of the cause, the period of delay will be deemed to commence 30 days prior to the giving of such notice.

- 14.24 <u>On-Call Assistance</u>. Licensee or its agents must be available 24 hours a day, seven days a week to City staff of any City department with jurisdiction over Licensee's activities related to problems or complaints resulting from the installation, operation, maintenance, or removal of the System.
- 14.25 <u>Legal Worker Requirements</u>. A.R.S. § 41-4401 prohibits the City from awarding a contract to any party who fails, or whose contractors fail, to comply with A.R.S. § 23-214(A). Therefore, Licensee and each contractor it uses warrants their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with§ 23-214, subsection A. These prohibitions do not apply to the following data: (i) data which was known to the receiving Party prior to the Effective Date; or (ii) data which was acquired by the receiving Party in its performance under this License and which was disclosed to the receiving Party by a third party, who to the best of the receiving Party's knowledge and belief, had the legal right to make such disclosure and the receiving Party is not otherwise required to hold such data in confidence; or (iii) data which is required to be disclosed by virtue of law, regulation, or court order, to which the Parties are subject. Each Party assumes all liability to maintain the confidentiality of the data in its possession and agrees to compensate the other Party if any of the provisions of this Section are violated by the receiving Party, its employees, agents, or subcontractors. **Date:** November 09, 2023 **To:** Mayor and Council

**Thru:** Joshua Wright, City Manager

Andy Bass, Deputy City Manager

Micah Miranda, Acting Development Services Director

From: Louis Kneip, Engineering Senior Manager

Subject: Resolution No. 5611 Approving a Development Agreement with Keystone at

Hazelwood, LLC, Relating to Real Property Located at the Southeast Corner

of Chandler Heights Road and 124th Street

## **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5611 Approving a Development Agreement with Keystone at Hazelwood, LLC, Relating to Real Property Located at the Southeast Corner of Chandler Heights Road and 124th Street

## **Background:**

Keystone at Hazelwood is a 22-lot, single-family home subdivision on 10 acres of land that was approved by the City Council on April 14, 2022. The property has frontage on Chandler Heights Road, which is currently being improved by the City of Chandler through a Capital Improvement Project (CIP).

### **Discussion:**

Several minor changes are needed to the Chandler Heights Road CIP as a result of the new development. These include the design and construction of new utility stubs to service the development, modifications to the roadway curbing, and stormwater infrastructure. The costs for design and construction of the CIP modifications resulting from the new development will be calculated by the City and paid for by the Developer. The purpose of this Development Agreement is to memorialize the obligations of each party to effectuate the project changes and allow for cost reimbursement to the City of Chandler. This Agreement allows the City and Developer to better coordinate efforts during the CIP to ensure seamless delivery of both roadway improvements and the new subdivision.

# **Financial Implications:**

There are no financial obligations for the City of Chandler.

#### **ARTICLE 2**

## DEVELOPER'S RESPONSIBILITIES FOR THE DEVELOPMENT CHANGES TO CITY PROJECT AND IMPROVEMENTS

- 2.1 Design and Construct Other Utility Stubs. Developer must design and construct the Other Utility Stubs for the Development in accordance with City standards and requirements at Developer's sole cost before the start of the City Project, or as otherwise agreed to by the City. Developer and City will coordinate the schedule and timing of the Other Utility Stubs construction. If Developer is unable to timely complete construction of the Other Utility Stubs, upon written request and agreement by Developer and the City, the City may construct the Other Utility Stubs as part of the City Project at Developer's sole cost. Provided; however, Developer is solely responsible for and must first obtain all required approvals and permits for Other Utility Stubs at Developer's sole cost and expense.
- 2.2 Coordination With City for Development Changes to City Project. Developer, at Developer's sole cost and through Developer's designer, must work with and coordinate with the City Project designer to design and prepare construction documents for the Development Changes to City Project. Based on the coordinated construction documents for the Development Changes to City Project, the City Project designer will prepare an itemized summary of the changes and additional work and materials for the Development Changes to the City Project (collectively "Development Changes Scope of Work"). Based on the Development Changes Scope of Work, the City Project contractor will prepare a change order to the City Project that deducts the costs included in the City Project for the above referenced stormwater retention and infrastructure, and curb and gutter at the Development entrance and emergency entrance, and adds the construction costs calculated by applying contractor's unit prices in the City Project construction agreement to the Development Changes Scope of Work (collectively "Development Changes Change Order"). Developer, at Developer's sole cost, will coordinate with the

City Project to install landscaping, landscaping irrigation, and any other necessary improvements under the scope of this Agreement in the Chandler Heights Road right of way as approved by the City.

- 2.3 Payment for Development Changes to City Project; Deposit Account Agreement. Developer acknowledges and agrees to the "prompt payment" statutes and requirements that apply to the City Project. Accordingly, within 30 days of the Effective Date, Developer agrees to enter into the deposit account agreement attached as **Exhibit** "C" ("Deposit Account Agreement") and must deposit the following amounts in the deposit account for the following costs and amounts within thirty (30) days of the City's written request: (i) \$10,000 plus 10% for increase to project costs for the City Project designer's fees and costs to design and prepare the Development Changes to City Project construction documents and Development Changes Scope of Work and any changes to environmental clearances; (ii) \$15,000 plus 10% for increase to project costs for the City Project designer's fees and costs for construction management and administration of the Development Changes to City Project; (iii) the Development Changes Change Order amount plus 10% for increase to project costs; and (iv) \$5,000 plus 10% for increase to project costs for the City's additional reasonable costs and fees incurred as a result of, or arise out of, or relate to the Development Changes to City Project. Within 30 days of Final Acceptance of City Project, the City will return to Developer the remaining funds, if any, plus accrued interest in the deposit account.
- **2.4 System Development Fees.** In addition to the payments under this Agreement, Developer must pay all outstanding system development fees as required by the City.
- 2.5 Issuance of Temporary Certificates of Occupancy ("TCO") and Certificates of Occupancy ("CO"). When the City Project is substantially complete in the right of way that abuts the Development, the City may, in its reasonable discretion, coordinate with Developer to issue TCO's to Developer for Development model homes. Consistent with City's existing practices, procedures, and regulations, when the Certificate of Substantial Completion for the City Project is issued and Developer has fully and completely satisfied Developer's obligations under this Agreement, the City may, in its reasonable discretion, coordinate with Developer to issue CO's for the Development.
- **2.6 Developer to Coordinate and Install Landscaping.** Developer, at Developer's sole cost, acknowledges, accepts, and agrees that Developer will coordinate with the City Project contractor to install all landscaping and landscaping irrigation located in the right of way that abuts the Development.
- **2.7** Construction Easements. At no cost to the City, with this Agreement, Developer and its successors and assigns grants to City a temporary construction easement to permit the City and its authorized agents, employees, and contractors access to and use of the

portion of the Property as necessary for the design, construction, maintenance, and operation for the City Project.

2.8 Coordination of 124th Street Improvements. Although this Agreement solely relates to the City Project for improvements to Chandler Heights Road, Developer acknowledges, accepts, and agrees, to the extent reasonably necessary, to coordinate the design, construction, operation, and maintenance of improvements to 124th Street as required by the City's annexation of the Property and approval of the Development with the City and Tri-Pointe Homes Arizona 91, LLC, the developer of the Treeland development that abuts 124th Street on the west.

- **3.2** Irrigation and Utility Infrastructure in Chandler Heights Road. As part of the City Project, the City will install and place underground the irrigation canal that runs parallel to the Development and the water line located in Chandler Heights Road right of way.

- 5.9 **Indemnity.** In addition to all other indemnities and other obligations hereunder, to the fullest extent permitted by law, throughout the term of this Agreement or any and all permits and until all obligations and performances under or related to this Agreement are satisfied and all matters described in this paragraph are completely resolved, Developer and all other persons using, acting, working, or claiming through or for Developer, its successors and assigns (if they or their subcontractor, employee, or other person or entity hired or directed by them participated in any way in causing the claim in question) must jointly and severally indemnify, defend, and hold harmless City for, from, and against any and all claims or harm related to Developer's use and maintenance of the Public Rights-of-Way or other City-owned property or the rights granted to Developer with respect to the Public Rights-of-Way or City-owned property or Developer's exercise of its rights under this Agreement (the "Indemnity"). Without limitation, the Indemnity must include and apply to any and all allegations, demands, judgments, assessments, taxes, impositions, expenses, proceedings, liabilities, obligations, suits, actions, claims (including without limitation claims of personal injury, bodily injury, sickness, disease, death, property damage, destruction, loss of use, financial harm, or other impairment), damages, losses, expenses, penalties, fines, or other matters (together with all reasonable attorney fees, court costs, and the cost of appellate proceedings and all other costs and expenses of litigation or resolving the claim) that may arise in any manner out of Developer's use of the Public Rights-of-Way or other City-owned property pursuant to this Agreement or any and all Permits, or any

actions, acts, errors, mistakes or omissions relating to work or services in the performance of or related to this Agreement by Developer, including without limitation any injury or damages or cause of action claimed or caused by any employees, contractors, subcontractors, tenants, subtenants, agents, or other persons upon or using the Public Rights-of-Way or other City-owned property or surrounding areas related to Developer's exercise of its rights under this Agreement, except to the extent caused by City or any other Additional Insured or anyone for whose mistakes, errors, omissions, or negligence City may be liable. Notwithstanding the foregoing, the Indemnity does not apply to: (i) Claims arising from the sole negligence or intentionally wrongful acts of City; or (ii) Claims that the law prohibits from being imposed upon the indemnitor.

- **5.10 Risk of Loss**. Developer assumes the risk of any and all loss, damage or claims related to Developer's use of the Public Rights-of-Way or other City-owned property, Developer or third parties throughout the term of this Agreement and the term(s) of any and all permits. Developer must be responsible for any and all damage to its property and equipment related to this Agreement unless caused by the negligence of the City or its agents or contractors.
- 5.11 Insurance to be Provided by Others. Developer must cause its contractors or other persons occupying, working on or about, or using the Public Rights-of-Way or City-owned property under this Agreement to be covered by their own or Developer's insurance as required by this Agreement. **Subject:** Job Order Project Agreement No. DS2201.401 with Caliente Construction,

Inc., Pursuant to Job Order Master Agreement No. JOC1904.401, for the Outside Plant Fiber Telecommunications Remote Buildings – Veterans Oasis

#### **Proposed Motion:**

Move City Council award Job Order Project Agreement No. DS2201.401 to Caliente Construction, Inc., Pursuant to Job Order Master Agreement No. JOC1904.401, for the Outside Plant Fiber Telecommunications Remote Buildings – Veterans Oasis, in an amount not to exceed \$936,605.

#### **Background/Discussion:**

The project consists of a small remote building to house the telecommunication fiber optic hub switch and associated connections to existing City of Chandler fiber infrastructure. The hub switch will be located at Veterans Oasis Park adjacent to the Chandler Heights Substation. The City's Fiber Master Plan recommended new hub switches to improve Chandler's network resiliency and reliability.

The City of Chandler has been installing conduit and connecting traffic signals to City owned copper communications cabling as far back as the early 1980's. In the early 1990's, Chandler began converting that copper communications network to fiber optic cabling. Today, Chandler has one of the most connected traffic systems as a result of the City's innovative approach. Over the years, City buildings such as libraries, aquatic centers, fire stations, police stations and even programmable signs have been connected to the City fiber network through a sequence of last-mile projects.

The fiber system grew organically as the City's needs evolved and new technologies emerged. In 2010, a Fiber Master Assessment was completed, followed the 2020 Fiber Master Plan. The Master Plan included a projected 10-year plan for rehabilitation and capital improvements which was incorporated into the City's capital improvement program (CIP).

These remote telecommunications building projects are part of the initial phase of recommendations in the Master Plan to provide much needed diversity and redundancy and improve the resiliency of the City of Chandler fiber optic network. The addition of these points of connection decentralizes the city's network and will, as the other improvements are made, create redundant connections for trunk circuits and distribution circuits that will provide the kind of service the city will need for future security of the communications network.

The project scope of work includes the furnishing and installation of the prefabricated concrete building, fiber connections to existing infrastructure, fiber vaults, HVAC, transformer and associated electrical, electrical connection to the adjacent building, server racks, security cameras, key card access, and concrete foundation. Scope to also include site work, pad preparation, and concrete asphalt patch back as required for conduit installation. The agreement completion time is 130 calendar days.

# **Evaluation:**

The selection process was conducted in accordance with City policy and procedure and State law. The costs proposed for this project have been evaluated by staff and determined to be reasonable.

  - iv. Warranties on equipment (HVAC, electrical and lighting devices, etc.) not manufactured by NW Management will be passed through NW
  - Management from the manufacturer to the customer
- Unless otherwise agreed to in writing by both parties, SELLER warrants only that, for a period of one (1) year after installation, SELLER products or materials sold hereunder shall be free from material defects in workmanship. Any failure by PURCHASER to timely pay any or all amounts due hereunder shall automatically void this express warranty made by SELLER. No agent, employee or representative of SELLER has authority to bind SELLER to any affirmation, representation or warranty concerning any products or materials sold to PURCHASER, unless and until said affirmation, representation or warranty is expressed in writing and signed by an authorized SELLER representation. The description of the goods contained herein is the sole basis for this agreement, and no statements or representations other than those embodied herein have been made or relied upon.

EXCEPT AS EXPRESSLY PROVIDED HEREIN, SELLER DOES NOT MAKE AND SPECIFICALLY EXCLUDES AND DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, OR ARISING BY TRADE USAGE OR COURSE OF DEALING, INCLUDING WITHOUT LIMITATION, ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, AND ANY IMPLIED INDEMNITIES. IN NO EVENT WILL SELLER BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES (INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOST PROFITS, BUSINESS INTERRÚPTION, AND LOSS OF BUSINESS INFORMATION) ARISING OUT OF THE USE, INABILITY TO USE OR FAILURE OF ANY MATERIALS OR PRODUCTS SOLD HEREUNDER, EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ANY DEFECTS CAUSED BY IMPROPER USE, DESIGN, INSTALLATION OR MAINTENANCE VOICE ANY AND ALL WARRANTIES EXPRESSED OR IMPLIED, AND WHICH OTHERWISE APPLY. IT IS AGREED THAT SELLER SHALL NOT BE RESPONSIBLE FOR ANY DAMAGES WHICH EXCEED THE INVOICE PRICE OF ANY MATERIALS WHICH ARE DETERMINED TO BE DEFECTIVE OR NON-CONFORMING.

