Permit No. 23-94344-05

THIS SPECIAL LAND USE PERMIT ("Permit") is entered into by and between the State of Arizona, Arizona State Land Department ("Permitter"), through the State Land Commissioner ("Commissioner") and

THE NATURE CONSERVANCY

("Permittee"). In consideration of the payment of rental and of performance by the parties of each of the provisions set forth herein, the parties agree as follows:

ARTICLE 1 SUBJECT LAND

1.1 Permitter grants to Permittee a Permit for special use on the State Land described in Appendix A attached hereto (the "Subject Land").

1.2 Permittee makes use of the Subject Land "as is" and Permitter makes no express or implied warranties as to the physical condition of the Subject Land.

ARTICLE 2 TERM

2.1 The term of this Permit commences on April 4, 2014 ("Commencement Date") and expires on April 3, 2019 ("Expiration Date"), unless sooner canceled or terminated as provided herein or as provided by law. This Permit expires on the date indicated and carries no holdover rights.

2.2 The Permittee will not sub-let or assign the Subject Land herein described in this Permit without the written consent of the State Land Commissioner, first obtained, and will, upon the expiration of the Permit surrender peaceable possession of said land.

ARTICLE 3

FEE

3.1 Permittee agrees to pay as rental therefore an amount to be determined by the State Land Commissioner each year by an appraisal made by him, or his duly authorized agent, as provided by law. The rental so fixed by the State Land Commissioner will be due and payable annually in advance.

3.2 If the Permittee should fail to pay the agreed rental when due, or fail to keep the covenants and agreements herein set forth, the State Land Commissioner at his option, may cancel said Permit or declare the same forfeited in the manner provided by law.

3.3 The State of Arizona shall be forever wholly absolved from any liability for damages which might result to the Permittee herein on account of this Permit having been forfeited for nonpayment of rentals due thereunder prior to the expiration of the full time for which it is issued.

3.4 There shall be added to the delinquent rental or other monies due, a penalty and delinquent interest. The delinquent interest rate shall be set by the State Treasurer according to law. The penalty shall be the greater of a minimum processing cost as determined by the Commissioner or five (5%) percent. The delinquent rent, penalty and interest shall be a lien on the improvements and property on the land.

ARTICLE 4

PERMITTED USE

4.1 This Permit grants authority only for the following specific purpose; any other use by the Permittee of the land described herein, or any of the products therefrom, except as provided below, is expressly prohibited:

Livestock Grazing

4.2 All State Lands to which this SLUP is applicable together with other owned and controlled properties will be fenced into grazing units or the livestock ranged upon these lands controlled by some other means.

4.3 The issuance of this SLUP does not constitute permission being given to range or graze livestock on lands not owned or controlled.

4.4 The numbers of livestock grazed will not exceed the established carrying capacity as permitted under this SLUP. If Permittee desires to graze livestock in excess of established carrying capacity, he must first make application to and receive approval from the Department. Additional grazing fees will be charged for the use of additional AUMs.

4.5 The Department reserves the right to adjust the carrying capacity at any time during the term of the SLUP as required by forage conditions.

4.6 This Permit is subject to any leases, rights of way, and permits which may exist, and any and all present commitments in connection with those leases and permits. Permittee shall in no way interfere with the peaceful possession and use of the Subject Land by a valid surface leaseholder, permittee, licensee (including hunters) of said Subject Land.

4.7 Permitter also reserves the right to grant rights of way and easements over, across, or upon the lands embraced in this Permit for public highways, railroads, tramway, telephone, telegraph and transmission lines, pipe lines, irrigation works, flood control, drainage works, logging and other purposes, and this Permit is issued subject to all existing rights of way.

4.8 Permittee shall not cause nor grant permission to another to cause any waste or loss in or upon the Subject Land. Permittee, its employees and agents shall not cut, consume or remove any timber, or standing trees that may be upon the Subject Land, without the prior written consent of Permitter, except that Permittee may cut wood for fuel for domestic uses and authorized improvements on the Subject Land. Nothing herein shall permit the cutting of saw timber for any purpose.

ARTICLE 5

CONFORMITY TO LAW

5.1 Permittee shall not use or permit the Subject Land to be used in any manner that is not in conformity with all applicable federal, state, county and municipal laws, rules and regulations.

5.2 The terms, conditions and covenants of this Permit are subject to present laws relating to State Lands and the rights of both Permitter and Permittee hereunder are each and all subject to such modifications as may be consistent with such amendments, revisions or repeals of existing laws as may hereafter be made and no provisions of this Permit shall create any vested right in the Permittee herein.

