Any inquiries regarding the use of Association hours will be handled by the Board of Trustees, who will adopt an internal process to account for hours used.
- c. If City administration has concerns about a member's Association hours usage, the CLEA Board agrees to meet with police administration. If the issue is not resolved at that time, a meeting with the CLEA Board and the Human Resources Director will occur.

- 4) Authorization for the deduction of accrued vacation hours is included with the member's authorization for the deduction of dues.

- 5) An Association member's revocation of authority for the deduction of dues simultaneously revokes the authority for the annual deductions of vacation hours.
- 6) Revocation of such authority applies prospectively only as set forth in (H) below.

G. Association Hours Contribution Process for Non-Dues Paying Members

- 1) Non-dues paying members may elect to annually contribute a minimum of two (2) hours of accrued vacation to the leave time bank. Non-dues paying members may elect to contribute the current dues paying Association member amount if the amount is greater than two (2) hours.

- 3) The City shall withdraw contribution hours split equally and placed in the Association leave time bank two times per year: effective the first full pay period in July and the first full pay period in January. It is the responsibility of the Association to notify its membership of any changes.
- 4) For voluntary donations of hours by non-dues paying members, the executed Association Hours Authorization Form provides the unit member's authorization for vacation hours to be withdrawn from the unit member's vacation balance in the first full pay period following January 10th and July 10th each year.
- 5) The revocation process is set forth in (H) below.

H. New Member Authorization and Revocation Timeframes

- 1) An individual who hires or transfers into an CLEA represented position after January 10th or July 10th, and who executes a Payroll Dues Deduction Authorization or Association Hours Authorization Form, may elect at that time to have the vacation hours withdrawn from their vacation balance: (i) in the first full pay period after receipt of the authorization form by the City,

or (ii) in the first full pay period following January 10th or July 10th in the following year. A new unit member who elects to have vacation hours withdrawn before the next scheduled withdrawal occurs, will have additional hours withdrawn in the next scheduled cycle.

- 2) A unit member may revoke their authorization for the donation of vacation hours by submitting written revocation to the CLEA President who will forward to Human Resources no later than first week of July. The revocation shall apply prospectively to the vacation donation scheduled to take place in in the first full pay period following July 10th each year.

 - 3) The Association Hours Authorization of a unit member shall be automatically revoked when the individual is no longer in a position covered by this Memorandum. The revocation shall apply only prospectively to the vacation donation scheduled to take place in July.
-
- I. Human Resources shall keep a record of all time donated and used. A report shall be provided to the Association by request.

 - J. Any unused donated hours in the Association leave time bank may be carried over from one fiscal year to the next.

 - K. The Association shall indemnify, defend, and hold harmless the City against any and all claims made, and any actions brought against the City arising from or related in any way to the actions taken by the City to comply with any of the provisions of this Section.

 - L. The Association will be allowed one-half (½) hour to talk to and possibly sign newly sworn police officers into the Association and to explain the rights and benefits under the Memorandum. This time will be allotted during the post-academy training time of said officers. The content of such information shall not be political in nature, abusive of any person or the department, or disruptive of the department's operation.

 - M. The employer shall count as time worked any hours or fractions of hours spent within the unit member's regular work shift in pursuit of benefits provided by this Article. A unit member approved as outlined in E (2) above to use Association hours for Association business outside their regular work shift may use the

Association hours during their scheduled work week to account for such Association business. The initial request must include the date and time of the flex hours in the work week. If minimum staffing is not impacted, the request will be approved, if impacted it will be denied and no extension will be given for use of the time outside of the unit member's workweek.

- N. The Association may designate up to five (5) unit members to represent the Association in the Meet and Confer process with the City unless otherwise mutually agreed prior to the process. These designated unit members shall be granted time off with pay for the purposes of such representation, and such times shall not be applied to bank hours.

Section 1 – 4: Unit Member Rights

- A. All unit members shall have the right to join or not to join the Association as they individually prefer. Unit members have the right to participate on behalf of or engage in activities on behalf of an Association and have the right to refrain from such activity. Unit members shall be free from any interference, restraint, or coercion by any unit member, supervisor, or manager for or against the Association. Violations will necessitate disciplinary action.

The Association must equally and fairly represent all unit members in the unit.

- B. Unit members may attend scheduled meetings of the membership in person or by electronic means if their attendance does not unreasonably interfere with department operations. Unit members attending in person while on duty may use their personal or meal break subject to general orders. Those attending outside their break or electronically will remain clearable for priority calls for service.
- C. Eligible City employees have the right to be represented by the Association and to have a member of the Association present during the grievance and the disciplinary process. The disciplinary process does not apply to an interview of a unit member during the normal course of work, counseling, instruction, informal verbal admonishment, or other routine or unplanned contact with a supervisor. If a supervisor has knowledge of a violation of General Orders, City Personnel Rules, or criminal law by a unit member, they will follow the requirements of this Memorandum, Title 38 of Arizona Revised Statutes, and the General Orders applicable to the questioning of said member.