- LIMITED REMEDY: For Defective Products/Materials. Should the products or materials sold hereunder breach the limited warranty made by SELLER in Section 7 above, PURCHASER must provide written notice to SELLER of such breach within forty-eight (48) hours of PURCHASER's initial knowledge of said defect. PURCHASER hereby waives and relinquishes all actions and claims for replacement and repair thereof if PURCHASER fails to deliver such written notice within the applicable 48-hour period. Upon SELLER's receipt of timely written notice, SELLER's sole obligation and PURCHASER's exclusive remedy shall be the repair or replacement of the defective products or materials within a commercially reasonable period of time. Under no circumstances shall SELLER be liable for any liability, damages or costs due to delays in the approval, delivery or installation of any SELLER products or materials. PURCHASER understands and agrees that "but for" this limited remedy and SELLER's limitations on liability as stated in Section 7 above, SELLER would not be able to sell its products and materials to PURCHASER at the agreed prices and that the warranty disclaimers, the limitations on liability, and the limited remedy described in this Section 7 constitute an agreed allocation of risk between PURCHASER and SELLER.
- INDEMNIFICATION: PURCHASER agrees to defend, indemnify and hold SELLER harmless from and against all claims, losses, damages, penalties, costs and/or expenses for damage to property of whatsoever kind or nature, or injury to persons arising out of performance under this CONTRACT by PURCHASER, its agents or employees. PURCHASER's duty to indemnify SELLER for liability and/or damages arising out of bodily injury to persons or damage to property caused by or resulting from the concurrent negligence of SELLER and PURCHASER shall apply only to the extent of the negligence of PURCHASER, its agents or employees. PURCHASER's indemnification obligations hereunder shall exclude claims, losses, liabilities, costs or expenses for damage to property of whatsoever kind or nature, or injury to persons arising out of performance under this Agreement from the sole negligence of the SELLER, its agents or employees.
- SAFETY: PURCHASER must provide a safe delivery site and comply with all federal, state and local safety laws, rules, ordinances and other requirements. PURCHASER shall indemnify and hold harmless SELLER, its agents, employees and contractors from, and shall defend any and all actions, claims, suits or proceedings that may subject SELLER to liability arising from PURCHASER's failure or inability to properly handle the products or materials, or provide a safe delivery site. SELLER agrees that, when its employees, agents or contractors deliver the products or materials purchased hereunder, it and they shall comply with all federal, state and local safety requirements.
- STOP WORK: If credit conditions become unsatisfactory at any time prior to SELLER's completion of the work hereunder, PURCHASER shall furnish adequate security upon SELLER's request. To the extent PURCHASER fails to provide adequate security, as determined in SELLER's sole discretion, SELLER may stop
- PURCHASER'S BANKRUPTCY: Should PURCHASER become bankrupt or insolvent during the terms of this CONTRACT, this CONTRACT shall automatically terminate, provided such termination shall not prejudice SELLER's rights to the amounts then due and owing.
- GOVERNING LAW: PURCHASER acknowledges that all billings, accounts receivable, and credit functions of SELLER are processed either through (i) the division or branch office from which PURCHASER makes purchases on credit pursuant to the credit granted hereunder; (ii) or any member of the SELLER group of affiliated companies; or (iii) any other SELLER related administrative entity. Therefore, in the event of arbitration between SELLER and PURCHASER, the

arbitration, at the sole option of SELLER, shall take place in any city within any State having proper jurisdiction. SELLER and PURCHASER agree that the laws of the State in which the SELLER branch granting credit hereunder is located shall govern the interpretation of this CONTRACT.

- 18. MANDATORY BINDING ARBITRATION. ANY DISPUTE ARISING UNDER THIS CONTRACT SHALL BE SUBMITTED TO AND RESOLVED BY BINDING ARBITRATION IN ACCORDANCE WITH SECTION 15. THE AMERICAN ARBITRATION ASSOCIATION SHALL CONDUCT THE ARBITRATION UNLESS THE PARTIES MUTUALLY AGREE TO USE AN ALTERNATIVE ARBITRATION SERVICE. THE COSTS OF THE ARBITRATION SHALL BE BORNE EQUALLY BY THE PARTIES. JUDGMENT UPON ANY AWARD MADE BY THE ARBITRATOR MAY BE ENTERED IN ANY COURT HAVING JURISDICTION THEREOF.
- 19. ASSIGNMENT: PURCHASER shall not assign this CONTRACT without the prior written consent of SELLER. Notwithstanding the foregoing, PURCHASER shall have the right to assign this CONTRACT to any person or entity that acquires or succeeds to all or substantially all of PURCHASER's business or assets upon written notice to SELLER in accordance with Section 23, so long as the assignee or transferee assumes and continues to fulfill and perform all of the assignor/transferor's obligations hereunder. Notwithstanding anything contained herein to the contrary, PURCHASER shall remain liable for any and all obligations hereunder until SELLER acknowledges and approves any assignment in writing.
- 20. MODIFICATION AND WAIVER: Neither this CONTRACT nor any term or provision hereof may be changed, waived, discharged, amended, modified or terminated orally, or in any manner other than by an instrument in writing signed by both parties hereto. The failure of any party hereto to insist upon strict performance of any of the covenants and agreements herein contained, or to exercise any right or remedy herein conferred, in any one of more instances, shall not be construed to be a waiver or relinquishment of any such right or remedy, or of any other covenants or agreements, but the same shall be and remain in full force and effect.
- 21. **SERVERABILITY:** If any provision of this CONTRACT is determined by a court of competent jurisdiction to be invalid or unenforceable, such determination shall not affect the validity or enforceability of any other part or provision of this CONTRACT.
- 22. **FORCE MAJEURE:** A party is excused from its obligations under this CONTRACT (except for PURCHASER's obligations to pay any monies due and payable to SELLER hereunder) to the extent such party (or a third party upon whom such party materially relies) sustains a loss by strike, fire, flood, windstorm, accident, act of God or other similar or dissimilar calamity or occurrence out of the reasonable control of such party which materially interferes with the conduct of such party's business, regardless of whether or not any such loss has been insured.
- 23. **RELATIONSHIP OF THE PARTIES:** Nothing contained in this CONTRACT shall be deemed or construed by the parties hereto or by any third person to create the relationship of principal and agent or partnership or of any association between any of the parties hereto other than independent contracting parties.
- 24. COMPLIANCE WITH LAWS: PURCHASER must comply with all federal, state and local laws, codes, regulations and ordinances. PURCHASER agrees to pay all applicable fees, licenses and taxes, including sales and use taxes and inspection costs.
- 25. NOTIFICATION OF CHANGE IN OWNERSHIP: PURCHASER hereby agrees to notify SELLER, in writing, thirty (30) days prior to any change in ownership, name or business structure of PURCHASER and further agrees to be jointly and severally liable for all purchases by the new business structure and/or owners should said notification not be given. SELLER may, regardless of the terms herein or on any invoice, require all outstanding account balances be paid in full on demand upon change in ownership and/or business structure, and may refuse to make further sales or extend credit pending approval of the new business structure's/owners' credit, which approval shall be at SELLER's sole discretion.

### City Council Memorandum Development Services Memo No. CP24-062

**Date:** November 09, 2023 **To:** Mayor and Council

**Thru:** Joshua H. Wright, City Manager

Andy Bass, Deputy City Manager

Micah Miranda, Acting Development Services Director Kimberly Moon, CIP Engineering Senior Manager

From: Ivan Magana, Engineer

**Subject:** Job Order Project Agreement No. DS2201.402 with Caliente Construction,

Inc., Pursuant to Job Order Master Agreement No. JOC1904.401, for the Outside Plant Fiber Telecommunications Remote Buildings – Public Safety

## **Proposed Motion:**

Move City Council award Job Order Project Agreement No. DS2201.402 to Caliente Construction, Inc., Pursuant to Job Order Master Agreement No. JOC1904.401, for the Outside Plant Fiber Telecommunications Remote Buildings – Public Safety, in an amount not to exceed \$794,886.20.

## **Background/Discussion:**

The project consists of a small remote building to house the telecommunication fiber optic hub switch and associated connections to existing City of Chandler fiber infrastructure. The hub switch will be located adjacent to the Public Safety Training Center and the Dobson South Water Reservoir. The City's Fiber Master Plan recommended new hub switches to improve Chandler's network resiliency and reliability.

The City of Chandler has been installing conduit and connecting traffic signals to City owned copper communications cabling as far back as the early 1980's. In the early 1990's, Chandler began converting that copper communications network to fiber optic cabling. Today, Chandler has one of the most connected traffic systems as a result of the City's innovative approach. Over the years, City buildings such as libraries, aquatic centers, fire stations, police stations and even programmable signs have been connected to the City fiber network through a sequence of

last-mile projects.

The fiber system grew organically as the City's needs evolved and new technologies emerged. In 2010, a Fiber Master Assessment was completed, followed the 2020 Fiber Master Plan. The Master Plan included a projected 10-year plan for rehabilitation and capital improvements which was incorporated into the City's capital improvement program (CIP). These remote telecommunications building projects are part of the initial phase of recommendations in the Master Plan to provide much needed diversity and redundancy and improve the resiliency of the City of Chandler fiber optic network. The addition of these points of connection decentralizes the city's network and will, as the other improvements are made, create redundant connections for trunk circuits and distribution circuits that will provide the kind of service the city will need for future security of the communications network.

The project scope of work includes the furnishing and installation of the prefabricated concrete building, fiber connections to existing infrastructure, fiber vaults, HVAC, transformer and associated electrical, electrical connection to the adjacent building, server racks, security cameras, key card access, and concrete foundation. Scope to also include site work, pad preparation, and concrete asphalt patch back as required for conduit installation. The agreement completion time is 130 calendar days.

### **Evaluation:**

The selection process was conducted in accordance with City policy and procedure and State law. The costs proposed for this project have been evaluated by staff and determined to be reasonable.

- ENTIRE AGREEMENT: These terms and conditions, in combination with the terms and conditions attached to SELLER's quote, invoice, purchase order and/or
  delivery ticket which are incorporated herein by reference (hereinafter collectively referred to as the "Terms"), represent the entire agreement between the parties. Any
  terms, including those on any PURCHASER purchase order, which are different, conflicting, add to, modify, supersede or otherwise alter the Terms without express
  written approval signed by an authorized representative of the SELLER are hereby rejected.
- PAYMENT TERMS: If this CONTRACT is accepted, PURCHASER agrees to pay in full the invoice price of all purchases now or hereafter made from SELLER within 30 days. Progress payments shall be submitted on the 25th of each month, projected through the end of the month, without any retention. If the total invoice price is not paid in full on or before the due date, interest will accrue on the unpaid balance at the greater of 5% per month or the maximum rate allowed by the state laws of SELLER's principal place of business, whichever is greater. If the structure still has not shipped 30 days after the scheduled ship date, storage charges of 1% per month for the structure will be assessed. Additional maintenance charges may also be incurred at time of delivery. If PURCHASER should fail to fulfill any of its obligations under this CONTRACT, or if SELLER in good faith deems itself insecure because the prospect for payment is impaired or the prospect of performance of any provision of this CONTRACT is impaired, or if a default occurs for any other reason provided in this CONTRACT, then SELLER, at its option and without notice, may declare the entire unpaid balance owed by PURCHASER under this CONTRACT to be immediately due and payable, or terminate the credit privileges of PURCHASER under the CONTRACT, or both, as well as the right to take repossession and title to the structure if payment is not forthcoming. PURCHASER agrees to pay in full all costs and expenses incurred by SELLER in collecting the amounts owed by PURCHASER under this CONTRACT, including any and all court costs, attorneys' fees and collection costs. Payments received will be applied against items on unpaid invoices in an order and sequence determined by SELLER in its sole discretion. Checks returned unpaid by your bank are automatically deposited a second time in an effort to clear your payments before they are returned to SELLER. Returned checks regardless of the reason, are subject to a service charge in an amount not to exceed applicable law. Any app

A significant increase in price is defined herein as an increase as to any specific items of materials of 3 percent (3%) or more. In such a case, Purchaser shall pay to Seller, on request, all sums by which the cost to Seller for any such items of materials has increased beyond 3%. This would apply, but not be limited to price increases in lumber, plywood, steel, sheet metal, roofing materials, fuel, manufactured products and equipment. Seller is entitled to demonstrate this price increase through the use of quotes, supplier list prices, invoices or receipts, when requested. Seller shall not be responsible for increased prices of materials when caused by delays, shortages or unavailability of materials due to conditions not caused by Seller.
- 6. **DELIVERY OF MATERIALS:** Logistics and shipping will be arranged and procured by the customer; NW Management will provide a list of approved transportation providers who are familiar with the product and requirements. Delivery to occur on weekdays during normal daylight working hours. - 7. RISK OF LOSS: When materials are sold "F.O.B. Plant," delivery of materials therefor shall be accomplished at SELLER's plant, and PURCHASER shall bear all risks of loss, damage, injury or liability associated with transportation and placement of materials. # City Council Memorandum Development Services Memo No. 23-045

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Josh H. Wright, City Manager

Andy Bass, Deputy City Manager

Micah Miranda, Acting Development Services Director

**From:** Darsy Omer, Associate Planner

Subject: PLH23-0043 Pizza Hut

Request: Use Permit approval for a Series 7 Beer and Wine Bar License

Location: 1000 N. Arizona Avenue, at the northwest corner of Arizona Avenue and

Ray Road

**Applicant:** Theresa Morse, Avant Garde Alcohol Training

# **Proposed Motion:**

Move City Council approve Use Permit, PLH23-0043 Pizza Hut, subject to the conditions recommended by Planning and Zoning Commission.

# **Background Data:**

- Zoned Regional Commercial District (C-3)
- Historically, this Pizza Hut has operated with a Series 12 Restaurant license, but is now requesting a Series 7 Beer and Wine Bar license.

# **Surrounding Land Use Data:**

North	C-3 (Regional Commercial)	South	Ray Road
East	Arizona Avenue	West	C-3 (Regional Commercial)

# **Proposed Development:**

Size of Restaurant	2,584 sq ft.
•	Sunday-Thursday: 10:00am-12:00am Friday-Saturday: 10:00am-1:00am

## **Review and Recommendation:**

The establishment's primary purpose is to sell and serve food. The applicant is requesting a Series 7 Beer and Wine Bar license to sell alcohol to complement the food, but will not operate as a bar. No entertainment will be provided on site. The state requires a 300-foot distance requirement from a school for a Series 7 Beer and Wine Bar License. The nearest school (New Vistas Center for Education) is approximately 2,112 feet from the restaurant. Planning staff has reviewed the request and finds it to be consistent with the General Plan and recommends approval of the Use Permit to allow for a Series 7 Beer and Wine Bar license subject to conditions.

# **Public / Neighborhood Notification**

- The request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting was held on September, 12th, 2023. One resident attended the meeting and was concerned about people crossing the street intoxicated.
- As of the writing of this memo, Planning staff is not aware of any opposition.

