Boards and Commissions Info

Professional Experience

IT executive with more than 30 years of experience in information technology, program and project management, business strategy, and solutions management. Throughout my career, I have led complex initiatives and cross-functional teams, bringing strong leadership, organizational, problem-solving, and execution skills. I am solutions-driven and experienced in turning strategic goals into practical, measurable results.

Board/Committee Experience

Throughout my 30 years as a Chandler resident, I've been engaged in our community, beginning as a founding board member of the Chandler-Gilbert YMCA in the late 1990s and later serving extensively in PTOs, booster clubs, Art Masterpiece, and Junior Achievement while raising my four children. I currently serve by appointment of the Maricopa County Board of Supervisors on the Community Development Advisory Committee for Maricopa County, and recently completed an appointment by Chandler Mayor Kevin Hartke to the General Plan Resident Advisory Committee, helping shape Chandlers General Plan and the communitys vision for the next decade. My service reflects a longstanding commitment to giving back and helping Chandler remain a strong, vibrant community.

Briefly explain why you would like to serve on the board / commission

I've always believed in being involved in the community. Now that my four children are grown, I am at a point in my life I can give more of my time, professional experience, and energy to serving. I genuinely enjoy being involved, working with people, listening to different perspectives, and finding solutions that benefit the broader community. I want to continue contributing to Chandler's future and help ensure that it remains one of the most desirable places to live, work, raise a family, and build a business. Serving on a City board or commission would allow me to combine my professional leadership and problem-solving experience with my longstanding commitment to Chandler. I would be honored to contribute wherever my experience and skills can be most beneficial to the City and its residents.

Referred By

Chander City Councilwoman Jennifer Hawkins.

Professional Experience

I am a small business owner with a background in administration, customer service, and operations. I have managed every aspect of running a company's finances and record-keeping, vendor and customer relations, and daily operations independently and with full accountability. Earlier in my career I worked as an administrative assistant as well as an auto insurance counselor, roles built on clear communication, organization, and serving the public directly. Over the past nine months I have also been an active, engaged participant in local civic and government affairs, deepening my understanding of how our community works and building relationships across it.

Board/Committee Experience

While I have not yet served on a formal city board or commission, I bring directly relevant experience. As a business owner, I've been responsible for setting priorities, weighing competing interests, and making sound, accountable decisions on behalf of an organization. I am an engaged observer of local government and a consistent participant in community meetings, and last year I stepped forward as a candidate for Chandler City Council, an experience that gave me real insight into the civic process and deepened my commitment to public service. I'm eager to put that engagement to work in a formal service role.

Briefly explain why you would like to serve on the board / commission

I want to serve because I love this community and believe in giving back through honest, fair and dependable service. Some causes are especially close to my heart above all, honoring our veterans. But in any role, I bring fairness, a genuine willingness to listen, and a commitment to weighing each matter on its own merits. I would love the chance to contribute where I can do the most good for Chandler.
