To whom it May Concern :

I am Francisco Arciniega. My wife and I purchased this property, April 2014. On a Personal Contract. Was fully paid-off July 2016.

I live north of Ms Julia Patten. Our property line is common between us. My wife Sandy and I were immediately attracted to the property. Due to the open space, quiet and peaceful surroundings. Plus the breathtaking starry nights.

Ms Patten's property and mine are both located approx 5.5 miles from the Mexican border (see attached map). Kings Highway is known as a major route for drugs and human trafficking. And hardly no Law Enforcement present.

I sense very strongly, that producing marijuana for whatever reason, in this area. Will sooner or later ~~will~~ attract the criminal element. From both sides of the border.

In my first letter of opposition of Oct 10, 2018. The name St Jude Alternative Healing. Gave the wrong impression. That Ms Patten was somehow connected with St Jude Hospital. He cultivating marijuana has nothing to do with St Jude Hospital.

I love it here, peaceful, serene and calm. I strongly prefer it remain as is.

Respectfully,

Francisco Arciniega, USN (Ret)

Greetings:

With regard to the mailed notice concerning Docket SUA-18-14 (St. Jude Alternative Healing MMJ Cultivation) be advised that as owners of a lot in Cochise College Park subdivision we are strongly opposed to approving a facility for cultivation of medical marijuana unless the proposed facility is required by the Commission to also install and maintain a strong security system of full-time, 24 hours/day security guards and related controlled, monitored security fences, system to monitor activity and access. Such security personnel must NOT be employees of St. Jude.

Thanks for the opportunity to express our concerns about the health and safety of our community.

Respectfully,

Carl Bauer

A business should not be so close to the residential area. Most in the area are retired or families. It could affect their water and land values. It could bring unwanted traffic. I feel this would or should be placed either further from an area such as this or in a ^{more} commercial zone.

Re: Docket SU-18-14 (St. Jude Alternative Healing MMJ Cultivation)

Good Morning Peter and Members of the Cochise County Board of Supervisors Commission,

Thank you for all your past services to me and for notifying me of this upcoming meeting.

Cannabis remains a prohibited substance by way of the Controlled Substances Act of 1970. Medical researchers have said marijuana is a gateway drug and typically precedes initiation of other illicit drug use. Furthermore, the Long-Term adverse effects are still not understood. Efforts to legalize marijuana are opposed by law enforcement and chemical dependency organizations because it makes drugs more accessible, especially to teenagers. They are also concerned about impaired drivers and allowing drug cartels to gain control over a legal industry.

A Jefferson County District Attorney in Colorado has suggested that Mexican Drug Cartels are growing marijuana illegally in Colorado. Allowing a grow operation to be started so close to the border would be like pouring blood in the water to lure sharks. DEA agents have stated that a large percentage of medical marijuana consumed by medical marijuana patients "absolutely" comes from Mexico and its drug cartels.

I would like to speak against this Docket item at the meeting.

Thank you for your consideration.
