

Jacaranda Parkway Protected Bike Lane Project

Transportation Commission

April 29, 2026

Why Jacaranda Parkway

Existing buffered
bike lanes

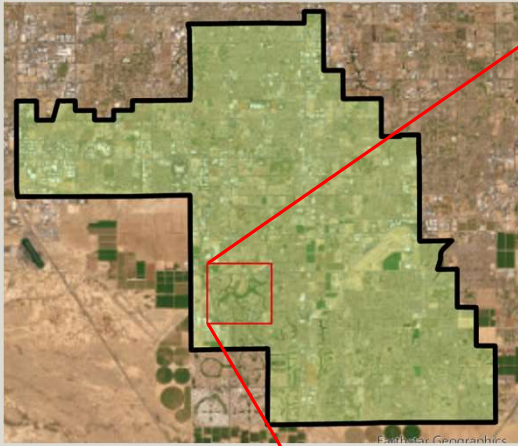

Focus on cyclist
comfort and safety

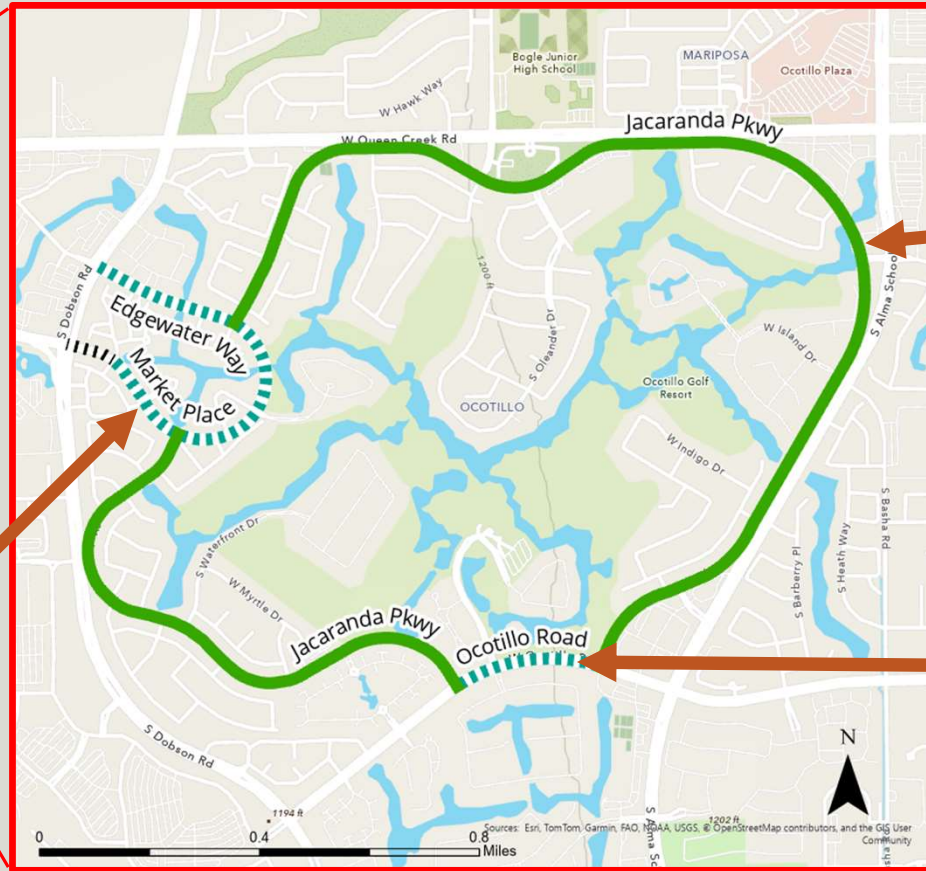

Identified on the
Protected Bike Lane study

Current Conditions

Bike lanes next to wide vehicular lanes

Bike lanes with 4ft buffer

Bike lanes on arterial road

Proposed Improvements

Add physical separation (delineator posts)

New pavement marking for enhanced visibility

Local examples
