- 4.10.2. *Title and Rights to Materials*. As used in this section, the term “Materials” means all products created or produced by the Contractor under this Contract, including, but not limited to: written and electronic information, recordings, reports, research, research findings, conclusions, abstracts,

results, software, data and any other intellectual property or deliverables created, prepared, or received by the Contractor in performance of this Contract. Contractor acknowledges that all Materials are the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. The Contractor is not entitled to a patent or copyright on these Materials and may not transfer a patent or copyright on them to any other person or entity. To the extent any copyright in any Materials may originally vest in the Contractor, the Contractor hereby irrevocably transfers to the ADHS, for and on behalf of the State, all copyright ownership. The ADHS shall have full, complete and exclusive rights to reproduce, duplicate, adapt, distribute, display, disclose, publish, release and otherwise use all Materials. The Contractor shall not use or release these Materials without the prior written consent of the ADHS. When this Contract is terminated, the disposition of all such Materials shall be determined by the ADHS. Further, the Contractor agrees to give recognition to the ADHS for its support of any program when releasing or publishing program Materials.

- 4.10.3. *Notwithstanding the above, if the Contractor is a State agency, the following shall apply instead:* It is the intention of ADHS and Contractor that all material and intellectual property developed under this Agreement be used and controlled in ways to produce the greatest benefit to the parties to this Contract and the citizens of the State of Arizona. As used in this paragraph, "Material" means all written and electronic information, recordings, reports, findings, research information, abstracts, results, software, data, discoveries, inventions, procedures and processes of services developed by the Contractor and any other materials created, prepared or received by the Contractor and subcontractors in performance of this Agreement. "Material" as used herein shall not include any pre-existing data, information, materials, discoveries, inventions or any form of intellectual property invented, created, developed or devised by Contractor (or its employees, subcontractors or agents) prior to the commencement of the services funded by this Agreement or that may result from Contractor's involvement in other service activities that are not funded by the Agreement.
- 4.10.4. Title and exclusive copyright to all Material shall vest in the State of Arizona, subject to any rights reserved on behalf of the federal government. As State agencies and instrumentalities, both ADHS and Contractor shall have full, complete, perpetual, irrevocable and non-transferable rights to reproduce, duplicate, adapt, make derivative works, distribute, display, disclose, publish and otherwise use any and all Material. The Contractor's right to use Material shall include the following rights: the right to use the Material in connection with its internal, non-profit research and educational activities, the right to present at academic or professional meetings or symposia and the right to publish in journals, theses, dissertations or otherwise of Contractor's own choosing. Contractor agrees to provide ADHS with a right of review prior to any publication or public presentation of the Material, and ADHS shall be entitled to request the removal of its confidential information or any other content the disclosure of which would be contrary to the best interest of the State of Arizona. Neither party shall release confidential information to the public without the prior expressly written permission of the other, unless required by the State public records statutes or other law, including a court order. Each party agrees to give recognition to the other party in all public presentations or publications of any Material, when releasing or publishing them.
- 4.10.5. In addition, ADHS and Contractor agree that any and all Material shall be made freely available to the public to the extent it is in the best interest of the State. However, if either party wants to license or assign an intellectual property interest in the material to a third-party for monetary compensation, ADHS and Contractor agree to convene to determine the relevant issues of title, copyright, patent and distribution of revenue. In the event of a controversy as to whether the Material is being used for monetary compensation or in a way that interferes with the best interest of the state or ADHS, then the Arizona Department of Administration shall make the final decision. Notwithstanding the above, "monetary compensation" does not include compensation paid to an individual creator for traditional publications in academia (the copyrights to which are Employee- Excluded Works under ABOR Intellectual Property Policy Section 6-908C.4.), an honorarium or other reimbursement of expenses for an academic or professional presentation, or an unprofitable distribution of Material.

- 4.11. E-Verify Requirements In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.
- 4.12. Federal Immigration and Nationality Act The Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the Contract. Further, the Contractor shall flow down this requirement to all subcontractors utilized during the term of the Contract. The State shall retain the right to perform random audits of Contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the Contract for default and suspension and/or debarment of the Contractor.

## 5. **Costs and Payments**

- 5.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, net 30 days. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate Contractor's Expenditure Report for payment from the State within thirty (30) days, as provided in the Accounting and Auditing Procedures Manual for the ADHS.
- 5.2. Recoupment of Contract Payments.
- 5.2.1. *Unearned Advanced Funds*. Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.
- 5.2.2. *Contracted Services*. In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.
- 5.2.3. *Refunds*. Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 4.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 5.2.2, Contracted Services.
- 5.2.4. *Unacceptable Expenditures*. The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.
- 5.3. Unit Costs/Rates or Fees. Unit costs/rates or fees shall be based on costs, which are determined by ADHS to be reasonable, allowable and allocable as outlined in the Accounting and Auditing Procedures Manual for the ADHS.

