Introduction

The Chandler Police Department's Professional Standards Section (PSS) is responsible for review, retention, tracking and analysis of all reportable use of force incidents. PSS is responsible for reviewing each incident and conducting a quarterly use of force report and an annual analysis to reveal patterns or trends that could indicate training needs, equipment upgrades, policy modifications, and/or other corrective measures. The quarterly use of force report is in accordance with CALEA standard 4.2.2 Written Use of Force Reports and Administrative Review and Chandler Police Department General Order A-07.100.G Reporting and Inspections- Administrative Reporting- Accreditation Reports and E-01.400.E.9 Use of Force- Reporting and Review-Use of Force Review Board. The quarterly report will include a summary of the incident; race, gender, and age of subject to which force was applied; date, time, location and circumstances requiring force; documentation of injuries (officer and civilian) and medical treatment provided. The report will also include the Use of Force Review Boards deliberations and findings, and trends that may indicate policy or training modifications.

Background

The Chandler Police Department uses their internal Record Management System (RMS) to report all low and intermediate reportable use of force incidents. The employee involved will prepare a report outlining the circumstances of the incident and complete the Use of Force Detail Page. Professional Standards Section is notified of the use of force incident through RMS, and this initiates the Use of Force Review process. PSS will request the employee's Chain of Command to review the incident to include all reports and body worn camera footage associated with the incident. Each member of the chain of command will document their use of force review in RMS.

The Chandler Police Department has utilized the Use of Force Review Board since 2008. The Use of Force Review Board meets monthly to review the facts of the reportable use of force incident and determine whether the involved employee's action(s) were justified and within departmental policy. The Board will examine all low and intermediate reportable use of force incidents to ensure adherence to departmental policies, ensure proper and accurate documentation and evaluate training needs. The Board can refer the incident to the Professional Standards Section/Internal Affairs for further investigation and documentation if needed. Quarterly reports on intermediate reportable use of force incidents are prepared and shared with the Citizens' Panel for Review of Police Complaints and Use of Force.

Use of Force General Orders

The Chandler Police Department General Order E-01 Use of Force consists of 100 (Overview), 200 (Options), 300 (Investigating Use of Force Incidents) and 400 (Reporting and Review). General Order E-01.200 lists different levels of force an officer can employ. These levels are classified as Low, Intermediate, and Deadly.

Low Level Force consists of tactics and tools authorized to gain compliance, overcome resistance, or capture, control, and facilitate constraint when an officer is faced with resistance. This can include officer presence, verbal direction, empty hand control techniques, and OC Spray or High-Pressure Air Systems for area saturation.

Intermediate Level Force consists of tactics, tools, and munitions authorized to gain compliance, overcome aggression, or capture, control and facilitate constraint when an officer is faced with aggression or aggravated aggression. This can include OC Spray, Impact Devices, Conducted Electrical Weapon, Strikes, Police Service Dog (K9), and Bilateral Vascular Restraint.

Deadly Force is a level of force used to stop a threat that, in the manner of its use or intended use, is capable of creating substantial risk of causing death or serious physical injury. Officers may employ all techniques, weapons, and devices outlined in this general order and others that may be available.

The Chandler Police Department recognizes the current Arizona statutory law dictating that no unnecessary or unreasonable force shall be used in making an arrest, and the person arrested shall not be subjected to any greater restraint than necessary for his detention. The Chandler Police Department stipulates officers must adhere to their training unless the situation justifies a deviation from that training. When an officer decides to use force during an incident, the officer must first consider **Graham v. Connor** factors which include the severity of the crime, whether the subject poses an immediate threat to the officer or others, whether the subject is actively resisting arrest or attempting to evade arrest by flight, and any other factors under the totality of circumstances that were present.

A major factor in determining whether force is necessary depends on the behavior of the subject. The subject could decide to be compliant or resistant. The levels of resistance are classified into four different levels per Chandler Police Department General Order E-01.200. Compliance consists of a person who acknowledges direction or lawful orders given and offers no resistance or aggression. Resistance consists of actions taken by a subject to prevent a physical arrest or detention, without placing an officer, themselves or another person in jeopardy or physical harm. Aggression consists of actions taken by a subject to prevent a physical arrest or detention and may cause physical harm to the officer, themselves, or another person. Aggravated Aggression consists of actions taken by a subject to prevent a physical arrest or detention and may result in the death or serious bodily harm to the officer, themselves, or another person.

Per General Order E-01.400 Use of Force- Reporting and Review, not all applications of force are required to be reported. Intermediate applications or attempted applications must always be reported. Low level applications must be reported only when they result in injury or complaint of injury. Medical attention must be offered when there is injury or complaint of injury.

