EXHIBIT A

SPONSOR ASSURANCES

These assurances will become a part of this Agreement. The SPONSOR hereby covenants and agrees with the STATE as follows:

- 2) That it will furnish to the STATE each quarter a current listing of all aircraft based on the Airport.
- 3) That these covenants shall become effective upon execution of this Agreement for the Project or any portion thereof, made by the STATE and shall constitute a part of the Agreement thus formed and shall remain in full force and effect throughout the useful life of the facilities developed under the Project, but not to exceed twenty (20) years.
- 4) That is the owner or lessee of the property or properties on which the airport is located and that the lease guarantees that the SPONSOR has full control of the use of the property for a period of not less than twenty (20) years from the date of this Agreement. All changes in airport ownership or to an airport lease shall be approved by the STATE.
- 5) To restrict the use of land, adjacent to or in the immediate vicinity of the Airport, to activities and purposes compatible with normal Airport operations and to take appropriate action including the adoption of appropriate zoning laws.
- 6) To promote safe airport operations by clearing and protecting the approaches to the airport by removing, lowering, relocating, marking and/or lighting existing airport hazards and to prevent, to the extent possible, establishment or creation of future airport hazards.
- 7) To operate the Airport for the use and benefit of the public and to keep the Airport open to all types, kinds and classes of aeronautical use without discrimination between such types, kinds and classes; provided that the SPONSOR shall establish such fair, equal and nondiscriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; and provided further, that the SPONSOR may prohibit any given type, kind or class of aeronautical use of the Airport if such use would create unsafe conditions, interfere with normal operation of aircraft, or cause damage or lead to the deterioration of the runway or other Airport facilities.
- 8) To suitably operate and maintain the Airport and all facilities thereon or connected therewith which are necessary for Airport purposes and to prohibit any activity thereon which would interfere with its use for aeronautical purposes and to operate essential facilities, including night lighting systems, when installed, in such manner as to assure their availability to all users of the Airport; provided that nothing contained herein shall be construed to require that the Airport be operated and maintained for aeronautical uses during temporary periods when snow, flood or other climatic conditions interfere substantially with such operation and maintenance.
- 9) To refrain from entering into any transaction which would deprive the SPONSOR of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency eligible to assume such obligations and having the power, authority and financial resources to carry out such obligations; and, if an arrangement is made for management or operation of the Airport by an agency or person other than the SPONSOR, the SPONSOR will reserve sufficient powers and authority to insure that the Airport will be operated and maintained in accordance with these covenants.