5.4. Applicable Taxes.

- 5.4.1. *State and Local Transaction Privilege Taxes.* The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect taxes from the buyer does not relieve the seller from its obligation to remit taxes.
- 5.4.2. *Tax Indemnification.* The Contractor and all subcontractors shall pay all federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall require all subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs, including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.
- 5.4.3. *I.R.S. W9 Form.* In order to receive payment under any resulting Contract, the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona.

5.5. Availability of Funds for the Next Fiscal Year. Funds may not be presently available for performance under this Contract beyond the first year of the budget term or Contract term. The State may reduce payments or terminate this Contract without further recourse, obligation or penalty in the event that insufficient funds are appropriated in the subsequent budget term. The State shall not be liable for any purchases or Subcontracts entered into by the Contractor in anticipation of such funding. The Procurement Officer shall have the discretion in determining the availability of funds.

5.6. Availability of Funds for the Current Contract Term. Should the State Legislature enter back into session and decrease the appropriations through line item or general fund reductions, or for any other reason these goods or services are not funded as determined by ADHS, the following actions may be taken by ADHS:

- 5.6.1. Accept a decrease in price offered by the Contractor;
- 5.6.2. Reduce the number of goods or units of service and reduce the payments accordingly;
- 5.6.3. Offer reductions in funding as an alternative to Contract termination; or
- 5.6.4. Cancel the Contract.

**6. Contract Changes**

- 6.1. Amendments, Purchase Orders and Change Orders. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment, Purchase Order and/or Change Order within the scope of the Contract, unless the change is administrative or otherwise permitted by the Special Terms and Conditions. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by an unauthorized State employee or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized Contract Amendments, Purchase Orders and/or Change Orders, shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.
- 6.2. Subcontracts. The Contractor shall not enter into any subcontract under this Contract without the advance written approval of the Procurement Officer. The subcontract shall incorporate by reference all material and applicable terms and conditions of this Contract.
- 6.3. Assignments and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

<b>ADHS19-207425</b>	

**7. Risk and Liability**

7.1. Risk of Loss. The Contractor shall bear all loss of conforming material covered under this Contract until received and accepted by authorized personnel at the location designated in the Purchase Order, Change Order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

7.2. Mutual Indemnification. Each party (as "indemnitor") agrees to indemnify, defend and hold harmless the other party (as "indemnitee") from and against any and all claims, losses, liability, costs or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as "claims") arising out of bodily injury of any person (including death) or property damage, but only to the extent that such claims, which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees or volunteers.

**7.3. Force Majeure.**

7.3.1. *Liability and Definition*. Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "*force majeure*" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God; acts of the public enemy; acts of terrorism; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-interventions not caused by or resulting from the act or failure to act of the parties; failures or refusals to act by government authority not caused by or resulting from the act or failure to act of the parties; and other similar occurrences beyond the control of the party declaring force majeure, which such party is unable to prevent by exercising reasonable diligence.

7.3.2. *Exclusions*. Force Majeure shall not include the following occurrences:

7.3.2.1. Late delivery of Materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;

7.3.2.2. Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

7.3.2.3. Inability of either the Contractor or any subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

7.3.3. *Notice*. If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day of the commencement thereof, and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that the results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

7.3.4. *Default*. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that, such delay or failure is caused by force majeure.

7.4. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor for or toward the fulfillment of this Contract.

- 8.5. Survival of Rights and Obligations After Contract Expiration and Termination.

In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12.510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S. Title 12, Chapter 5.
  - 8.5.2. *Purchase Orders and Change Orders*. Unless otherwise directed in writing by the Procurement Officer, the Contractor shall fully perform and shall be obligated to comply with all Purchase Orders and Change Orders received by the Contractor prior to the expiration or termination hereof, including, without limitation, all Purchase Orders and Change Orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

**9. State's Contractual Remedies**

- 9.1. Right to Assurance. If the State, in good faith, has reason to believe that the Contractor does not intend to, or is unable to, perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract.
- 9.2. Stop Work Order.
  - 9.2.1. *Terms*. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for a period up to ninety (90) Days after the order is delivered to the Contractor, and for any further period to which the parties may agree.

<b>CONTRACT NUMBER</b>	<b>INTERGOVERNMENTAL AGREEMENT</b>
<b>ADHS19-207425</b>	<b>TERMS AND CONDITIONS</b>

The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

9.2.2. *Cancellation or Expiration.* If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

9.3. Non-exclusive Remedies. The rights and remedies of ADHS under this Contract are not exclusive, and ADHS is entitled to all rights and remedies available to it, including those under the Arizona Uniform Commercial Code and Arizona common law.

The right to offset may include, but is not limited to, a deduction from an unpaid balance and a collection against the bid and/or performance bonds. Any offset taken for damages assessed by the State shall represent a fair and reasonable amount for the actual damages and shall not be a penalty for non-performance.

