Mr. Peter Gardner, Planner II, presented this item using a PowerPoint presentation. Mr. Gardner gave the background:

- The Applicant is requesting rezoning from R-36 (Residential; one dwelling per 36,000 square feet) to RU-4 (Rural; one dwelling per four acres) on a ten acre site east of Sunizona.
- The parcel, 401-17-306, is located north of the failed Sunizona Acres #3 subdivision. This subdivision is zoned R-36, as the lots are one acre. The applicant's parcel, being nearby, was also zoned R-36 in 1975, despite being 10 acres.
- The request for a rezoning from R-36 to RU-4 is to facilitate use of the Owner Builder Opt-Out program and preserve the open space.

He showed pictures of the property and surrounding area. He then went over the Factors in Favor of the Approval:

1. Allowing the request would be in keeping with the character of the existing development in the area;
2. The Comprehensive Plan policies prescribe a low density of residential development in this area to protect the current character of the neighborhood, and the request would facilitate such a density; and
3. Five letters of support has been received.

He noted that two letters of opposition had been received citing tax concerns and inability to develop. He added that the Planning and Zoning Commission did vote unanimously to recommend a conditional approval and listed the conditions that would be used if the Board approved the item:

1. The Applicant shall provide the County with a signed Acceptance of Conditions and a Waiver of Claims form arising from ARS Section 12-1134 signed by the property owner of the subject property within thirty (30) days of Board of Supervisors approval of the rezoning; and