- D. If a unit member requests, representation will be allowed when the member is the subject of an administrative investigation and the employee reasonably believes that the interview could result in dismissal, demotion, or suspension by Professional Standards Section, or any Police Department supervisor, who is conducting an administrative investigation.

The unit member will obtain the most readily available Association representative. The Association representative will make every reasonable attempt to arrive within one (1) hour from the time a phone call is made by the unit member to the representative. The Association representative will attend the above interview only as an observer. At the end of the interview, but prior to the conclusion of the interview, the unit member being interviewed may privately confer with their representative for a period not to exceed 15 minutes. Requests for additional time must be mutually agreed upon. Upon returning to the interview, the unit member will be allowed to make a statement not to exceed five (5) minutes addressing specific factors or policies related to the interview. Requests for additional time must be mutually agreed upon. The interview session shall be for a reasonable period of time, taking into consideration the gravity and complexity of the misconduct being investigated.

- E. Any unit member who is the subject of an officer involved shooting investigation who has discharged a weapon or was shot at or violently assaulted may request to have the administrative interview postponed for up to forty-eight (48) hours from the time of the incident. The Chief of Police may deny the request when they determine that delaying the interview would be detrimental to the investigation. A unit member may waive their rights to make the request for postponement of the administrative interview. In all cases, the overall mental and physical health of the unit member shall be taken into consideration.
- F. A unit member under investigation will be notified in writing every thirty (30) days as to the current status of the investigation. This will include a brief description of the number of known witnesses still to be interviewed and other investigative processes remaining to be completed, as well as an estimated date of completion.
- G. A unit member has the right to present their own grievance in person and has the right to be represented.
- H. A unit member covered hereunder shall, upon their request and by appointment, be permitted to examine their departmental or divisional personnel file in the presence of an appropriate supervisor/official of the department within three (3)

business days of the requested review. Another person of their choosing may accompany the unit member. When a City directed work fitness/job performance medical evaluation process is completed, the unit member may request copies of their medical information from the City-selected physician. The City must agree to give the City selected physician authorization to release any/all information to the requesting unit member.

- I. No unit member shall have any adverse comments entered into their departmental personnel file without the member being informed by the supervisor. If the unit member requests, they may receive a copy of the adverse comment.

A unit member may, at their discretion, attach rebuttal statements to any material contained in their departmental personnel file, which may be adverse in nature.

- J. Material purged from a unit member's files in accordance with the below procedures or allegations about a unit member which are unfounded, exonerated, not sustained, or a policy failure will not be used in future performance ratings or disciplinary actions.
- K. Consistent with the requirements of A.R.S § 39-128, the City shall maintain as part of a unit member's official personnel record all documents relating to disciplinary actions, including the unit member's response to the disciplinary action, and shall make such records available for inspection and copying as required by public records laws.

Upon written request, a unit member may have written reprimands, suspensions, and letters of admonishment, which are over three (3) years old removed from the department working file when there have been no incidents or problems of a similar nature within the three (3) year period immediately preceding the request. A unit member may request to have letters of instruction and counseling statements, which are over one (1) year old removed from the department working file.

- L. A unit member under investigation by Professional Standards Section or a Police Department supervisor for a disciplinary matter that may lead to a written reprimand, suspension, demotion, or discharge, and who is interviewed, or requested to produce any documentation, shall be given a written notice informing them of the specific nature of the investigation, their status in the investigation, and all known allegations of misconduct involved in the interview of

the unit member. In addition, the unit member and/or the Police Department supervisor/Professional Standards Section representative may mechanically record such interview. Should any mechanical recordings take place, the department reserves the right to transcribe any such interview for the purpose of verifying the accuracy of the interview and, if requested, the unit member shall sign the transcription if it is accurate. For any sustained allegations resulting in a letter of reprimand or higher, the unit member has rights under the Personnel Rules or, where applicable, Title 38 of Arizona Revised Statutes.

At the time of a scheduled interview by the Professional Standards Section, a Police Department supervisor, or other City employee, the investigator will advise the unit member of all evidence known at the time of the interview that will be used in the course of the investigation. This includes any written documents, video or audio recordings, or photographs. The Investigator will inform the unit member of such evidence at the time of the interview.