**10. Contract Termination**

10.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is, or becomes at any time while the Contract or an extension of the Contract is in effect, an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. ## 1. Background

The Arizona Department of Health Services (ADHS) Bureau of Nutrition and Physical Activity (BNPA) administers funds provided by the United States Department of Agriculture (USDA) for the operation of the Special Supplemental Nutrition Program for Women, Infants and Children (WIC), Breastfeeding Peer Counseling Program (BFPC), and the Women and Children's Farmers Market Nutrition Programs (FMNP) for the State of Arizona. The USDA nutrition programs are discretionary, and each provides a specific service to women, infants, and children who are low income and at nutrition risk. The overall goal of all the USDA Nutrition Programs is to improve the health status of eligible participants through adoption of healthy behavioral lifestyle changes and to help prevent the occurrence of health problems.

### 1.1. WIC Nutrition Services

The WIC Program accomplishes this goal by providing participant-centered services (PCS) including nutrition and breastfeeding information and support, specific supplemental healthy foods through the issuance of food benefits that can be used at ADHS-approved grocery stores and farmers' markets, and referrals to other health and human services as an adjunct to good health care during critical times of growth and development. Service population eligibility for the WIC Program is based upon federal regulations such as participant category (pregnant and breastfeeding woman, infant or child under five years of age), a household income at or below 185% of federal poverty guidelines, residence within the service area, and nutrition risks.

To be considered as a WIC Local Agency, the organization must be a local public or private non-profit organization, County health department, or tribal entity under contract with ADHS to provide WIC services according to the WIC Program federal regulations and state policies and procedures. The State awards a WIC Contract based on the ability of the organization to provide WIC services, potential eligible population, need, response to the Scope of Work, information technology capacity, and available funds. The State determines and awards the WIC contract amount based on a funding formula using several factors such as a base level for a program to function, the amount of caseload negotiated with each Local Agency, and quality of performance.

1.1.1. Specific objectives for nutrition services (based on Healthy People 2020 goals) are:

- 1.1.1.1. To increase the incidence of breastfeeding to 82% of women initiating breastfeeding;
- 1.1.1.2. To increase the duration of breastfeeding to 61% of women breastfeeding for the first six (6) months of their baby's life;
- 1.1.1.3. To increase the duration of breastfeeding to 34% of women breastfeeding for the first year of their baby's life;
- 1.1.1.4. To increase the rate infants are exclusively breastfed to 44% at three (3) months and 24% at six months;
- 1.1.1.5. To reduce the proportion of adults who are considered obese to 31%;
- 1.1.1.6. To reduce the proportion of children ages 2-5 who are considered obese to 10%;
- 1.1.1.7. To increase the consumption and variety of fruits and vegetables by those two (2) and older;
- 1.1.1.8. To increase the consumption of whole grains by those two (2) and older; and
- 1.1.1.9. To increase the proportion of children ages 0-2 who view no television or videos on an average day to 45%.

<b>ADHS19-207425</b>	<b>SCOPE OF WORK</b>

1.2. Breastfeeding Peer Counseling (BFPC)

- 1.2.1. In 2003, the USDA Food and Nutrition Service (FNS) entered into a cooperative agreement with Best Start Social Marketing (Best Start) to gather information to obtain a clear understanding of the components that are necessary to sustain effective peer counseling programs and how to structure these programs so they are cost effective and manageable. They developed the program "Using Loving Support to Implement Best Practices in Peer Counseling", which is a training and technical assistance project that will be used as a model to aid WIC in designing, building, maintaining, and sustaining peer counseling programs that will improve breastfeeding initiation and duration rates. Arizona will be using this program to guide and develop the state peer counseling program.
- 1.2.2. The discretionary peer counseling services are considered an adjunct support to WIC breastfeeding services to help achieve the WIC Nutrition Services objectives regarding breastfeeding.
- 1.2.3. Peer counseling has been a significant factor in improving initiation and duration rates of breastfeeding among women in a variety of settings, including disadvantaged and WIC populations representing diverse cultural backgrounds and geographical locations. Peer counselors are especially effective in communities where role models for breastfeeding behaviors, knowledgeable health care providers, and cultural practices that include breastfeeding as the norm, are scarce. Combining peer counseling with the ongoing WIC breastfeeding promotion and support efforts has the potential to significantly impact breastfeeding rates among WIC participants, and most significantly, increase the harder to achieve breastfeeding duration rates. WIC Local Agencies are strongly encouraged to provide peer counseling services in addition to the ongoing breastfeeding support to their WIC participants. Contractors must provide a breastfeeding friendly environment and have policies to accommodate participants and staff who are breastfeeding.

1.3. Farmer's Market Nutrition Program (FMNP)

The Women and Children Farmers' Market Nutrition Program (FMNP) is intended to increase consumption of locally grown fresh fruits and vegetables by providing FMNP checks to a limited number of WIC women, children, and infants as ADHS allows to purchase these items directly from growers at ADHS-approved farmers' markets. FMNP is also intended to support local agriculture by expanding the awareness, use of, and sales at farmers' markets.