# **Planning and Zoning Commission Vote Report**

Planning and Zoning Commission meeting October 18th, 2023 Motion to Approve

In Favor: 5 Opposed: 0 Absent:(2)

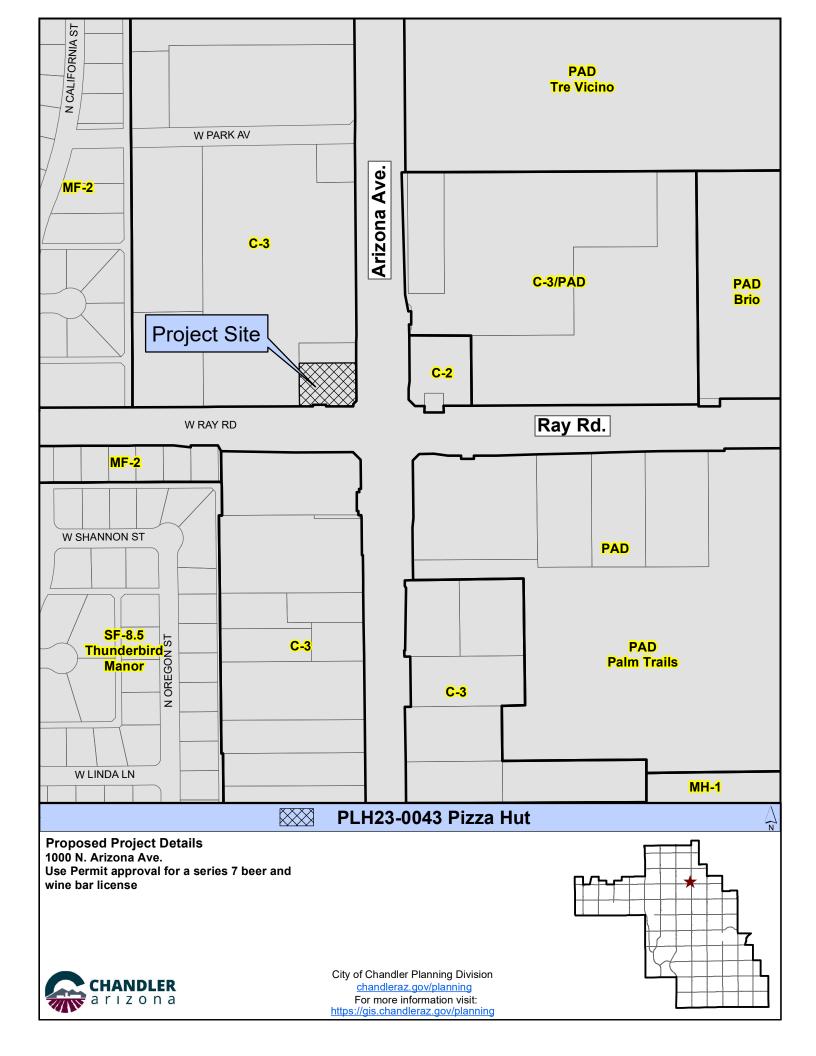

# **Recommended Conditions of Approval**

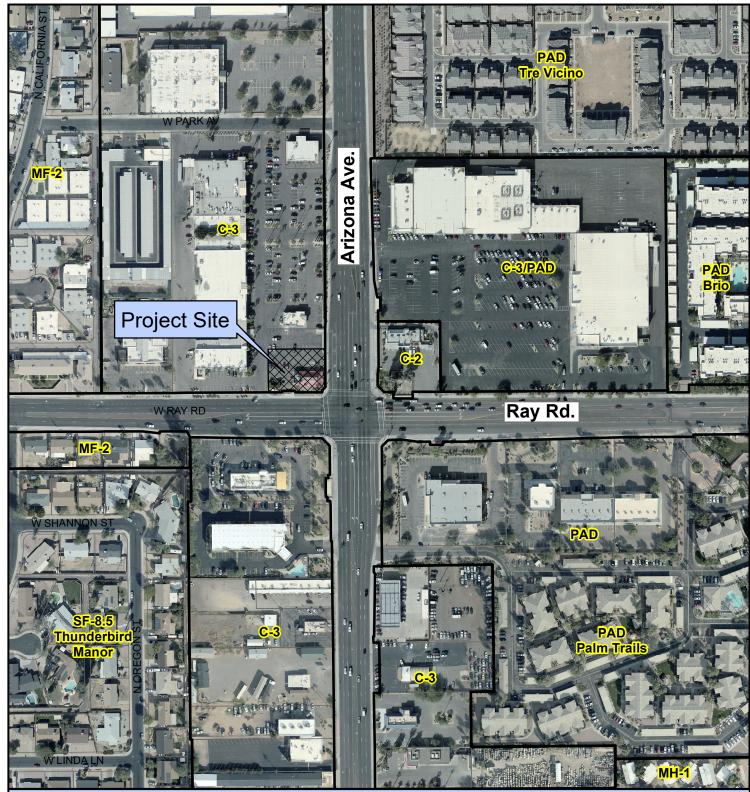

Planning staff recommends City Council approve the Use Permit, subject to the following conditions:

- Substantial expansion or modification beyond the approved exhibits (Exhibits and Narrative) shall void the Use Permit and require new Use Permit application and approval.
- 2. The Use Permit is non-transferable to any other location or any new owner.
- 3. The site shall be maintained in a clean and orderly manner.
- 4. This Use Permit approval is solely for a Series 7 Beer and Wine Bar license.
- 5. The Use Permit shall remain in effect for two (2) years from the date of City Council approval. Continuation of the Use Permit beyond the expiration date shall require re-application to and approval by the City of Chandler

## **PIZZA HUT #35851**

## 1000 N ARIZONA AVENUE CHANDLER AZ 85225

### **PROJECT NARRATIVE**

For its Project Narrative, in accordance with the requirements of the City of Chandler Liquor Use Permit Application, HOT PIZZAS, LLC dba Pizza Hut #35851 states as follows:

Pizza Hut is submitting this Liquor Use Permit application to allow a series 7 Beer and Wine Bar liquor license at 1000 N Arizona Avenue Chandler Arizona 85225 (Northwest corner of Arizona Avenue and Ray Road). A series 7 liquor license allows customers to consume beer and wine products on the licensed premises and allows sealed package beer and wine to go. Although, a series 7 liquor license is not mandated by Arizona State law to produce 40% of their gross revenue from the sales of food their stores primarily sell food with a percentage of approximately 80% food. The business primary purpose is food with alcoholic beverages is to complement their food; it does not operate as a bar. Furthermore, the owners and managers are knowledgeable in alcohol sales by attending certified liquor law training to protect the health, safety, and welfare of Arizona citizens. Therefore, this request is for a Use Permit at 1000 N Arizona Avenue Chandler, Arizona 85225 to allow a beer and wine bar license (series 7) consumption on the premises and sealed packaged of beer and wine to go.

The Pizza Hut building is approximately 2,584 sq ft. This liquor license does require the proposed establishment to be three hundred feet from schools Kindergarten through 12<sup>th</sup> grade. The closest school is Knox Gifted Academy which is located at 700 W Orchid Lane Chandler Arizona 85225 and is approximately 3,000 feet from the proposed location. The floorplan has not been changed from when the series 10 liquor license was recommended for approval by Chandler City Council and the liquor license was issued. There will not be any changes to the City approved (existing) landscape and lighting.

The proposed days of operation of Pizza Hut #35851 will be Sunday through Thursday 10:00 am -12:00 pm and Friday and Saturday from 10:00 am -1:00 am. There will not be any live entertainment, amplified speakers, or live music on the premises. Approximately twenty employees work at this location. Trash disposal will be between the hours 10:00 am -3:00 pm so as not to disturb the tranquility of neighboring businesses or residents.

In conclusion, Pizza Hut #35851 will not disrupt the existing balance of daytime and nighttime uses and will not negatively affect vehicular or pedestrian traffic in the adjacent parking lots as there is adequate parking and entrances/exits to the business and properties. Furthermore, the beer and wine beverages sold are to complement the menu. Therefore, alcohol consumption on the licensed premises will not negatively impact residents and/or businesses within the surrounding area. Furthermore, it should be noted that Pizza Hut has been operating at this location with only package beer and wine to go since 2019.

I respectfully request a Liquor Use Permit be granted for Pizza Hut #35851 located at 1000 N Arizona Avenue Chandler Arizona 85225 for a series 7 liquor license to provide indoor food, beer, and wine consumption on the existing premises. The series 10 liquor license will be surrendered to the Arizona Department of Liquor upon approval of the series 7 liquor license.

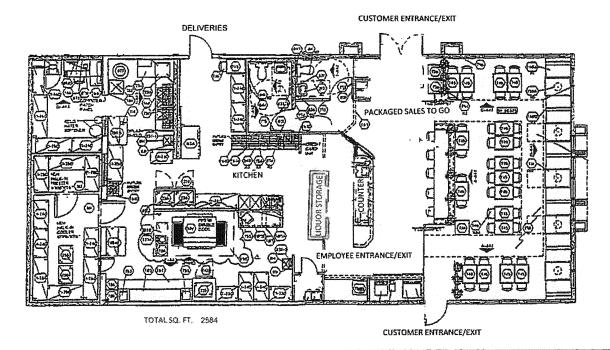

Respectfully,

Theresa J. Morse

# **Review and Recommendation:**

This application is requesting Use Permit approval for a duplex, or two-family dwelling, with a density of 10.53 dwelling units per acre on a site that is located within a residential area in Chandler's downtown.

The subject site is located within Chandler's South Arizona Avenue Area Plan and is designated as Low Density Residential (0 - 5.9 dwelling units/acre) with a Future Growth Area overlay, which allows higher densities on a case-by-case basis upon demonstrating compatibility with surrounding properties. More specifically in this case, the proposed duplex must present a scale and density that is compatible with the surrounding neighborhood.

Current zoning is Multi-Family Residential (MF-2), which allows densities up to 18 dwelling units per acre. Duplexes require Use Permit approval in MF-2 districts.

The proposed development meets all setbacks, lot coverage, and allowable density requirements. The proposed site layout and building design are consistent with the surrounding neighborhood in quality and scale. The architectural design utilizes a variety of materials including stucco, horizontal Hardie plank siding, vertical Hardie board siding and a matte grey metal roof, and the development will make a positive contribution to the existing neighborhood.

Staff finds the proposal to be consistent with the goals of the General Plan and South Arizona Avenue Area Plan and recommend the Planning and Zoning Commission recommend approval.

# **Public / Neighborhood Notification**

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting sign was posted on the site and on social media via NextDoor.
- A neighborhood meeting was held on September 26, 2023.
   Approximately eleven people attended, including the applicant and family, architect, builder and 2 property owners.
- Discussion at the meeting included the owners' preference for the proposed metal roof and how there would be minimal risk of glare because the duplex is only one-story.
- As of the writing of this memo, Planning staff is not aware of any opposition to this application.

# **Planning and Zoning Commission Vote Report**

Planning and Zoning Commission meeting October 18, 2023 Motion to Approve

In Favor: 5 Opposed: 0 Absent: 2

Commissioner Velasquez asked if it would be possible to provide decomposed granite and landscaping within the rights-of-way along both Chicago Street and Dakota Street, and if any consideration had been given to establishing theme trees and landscape standards within the downtown area.

Staff confirmed that the applicant intends to provide landscaping at these locations. Staff also suggested it would be appropriate to consider the broader design concepts for downtown street landscape themes as part of the upcoming South Arizona Avenue Area Plan Update.

## **Recommended Conditions of Approval**

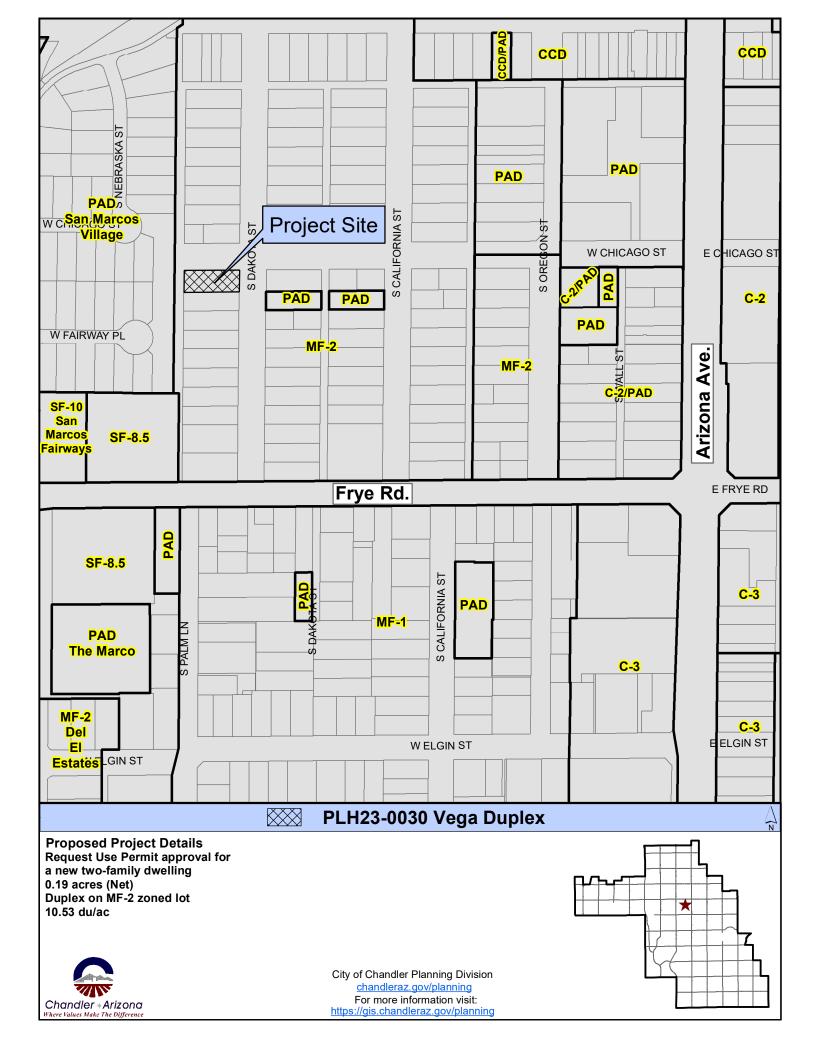

Planning staff recommends Planning and Zoning Commission move to recommend approval of the Use Permit, subject to the following conditions:

- 1. Substantial expansion or modification beyond the attached "Exhibit A" shall void the Use Permit and require new Use Permit application and approval.
- 2. Use Permit approval does not constitute Final Development Plan approval; compliance with the details required by all applicable codes and conditions of the City of Chandler and this Use Permit shall apply.
- 3. The site shall be maintained in a clean and orderly manner.
- 4. The home builder/lot developer shall provide a written disclosure statement, for the signature of any potential buyer, acknowledging that the property is located adjacent to or nearby the "Entertainment District" which may contain land uses that create adverse noise and other externalities. The "Purchase Contracts" and the property deed shall include a disclosure statement outlining that the site is adjacent to the Entertainment District. The responsibility for notice rests with the home builder/lot developer, and shall not be construed as an absolute guarantee by the City of Chandler for receiving such notice.
- 5. Developer shall complete construction of all required off-site street improvements including but not limited to paving, landscaping, curb, gutter and sidewalks, median improvements and street lighting to achieve conformance with City Codes, standard details, and design manuals.

6. In addition to a duplex, a single-family residence is also permitted and shall be subject to development standards applicable to the MF-2 Multiple Family Residential District. Administrative Design Review approval shall be required prior to building permit issuance of any single-family home.

RE: Vega Duplex

**Use Permit Narrative** 

PLH23-0030

Parcel: 303-09-158 Zoning: MF-2

The previous review of the duplex was review #PRE23-004.

This site is zoned MF-2 which is why we previously submitted this as a Triplex. We received comments that it would not be supported as it is a tight site, but that a duplex would be able to gain the support of staff as it is a less intense use of the site. This is the reason for the Use Permit which is what we are submitting.

The site is at the corner of Dakota and Chicago Streets which is in the South Arizona Avenue Entry Corridor. The site is unique in that it is bordered by two streets and an alley. While it is the goal of the Corridor to encourage assembly of multiple parcels and create higher densities this was not possible at this location. However, we are proposing a compromise between single family and multi-family development by proposing a single duplex building which is a good compromise between the existing single-family homes and the goal of more multi-family uses.