2025 First Quarter Use of Force Review

During the first quarter of 2025, the Chandler Police Department logged 2,107 combined arrests of adults and juveniles which resulted in a total of thirty-five (35) low or intermediate reportable use of force incidents. There were twenty-seven (27) intermediate use of force incidents and eight (8) low level use of force incidents. The use of force occurred while Chandler Police Officers arrested or detained a subject under reasonable suspicion or probable cause. In some incidents there were multiple applications of force used by various officers. For this reason, there were fifty-two (52) distinct applications of low and intermediate level of force. The thirty-five (35) incidents resulted in only 1.7% of the arrests by Chandler Police officers concluding with a Use of Force. The report does not include any firearm discharges or deadly force incidents.

All thirty-five (35) low and intermediate level of reportable use of force incidents were reviewed by the Use of Force Review Board. The board meets monthly to determine if the applications of force are justified in accordance with the policies of the Chandler Police Department.

The following tables document the thirty-five (35) incidents reviewed by the board for the months of January, February, and March of 2025. It includes the types of force used and dispositions. This report will deliver the summaries of the twenty-seven (27) reviewed intermediate use of force incidents.

Thirty-Four (34) subjects were injured or complained of injury/pain during the use of force incidents. The injuries were minor in nature, consisting of lacerations, abrasions, contusions, swelling, complaints of pain, K9 dog bite, and CEW puncture wounds. One subject sustained multiple punctures and lacerations to his right forearm from a dog bite and was transported by ambulance to the hospital for further treatment.

Injured officers and subjects were offered medical attention, which they received when requested. Medical treatment was either provided on scene by the fire department or at a hospital for more extensive care or evaluation.

34	5	39

Person in Crisis/Impaired by Alcohol or Drugs

Seventeen (17) subjects involved in low or intermediate use of force incidents were found to be a person in crisis, under the influence of alcohol or drugs, or a combination of impairments.

Policy Violations

In the first quarter of 2025 there was one intermediate use of force incident referred to Internal Affairs for further investigation. The incident is currently under investigation and the outcome has not been decided yet.

Training Issues

The Use of Force Review Board identified six intermediate use of force incidents with training recommendations. The training recommendations consisted of slowing down, requesting an additional officer, further radio communication with responding units, adjusting tactics to apprehend the subject, clearer documentation and articulation in report writing, not calling out a "code 4" until subject detained, better communication to de-escalate the situation, not allowing other subjects to intervene and possible other options for use of force. The officers and their chain of command were notified of the training recommendations.

Conclusion

The low and intermediate use of force incidents during the first quarter of 2025 indicates officers used the appropriate level of force to effect the arrest or detention of subjects. This illustrates the use of force policy, defensive tactics training, board reviews, and overall departmental philosophy are aligned with established case law, statutory regulations, and the principles of community-oriented policing.

Time of Occurrence: 2144 hours
Personnel Involved: Officer Heslop #775
Force Used: Impact Push
Subject Involved: Black Male, 51 years old
Subject Actions: No verbal or physical compliance

Summary:

On 01/02/2025 Officer Heslop #775 assisted the Mesa Police Department with a search warrant service at 1903 W Las Palmaritas Dr #B122 in Phoenix involving a drive by shooting. Once on scene, members of the Chandler Police Department S.W.A.T. Team knocked and announced their presence at the front door of the apartment. At approximately 2144 hours, a black male, later identified as Ronald Davis, exited the apartment. Officer Heslop was north of the front door while the rest of the team was south of the front door. Mr. Davis was given multiple commands to go toward the contact team on the south side of the door. He did not listen to commands and instead walked towards Officer Heslop. Due to the nature of the search warrant and the possibility of the subject being armed, Officer Heslop impact pushed the male with his right hand toward the contact team where he was taken into custody. The case was then turned over to the Mesa Police Department and it is unknown what criminal charges the subject was arrested for. There were no reported or documented injuries to the subject or officer in the Chandler Police Report. The incident was captured on an officer's body worn camera.

Incident Summary #2:

Incident Report: 2025-1057
Call Type: Assist to Outside Agency
Date of Occurrence: January 3, 2025
Time of Occurrence: 2152 hours
Personnel Involved: Officer Snedigar #732
Force Used: K-9 Deployment
Subject Involved: White Male, 51 years old
Subject Actions: No verbal or physical compliance

Summary:

On 01/03/2025 Officer Snedigar #732 responded to an Assist to Outside Agency for the Mesa Police Department reference an armed barricaded subject, later identified as Kevin Smith, located at 627 E Kael Cir in Mesa. The incident involved Mr. Smith committing aggravated assault on his girlfriend with a handgun. Mesa Police advised there was probable cause for Mr. Smith's arrest along with a search warrant for his residence. Mesa PD gave Mr. Smith commands to exit, but he refused to exit the residence. Negotiators contacted him via telephone, but he was belligerent and confrontational. He eventually agreed to come out and was given exit instructions, but did not exit at that time. Ultimately the front door of the residence was breached by explosives, and less lethal munitions were deployed at the residence. He later exited out the garage door. He walked down the driveway with his hands raised and a cell phone in each hand. He did not comply with commands to drop the cell phones or walk in a certain direction. Officer Snedigar was positioned behind a truck and trailer directly in front of the residence with his assigned Police Service Dog/K9 "Cowboy", which was approximately 20 to 25 feet from the male. The officer could hear him yelling, "fuck you, I have cell phones". The officer gave commands to get on the ground or "you're going to get dog bit", which the subject did not comply. Officer Snedigar gave another command, which Mr. Smith looked directly at him, but did not immediately comply. As a result of Mr. Smith's continued non-compliance, the officer deployed K9 Cowboy to apprehend Mr. Smith at approximately 2152 hours. At nearly the exact moment the K9 was deployed, Mr. Smith began to crouch down as if moving to his knees. K9 Cowboy bit and held onto Mr. Smith's right forearm as he moved into a kneeling position. He was given additional commands to lay down on the ground which he complied with. Officer Snedigar and other SWAT personnel approached Mr. Smith and K9 Cowboy was removed from his forearm. Mr. Smith was taken into custody. Mr. Smith sustained multiple punctures and lacerations to his right forearm and was transported by ambulance to Banner Desert Medical Center for further treatment. Mesa Police photographed Mr. Smith's injuries. The incident was a Mesa PD investigation, and the criminal charges are unknown. Officer Snedigar was not injured, and the incident was captured on the officer's body worn camera.

Incident Summary #3:

Incident Report: 2025-3267
Call Type: Trespass
Date of Occurrence: January 9, 2025
Time of Occurrence: 1811 hours
Personnel Involved: Officer Borowski #848
Force Used: Impact Push, Knee Strike
Subject Involved: White Male- Hispanic, 27 years old
Subject Actions: No verbal or physical compliance, attempted to walk away, resisting arrest

Summary:

On 01/09/2025 an officer responded to Walmart, 800 W Warner Rd in Chandler, reference a trespass. A male subject, later identified as Miguel Sandoval Garcia, was previously trespassed and back at the store. Upon the officer's arrival, Mr. Garcia had left the store. The officer observed the male walking in the nearby neighborhood and attempted contact with him on W. El Prado Street. The officer told him "Police stop" multiple times and pulled the marked police vehicle in front of him with the emergency overhead lights turned on. He did not comply. She attempted several times to explain the reason for the stop, but he refused. She stepped in front of him and grabbed his arm, which he stepped back and refused to stop. She requested emergency assistance. He attempted to walk around her again, so she grabbed his right arm to prevent him from leaving. He stated, "I could hurt you right now" and pulled away from her. Officer Borowski #848 arrived on scene and observed the officer holding the male's arm while giving commands. The male appeared to be tensing his body and resisting the officers' efforts to physically detain him. At approximately 1811 hours, Officer Borowski ran and approached them. Mr. Garcia turned towards him and pulled away from the other officer. Officer Borowski grabbed onto Mr. Garcia's arm and upper back and pushed him towards the ground. Mr. Garcia tensed his body and tried to remain standing. Another officer arrived on scene, and they were able to get Mr. Garcia to the ground. Mr. Garcia pushed off the ground with both hands causing Officer Borowski to lose his balance. Officer Borowski grabbed Mr. Garcia's left wrist and attempted to pull his wrist out from his body to lay him flat on the ground. He quickly pulled his hands close to his chest and laid on them. While Officer Borowski was holding his wrist, Mr. Garcia squeezed his arms close to his body, trapping Officer Borowski's hand/wrist in his armpit. Officer Borowski believed this could result in an injury to his hand/wrist, so he delivered one knee strike to Mr. Garcia's mid-section. He immediately grunted and released his grip from the officer's hand/wrist. He then brought both his hands behind his back, where he was placed into custody. Mr. Garcia complained of pain to his ribs and was evaluated by the Chandler Fire Department, who did not observe any visible or obvious injury. Mr. Garcia was placed under arrest for trespassing, disorderly conduct, resisting arrest, and interfering with the duties of a police officer. There was no injury to the officer and the incident was captured on the officer's body worn camera.

