### **21-12-FAC-01**

#### **Attachment 2- Scope of Work**

The awardee(s) of solicitation 21-12-FAC-01 (“CONTRACTOR”) shall provide all labor, materials, transportation, equipment and technical expertise in order to complete Electrician Services to the satisfaction of Cochise County (“COUNTY”).

The COUNTY wishes to establish and Electrician Vendor “On Call” list in order to provide Electrician Services to Facilities throughout Cochise County.

### **1.0 GENERAL OVERVIEW**

#### **1.1 Requested Tasks:**

The Contractor shall be available to the County for work including, but not limited to, the following tasks for both residentially and commercially zoned structures:

- Troubleshooting to identify and repair electrical malfunctions or issues affecting the performance of overload relays, variable frequency drives, motors, heaters, lights and any other electrical equipment.
- Upgrading of existing electrical service to support new or upgraded equipment.
- Installation of new electrical service to support new or upgraded equipment.

#### **1.2 Contractor Determination**

- Individual orders will be determined by project location and vendor location proximity to said project.
- If multiple Contractors are within the same area of project location, project bid will go to vendor who is the best value for Cochise County. If the best value bidder is not available at the required time of the work, the project will go to the next bidder.

### **2.0 General Requirements**

The CONTRACTOR must be licensed and bonded and provide proof of such.