The duplex includes 4 covered parking spaces which we felt was important to have been located off of Chicago St as this street dead ends at an alley and would create the fewest issues for turning into and out of the property into the neighborhood. We located it on the west side of the property so that landscaping and the building are the majority of what you see when looking at the property from the neighborhood.

This neighborhood is made up of mostly single-family residences and we believe the duplex fits the neighborhood look and feel. We're showing a contemporary ranch style building. We tried to incorporate the feeling of a smaller home that complements the surrounding homes but still has some more contemporary elements.

## PLH23-0030 VEGA DUPLEX - Use Permit

### Public Meeting Notes 9/26 at 6:07pm

#### We discussed the following:

- 1. Structure is zoned for MF-2
- 2. It will be a multi-family home and not a rental property

#### Questions asked:

- 1. When will it start? Hopefully start building in the first QTR of 2024. It will need to go through city council after this preliminary then will need to be granted permits.
- 2. Is metal roof mandated? No- it was to provide a rustic look and then potentially include solar panels. Concern raised with glare or reflection of the metal roof, but resolved since this wouldn't be a two story home.
- 3. Where will parking be located? on the side of Chicago street. Sidewalk will be implemented.

## City Council Memorandum Economic Development Memo No. ED24-010

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Andy Bass, Deputy City Manager

Micah Miranda, Economic Development Director

From: Michael Winer, Economic Development Project Manager

Subject: Resolution No. 5743 Approving the First Amended Chandler Infill Incentive

Plan and the First Amended Chandler Infill Incentive District

## **Proposed Motion:**

Move City Council approve Resolution No. 5743 approving the First Amended Chandler Infill Incentive Plan and the First Amended Chandler Infill Incentive District.

## **Background:**

The City of Chandler recognizes the importance of redevelopment to the community's long-term economic vitality. It has been incorporated into city visioning documents including the Chandler General Plan and City Council's recently adopted 2023-2025 Strategic Framework. In addition, the city has proactively established policies and programs to encourage desirable redevelopment activities. These include the adoption of the Chandler Infill Incentive Plan and designation of the Chandler Infill Incentive District, both of which occurred in 2009.

Staff is now seeking City Council approval to amend the Chandler Infill Incentive District and Chandler Infill Incentive Plan to better support future redevelopment projects. These items complement each other and are therefore packaged together in this request.

The Chandler Infill Incentive District was designated under Arizona Revised Statutes (A.R.S.) § 9-499.10. This statute authorizes municipalities to establish an infill incentive district and adopt an infill incentive plan to encourage

redevelopment in the district. For an area to be designated as an infill incentive district, it must meet certain criteria demonstrating a need for redevelopment. Specifically, the area must meet at least three of the following requirements:

- 1. There is a large number of vacant older or dilapidated buildings or structures;
- 2. There is a large number of vacant or underused parcels of property, obsolete or inappropriate lot or parcel sizes or environmentally contaminated sites;
- 3. There is a large number of buildings or other places where nuisances exist or occur;
- 4. There is an absence of development and investment activity compared to other areas in the city;
- 5. There is a high occurrence of crime; and/or
- 6. There is a continuing decline in population.

The Chandler Infill Incentive District boundaries were established as Ellis Street to the west, Pecos Road to the south, and the city limits to the north and east. The district includes retail centers along Alma School Road and Arizona Avenue that in the past housed national big box tenants and attracted customers from a large area. However, their standing within the regional retail landscape and continued viability has since been impacted by several factors, including traffic pattern changes, newer development projects, and retailers shifting to smaller store formats. Of note, Downtown Chandler is not included within the current district due to a now-defunct Downtown Improvement Fund that previously supported redevelopment projects.

The Chandler Infill Incentive Plan was adopted to support the redevelopment of aging and underutilized retail centers in the Chandler Infill Incentive District. The program is managed by the Economic Development Division. Through the program, property owners interested in redeveloping existing retail centers can apply for city financial support. This involves negotiation and City Council approval of an agreement that requires certain redevelopment work to be completed in exchange for city funding. City support has generally been provided as a reimbursement of costs associated with redevelopment, such as the demolition of existing buildings or installation of public infrastructure needed to accommodate new users. Projects that participated in the program included Great Hearts Academies renovating and occupying a former Smitty's Store/Bank First Call Center near the southeast corner of Alma School and Warner roads, Furniture & Mattress Discounters improving and occupying a former Mervyn's store at the southwest corner of Alma School and Elliot roads, and NexMetro demolishing a portion of the East Valley Mall and building an apartment complex west of the

northwest corner of Arizona Avenue and Warner Road.

The amendments now proposed by staff aim to better support redevelopment in Chandler in three ways: (1) expand the Chandler Infill Incentive District to encompass other areas that could benefit from redevelopment, (2) edit Chandler Infill Incentive Plan eligibility criteria to add redevelopment of Class C office buildings as a project type that can be considered for city support, and (3) adjust Chandler Infill Incentive Plan incentives to align with state statute and ensure compliance with the Arizona Constitution's Gift Clause.

First, staff requests City Council amend the Chandler Infill Incentive District boundaries to include all areas within Chandler located north of the Loop 202 Santan Freeway. The proposed expanded area meets at least three of the six criteria set forth in A.R.S. § 9-499.10, as detailed in the attached "2023 Chandler Infill Incentive District Analysis" report. The amended boundaries would allow owners of qualifying properties in West Chandler and Downtown Chandler to seek city support for redevelopment projects through the Chandler Infill Incentive Plan. In recent years, there has been less investment and development activity in these areas than in south Chandler. This is primarily because there is not much undeveloped land remaining north of Loop 202. Since 2018, more than eight (8.0) million square feet of non-residential development has been completed citywide, per CoStar's commercial real estate database. The area north of Loop 202 accounted for 2.7 million square feet, or only 34%, of total space delivered. Expanding the infill incentive district would encourage new investment north of Loop 202 by helping offset the higher costs associated with redevelopment projects.

The area north of Loop 202 also generates more City Code violations and Part I Crimes (those considered most serious) than the area south of Loop 202. More than 91% of City Code violations recorded citywide since the start of 2023 occurred north of Loop 202. In addition, while Chandler is currently experiencing historic low overall serious crime rates comparable to in the late 1980's when the population was far smaller, 75% of total violent crimes and 74% of total property crimes since the start of 2023 occurred in the area north of Loop 202. This data is provided in the attached "2023 Chandler Infill Incentive District Analysis" report. Studies have repeatedly shown that abandoned and neglected properties contribute to increased local crime. Expanding the infill incentive district would help protect against the spread of blight and its effects north of Loop 202 by supporting the reactivation of underutilized properties.

Second, staff requests City Council amend the Chandler Infill Incentive Plan eligibility criteria to allow for consideration of applications from property owners of existing Class C office buildings (in addition to retail centers). This is the lowest

classification of office building with properties generally in need of renovation, often featuring outdated infrastructure and technology. The Economic Development Division recommends including Class C office buildings in the Chandler Infill Incentive Plan to facilitate redevelopment should these properties struggle to attract tenants in the face of changing office market dynamics (e.g., tenants downsizing office footprints and seeking more amenities). According to CoStar, there are 77 office buildings rated Class C in the proposed expanded infill incentive district. The median construction year among these buildings is 1977, nearly 50 years ago.

Lastly, staff requests City Council amend the Chandler Infill Incentive Plan to state the city may consider the following types of incentives: waivers of municipal fees for development activities, expedited building plan review, and reimbursement of public infrastructure costs (capped at \$250,000 per project). Funding for reimbursements is included in the 2024-2033 Capital Improvement Program and would be awarded on a first come, first served basis until exhausted. Upon receiving a qualifying application, Economic Development staff would consider an incentive offer based on benefits to the city, including public improvements and economic and fiscal impact. The potential offer would then be incorporated into an agreement and subject to City Council approval. The agreement would be placed on a City Council meeting agenda, usually concurrent with the project's rezoning and preliminary development plan approval request. No reimbursements would be made until the project has been completed, passed required city inspections, and the public infrastructure dedicated to the city.

Staff presented these proposed amendments to the Economic Vitality City Council Subcommittee on September 6, 2023, and received direction to proceed with submitting this item for City Council consideration. In addition, staff presented to the Economic Development Advisory Board on September 13, 2023, which also expressed support for the proposed amendments.

## **Financial Implications:**

Funds for reimbursements authorized under the Chandler Infill Incentive Plan are included in the 2024-2033 Capital Improvement Program under the Infill Incentive Plan program. Total appropriation for the 2023-2024 Fiscal Year is \$1,556,208.

#### FIRST AMENDED CHANDLER INFILL INCENTIVE PLAN

The Arizona Revised Statutes ("ARS") § 9-499.10 enables cities and towns to establish infill incentive districts and adopt an infill incentive plan to encourage redevelopment in the district. Further, State statutes require that each city identify, in its General Plan, specific policies to promote infill development and locations where such development should be encouraged. As such, the Chandler General Plan, in its vision for maintaining a sustainable city, sets forth the policies listed below.

- Implement redevelopment programs and incentives that transform vacant commercial shopping centers into more intense uses in strategic nodal locations (e.g., arterial intersections).
- Administer flexibility in site development standards whenever possible without sacrificing quality or safety in order to facilitate adaptive reuse or redevelopment of sites located within the Infill Incentive District.
- Support the redevelopment of underutilized commercial properties to residential and/or office uses and higher densities through the Infill Incentive Plan.
- Facilitate adaptive reuse of vacant or underutilized buildings/properties to create opportunities for new housing and business developments.
- Redevelop vacant, underutilized commercial/retail properties into different uses that reduce commercial saturation, support other existing commercial properties, and help to revitalize the area.

City Council's Strategic Framework also emphasizes the importance of infill and redevelopment, identifying it as a focus area for the city and calling for:

- Targeted use of adaptive reuse, infill, mixed-use and redevelopment tools and plans supporting the vitality of commercial centers and neighborhoods.
- A predictable development process based on exceptional customer service and finding creative ways to get to "yes."

This First Amended Chandler Infill Incentive Plan (hereinafter, the "Chandler Infill Incentive Plan" or the "Plan") seeks to implement these policies by providing tools to encourage redevelopment in the Infill Incentive District (see Attachment A) through a variety of development incentives as provided for by State statutes. Specific incentives and eligibility criteria are addressed in the following section.

#### **Intent and Purpose**

The primary intent of the Chandler Infill Incentive Plan is to encourage the private redevelopment of commercial properties that have experienced vacancy rates higher than citywide averages caused by increased competition, tenant relocations, small business closures, and the significant costs and time necessary to upgrade older buildings to meet market standards.

Through the Plan, the city is seeking to support projects that redevelop all or a significant portion of an existing retail center<sup>1</sup> or Class C office building<sup>2</sup> to introduce new and/or additional uses. The focus on redevelopment recognizes that some of the city's older commercial buildings may no longer represent the highest and best use of the land, and that redevelopment of these sites may have significant positive impacts on the community, including:

- decreasing the supply of available commercial square footage, thereby increasing demand for the remaining commercial space;
- encouraging the renovation and/or redevelopment of surrounding properties which would spur new economic activity; and
- bringing new residents and/or daytime employees to older commercial areas, which would support the remaining commercial properties.

#### **Section 1.1 Eligibility Criteria and General Requirements**

Any applicant wishing to qualify for incentives, as outlined in Section 1.2, must submit an Infill Incentive Plan Application<sup>3</sup> to the Economic Development Director. The application shall include a description of the project being proposed (describes the project and the mix of uses, how the project meets current market demands and the potential impacts and benefits to the surrounding neighborhoods), phasing plans if any, anticipated date of completion, capital investment and job creation estimates to enable Economic Development staff to perform an economic and fiscal impact analysis, and an assessment of how the project proposed meets the following eligibility criteria and general requirements:

a) The applicant must be an owner, or an owner's representative, of an existing retail center or Class C office building located within the Infill Incentive District (see Attachment A).

<sup>&</sup>lt;sup>1</sup> The term "retail center" shall mean either a multi-suite building of any size floor area where at least sixty percent (60%) of the floor area is designed for retail occupancies or a single tenant building intended for retail use.

<sup>&</sup>lt;sup>2</sup> The lowest classification of office building and space is Class C. These are generally older buildings, located in less desirable areas, and are often in need of extensive renovation. Architecturally, these buildings are the least desirable, and building infrastructure and technology is outdated.

<sup>&</sup>lt;sup>3</sup> The Infill Incentive Plan Application may be submitted prior to, or in conjunction with, an application seeking building permit approval, or with an application seeking rezoning/preliminary development plan approval.

- b) The retail center or Class C office building must be a minimum of fifteen (15) years old or its vacancy rate must be at least fifty percent (50%) higher than the overall average vacancy rate<sup>4</sup> for its property type.
- c) The property owner will be responsible for obtaining all building permits, meeting applicable building and zoning codes and obtaining all additional licenses or permits.
- d) For any project to be granted the incentives provided in Section 1.2 of this policy, the applicant shall enter into an agreement with the city, in a form to be approved by the City Attorney, to ensure that the project will be developed for the purposes stated by the applicant, in conformance with this policy. Said agreement shall be subject to approval by the City Council.

#### **Section 1.2** Incentives

The city may authorize any or all of the following incentives to support a project that meets the Plan's primary intent to stimulate redevelopment of existing retail centers and Class C office space to include new and/or additional mix of uses:

#### a) Fee Waivers

The city may approve up to a 100 percent waiver of building permit fees, building plan review fees, and City of Chandler development impact fees. The approval of any application that requests a waiver of fees or partial waiver of fees shall be subject to approval by the City Council, essentials of a waiver of which shall be contained in a binding agreement that is subject to approval by the City Council.

#### b) Expedited Building Plan Review

The City of Chandler Development Services Department is committed to an expeditious review of all documents. The approval of any application that includes a request for expedited building plan review shall be subject to approval by the City Council. The essentials of the expedited building plan review shall be contained in a binding agreement that is subject to approval by the City Council.

#### c) Reimbursement of Public Infrastructure Costs

The city may provide a reimbursement of costs for pre-approved public infrastructure. The public infrastructure must be dedicated to the city upon completion. Below is a list of public infrastructure for which applicants may request reimbursement:

- Roads
- Sidewalks

<sup>&</sup>lt;sup>4</sup> As reported by CoStar at the time of application.

- Public Utilities Water and Wastewater
- Streetscape Improvements Landscaping, Shade Structures, Public Seating Areas, Decorative Lighting, Public Art.

The amount of city funding available to an individual project is capped at \$250,000, contingent upon availability of funding. This \$250,000 cap does not include the value of any fee waivers or expedited permitting offered by the city. All applications seeking reimbursement for planned public infrastructure costs will be evaluated and awarded funding on a first come, first serve basis.

Additionally, the city's payment for public infrastructure costs (up to the \$250,000 cap) depends on the improvement type and whether it meets or exceeds city development standards.

- For improvements that simply meet city development standards, there will be a 50/50 cost split between the city and applicant.
- For water and wastewater lines, the city will determine the size line needed to serve the project. If that size line is installed, the city and applicant will split the costs 50/50. If the city elects to upsize the line to better serve future development, the city will pay 100 percent of the additional costs.
- For streetscape improvements that exceed city development standards, the city will pay 75 percent of additional costs and the applicant will pay 25 percent.