Incident Summary #4:

Incident Report: 2025-9591
Call Type: Subject w/ Gun Threatening

Time of Occurrence: 0743 hours
Personnel Involved: Sergeant Nolan #S145
Force Used: 37mm Less Lethal Launcher
Subject Involved: White Male, 50 years old
Subject Actions: Possession of weapon, danger to community, no verbal or physical compliance, fled from officers, resisting arrest

Summary:

Multiple citizens called to report the male subject waving a handgun and sword around and walking in the roadway. The male was located on traffic cameras, which guided officers to the field in the southeast corner of N. Price Rd and W Chandler Blvd. Multiple officers arrived on scene and gave verbal commands for the male to stop, which he did not comply. Several officers formed a perimeter around the field, however there were large gaps between officers allowing for the possibility of the subject to flee. An immediate action team was then formed. Officers indicated over the radio he had removed a handgun and threw it on the ground. The subject continued to move around the field and "flip-off" officers. Sergeant Nolan joined the immediate action team with his department issued 37mm less-lethal launcher. The officers continued to give commands for the subject to lay on the ground, but he continued to not comply. The immediate action team moved closer to the subject, who continued to not comply with commands. At approximately 0743 hours, Sergeant Nolan deployed a single round from his 37mm less lethal launcher which successfully impacted the upper left hip of the subject. Additional commands were given for him to get on the ground, which he complied with and was taken into custody.

The subject was identified as Christopher Bless. He sustained a contusion to his left hip. The Chandler Fire Department responded to provide further medical treatment. The injury was photographed by a crime scene technician. Mr. Bless was arrested for Disorderly Conduct Involving a Weapon, Disorderly Conduct/Language/Gestures and Resisting Arrest. It was determined Mr. Bless was a danger to himself and others and officers completed an involuntary committal for Mr. Bless at Community Bridges, so that he could be mentally evaluated after he was released from custody. The officer was not injured, and the incident was captured on the officer's body worn camera.

Officer Savittieri determined he had reasonable suspicion that they committed credit card fraud and planned to detain them. Officer Savittieri contacted the male and female inside the store with assisting officers. He explained to them he wanted to speak to them about coming in multiple days and applying for credit cards. The male stated he did not do anything and did not apply for a credit card. Officer Savittieri told him he believed he was lying. Officer Savittieri went to detain the male subject by grabbing onto the males left arm with both his hands, but the male ripped his left arm out of his grasp. The male ran eastbound through the store. He knocked over merchandise, mannikins, and endangered several innocent citizens inside the store. Incident Report: 2025-36565
Call Type: Disorderly Conduct
Date of Occurrence: March 26, 2025
Time of Occurrence: 1253 hours
Personnel Involved: Detective Mullins #719
Force Used: Taser Probe Deployment
Subject Involved: White Male, 55 years old
Subject Actions: Fled from police, no verbal or physical compliance, resisting arrest

Summary:

On 03/26/2025 members of the SWAT team were requested regarding a barricaded subject that was trespassing in a home located at 6182 S Sharon Ct in Chandler. SWAT members were informed the involved male, Guy Hepworth, was evicted from a nearby residence, and came back after the eviction. When the officers arrived, the male fled from the police and committed felony trespass into a residential structure and continued to trespass into other yards. It was then believed he entered a residence, which prompted SWAT to be activated. The male was later located outside the perimeter, but he fled from police again and trespassed into another yard where police lost sight of him. He was observed going into another yard at 2962 E Indian Wells Dr which was reported by a citizen. Detective Mullins entered the backyard of 2961 E La Costa Dr when he heard several other officers giving the male commands to stop. He approached the 6-and-a-half-foot tall fence and observed the male not complying with the commands and continue to flee. He observed the male jump the fence and enter another yard to the west. He observed him throw a small dog over an approximately 6 foot or taller fence with complete disregard for the dog's safety. Detective Mullins feared the longer the male was able to enter residential back yards, the danger to citizens, officers and even the male was increasing exponentially. Detective Mullins knew that due to the height of the wall, the weight of his body armor and attached equipment he was not able to jump over the wall to get hands on the male in a safe manner. The male threw the dog over the wall and was getting ready to jump over himself. At approximately 1252 hours, Detective Mullins launched two Taser 10 probes at him while yelling "Taser, Taser". He believed he was approximately 35 or more feet away and may have exceeded the range of the taser 10. The taser did not cause neuromuscular incapacitation (NMI), so the male was able to jump over the wall. The male began running again and he deployed another 8 probes from his taser, and he appeared to be flinching, but he never observed NMI take effect. Other officers, including a K9 officer, were able to enter the backyard the male was now in. As soon as the male observed them, he appeared to prone out on the ground and comply where he was taken into custody. Detective Mullins was informed at least one probe struck the male. He did not observe any injuries on the male. The officer was not injured. Mr. Hepworth was arrested for Criminal Trespassing Residential Structure, Criminal Trespassing Fenced Residential Yards and Cruelty to Animals. The incident was not captured on the officer's body worn camera, but it was captured on the drone video footage.
