Board/Committee Experience

I have not been a formal member of any board or committee. I have been present and participated in board meetings in my professional career.

Briefly explain why you would like to serve on the board / commission

While a new formal resident of Chandler, I have participated and worked within the community for quite some time. My professional experience has provided community support through improving the City's infrastructure via support in City of Chandler Capital Improvement Projects and through supporting private development occurring throughout the community. This experience has given me the opportunity to study and obtain a great understanding of the city's ordinance, zoning codes, and regulations. As a resident of the community, I hope to take my professional background and knowledge to support the community further in joining the Planning and Zoning commission. I hope my professional experience can lead to a positive impact within our community.
