New Caller (Daytime)

New Caller (Nighttime)

- Household #1 reported a low-flying Blackhawk helicopter over the neighborhood. Flight tracking data revealed that a civilian UH-60 had departed the heliport and was above regulatory altitude when in proximity to the residence.
- Household #2 reported low-flying helicopters over the residence. Flight tracking data revealed CHD base helicopters departing and returning to the airport above regulatory altitudes.
- Household #3 reported an early morning aircraft. Flight tracking data revealed a CHD based aircraft conducting pattern work on the south runway. Flight tracking data revealed that all reported aircraft were at or above regulatory altitudes.
- Household #4 reported low-flying helicopters near the residence. Flight tracking data revealed that all aircraft were above regulatory altitudes.
- Household #5 reported that aircraft are flying earlier than normal. Flight tracking for the proceeding weeks was reviewed. Aircraft were at or above regulatory altitudes.
- Household #6 reported an early morning aircraft circling the neighborhood. Flight tracking data revealed that a transient aircraft conducting pattern work on the south runway. Aircraft conducted approximately 13 touch and go landings prior to the tower opening.
- Household #7 reported a late-night aircraft that passed over the residence. Flight tracking data revealed a CHD based aircraft departing to the west and climbing to regulatory altitude after taking off.
