Briefly explain why you would like to serve on the board / commission

I know I can dedicate time, resources and real life experience that would benefit this great city. The City of Chandler is something tremendous to me. Architecture and Design is also very important to me and if I was to have a say in the matter, I would drive my efforts so that Chandler would continue on the path of diversity, the need to service our community and keep our city as the most cutting edge and modernized. Keep it beautiful.

With over 10 years of experience in IT, I am a skilled and reliable Applications Support Specialist II at Salt River Pima-Maricopa Indian Community (SRPMIC), where I collaborate with stakeholders to create functional, technical, and software architecture recommendations and support to ensure the reliability and extensibility of system solutions. I have a Bachelor's degree in Information Technology from Arizona State University, an associate's degree from Chandler-Gilbert community college, and multiple IT certifications. In my previous roles, I have excelled at resolving client issues by utilizing my expert knowledge in proprietary products, tools, and solutions. I have also remotely installed, modified, troubleshooted, and upgraded proprietary software solutions, resulting in exceptional customer satisfaction. I have trained end-users and customer representatives on best practices for hardware and software and tested beta releases of software and firmware before official release. I have also created system documentation and user manuals to improve the quality of support performance. I am a team player, always willing to assist my colleagues in any way possible to meet project deadlines. I am also motivated by learning new technologies and applying them to real-world problems. My goal is to leverage my skills and experience to deliver high-quality IT solutions that meet the needs of the organization and the end-users.

Briefly explain why you would like to serve on the board / commission

I was born and raised in Chandler. I am first-generation and went to Frye Elementary, Willis Junior High, Hamilton High School, Chandler-Gilbert Community College, and Arizona State University. While many people I grew up with have moved to another city or state, I have tried my best to stay in Chandler for 31 years and plan to raise a family here, too. I have seen the city grow so much since I was a kid, and it has been great to see. Now that I am older, I want to be more involved with ensuring the community I grew up in knows they have a voice and realize they can make a difference here too. I was part of the civic program in 2024. I learned so much about the city, which led me to also participate in speaking with kids from Willis Junior High during Hispanic Heritage Month. Here at SRPMIC I also volunteer for community events whenever IT needs staff to help ensure SRPMIC members know what steps are necessary if they ever want to get into IT and help explain what different parts of IT do in our day-to-day.

AZ Bar member since 2010 (Bar no. 027841). NY Bar member since 2007 (Bar no. 456-4159). Securities Enforcement Attorney, AZ Corporations Commission (2011-2014).

Board/Committee Experience

Part of my job responsibilities at the AZCC included attending open meetings of the Commission on behalf of the Securities division to seek the Commissioner's approval to finalize administrative law judgements in cases I argued before Commission Administrative Law Judges.

Briefly explain why you would like to serve on the board / commission

I have been fortunate enough in my life to have the resources and abilities required to earn undergraduate and graduate degrees at top tier institutions, which in turn has afforded me knowledge and experience in government and business affairs to which many others have never had access. Thus I feel a personal and a moral obligation to use these gifts to serve my community. I believe I would be ideally suited to serve on the Citizens' Panel for Review of Police Complaints and Use of Force given my educational and career background, particularly after working alongside many LEOs-turned-investigators at the AZCC. My interest in the Mayor's Committee for People with Disabilities is similarly motivated by my academic and career background but also by more personal reasons: as a child my grandmother would often cook, clean, and play with my brother and I all the while suffering silently from crippling and painful rheumatoid arthritis. Years later I helped my dad care for his own father who was confined to a wheelchair for more than 20 years of his life by a stroke. I myself have lived with less visible mental conditions including depression and adult-diagnosed ADHD. I know all too keenly how hard it can be both to provide or ask others for help, and I wish that none would ever struggle alone. My interest in serving with the Human Relations Commission is largely motivated by the forgoing, along with my personal identity as a happily married gay man and proud second generation Hungarian Immigrant. I would likely show interest in serving on most any other vacant board seat that might be deemed a good fit should my first preferences not be suitable. Thank you for this opportunity and your consideration.

Professional Experience

I am licensed to practice law in Arizona, New Jersey and New York.

Board/Committee Experience

Many years ago, I served on the Board of a local division of Society of Human Resources Management and served as counsel to the Phoenix City Civil Service Board.

Briefly explain why you would like to serve on the board / commission

I am looking for an opportunity to give back to my community, get involved in local government, and generally make a difference in people's lives and the community. The committees or boards I have selected are of particular interest because they meet those objectives and I have valuable experiences and unique skills to bring to those committees or boards. For example, I provided free employment-law related legal services to a domestic violence shelter, consistently donated to domestic violence shelters, worked as an employment lawyer for 25 years and can bring that experience to the Merit Board (and other boards or committees), and have always had an interest in assisting those who need help--socially and financially. I am a first-generation high school graduate and acknowledge how fortunate I have been in life, and want to help others.

I have worked 45 years in the medical field, retired from Banner MD Anderson Cancer Clinic, currently a Notary Public signing agent

Briefly explain why you would like to serve on the board / commission

I have lived in Chandler for the past 14 years and I love our community and our city. I recently retired from Banner MD Anderson Cancer Clinic but felt the need to still serve. I am currently a Notary Loan signing agent and Deputy Registrar for the State of Arizona, so I get to share with citizens who move into Chandler what a wonderful community that they are moving to and serve the State during Immigration Naturalizations ceremonies. As a past victim of domestic abuse over 40 years ago, helping women and children of abuse is close to my heart. I am also a member of a Moms Coalition in Chandler and a member of the Moms Army which helps stop the attacks on our children.