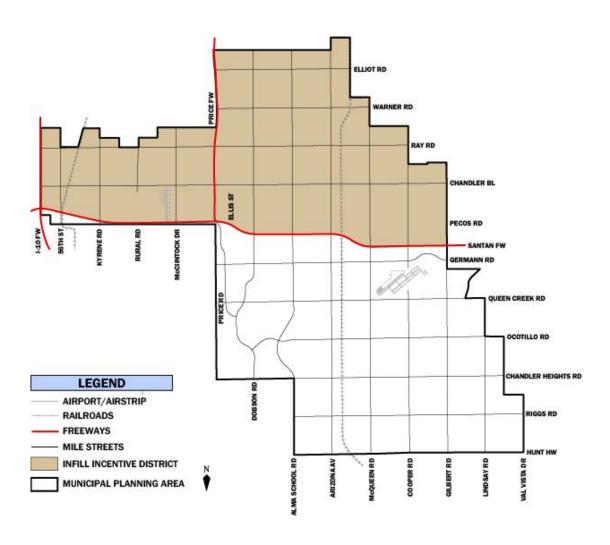

To be approved for reimbursement, applicants must comply with Title 34 of the Arizona Revised Statutes, which contains public construction requirements for expenditures of public funds for public infrastructure. Exemptions from competitive bidding are included in ARS § 34-201(G) and ARS § 34-201(D).

Reimbursement terms will be outlined in a binding agreement that is subject to approval by the City Council.

#### Section 1.3 Chandler Infill Incentive Plan Administration

The Economic Development Division will administer the Chandler Infill Incentive Plan. Economic Development staff will coordinate the application and review process. Recommendations will be made by staff to City Council based upon the merits of the proposals submitted under the program. For approved applications, staff will monitor construction activities and administer the release of funds, according to the provisions of the program and the approved agreement.

## Attachment A (Amended Infill Incentive District Boundaries)

## 2023 CHANDLER INFILL INCENTIVE DISTRICT ANALYSIS Arizona Revised Statutes Criteria

The Arizona Revised Statutes §9-499.10 enables cities and towns to establish infill incentive districts and an infill incentive plan to encourage redevelopment in the district. Infill incentive districts are required to meet at least three of the following conditions:

- 1. There is a large number of vacant older or dilapidated buildings or structures.
- 2. There is a large number of vacant or underused parcels of property, obsolete or inappropriate lot or parcel sizes or environmentally contaminated sites.
- \*3. There is a large number of buildings or other places where nuisances exist or occur.
- \*4. There is an absence of development and investment activity compared to other areas in the city or town.
- \*5. There is a high occurrence of crime.
- 6. There is a continuing decline in population.

The Chandler Infill Incentive District, herein referred to as the Infill District, covers north Chandler, an area that is bordered by the Loop 202 SanTan Freeway on the south and the city limits on the north, east, and west. The Infill District covers approximately 48% of the city's total land area.

\*This area meets the following three criteria:

**Criterion 3.** There is a large number of buildings or other places where nuisances exist or occur.

The Chandler City Code §30-20 defines public nuisances as:

"any condition, thing or act that is injurious to health or safety, an obstruction to the free use of property, or so as to interfere with the comfortable enjoyment of life or property by an entire community or neighborhood, or by a considerable number of persons, or that unlawfully obstructs the free passage or use, in the customary manner, of any stream, public park, square, street or highway."

<sup>\*</sup> Denotes criteria met by the Chandler Infill Incentive District

Further, the City Code lists examples of public nuisances, including the following tracked by the Code Enforcement officers when they respond to calls:

Premises not maintained Vehicle parked illegally

Deteriorated building, structures, and fences Abandoned or inoperable vehicles

Unsecured vacant or abandoned building Outside storage

Graffiti Personal property in right-of-way

Sign code violation Alley maintenance

Litter, trash, debris

Overhanging/protruding vegetation

Ullegal dumping

Overgrown or unmaintained grass/weeds

Noxious odors Deteriorated landscape area

According to the Code Enforcement Unit of the Neighborhood Resources Division, 6,645 City Code violations have been recorded citywide since January 1, 2023 (as of October 10, 2023). Of those violations, 6,110 (91.9%) were within the Infill District.

**Criterion 4.** There is an absence of development and investment activity compared to other areas in the city or town.

Over the last five years, most residential and commercial development activity has occurred in areas located outside of the Infill District boundaries (south Chandler). To illustrate this point, the following table shows 38.4% of housing unit completions occurred within the Infill District boundaries, compared to 61.6% outside.

Housing Unit Completions (Jan. 1, 2018, to Oct. 10, 2023)

	Infill District	All Other Areas	Citywide

Assisted Living	135	425	560
Total	3,206	5,135	8,341

Source: City of Chandler Planning Division

In addition, 33.8% of commercial square footage delivered during the same period occurred within the Infill District boundaries, compared to 66.2% outside.

Commercial Square Footage Delivered (Jan. 1, 2018, to Oct. 10, 2023)

### **Criterion 5.** There is a high occurrence of crime.

Furthermore, the Infill District has experienced more Part I Crimes (those considered most serious) than other areas of the city. This is illustrated in the following table, which shows that 75% of violent crimes and 74% of property crimes since the start of 2023 occurred in the Infill District.

Part I Crime data includes those crime types deemed most egregious by the FBI. The crime types reported here are not all inclusive of crime occurring in the City of Chandler. Further, numbers here are taken from the Chandler Police Department's Uniform Crime Report database that, due to reporting delays, is regularly updated and for this reason may vary from crime data previously reported to the federal government.

Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. #### ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Chandler (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

# **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.15 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

#### Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

# All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Tadd Wille, Assistant City Manager

From: Haley Bartosik, Senior Management Analyst

Subject: Resolution No. 5742 Adopting an Educational Service Agreement between the

City of Chandler and Maricopa County Community College District for

Chandler Fire Department Instructors to Offer College Credit to Chandler Fire

Department Paramedic Students for College Courses

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5742, authorizing the Chandler Fire Department (CFD) to enter into an Educational Services Agreement with Maricopa County Community College District (MCCCD) to offer college credit to CFD Paramedic students for college courses, and authorizing the City Manager, or designee, to perform all necessary provisions of the agreement.

# **Background:**

CFD has been pursuing accreditation in order to become its own Paramedic School and anticipates that accreditation will be officially awarded by the end of the calendar year. Per the Paramedic education accreditation requirements set forth by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP), CFD must maintain a partnership with an educational agency in order to meet accreditation requirements and offer college credit to Paramedic students within the program. CFD maintains a current agreement with MCCCD for these services that is set to expire at the end of the calendar year.

Under this agreement, CFD's Paramedic students will be taught by CFD's instructors, receive college credit for courses, and be granted full use of MCCCD facilities and educational resources. Students will also have the opportunity to

receive college credit for other courses taught by CFD's instructors through internal fire academies and professional development courses. The agreement presents no financial implications to Paramedic students or CFD, is effective upon the completion of authorized signatures, and is valid through December 31, 2028.

# **Financial Implications:**

No funds will be exchanged between the City of Chandler and the MCCCD. Instead, MCCCD will invoice CFD for the appropriate in-state tuition and CFD will invoice MCCCD for each course taught. The amount invoiced by both parties will be equal, thus there will be no financial implications for either party.

The insurance policies shall contain a waiver of subrogation endorsement, as required by this written Agreement, in favor of Maricopa County Community College District, its agents, officers, officials, employees, and volunteers for losses arising from work performed by or on behalf of the Contractor.

Each insurance policy required by the insurance requirements of this contract shall provide the required coverage and shall not be suspended, voided, or canceled except after thirty (30) days' prior written notice has been given to the College Representative, except when cancellation is for non-payment of premium; then ten (10) days' prior notice may be given. Such notice should be sent directly to College Representative. If any insurance company refuses to provide the required notices, the Contractor or its insurance broker shall notify the College Representative of any cancellation, suspension, or non-renewal of any insurance within seven (7) days of receipt of insurer's notification to that effect. The Contractor's insurance must be primary, and any insurance or self-insurance maintained by MCCCD will not contribute to it. If any part of the Contract is subcontracted, these insurance requirements also apply to all subcontractors.

Re: FFY 2024 GOHS Grant Application

Contract No.:Contract Description:Award Amount:2024-OP-003Occupant Protection Awareness and Education Overtime, M&S\$37,089.00

### Dear Fire Chief Dwiggins:

The Governor's Office of Highway Safety (GOHS) has completed the review of the proposals submitted for funding for Federal Fiscal Year (FFY) 2024 commencing on October 1, 2023. All of the proposals were carefully considered by an evaluation team at GOHS that reviewed agency performance, program priority area, problem identification, supporting fiscal/data documentation, consistency of reporting, and available funding levels.

As a result of this evaluation process, we are able to include your agency's submitted proposal(s) listed above in **Arizona's FFY 2024 Annual Grant Application**. However, please be aware that your agency's awarded highway safety project(s) may not have been funded at the amount requested and may be subject to change as we strive to make the best use of federal taxpayers' dollars.

All FFY 2024 grants will begin <u>on</u> October 1, 2023. If approval from a Town/City Council or Board of Supervisors is required, your agency should begin the process of scheduling the grant award for approval.

The assigned GOHS program manager will be contacting you regarding your project(s) and your agency should have the contract(s) soon. During the interim, do not make any public announcement concerning the grant and do not incur any costs or proceed with any portion of the project until GOHS has written a contract with your agency and it has been signed and executed by both parties.

We appreciate the time and effort put forth by your agency in submitting its proposal(s). Should any questions and/or concerns arise, please feel free to contact your grant project coordinator at 602-255-3216.

Sincerely,

J.M. "Jesse" Torrez, Director

Governor's Office of Highway Safety

### PROBLEM IDENTIFICATION AND RESOLUTION:

### **Agency Background:**

Organization Size: 240

Total Population in city/town or county served: 279,458

County Served: Maricopa County

#### **Agency Problem/Attempts to Solve Problem:**

This application addresses the need for increased vehicle occupant protection for children residing in Chandler and its surrounding communities. The Chandler Fire Department's goal is to reduce the number of children injured or killed in motor vehicle accidents through evidence-based education, by installing CSSs, and distributing CSSs to families in need. According to the most recent Arizona Department of Transportation (AZDOT) Crash Fact data, there was a 11.95% increase in the number of Arizonans killed in motor vehicle accidents from 2020 to 2021 after a substantial 7.55% increase in fatalities from 2019 to 2020.

The data on childhood injury, death, and the misuse of CSSs are sobering realities. The Chandler Fire Department is committed to ensuring that families have the resources, preparedness, and confidence to mitigate their child's risk with properly installed CSS, vehicle safety tips, and community resources.

### **Agency Funding:**

Federal 402 funds will support Personnel Services (Overtime), Employee Related Expenses, and Materials and Supplies: Child Safety Seats to enhance Occupant Protection throughout the City of Chandler.

#### **How Agency Will Solve Problem with Funding:**

Chandler Fire anticipates that in the 2024 federal fiscal year, its CPSTs will inspect and install over 1,000 CSSs. While at the CSS clinics, families will be provided resources on child motor vehicle safety, and up to 105 CSSs will be provided to low-income families. In partnership with Mercy Gilbert Medical Center and the Chandler CARE Center-a free medical clinic operated by the Chandler Unified School District-a regional safety event and a CSS event for low-income Spanish-speaking families will be held, respectively.

Subject: Enterprise License Agreement with Environmental Systems Research, Inc.

(ESRI)

# **Proposed Motion:**

Move City Council approve Agreement No. 4695, with Environmental Systems Research, Inc. (ESRI), for an enterprise license for Geographic Information System (GIS) software, in the amount of \$591,159.36 for a three-year period, beginning March 12, 2024, through March 11, 2027.

# **Background/Discussion:**

The city's Geographic Information System (GIS) software allows staff, citizens, and business partners the ability to view city data in a spatial manner related to their physical locations. The GIS is based on ESRI GIS products. Since 2009, the city has had an enterprise license agreement with ESRI which allows city departments to deploy GIS software products as needed to support city services.

### **Evaluation:**

ESRI is the sole provider of its GIS products and the city's GIS system is based on the ESRI GIS products. The enterprise license agreement includes products, annual maintenance, and user conference registrations, and is only available from ESRI. The enterprise license agreement provides for a lower cost per unity for the software, reduces administrative expenses, and allows flexibility to deploy software products throughout the city when and where they are needed.

# **Financial Implications:**

The annual cost for each of the three years is as follows, with a total commitment of \$591,159.36:

Year One \$197,053.12 March 12, 2024 - March 11, 2025 Year Two \$197,053.12 March 12, 2025 - March 11, 2026 Year Three \$197,053.12 March 12, 2026 - March 11, 2027

# **Proposed Motion:**

Move City Council approve the purchase of Oracle annual support and maintenance services, from Mythics, Inc., utilizing the Omnia Partners Contract No. R190801, in the amount of \$123,038, for the period of one year, January 31, 2024, through January 30, 2025.

# **Background/Discussion:**

Oracle is the city's Enterprise Resource Planning (ERP) Financial and Human Resource software system. The city utilizes Oracle's E-Business Suite Applications, which include the Self-Service Human Resources, Financials, Project Billing, iExpense and iProcurement application modules.

Oracle support provides access to technical assistance resources to resolve system issues, as well as offers software fixes. The maintenance provides the system and application upgrades necessary to operate and keep the systems current and compliant. The city annually purchases maintenance and support based on the number of servers and processors on which the software is running.

# **Evaluation:**

Region 4 ESC, on behalf of Omnia Partners, competitively solicited and awarded a contract for Oracle products and services. The city has a current agreement with Omnia Partners allowing for the cooperative use of its contracts. Oracle products and services are only available through resellers, and staff recommends the use of this contract because the city receives competitive pricing and a high level of service from Mythics, Inc. The term of the Omnia Partners agreement is valid until November 30, 2028; this request is for the period of one year, January 31, 2024, through January 30, 2025.

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5747, Approving Amendment No. 5 to the Intergovernmental Agreement Between Maricopa County Administered by its Human Services Department and City of Chandler to Accept Federal HOME Investment Partnerships Program Funds in the Amount of \$442,726; Reallocate 2019 HOME Investment Partnerships Program Funds in the Amount of \$141,585, and Extend the Expenditure Term to September 30, 2025; Authorizing the Adjustment of the Performance Timeline to the HOME Investment Partnerships American Rescue Plan Program Funds; Authorizing the City Manager to Sign All Related Documents and Assurances on Behalf of the City of Chandler; and Further Authorizing the City Manager to Take All Action Necessary or Prudent to Implement the City's HOME Investment Partnerships and HOME

Investment Partnerships American Rescue Plan Program Activities.

# **Background:**

The U.S. Department of Housing and Urban Development (HUD) allows units of local government that are geographically contiguous to form a consortium for the purposes of participating in the HOME Investment Partnerships (HOME) Program and receiving an annual allocation of HOME funds. The Maricopa HOME Consortium is compromised of the cities of Avondale, Chandler, Glendale, Peoria, Scottsdale, Surprise and Tempe, the Town of Gilbert, and Maricopa County. Maricopa County serves as the lead agency for the Maricopa HOME Consortium.

As a participating member of the Maricopa HOME Consortium, the City of Chandler is executing an IGA with Maricopa County to receive the formula allocation of Program Year (PY) 2023 HOME funds, reallocate PY 2019 HOME funds and extend its expenditure term, and revise the performance timeline for previously approved HOME-ARP funds.

