PROBLEM IDENTIFICATION AND RESOLUTION:**Background:**

Cochise County is located in the southeastern corner of Arizona. The Cochise County Sheriff's Office is responsible for all unincorporated areas within the county. The Cochise County Sheriff's Office consists of 85 sworn deputies, 65 detention officers and 48 civilian personnel. Within the sworn ranks, deputies work in patrol, investigations or the Border Alliance Group.

The 2010 census population of the county was listed as 131,346. The county covers 6,250 square miles. Cochise County maintains 1,441 miles of roads. 576 miles of these are paved and 865 are dirt. Also running through Cochise County is Interstate 10 along with State Highways 90, 92, 181, 186, 191, 80 and 82. These highways add another 465 miles of roadways. These are highly traveled roadways as Interstate 10 is the main thoroughfare to get east and west through Arizona. The Douglas and Naco Ports of Entry are major entry and exit points to and from the United States.

Problem:

Impaired and distracted driving, speeding and youth alcohol violations continue to be a problem within the county. Over the last three years there have been a total of 11 speed related fatalities within the county. In the same time period Cochise County recorded 83 speed related injury collisions as well. Due to the lack of manpower and funding, directed activities to impact these violations continue to fall short of expectations.

Solve Problem:

Traffic collisions, injuries and fatalities continue to be a problem within Cochise County. The Cochise County Sheriff's Office participates in and is currently the lead agency for the Southeastern Arizona DUI Task Force. In addition to DUI Task Force efforts, the Cochise County Sheriff's Office also participates in specific speed and traffic related details as well. They participate in an average of 100 activities throughout the year that include both enforcement and education efforts.

Funding:

Federal 402 funds will support Personal Services (overtime) and Employee Related Expenses to enhance Selective Traffic Enforcement throughout Cochise County.

Solve Problem With Funding:

By utilizing the Selective Traffic Enforcement Program overtime funding the Cochise County Sheriff's Office will be able to deploy additional officers for more focused and specific traffic enforcement efforts. This will increase the number of contacts made and citations issued ultimately reducing speed related traffic collisions, injuries and fatalities throughout Cochise County.

BAC TESTING AND REPORTING REQUIREMENTS:

Alcohol impairment is a major contributing factor in fatality and serious injury motor vehicle collisions. Accurate data on alcohol involvement is essential to understanding the full extent of the role of alcohol and to assess progress toward reducing impaired driving.

Arizona is presently and consistently below the documented average among the states in the Blood Alcohol (BAC) testing of drivers involved in fatality motor vehicle collisions.
