Comments: 1/25: Staff explained this was provided for information purposes only. The bill would cap the highway safety fee at \$18, CSA estimates that this would cover the FY18 HURF shift to DPS of \$99 million. HB2026 public resources; influencing elections; penalties SPONSORS: KAVANAGH

Comments: 1/25: Staff explained that the bill would allow residents to sue an employee of a city, town, county, school district, or charter school for using resources to influence an election. Staff explained that they feel that there are current remedies in place to address this problem. The LPC moved to **OPPOSE** the bill.

Summary: Allows any resident of a jurisdiction that is alleged to have used county, municipal, school district or charter school resources or employees to influence elections is authorized to initiate a suit in the superior court for the purpose of enforcing compliance. HB2047 HURF distribution; cities, towns, counties SPONSORS: COOK, CAMPBELL, et al

Comments: 1/17 Staff explained the bill does not add any revenues to statewide transportation but redistributed revenue from urban to rural areas. The Board noted that taking away funds from another county hurts us and is a distraction from the additional investment needed in transportation. The Board moved to **OPPOSE** the bill.

Summary: In FY2020-21, the Department of Transportation (ADOT) is required to allocate and the State Treasurer is required to distribute \$18 million from revenues of the Arizona Highway User Revenue Fund (HURF) to small counties and municipalities. Of the \$18 million, \$10 million must be distributed to counties with a population of less than 250,000 persons and \$8 million must be distributed to municipalities with a population of less than 7,500 persons. These monies would otherwise be directed to all counties, cities and the State Highway Fund through the normal HURF distribution system.

Comments: 1/25: Staff advised the bill would allow the court to determine if a juvenile should be held in a juvenile detention facility or in a sight and sound section of an adult jail, even if they are charged with a dangerous offense. The LPC discussed why a juvenile charged with a dangerous offense should be allowed in a juvenile detention facility, noting this would give judges the ability to make a determination based on the facts of the case the most appropriate place to for a juvenile to be housed. The LPC took a position of **SUPPORT**.

Summary: Permits the court to order juveniles charged with a dangerous offense be detained in a juvenile detention facility. Current law requires this population be held in an adult jail.

Comments: 2/1: Staff noted this was for informational purposes and seeking additional clarity on the bill. Update: This bill is coming out of Maricopa County it streamlines the sale/lease of excess property by giving counties the option of using an in-house appraiser for the sale of excess real property and allowing a county to utilize a market analysis based on comparable sales in the sale of real property with no market value or with a net value of less than \$10,000. The LPC did not take a position

Summary: In the sale of county property, requires the BOS to have the property appraised by a licensed appraiser at market value. The minimum acceptable bid would be 90% of the market value. If the property has no market value or a net value of \$10,000 or less, the value may be justified by a market analysis based on comparable sales.

Currently, the appraiser determines minimum price based on 90% of their appraised value.
