PAST PERFORMANCE
FOR COCHISE COUNTY, ARIZONA

| Past Performance

Firmatek has been laser scanning & flying drones for solid waste sites since 2010. We currently have active projects with 13 solid waste companies at over 65 individual solid waste sites across the country. We are currently performing quarterly fill & density surveys for over 40 sites across the country. Current solid waste clients include: Republic Services, Waste Connections, Beck Companies, US Ecology & Rumpke. References can be provided as requested.
