New Caller (Daytime)

New Caller (Nighttime)

- Household #1, which is in the Gold Canyon community 28 miles to the east, reported an aircraft from CHD flew over the community. Flight tracking data revealed that CHD based Cessna 172 enroute to Overgaard was well above regulatory altitude.
- Household #2 reported late evening low-flying aircraft over the residence. Flight tracking data revealed transient PC-12 going missed on the instrument approach and then circled to land. Aircraft was above regulatory altitude on both passes over the residence.
- Household #3 reported two early morning aircraft. Flight tracking data revealed that all reported aircraft were at or above regulatory altitudes.
- Household #4 reported an increase in aircraft noise over the past month. Flight tracking data for the proceeding four weeks revealed that all aircraft were above regulatory altitudes.
