Special Use Docket SU-18-06 (Green Desert Patient Center)

YES, I SUPPORT THIS REQUEST

Please state your reasons:

Medical marijuana has been accepted as an option, apparently effective, in the treatment of a variety of illnesses. This opens a new industry that is not only valuable for medical reasons, but also for investors of real estate properties. This impacts property values for property owners and government entities that could benefit from the growth of this industry. We, therefore, support the Applicant's request for a Special Use Authorization for the purposes outlined in your letter of March 5, 2018.

SPECIAL USE DOCKET SU-18-06 (Green Desert Patient Center)

YES, I support this Request

Please state your reasons:

As a farmer and land owner in Cochise County I fully support all legal farming ventures. We have an excessive amount of government interference in all businesses today. People who own land should have a right to grow any and all legal crops. The fact that a land owner has to have his neighbors decide whether he may or may not grow some crop is ludicrous. Cochise County is losing tax money and needs all the profitable farming ventures available and the people in Cochise county need all the jobs farming ventures provide. We need government to get out of the way of business and let business operate.