# **Discussion:**

The City Council authorized and approved the PY 2023 HOME funds at its meeting on April 27, 2023, via Resolution No. 5682. The City Council authorized and approved the PY 2019 HOME funds at its meeting on January 23, 2020, via Resolution No. 5340. The City Council authorized and approved the HOME-ARP funds at its meeting on June 15, 2023, via Resolution No. 5700.

Maricopa County prepared the attached Amendment No. 5 to the existing IGA (No. C-22-17-048-3-04) with the following inclusions:

- Allocate PY 2023 HOME funds in the amount of \$442,726 to the City of Chandler to support the new construction of the Villas on McQueen project, and thus increase the total funding amount of the current agreement from \$4,382,804.29 to \$4,825,530.29 for the purpose of supporting affordable housing opportunities in the City of Chandler.
- Reallocate \$141,585 PY 2019 HOME funds originally planned for Acquisition/Rehabilitation/Resale of a single family home to the Tenant Based Rental Assistance Program and extend the expenditure term to September 30, 2025. This change is necessary due to the current state of the housing market and challenges in acquiring a home in Chandler for rehabilitation and resale.
- Revise the performance timeline for the previously approved HOME-ARP funds to support the new construction of the Villas on McQueen project.

The City of Chandler Housing and Redevelopment Division will receive \$415,056

in HOME funds to support new construction of the Villas on McQueen project, which is projected to break ground in spring 2024. The City of Chandler Housing and Redevelopment Division will receive an additional \$141,585 to continue operations for the Tenant-Based Rental Assistance (TBRA) Program for individuals and families experiencing homelessness in Chandler. The city will receive \$27,670 in HOME funds to administer the program.

# **Financial Implications:**

Funding for the HOME and HOME-ARP program activities is provided from HUD through the Maricopa HOME Consortium and does not require repayment by the City of Chandler. The HOME program requires a 25% match contribution from the City of Chandler and its contracted subrecipients. Staff salaries and other grant funding are used to meet this requirement.

**Date:** November 09, 2023 **To:** Mayor and Council

**Thru:** Joshua H. Wright, City Manager

From: Amy Jacobson, Housing and Redevelopment Senior Manager

Subject: Resolution No. 5752 Intergovernmental Agreement Between Maricopa

County, Administered by its Human Services Department, and the City of Chandler to Accept American Rescue Program Funds in the amount of

\$10,000,000

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5752 Approving the Intergovernmental Agreement Between Maricopa County, Administered by its Human Services Department, and the City of Chandler to Accept American Rescue Program Funds in the amount of \$10,000,000, Authorizing the City Manager to Sign all Related Documents and Assurances on Behalf of the City of Chandler; and Further Authorizing the City Manager to Take all Action Necessary or Prudent to Implement the City's Affordable Housing Projects.

# **Background:**

The City of Chandler is committed to expanding affordable housing opportunities within the community. In alignment with this objective, the City of Chandler has secured funding from the Maricopa County Human Services Department (MCHSD) through an Intergovernmental Agreement (IGA) to allocate \$10,000,000 in American Rescue Plan Act (ARPA) funds. Of this amount, \$5,000,000 will be earmarked to support the construction of the Villas on McQueen (this funding is already included in the financing sources for the project), and the remaining \$5,000,000 will be allocated to support the construction of Site 3 (73 S. Hamilton). Regarding Site 3, the City is presently in the process of identifying potential partners and the sources of funding for the project.

Both of these properties are undergoing a transition from public housing to a Section 8 platform as part of the Rental Assistance Demonstration program (RAD).

# **Discussion:**

Funding has been allocated for two significant projects: the Villas on McQueen (Project), situated at the southeast corner of McQueen Road and Chandler Boulevard, and "Site 3," located at 73 S. Hamilton.

On October 24th, 2022, the City Council approved the development agreement with Gorman & Company, LLC, for the Villas on McQueen. This project, operating under HUD's Rental Assistance Demonstration ("RAD") program, will facilitate the construction of 157 units. It is designed to serve seniors, veterans, families, and individuals with disabilities. The Villas on McQueen will be developed on City-owned land and contributed to the partnership with Gorman & Company through a long-term ground lease, forming an integral part of a comprehensive revitalization strategy. Construction is currently scheduled to commence in spring 2024, with an anticipated completion date in late fall 2025.

Site 3 encompasses approximately 7.4 acres and is situated near downtown Chandler. The proposed project involves new construction and is expected to yield approximately 300 affordable rental units, effectively replacing the existing low-density public housing on the site. This project represents the second phase of the City's Rental Assistance Demonstration (RAD) Program aimed at transforming public housing. The majority of the residents in this project will be seniors. The city has issued a request for proposals to secure assistance in the development of this project, along with another of the city's existing public housing sites. Additionally, a market demand study will be conducted to determine whether the project should be exclusively for seniors or if it should be a multi-generational endeavor accommodating both seniors and families. As it stands, the projected timeline for completing this project is late 2026.

The City will issue a request for proposal to assist the City in the development of the project and will conduct a market demand study for the determination of senior only site or a multi-generational project with seniors and families.
- 1.2 The total project costs are expected to be approximately \$89 Million. ARPA funds in the amount of \$5 Million will be used for hard construction costs and project specific soft costs. All of the units in the development shall be affordable to households earning at or below 60% of the AMI.
- 1.3 The period of affordability for the tax credits will be governed by a 30-year LURA managed by ADOH. This time period includes the initial 15-year compliance period dictated by the IRS plus an additional 15-year extended year period that the project owner has committed to for all estimated 300 units. The income restrictions on the 16 ARPA-assisted units must be maintained during the entire 30-year period of affordability.
- 1.4 The project as a senior site will include a senior community room, with non-profit agencies co-located on site to serve senior populations. A community health partner may be included to assist in the wellness of seniors. The project site will have a walking path, indoor community space, and ramadas. If it is determined to be a multi-generational site, the site plan will be derived with both senior and family type amenities, including outdoor and indoor community space, playgrounds, a computer lab, a basketball court, and other family-oriented amenities.
- 1.5 The City will have a variety of resident support services. The Family Self Sufficiency program will be provided to residents, as well as educational and job training programs.

#### 2.0 City contributions:

The City will contribute approximately \$200,000 in HOME funding and estimates that 122 Project Based Vouchers (PBV) will be secured. The City will also contribute the land and lease the land to the partnership.

#### 3.0 Project Eligibility:

3.1 Occupancy Requirements – The Project staff shall determine and verify income eligibility of tenants for the ARPA-assisted units prior to occupancy of a unit. The occupancy of the ARPA-assisted units must be by households whose income is at or below 60% AMI throughout the Period of Affordability. The Project shall define "Annual Income" as it is defined at 24 C.F.R. Part 92 and shall document sources of income and examine eligibility on an annual basis to meet requirements of HOME regulations at 24 C.F.R. Part 92.203.

City of Chandler Page 21 of 28

- 3.2 Rental Requirements The ARPA-assisted units shall be designated as Low HOME units, which are outlined in the HOME Income and Rent Limits. The Low HOME rent limit is the maximum rent allowed for an ARPA-assisted unit; the maximum rent amount includes the utility allowance. Any increase in the lesser of these rent limits must be approved by HUD and the State of Arizona Department of Housing. The City of Chandler shall provide a written request for the increase in rent limits and supporting documentation for the justification of this request. ARPA-Assisted units will require a minimum lease term of one year.
- 3.3 Affordability Period The City shall ensure all housing assisted under this Agreement meets the affordability requirements set forth within this agreement for a period of 30 years. This period will be secured and enforced through a Promissory Note, as well as a Deed of Trust, and Covenants, Conditions and Restrictions (CC&Rs) between the City and the developer that will be recorded at the Maricopa County Recorder's Office.
- 3.4 <u>Program Income</u> Program income will be defined as any principal and interest payments made on the \$5,000,000 loan from the City of Chandler to the developer. Any program income generated through completion of this activity will be recoverable by Maricopa County to reallocate to one or more future affordable housing projects. Program income payments shall be made to Maricopa County by the City annually on June 1, commencing upon completion of the project. The City will be required to submit an annual certification to document program income activity.
- 3.5 <u>Housing and Resource Communications –</u> The City shall require the project developer and property management organization to notify designated contacts for both the City and MCHSD at least ten (10) business days in advance of accepting new applications for housing to allow each agency to communicate the opportunity to their respective clients, partners, and residents.
- 3.6 The City shall require the project developer and property management organization to allow the placement of collateral material in leasing offices for the purpose of marketing programs or services which residents may benefit from.

#### **EXHIBIT B - STATEMENT OF WORK**

#### 1.0 Project Description:

- Villas on McQueen (Project) is located just south of Chandler Boulevard on McQueen Road in Chandler. The Project is being developed in partnership with the City of Chandler Housing and Redevelopment Division and Gorman & Company, LLC. The Project will allow for the new construction of 157 units through HUD's Rental Assistance Demonstration ("RAD") program. The Project will target seniors, veterans, families, and disabled. Villas on McQueen will be developed on existing parcels of land that are owned by the City of Chandler (City) and will be contributed to the partnership by the City through a long-term ground lease as part of a comprehensive revitalization strategy. The project area consists of a combined 16 parcels located at McQueen and Chandler Blvd. (APNs: 303-02-023Q, -023R, -992, and-865 Thru -877) Zoning PAD & MF-2 on 4.56 acres, in Chandler, Maricopa County, Arizona.
- 1.2 The 157 units will be comprised of 48 one-bedroom, 54 two-bedroom, 46 three-bedroom, 7 four-bedroom, and 2 five-bedroom high quality rental units.

	30% AMI	60% AMI	Total
1-Bedroom	5	43	48

4-Bedroom	0	13	13
5-Bedroom	0	4	4
Total	32	125	157

- 1.3 Of the 157 units, 78 of the rental units will be RAD replacement units for existing public housing units that are owned and operated by the City of Chandler. Through a transfer of assistance, the subsidy and tenant households will be relocated to the Villas on McQueen site upon construction completion. The remaining 79 low-income housing tax credit rental units will be new, affordable units. All of the units in the development shall be affordable to households earning at or below 60% of Area Median Income (AMI). Thirty-two (32) units will be targeted to households who earn at or below 30% of the AMI. The fourteen (14) ARPA-assisted units will include four (4) one-bedroom units, five (5) two-bedroom units, four (4) three-bedroom units, and one (1) four-bedroom unit. The ARPA-assisted units will be rented to households at or below 60% AMI.
- 1.4 The Project is positioned to serve as the first phase of the City's redevelopment effort to transform their public housing inventory into new, updated and expanded affordable housing opportunities for Chandler residents.
- 1.5 ARPA funds in the amount of \$5 Million will be used for hard construction costs. Villas on McQueen has received commitments from ADOH for both State Housing Tax Credits and federal 4% Low Income Housing Tax Credits. In addition, the City of Chandler has committed HOME and HOME-ARP, to the financing structure. The Project's total budget is approximately \$55,585,476.

City of Chandler Page 25 of 28

- 1.6 The Period of Affordability for the tax credits will be governed by a 30-year LURA required by ADOH This time period includes the initial 15-year compliance period dictated by the IRS plus an additional 15- year extended year period that the project owner has committed to for all 157 units. The income restrictions on the ARPA-assisted units must be maintained during the entire 30-year Period of Affordability.
- 1.7 The project will provide ample multi-purpose community space to hold resident events and host the variety of supportive service programs that the City will provide. Playgrounds, a walking path, and a sport court will be incorporated into the amenity package, along with outside community gathering spaces that include ramadas. An outside view deck fronting McQueen is also a unique characteristic that will be a focal point of the front entrance and provide lovely views and a gathering space for the residents.
- 1.8 Villas on McQueen is centrally located, as it is approximately one mile east of downtown Chandler, with public transportation readily available via a high frequency bus route located one block north of the site along Chandler Boulevard. There is convenient access to numerous social service and recreational amenities, as well as schools, health providers, public parks, and employment opportunities. The City of Chandler is also planning to provide a variety of resident services at the Project to include youth program activities and senior services.

# City Council Memorandum Police Memo No. N/A

**Date:** November 09, 2023 **To:** Mayor and Council

Thru: Joshua H. Wright, City Manager

Tadd Wille, Assistant City Manager

Sean Duggan, Police Chief

**From:** Julie Buelt, Police Planning and Research Manager

**Subject:** Purchase of DUI Command Center

# **Proposed Motion:**

Move City Council approve the purchase of a DUI Command Center (DUICC), from LDV, Inc., utilizing HGAC Contract No. AM10-23, in the amount of \$668,203.

# **Background/Discussion:**

The Police Department is recommending the replacement of a 2008 Freightliner MT55 currently serving as a DUI Command and Evidence Collection Unit (DUICC). This recommendation is driven by the obsolescence of its technology and the escalating maintenance costs. The existing vehicle fails to meet modern requirements, lacking essential functionalities and housing outdated components like VHS decks. The Livescan system, used for fingerprint analysis, has surpassed 15 years of service, and needs an upgrade. Furthermore, the hydraulic suspension system is plagued by persistent issues, leading to problematic leaks, as well as recurring problems with the generator.

The DUICC plays a crucial role in the operations of the DUI Team at East Valley DUI Task Force Mobile Command Sites. It is utilized to gather and process field evidence, encompassing tasks such as fingerprinting, capturing mugshots, conducting blood draws, and recording interviews. Annually, the DUICC is deployed approximately 40 times during Governor's Office of Highway Safety (GOHS) grant-mandated task force holiday weekends. Furthermore, it can also be employed at City special events and during Vehicular Crime Unit fatal crash investigations, where entire intersections may need to be closed for extended

periods or in locations with insufficient night lighting.

The upgraded DUICC is expected to include a comprehensive array of technology and amenities. These encompass an updated Livescan system for fingerprinting, a dedicated photography platform for capturing mugshots, Wi-Fi connectivity, advanced radio systems, charging stations for body-worn cameras, and adequate space to facilitate multiple concurrent blood draws to prevent detainees from being handcuffed outdoors while waiting. Additionally, it will be equipped with the necessary hardware and software for processing DUI arrests, including e-warrants and document printing capabilities.

### **Evaluation:**

HGAC competitively solicited and awarded a contract for ambulances, EMS, and other special service vehicles, which includes law enforcement specialty vehicles. The City has a current agreement with HGAC allowing for the cooperative use of its contracts. The HGAC contract is valid through September 30, 2027.

Behalf of the City

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5753, approving Amendment No. 2 to the New River and Agua Fria Underground Storage Project Intergovernmental Agreement; and authorizing the Mayor to sign the agreement and all related documents on behalf of the city.

# **Background:**

In 2004, the City of Chandler partnered with Salt River Project (SRP) and several other cities in the construction of the New River Agua Fria Underground Storage Project (NAUSP), located in Glendale southwest of the Loop 101 Freeway and Glendale Avenue. Chandler's original storage entitlement was 22.8% of the total facility capacity.