- 1) A copy of the signed and dated notice of investigation will be given to the unit member prior to the beginning of the interview. The unit member shall have the right to retain the notice of investigation for their use throughout the entire course of the interview. A unit member will be provided an opportunity to make a telephone call after the issuance of the notice of investigation to obtain an Association representative.
- 2) In the event a unit member does not record their interview, they may request a copy of the investigator's tape(s) if the investigator records the interview, (the unit member provides the tape).
- 3) If any unit member is told not to speak to anyone regarding an investigation, this admonition does not apply to speaking with an attorney functioning within the attorney-client relationship, or with an Association representative who may discuss the matter only with the Grievance Chair, Association President, and/or Association Vice President.

When the investigation is completed, the accused unit member will be notified in writing of the findings. A unit member under internal or administrative investigation may be reassigned (may include reassignment to their home), until the completion of the investigation.

- 4) If during the course of the above-mentioned investigation, information is learned concerning additional misconduct on the part of the unit member

being interviewed, a notice of investigation will be issued to the unit member prior to the unit member being questioned about the additional misconduct information.

- 5) The unit member's immediate supervisor will normally investigate LEVEL 1 complaints, whether generated internally or externally and LEVEL II Class A "First Violation" complaints that result from a complaint of a third LEVEL 1 violation within a one (1) year period. The Professional Standards Section will normally investigate LEVEL II complaints unless otherwise directed by the Chief of Police.
 - 6) The Professional Standards Section will normally investigate any complaint that involves extensive manpower and resources that would unreasonably burden a supervisor. Division Commanders may request the Professional Standards Section to conduct an investigation for a variety of reasons. These requests will be routed through the Chief of Police.
- M. The employer shall count as time worked any hours or fractions of hours spent within the unit member's regular work shift in pursuit of benefits provided by this Article, (Unit member association representative) but shall not count as time worked any hours or fractions of hours spent outside the unit member's work shift.
- N. A unit member who receives a written reprimand may request a copy of the official documentation, if any, supporting the written reprimand.
- O. If a polygraph examination is required of a unit member, an Association representative may monitor and observe the preliminary and post examination interview and examination from the monitoring room, if one is available to do so. The results of a polygraph or voice stress examination alone will not be the sole factor for determining truthfulness or on which to impose disciplinary action. A copy of the examination results including charts will be provided to the unit member upon request.
- P. Once an employee has been formally counseled or disciplined in accordance with General Orders B-12, including the counseling/discipline chart, and B-13, no further investigation will be conducted for the same allegation for the same incident except when:

- 1) New information reveals additional allegations arising from or related to the same incident.
- 2) The Chief of Police requests further investigation for the integrity of the organization and to maintain public trust.

Q. A complaint will be treated as a delayed complaint if it relates to non-criminal misconduct by an employee that occurred more than one hundred and twenty (120) days prior to the date of the immediate complaint. The supervisor receiving the complaint will document the information in a Memorandum.

The Memorandum will be sent through the chain-of-command to the Professional Standards Section, which will review and inform the Chief of Police. A determination will be made whether or not a formal investigation will be initiated. If an investigation is merited, the Professional Standards Section will conduct the investigation, unless otherwise directed by the Chief of Police.

R. An employee subject to suspension, demotion, or dismissal shall be entitled, upon appeal, to the Disciplinary Review Group process as outlined in Personnel Rule 5 – Disciplinary & Appeal Procedures, Section 7. For purposes of Rule 5, Section 7.A.2., the CLEA Association President or designee shall replace the member of the Employee Council on the Disciplinary Review Group.

The CLEA Association President or designee may not serve on a disciplinary review group if they have a direct connection with the matter being reviewed or has any real or perceived conflict of interest. The person will be mutually agreed upon between the Human Resources Director and the CLEA President. If mutual agreement cannot be reached, the appointment will revert back to the Personnel Rule and will be a member of Employee Council. The grounds for discipline and types of discipline imposed are not grievable matters under this Memorandum.

Section 1 – 5: Prohibition of Strike and Lockouts

A. The Association and the unit members covered by this Memorandum recognize and agree that rendering of services to the community cannot under any circumstances or conditions be withheld, interrupted, or discontinued, and to do so would endanger the health, safety, and welfare of the citizens of the City of Chandler.

