To Whom It May Concern,

At the direction of our estate attorney and family members, we wish to withdraw our residence from being a historical preservation site.

Due to several general design guidelines, there has been too many restrictions, to make this work out for our family.

We appreciate all the time and effort you have put into this endeavor.

Should you have any other questions or concerns regarding this issue, don't hesitate to reach out to the office at 480-963-0330, between 9am – 12:00pm. Monday through Friday.

Respectfully, The Dwayne Dobson Family