In June 2023, City Council approved the sale of a portion of Chandler's storage entitlement to the City of Avondale. Instead of being recharged in Glendale, those physical water resources will now be recharged in Chandler at the Reclaimed Water Interconnect Facility currently under construction. The sale agreement with City of Avondale involved transferring 18% of Chandler's storage entitlement, but did not involve any transfer of long-term storage credits. NAUSP is utilized solely for aquifer replenishment to offset groundwater pumping that occurs in the same month and is not used for long-term storage. As a result of the sale, the

Intergovernmental Agreement must be amended to reflect the revised storage entitlement amounts for each of the participants. City of Chandler's storage entitlement changes from 22.8% to 4.8%, and City of Avondale's storage entitlement changes from 10% to 28%.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Chandler, Arizona, as follows:

Subject: Resolution No. 5754, Approving a Groundwater Savings Facility Storage

Agreement between the New Magma Irrigation and Drainage District (NMIDD)

and the City of Chandler

# **Proposed Motion:**

Move City Council pass and adopt Resolution No. 5754, approving a Groundwater Savings Facility Agreement between New Magma Irrigation and Drainage District and the City of Chandler

# **Background:**

In 2004, the City of Chandler entered into an Intergovernmental Agreement (IGA) with the NMIDD to maximize the use of Central Arizona Project (CAP) water and minimize the use of groundwater by NMIDD. NMIDD is located in the south and east portions of Chandler and in the same sub-basin of Chandler, which connects it hydrologically to the same aquifer that Chandler uses for groundwater pumping. According to the agreement, in any year, Chandler may opt to deliver a portion of its CAP water to NMIDD for agricultural use within the irrigation district. As a result of these CAP water deliveries, groundwater that would have otherwise been pumped by NMIDD remains in the aquifer and accrues Long-Term Storage Credits for the benefit of City of Chandler. Until this year, the parties have been operating under the original 2004 IGA, which has been renewed annually. The IGA is being modified to increase the reimbursement rate paid to the city and revise certain terms.

# **Financial Implications:**

The City of Chandler will receive reimbursement for \$25 per acre-foot of water delivered. The reimbursement rate that was paid according to the 2004 IGA was \$21 per acre-foot of water delivered.

Such termination shall be effective at the end of the then-current term unless otherwise agreed in writing by the Parties.
- 5.2 This Agreement may also be terminated for any of the following reasons:
  - 5.2.1 If ADWR notifies Chandler that it will not earn Long-Term Storage Credits for Water delivered to the NMID Facility because ADWR determined that NMID violated the terms and conditions of the GSF permit, then Chandler may terminate this Agreement, which termination shall be effective fifteen (15) days after mailing written notice of termination to NMID.
  - 5.2.2 Upon mutual written agreement of the Parties.
  - 5.2.3 In accordance with the provisions of A.R.S. § 38-511.

- 5.3 Termination of this Agreement shall not relieve either Party of the obligation to accept deliveries of Chandler Water that had been scheduled with CAWCD in accordance with this Agreement prior to notice of termination and to make payments due pursuant to this Agreement. This provision shall not limit the Parties' right to reduce or discontinue deliveries in accordance with the terms of this Agreement.
- 5.4 The Parties' rights under this Agreement to collect any monies owed and to indemnification under this Agreement shall survive the termination of this Agreement.

## 6. CONDITIONS PRECEDENT TO DELIVERY

The delivery and use of water under this Agreement is conditioned on the following and the Parties agree that:

- 6.1 NMID, at its expense, maintains the GSF Permit and operates the NMID Facility in accordance with the GSF Permit, including filing annual reports with the ADWR, associated with maintaining the GSF Permit and paying groundwater withdrawal fees to ADWR pursuant to A.R.S. § 45-873.01.
- 6.2 Chandler, at its expense, shall obtain and maintain the Water Storage Permit, including filing annual reports with ADWR, associated with maintaining the Water Storage Permit and paying any long-term storage credit recovery fees collectible pursuant to A.R.S. § 45-874.01.A.
- 6.3 Each Party shall cooperate and provide information required by the other Party to obtain or conform to the requirement of either the GSF Permit or the Water Storage Permit.
- 6.4 Chandler shall annually determine, at its sole discretion, whether Chandler Water is available to deliver to NMID under this Agreement, subject to the right to halt deliveries as set forth in this Agreement.
- 6.5 All uses of Chandler Water by NMID shall be consistent with all applicable Arizona and federal laws and any agreement under which NMID receives such water and shall be used only at the NMID Facility on a gallon-for-gallon substitute basis directly in lieu of groundwater that NMID otherwise would have pumped from the Phoenix Active Management Area.
- NMID's use of Chandler Water at the NMID Facility shall at all times comply with the plan of operation of the GSF Permit required by A.R.S. § 45-812.01. If the GSF Permit for the NMID Facility is suspended, cancelled or expires for any reason NMID shall immediately notify Chandler and deliveries of Chandler Water will be discontinued immediately.

## 7. SCHEDULING OF DELIVERIES

- 7.1 On or before August 1<sup>st</sup> of each year, Chandler shall notify NMID in writing of the amount of Chandler Water that will be made available for use by NMID to be stored in the NMID Facility during the following year.
- 7.2 On or before September 30<sup>th</sup> of each year, Chandler shall submit an order to CAWCD for CAP water (the "CAP Water Order") in an amount equal to the quantity of Chandler Water that NMID has agreed to use as In-Lieu Water during the following year.
- 7.3 NMID and Chandler shall mutually agree upon the monthly schedule of its use of Chandler Water for the following year. NMID shall confirm such monthly water delivery

schedule on or before September 30<sup>th</sup> of each year. Chandler shall submit a monthly water delivery schedule to CAWCD as part of its CAP Water Order. The Parties agree that such monthly water delivery schedule is an estimate of how NMID may schedule the Chandler Water during the following year.

7.4 Chandler shall authorize NMID to order Chandler Water for delivery to the NMID Facility directly from CAWCD. The amounts, times, and rates of delivery of water to NMID may be adjusted if agreed upon by both Parties, but cumulatively shall not exceed the amounts otherwise established in accordance with this section for any calendar year.

## 8. REDUCTION OR DISCONTINUATION OF DELIVERIES

- 8.1 Chandler may reduce or discontinue deliveries of Chandler Water to NMID under this Agreement at any time in one or more of the following events:
  - 8.1.1 ADWR notifies Chandler that, after NMID had unsuccessfully concluded an ADWR Review Process, and all other legal remedies had been exhausted, NMID had violated the GSF Permit or plan of operation associated with the NMID Facility with the result that ADWR would not award Long-Term Storage Credits to Chandler.
  - 8.1.2 Chandler has been informed by the entity supplying water that the amount of Water has been or will be reduced; and, in its sole discretion, determines deliveries of water under this agreement must be reduced or discontinued as a result.
  - 8.1.3 During any period when NMID fails to timely pay for water as provided for under this Agreement until such payment has been received.
- 8.2 Chandler may reduce or discontinue deliveries of Chandler Water to NMID under this Agreement for any reason not specified in Section 8.1 above, provided that Chandler notifies NMID in writing on or before March 31 of any year in which Chandler elects to reduce or discontinue deliveries of Chandler Water to NMID pursuant to this Section 8.2.
- 8.3 Chandler shall provide NMID with no less than fifteen (15) days written notice prior to any reduction or discontinuance of Water Deliveries, except where such notice impracticable and then Chandler shall provide such notice as soon as practical.

## 9. **COST OF WATER**

- 9.1 The Parties agree that, subject to the provisions of this section, NMID's share of the cost of water delivered to NMID under this Agreement shall be Twenty-Five-Dollars (\$25.00) per acre-foot for 2024 and for each year thereafter, unless the Authorized Representatives agree on a different cost per acre-foot.
- 9.2 On or before February 1<sup>st</sup> of each year, Chandler will send NMID an invoice, including the "CAP Water Use Accounting Report," for NMID's share of the cost of Chandler Water delivered to NMID in the previous calendar year. NMID will remit payment to Chandler within 45 days of receipt.
- 9.3 Should ADWR determine that Chandler Water used by NMID pursuant to this Agreement was ineligible for stored water credit due to any action or inaction of NMID, then NMID shall pay to Chandler all charges paid to CAWCD, or other third party, for water delivered to the NMID Facility for which Chandler did not accrue Long-Term Storage Credits, less any amount NMID previously paid. Such payment shall be made within ninety (90) days of written notification to NMID of the ADWR's final decision to deny Long-Term Storage Credits. In the event that ADWR withholds Long-Term Storage Credits from Chandler due to NMID's excess groundwater usage, NMID will make best efforts to promptly remedy the deficiency so that Long-Term Storage Credits are restored to Chandler.
- 9.4 The authorized representatives, as identified in Section 14 below, may agree that any payment due Chandler under this Section may be paid directly by NMID to the entity imposing the charge on Chandler.

## 10. NO ALLOCATION OF WATER OR JOINT ENTERPRISE

- 10.1 Nothing in this Agreement shall be construed as requiring Chandler to provide Chandler Water to NMID in any year; and, nothing in this Agreement shall be construed as requiring NMID to accept deliveries of Chandler Water in any year except that NMID agrees to accept deliveries of Chandler Water made and accepted by CAWCD pursuant to Section 7 (Scheduling of Deliveries).

## 11. NO WARRANTY AS TO WATER QUALITY

Neither Party guarantees the quality of water delivered, received, or used pursuant to this Agreement. ## 12. **DELIVERY OF WATER**

- 12.1 Chandler Water furnished to NMID pursuant to this Agreement shall be delivered to NMID at such delivery point(s) that have been approved by NMID and CAWCD.
- 12.2 All Chandler Water delivered to NMID from the CAP system shall be measured with equipment furnished, operated, and maintained by CAWCD. Upon the request of NMID or Chandler the accuracy of such measurements shall be investigated by CAWCD and NMID and any errors which are mutually determined to have occurred therein shall be adjusted. However, in the event that CAWCD and NMID cannot agree on the required adjustment, CAWCD's determination shall be controlling.
- 12.3 It is agreed by the Parties that deliveries of CAP water scheduled under this Agreement are subject to temporary interruption due to investigation, inspection, construction, testing, maintenance, repair or replacement of the CAP water delivery facilities. Further, the Parties agree that deliveries of CAP water scheduled under this Agreement are subject to temporary interruption by CAWCD due to insufficient water supplies or delivery capacity needed to deliver waters throughout the CAP system.

## 13. **BOOKS AND RECORDS**

NMID shall establish and maintain accounts and other books and records pertaining to the administration of the terms and conditions of this Agreement including NMID's water supply and water use data. From: John McFarland, Transportation Manager

Subject: Agreement No. PW0-745-4121, Amendment No. 4, with Choice Maintenance

& Asphalt Services, LLC, for Asphalt Rubber Crack Seal Services

# **Proposed Motion:**

Move City Council approve Agreement No. PW0-745-4121, Amendment No. 4, with Choice Maintenance & Asphalt Services, LLC, for asphalt rubber crack seal services, in an amount not to exceed \$515,860, for a one-year term, January 1, 2024, through December 31, 2024.

# **Background/Discussion:**

The Transportation Division has an established pavement management restoration and repaving program that addresses the preventative maintenance and rehabilitation needs for city-maintained roadway sections. This program includes various seals that focus on roadway sections that are in satisfactory condition. Crack sealing protects the pavement structure by sealing cracks and preventing water penetration from deteriorating the roadway base. The crack seal process is accomplished by routing the cracks with compressed air and then filling them with crack sealant. The city provides the crack sealant to save on crack fill material costs and the recommended contractor will provide application.

This agreement will provide labor and equipment to supplement Transportation Division staff efforts. The agreement will address approximately 2,500,000 linear feet of crack sealant on roadway sections and includes traffic control.

## **Evaluation:**

On December 12, 2019, City Council approved an agreement with Choice Maintenance & Asphalt Services, LLC, for asphalt rubber crack seal services, for a one-year period, with the option of up to four (4) additional one-year extensions. The contractor has agreed to extend for one year at the same terms, conditions, and pricing. This is the fourth extension of the original agreement.

**From:** John McFarland, Transportation Manager

**Subject:** Purchase of Asphalt Crack Sealant

# **Proposed Motion:**

Move City Council approve the purchase of asphalt crack sealant, from Superior Supply, Inc., utilizing the Arizona Department of Transportation (ADOT) Contract No. CTR066733, in an amount not to exceed \$275,000.

# **Background/Discussion:**

The Transportation Division has an established pavement management restoration and repaving program that addresses the preventative maintenance and rehabilitation needs for city-maintained roadway sections. This program includes various seals that focus on roadway sections that are in satisfactory condition. Crack sealing protects the pavement structure by sealing cracks and preventing water penetration from deteriorating the roadway base. The crack seal process is accomplished by routing the cracks with compressed air and then filling with crack sealant. This contract will be used to purchase approximately 4,750,000 linear feet of Poly Flex III crack sealant for Transportation Division staff and contractors to apply on roadway sections. Contracted services for applying the crack sealant are procured separately.

## **Evaluation:**

ADOT competitively solicited and awarded a contract for asphalt crack sealant. The city has a current agreement with ADOT allowing for the cooperative use of its contracts. Staff recommends cooperative use of this contract because it provides uniform competitive pricing for this cost-effective pavement preservation product. The term of the ADOT contract is valid through July 22, 2024.

## City Council Memorandum Public Works & Utilities Memo No. UA24-035

**Date:** November 09, 2023 **To:** Mayor and Council

**Thru:** Joshua H. Wright, City Manager

Andy Bass, Deputy City Manager

John Knudson, Public Works and Utilities Director

**From:** Cristabel Dykstra, Utilities Administrative Support Manager **Subject:** Purchase of Water Meter Repair and Replacement Services

# **Proposed Motion:**

Move City Council approve the purchase of water meter repair and replacement services, from Metering Services, Inc., utilizing City of Tempe Contract No. WUD21-015-01, in an amount not to exceed \$400,000.

# **Background/Discussion:**

The City maintains approximately 86,500 water meters. These meters record water use from residential, landscape, multi-family, commercial, government, school, medical, and industrial water users. The life expectancy of a water meter based on industry standards is 15 years. Meters greater than 15 years old have a higher tendency to read inaccurately, resulting in incorrect billing or equipment failure. Staff routinely replace or repair failed meters to ensure customers are billed accurately and to prevent water loss. Due to the number of meters that have reached replacement age this fiscal year, contractor assistance is required for meter installation.

There are approximately 9,000 meters that have exceeded their life expectancy. As part of this agreement, the contractor will remove 5,000 meters (ranging in size from 5/8-inch to 2-inch) and replace them with meters compatible with the existing meter reading system and inventory. Meter Services staff will remove and replace the remaining 4,000 meters as part of daily operations. In fiscal year 2022-23, Meter Services staff replaced over 3,000 meters, responded to 17,100 service orders, and successfully completed the equivalent of one million monthly reads.

# **Evaluation:**

The City of Tempe competitively solicited and awarded a contract for water meter repair and replacement services. The city has a current agreement with the City of Tempe allowing for cooperative use of its contracts. Staff recommends use of this cooperative contract because Metering Services, Inc., has previous experience performing similar repairs for the city and pricing is competitive. This agreement is valid through November 16, 2024.

**Subject:** Purchase of Street Sweeper

# **Proposed Motion:**

Move City Council approve the purchase of a street sweeper, from Nescon, LLC, utilizing Maricopa County Contract No. 190170-S, in the amount of \$348,826.55.