- B. The Association pledges to maintain unimpaired municipal services as directed by the City. Neither the Association, nor any unit member, for any reason, will authorize, institute, aid, condone or engage in a slowdown, work stoppage, strike, or any other interference with the work and statutory functions and obligations of the City or the department. During the term of this Memorandum, neither the City nor its agents for any reason shall authorize, institute, aid, or promote a lockout of unit members covered by this Memorandum.
- C. Should any unit member during the term of this Memorandum, and until such time that it is expressly and legally rescinded breach the obligations of Section 1-5 (B), the City Manager or their designee shall immediately notify the Association that a prohibited action is in progress.
- D. The Association shall forthwith, through its executive officers and other authorized representatives, disavow said strike or other prohibited action, and shall notify in writing all Association members and representatives of their obligation and responsibility for maintaining compliance with this Article, including their responsibility to remain at work during any interruption which may be caused or initiated by others. Copies of such notification shall be delivered to the Office of the City Manager. In addition, the Association shall order all unit members violating this Article to immediately return to work and cease the strike or other prohibited activity. Such order shall be delivered both orally and in writing to all unit members violating this Article with copies of the written order to be delivered to the Office of the City Manager.
- E. Penalties or sanctions the City may assess against a unit member who violates this Section shall include, but not be limited to:
 - 1) Discipline up to and including discharge.
 - 2) Loss of all compensation and benefits, including seniority, during the period of such prohibited activity.
- F. Should the Association during the term of this Memorandum and until such time that it is expressly and legally rescinded, breach its obligations under this Section, it is agreed that all penalties set forth in the City Charter, shall be imposed on the Association, in addition to any other legal and administrative remedies available to the City that in its discretion it may elect to pursue.

- G. Nothing contained herein shall preclude the City from obtaining judicial restraint or from seeking damages from the Association, in the event of a violation of this Section.

ARTICLE 2: GRIEVANCE/ARBITRATION/LABOR MANAGEMENT

Section 2 – 1: Grievance Procedure

- A. The grievance procedures set forth in Personnel Rule 18 – Grievance Procedures shall apply to any grievance brought by a unit member or the Employee Organization alleging violation(s) of the express terms of this Memorandum for which there is no Merit System Board appeal or other specific method of review under state or city law.
- B. Any wage increase will become effective on the first day of the next full pay period after the survey data has been accepted and signed by the Association. In the event that the survey results in Chandler's being ranked above the third (3rd) position as defined in this section, Chandler's range will not be decreased.

ARTICLE 6: MISCELLANEOUS

Section 6 – 1: Saving Clause

- A. If any Article or Section of this Memorandum should be held invalid by operation of law or by final judgment of any tribunal of competent jurisdiction, or if compliance with or enforcement of any Article or Section should be restrained by such tribunal, the remainder of this Memorandum shall not be affected thereby; and upon issuance of such final decree, the parties, upon request of either of them, shall meet and confer and endeavor to agree on a substitution provision or that such a substitute provision is not indicated.
- B. It is recognized by the parties that this Memorandum shall be administered in compliance with appropriate provisions of the Fair Labor Standards Act as may be amended, consistent with the provisions of this Memorandum and current overtime policies of the City of Chandler.

Section 6 – 2: Copies of Memorandum

Within sixty (60) days of the date that this Memorandum is adopted by the City Council, the Association will arrange for printing or electronic distribution of jointly approved copies of it for furnishing one (1) to every unit member, unit supervisor, and management personnel. The cost of such duplication and distribution will be paid for equally by the Association and the City.

Section 6 – 3: Seniority

- A. The City shall provide the Association with a list of unit members showing each unit member's City employment date and badge number.
- B. Seniority shall be by badge number except when a unit member returns to City employment under the City's Personnel Rule 6, Section 4 (Return to City Employment). Seniority of a unit member rehired under this program shall be calculated by their original date of hire, provided the employee returns to City employment within two years of their resignation. If an officer returns to City employment within two (2) years of resignation, officers retain their badge number. This shall apply to all unit members hired under this City Personnel Rule in the future and retroactively to those hired under the Rule in the past.
- C. Seniority shall be used as a factor consistent with established Merit System rules and current practice in choice of work assignments, vacation schedules, and in the determination of layoffs.

There is no maximum number of eligibility lists an officer may be on; an officer may add or remove their name from a list at any time.

An officer who chooses to use this option to move to a different beat/x-ray assignment within the officer's current team will count as a move for the year.

An officer may only use the wish list option once during a shift cycle with no movement occurring after September 30.

- E. If a unit member requests a hardship transfer and it is approved by the Chief of Police, the hardship transfer shall take precedence over any requests submitted by unit members to be placed in the available vacancy according to seniority.

Section 6 – 4: Limited Duty Status

A unit member who is injured on the job, may be assigned limited duty status by the employer. Such assignment may be made without regard to the unit member's normal assignment and shall be made within the Police Department.

- E. This Memorandum constitutes the total and entire agreement between the parties and no verbal statement shall supersede any of its provisions.
- F. The City's rules and regulations, administrative directives, departmental rules and regulations, and workplace practices shall govern unit member relations unless there is a specific conflict with a Memorandum of Understanding approved by the City Council pursuant to the Meet and Confer Ordinance.
