## MEMORANDUM

Date: December 19, 2016  
To: Board of Supervisors, Jim Vlahovich  
From: Karen Riggs, P.E., Highway and Floodplain Director  
Subject: Federally Funded Roadway Projects: Davis Road Project(s)

A work session has been scheduled to discuss federal fund for roadway projects on December 20<sup>th</sup>. This memo has been prepared to provide you with background information about the work session topic.

### Background

The first work session on this topic was held on November 15 and specifically addressed the Milepost 9 project. Staff will briefly update the Board on the status of this project: it is set to begin construction on January 16, 2017.

There are three additional Davis Road projects that have been awarded federal funds. Decisions made on next steps for these projects will need to carefully consider the implications of choosing to proceed with federal funding.

1. Davis Road Project Assessment from Highway 80 to US 191;
2. Davis Road Design Concept Report from US 191 to Central Hwy; and
3. Two fully designed drainage and realignment projects at Milepost 5 and 13.

### Board Direction:

Staff will present a decision matrix on these three projects, along with recommendations for next steps, and will request Board concurrence or different direction.

### The general issues include:

- Continuing to seek federal funds for transportation projects.
- Roadway corridors to consider for federally funded transportation projects.

### The specific issues include:

- Next steps for the full Davis Road corridor (PA).
- Next steps for the Davis Road segment from US 191 to Central Hwy (DCR).
- Next steps for Milepost 5 and 13 drainage and realignment improvements.