# **Background/Discussion:**

The Transportation Division is responsible for sweeping 2,081 lane miles of city-owned residential and arterial roadways. Street sweeping provides cleanup when there is a spill in the roadway, traffic accident, or special event to maintain the cleanliness of the streets and help reduce particulate matter (PM-10) to improve the region's air quality. The effort supports effective mobility and a healthy, attractive, and safe community.

The replacement sweeper will meet the city's obligations regarding Maricopa County PM-10 air quality measures. The Fleet Advisory Committee has recommended replacement of this street sweeper due to its age, maintenance, history, and projected cost to operate. Replacement cost for this street sweeper is included in the Fiscal Year 2023/2024 capital improvement program budget.

## **Evaluation:**

Maricopa County competitively solicited and awarded a contract for vehicle outfitting to supply, install, build, and modify/fabricate truck bodies, including street sweepers, to Nescon, LLC. The city has a current Intergovernmental Agreement with Maricopa County allowing for the cooperative use of the county's contracts. The Maricopa County contract is valid through January 31, 2024.

Staff recommends cooperative use of this contract because the price is competitive compared to other contracts and the requested product has performed well. Fleet Services also has approved the vehicle specifications and the street sweeper operators are familiar with its operation.

## City Council Memorandum Public Works & Utilities Memo No. ST24-005

**Date:** November 09, 2023 **To:** Mayor and Council

**Thru:** Joshua H. Wright, City Manager

Andy Bass, Deputy City Manager

John Knudson, Public Works and Utilities Director

From: John McFarland, Transportation Manager

**Subject:** Purchase of Traffic Bucket Truck

# **Proposed Motion:**

Move City Council approve the purchase of a Versalift bucket truck, from Utility Crane & Equipment, Inc., utilizing Sourcewell Contract No. 110421-TIM, in the amount of \$237,285.

# **Background/Discussion:**

The Transportation Division is responsible for the maintenance of 224 signalized intersections and over 29,515 streetlights. The Traffic Operations staff utilize a bucket truck to service the signals and streetlights. A bucket truck is a service vehicle with an aerial lift device mounted to it. The truck must carry tools, equipment, parts, and staff to the work site and provide a safe aerial lifting device that can reach the top of all city streetlights and traffic signals.

Staff currently operate a 17 year old bucket truck with 181,000 miles (vehicle #06367) that the Fleet Advisory Committee (FAC) has recommended for replacement. The FAC considered the vehicle's current tasking, maintenance history, reliability, and projected cost to operate before making the replacement recommendation.

## **Evaluation:**

Sourcewell competitively solicited and awarded a contract for Versalift bucket trucks to Utility Crane & Equipment, Inc. The city has a current agreement with Sourcewell allowing for the cooperative use of its contracts. Staff recommends cooperative use of Sourcewell Contract No. 110421-TIM, with Utility Crane & Equipment, Inc., because the requested product has performed well, Fleet Services staff is trained on repair, and the bucket truck operators are familiar with the operation. The Sourcewell contract is valid through December 27, 2025.

Subject: Introduction of Ordinance No. 4992 Amending Chapter 14 of the City Code to

Expand the Definition of Animal Cruelty and Allow Seizure of Animals When

There is Evidence of Abuse

# **Proposed Motion:**

Move City Council introduce and tentatively adopt Ordinance No. 4992 amending Chapter 14 of the City Code to more specifically define animal cruelty; to include a new offense for animal hoarding; to strengthen the City's unlawful restraint law; to allow peace officers to seize animals for cruelty, hoarding, or unlawful restraint; to provide for the disposition of displaced animals; and to authorize post seizure hearings to determine the lawfulness of any seizure and forfeiture of any animal subjected to cruelty, hoarding, or unlawful restraint.

# **Background:**

Currently, animal seizures are governed by Arizona Revised Statute § 13-4281, which allows for an animal to be seized if there is any evidence of cruelty as defined by Arizona Revised Statute § 13-2910, but they may only be forfeited when the court finds cruel mistreatment, cruel neglect or abandonment. The result of the limited scope of this statute is that animals who are seized legally for offenses other than cruel mistreatment, cruel neglect or abandonment are often returned to their owners by the court in subsequent civil proceedings despite the abuse suffered by the animal. This deprives the court of the opportunity to review the facts and circumstances of the case and determine both the lawfulness of the seizure and the disposition of the animal.

The proposed Ordinance also includes a new offense for the crime of animal hoarding. Animal hoarding generally occurs in situations where an owner's

accumulation of a large number of animals has overwhelmed their ability to provide minimal standards of nutrition, sanitation, or veterinary care. Although hoarding may be prosecuted under state or local animal cruelty laws, states and cities throughout the United States have enacted specific animal hoarding laws to better address the problem and bring increased awareness to it. The proposed ordinance does not establish a minimum number of animals a person can keep; rather, it prohibits the keeping of a number of animals in a quantity and under circumstances that are injurious to the health and welfare of any animal or person. These circumstances include, but are not limited to, unsanitary or overcrowded living conditions and the failure to provide medical care or treatment that is necessary to prevent unreasonable suffering. The proposed ordinance also allows the court to impose restitution on an owner for the reasonable costs the City incurs as a result of seizing animals kept in hoarding conditions, and it allows the court to order periodic inspections if the person is on supervised probation. This change will ensure that the City has the necessary tools to address hoarding situations in Chandler.

Finally, the proposed Ordinance provides that the court shall conduct a hearing to determine the lawfulness of any animal cruelty seizure. After a hearing, if it is determined that the seizure was lawful, the court may forfeit the animal for cruel neglect, abandonment, failing to provide necessary medical care to prevent suffering, inflicting injury or leaving an animal in a motor vehicle when physical injury or death is likely to result. This change will ensure that animals are not returned to neglectful and/or abusive homes.

## **Discussion:**

The City Council's Community Safety Subcommittee (Councilmembers Ellis, Encinas, and Harris) met on October 23, 2023, to review the proposed code amendments and recommend their adoption to the full City Council. The Subcommittee requested further clarification of the definition of animal cruelty to include situations involving disabled animals, which has been incorporated into the proposed amendment, as well as soliciting additional input from the public and animal welfare organizations.

The proposed code amendments were posted on the City website with a form to provide comments. As of October 31, 2023, the City had received 20 comments, seven (7) of which were submitted by Chandler residents. All of the comments submitted by Chandler residents expressed support for stronger and clearer municipal laws regarding animal cruelty and hoarding. A copy of the comments received is attached to this agenda item, with Chandler resident comments highlighted in yellow.

The City additionally solicited comments from six (6) animal welfare agencies and received comments from three (3) such organizations. Three (3) other organizations either declined to respond or indicated they would be unable to provide comments prior to the Council meeting date. Staff incorporated many of these comments into the proposed code amendments by adding and/or clarifying the definitions of "adequate care" and "adequate shelter." A copy of the comments received is attached to this agenda item.

#### Review of Proposed Changes to Chapter 14 of the Chandler City Code

Eon,

Please find my thoughts and suggestions. Also know that I have shared this with a few rescue organizations who are part of the PACC911 partnership. I hope you also get some feedback from them and I hope this is helpful.

#### **Specific Definition of Animal Cruelty:**

#### A note on this subject:

A major obstacle in defining animal cruelty properly and finding the appropriate penalties for the oftenheinous acts committed on animals, is the fact that they are still considered "property" in the laws upheld in most cities. Animal rights organizations for years have tried to change this status to be able to institute harsher penalties on those who prey on companion animals. Instead of "ownership" of an animal we would suggest referring to those who have animals as part of their families as "guardians".

Animals are salient beings who know love, and experience fear and pain. They suffer as humans do and deserve to be recognized as the living beings they are. They are not inanimate objects as those possessions that we all have. Companion animals are part of our families.

Perhaps the city of Chandler can consider this change of language as you update and revise your laws, becoming a leader in animal welfare by espousing this change in language.

#### **Definition:**

Animal Cruelty must cover all possible types of abuse of a salient being including:

Physical abuse of any kind

Neglect or deprivation of basic needs as food, water, shelter.

Medical Neglect, which can also include proper grooming for those with long hair that mats and can cause the eyes to shut or the mouth to not open, the nails to curl into the feet if not cut regularly.

Abandonment

Tethering on a chain

(if tethered at all, must use lightweight tethers and have adequate water accessible and adequate shade in hot months). Animals should not be held outside if temperatures are above 100 degrees.

Confinement to a cage for prolonged hours every day wherein the animal gets no exercise or escape from the caged life.

#### Introduce a New section addressing animal Hoarding:

#### What constitutes "Hoarding"

Generally, too many animals without the finances to care for them properly,

lack of spay/neuter protocols,

lack of medical treatment and grooming,

lack of proper space to house animals comfortably. (Animals are often crated for their entire lives, never exercised),

**Unclean conditions** 

City of Chandler must define the conditions that constitute hoarding and establish protocols for intervention and assistance for hoarders, while removing the animals and working with the non- profit sector to safely place those removed needing care and medical assistance. No animals should ever be returned to the hoarder. All animals must be spayed and neutered when healthy enough to do so.

There should be a registry of hoarders that is available to rescue organizations and the public sector.

#### **Strengthening Unlawful Restraint laws:**

Set Clear standards for the proper housing and confinement of animals. Define suitable enclosures and tethering restrictions and the length of time animals may be lawfully restrained. If tethered, chains should be prohibited, food, water, shade must be easily accessible.

#### **Authority to Seize Animals:**

Grant city peace officers authority to seize animals in cases of cruelty, hoarding or unlawful restraint. Clearly outline these circumstances under which this action can be taken ensuring due process and safeguards for animals and their owners.

#### **Disposition of Animals in Emergencies:**

Establish protocols for the care and rehoming of animals that have been displaced due to recent death, injury, or arrest of their owner. This would involve collaboration with other non- profit animal rescues such as PACC911 and its affiliates, or Arizona Humane Society to insure the well-being of these animals. Such agencies should be granted immediate access to the homes or apartments where animals have been left due to tragic circumstances so that they are not left for days with no food, water or care.

This would be contractual with such agency.

#### Post Seizure hearings and forfeiture:

Hearings should be held to determine the lawfulness of any seizure and potential forfeiture of animals subjected to cruelty, hoarding or unlawful restraint.

Guidelines for the process should be clearly defined and should include notification to the owner.

#### **Education and Outreach**

City of chandler should consider partnering with non- profit agencies who serve schools and provide funding for educational programs to raise awareness about responsible Pet ownership and animal welfare including the need for spay /neuter to keep populations in check.

Establish a mechanism for regular reviews of animal protection laws to ensure they remain relevant and effective in addressing emerging issues and challenges.

Encourage public participation in the legislative process regarding animal protection laws and allow people to be heard.

Hi Kelly,

Thank you so much for following up. I had a chance to review the document but haven't sat down to organize my thoughts. I'm still going to try and get you something more comprehensive, but my schedule is really terrible this week. In the meantime, I want to share some overarching thoughts.

First, we really appreciate you taking the time to solicit broad input. It's very refreshing.

Our hope is that ordinance enforcement is *always* a last resort after other interventions are attempted. For the most part, pet owners in violation of ordinances aren't acting with cruelty or malice, and simply don't have the financial resources to address a situation when it arises. There are groups like ours that will provide supportive services to those individuals to help bring them into compliance if given the chance.

My main concern is that the ordinance doesn't have a phased approach written into the code. The most success comes from a warning, the provision of a list of agencies that can assist, and then a follow-up visit. When terrible cases like the one you are dealing with right now happen, the kneejerk reaction is to increase punitive measures, but the reality is this doesn't prevent hoarding or cruelty and instead punishes low-income families, especially seniors on a fixed income. We need to be able to delineate between someone like April and a grandma with a sick cat she can't afford to treat.

There has been a flurry of recent literature and the issuance of best practices from national organizations that provide guidance on enforcement, and how to move from punishment to support. Here is a study from the National Institute of Health. https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7602950/.

The Arizona Pet Project is committed to the City of Chandler in providing services for individuals in violation, who can't afford the cost to come into compliance.

Please let me know if you would like to discuss this further, and thanks again for reaching out.

Leanna

**Subject:** RE: Chandler Ordinance

Good morning. I have added a few comments/questions in the document. Not sure if they are doable, but I thought I would ask. Dr. Hansen was wondering if the wording could be changed for the failure to treat section. Here are his comments:

I have read the document and agree with your comments Tracey. My only addition is the bar is high with medical care "necessary to prevent unreasonable suffering." For me there is no reasonable suffering. But what language is better?

Necessary to provide minimum quality of life that a typical person would deem appropriate. Necessary to provide a quality of life that a reasonable person would provide. Necessary to provide basic health and welfare. Necessary to maintain a quality of life free from pain, fear, distress and suffering.

Thanks again for all of your hard work with putting this together. If you need anything else from me just let me know.

										cruelty within the community. It is deeply disheartening to witness the unnecessary delay in protecting innocent animals from harm while the Chandler City Counsel ponders to define what is self-evident. There shouldnt be any need for a discussions about the definition of animal cruelty. The way this is being handled are indicative of a system that desperately needs reform and probably new council members. I have deep concerns about the leniency surrounding the punishment for animal cruelty within the community. The inadequate measures in place for dealing with animal abusers reflect poorly on the City of Chandler and sends a message that such behavior is tolerable. This is absolutely unacceptable. Animal cruelty is not only a grave moral issue but also an indicator of a broader societal problem. Those who abuse animals are often more likely to engage in violent acts towards humans, and their actions should not be taken lightly. It is imperative that you take swift and decisive action to protect our beloved pets and wildlife from harm. Defining animal cruelty should not be a protracted, bureautiprocess. Chandler City Counsel shouldn be the ones who define what constitutes animal abuse. Its obvious you dont care and have no ideal The shelters are the ones that should be telling you how to define what constitutes animal abuse. Its obvious you dont care and have no ideal The shelters are the ones that should be telling you how to define animal abuse! They are the ones who volunteer their time and efforts and their own money to care for these abused, neglected and abandoned animals, the council doesnt. I highly doubt that any council member has any knowledge, hands on experience or volunteered. You dont get the right to dictate how to define the obvious to everyone but you. The council needs to act immediately to safeguard the lives and well-being of these innocent beings. The suffering experienced by these animals is a stark reminder that you have a responsibility to act urgently and stop sitting on your hands. The

The fact that the defendant could house this many animals in a residence not designed as a kennel and neglect their vet care for routine preventation should stand as evidence to her unqualified status as unfit to operate a rescue of even the lowest category. It's not only abuse, but stealing. Also the long delay in helping these animals from police and animal services was completely wrong. You are not only needing better laws but also the desire to help the animals. To get a warrent and see first hand what is going on, not listen to the abuser and just walk away. It's time to take your jobs serious and care about the abuse the animal is suffering.

# **Background/Discussion**

On November 7,2022, City Council adopted Ordinance No. 5030 amending the Code of the City of Chandler, Chapter 3, raising the threshold for Council approval of contracts and agreements for materials, services, equipment, and construction from \$50,000 to \$100,000. The threshold for Council approval of contracts and agreements for professional services was raised from \$30,000 to \$100,000. The changes allow contracts and agreements valued less than \$100,000 to be approved administratively. As part of the change, Council requested a monthly summary of contracts and agreements approved under the newly adopted thresholds that would have required Council approval under the previous thresholds. The attached report summarizes the administratively approved contracts and agreement for materials, services, equipment, and construction valued between \$50,000 and \$99,999, and professional services valued between \$30,000 and \$99,999.
