Re: cash deficit/school tax rate for Douglas and McNeal School Districts
Date: August 14, 2017

This is in regards to the two school districts in our county that have a cash deficit:

- | | | | |
|----------------------|----------------|-----------|--------|
| 1. Douglas Unified | \$2,746,848.28 | tax rate: | 4.0714 |
| 2. McNeal Elementary | \$51,062.58 | tax rate: | 1.3592 |

Both school districts have frozen rates for the 2017-2018 year and your approval for the above rates would keep them at their current tax rate of 7.2900 (Douglas) and 8.0630 (McNeal).

Regarding the Truth in Taxation, both Douglas and McNeal did not need to do a hearing. (evidenced by the last page in their budget)