ARTICLE 6

IMPROVEMENTS

6.1 Any and all structures placed by Permittee upon the Subject Land shall be temporary and removable, and shall be removed upon expiration, cancellation, revocation or termination of this Permit. Approval from the Permitter is required prior to the construction of such improvements. The placement of permanent improvements upon the Subject Land by Permittee is expressly prohibited; any permanent improvements so placed upon the Subject Land by Permittee shall be removed by Permittee without damage to the

Subject Land or at the option of Permitter shall be forfeited and become the property of the State. Permittee shall remain liable for the cost of removal of all improvements and for restoration of the Subject Land, as set forth more fully in Article 11.

6.2 If at any time after the execution of this Permit it is shown to the satisfaction of the State Land Commissioner that the Permittee herein has misrepresented, by implication or otherwise the value of the improvements placed upon the land herein embraced by a former permittee, or any other person or persons and the Permittee herein not being the owner of said improvements at the time of the execution of this Permit, this Permit shall be null and void, at the option of the State Land Commissioner, insofar as it relates to the land upon which said improvements are situated.

ARTICLE 7 CANCELLATION, TERMINATION & ABANDONMENT

7.1 If at any time after the execution of this Permit, it is shown to the satisfaction of the State Land Commissioner, that there has been fraud or collusion upon the part of the Permittee to obtain or hold this Permit at a lesser rental than its value, or through such fraud and collusion a former permittee of said land has been allowed to escape payment of the rental due for the use of said land by the former permittee, this Permit shall be null and void, at the option of the State Land Commissioner, insofar as it relates to the land affected by said fraud or collusion.

7.2 Permittee shall give Permitter thirty (30) days notice in writing in advance of the abandonment of said premises or termination of these presents.

7.3 In the event any land affected by this Permit is reclassified by order of the State Land Commissioner, or sold, this Permit will automatically cancel as to the land reclassified or sold upon the issuance of a new lease or at the time of auction, whichever occurs first.

7.4 If Permittee should fail to keep the covenants and conditions herein set forth, the Commissioner at his option, may cancel said Permit.

7.5 This Special Land Use Permit shall be terminable at will with 25 days written notice.

7.6 This Permit is subject to cancellation pursuant to A.R.S. § 38-511.

ARTICLE 8 INSURANCE AND INDEMNITY

8.1 Permittee hereby expressly agrees to indemnify and hold Permitter harmless, or cause Permitter to be indemnified and held harmless, from and against all liabilities, obligations, damages, penalties, claims, causes of action, costs, charges and expenses,

including attorney's fees and costs, which may be imposed upon or incurred by or asserted against Permitter by reason of the following: (i) any accident, injury or damage to any person or property occurring on or about the Subject Land or any portion thereof; (ii) any use, nonuse or condition of the Subject Land or any portion thereof; (iii) any failure on the part of Permittee to perform or comply with any of the provisions of this Permit; except that none of the foregoing shall apply to Permitter's intentional conduct or active negligence.

8.2 In case any such action or proceeding is brought against Permitter by reason of any such occurrence, Permittee, upon Permitter's request and at Permittee's expense shall resist and defend such action or proceeding, or cause the same to be resisted and defended either by counsel designated by Permittee or, where such occurrence is covered by liability insurance, by counsel designated by the insurer.

Compliance means the Permittee shall act in accordance with the necessary reporting obligations, obtain and maintain all permits required, provide copies of all documents as required by Environmental Laws. For purposes of this Permit the term "Environmental Law" shall include but not be limited to any relevant federal, state, or local laws, and applicable regulations, rules and ordinances, and publications promulgated pursuant thereto, including any future modifications or amendments relating to environmental matters.

ARTICLE 10 RESERVATION; RELINQUISHMENTS

10.1 Permitter excepts and reserves out of the Permit hereby made, all oils, gases, coal, ores, limestone, minerals, fossils and fertilizers of every name and description that may be found in or upon the Subject Land, or any part thereof.

Such restoration shall include, but shall not be limited to reseeding, installation of erosion control structures, removal of any and all material, equipment, facilities, temporary structures, or debris, deposited by Permittee on Subject Land. If Permittee fails to remove all such material, equipment, facilities, temporary structures, or debris within a reasonable period, as determined by the Permitter, they shall be forfeited and become the property of the State, but Permittee shall remain liable for the cost of removal of all materials and for restoration of the site.

ARTICLE 13
