We give no warranty, expressed or implied, as to the accuracy, reliability, or completeness of the data. This disclaimer applies both to the direct use of the data and any derivative products produced with the data. Any type of boundary, line or point locations contained within this data, or displayed within this product, are approximate, and should not be used for authoritative or legal location purposes. Users should independently research, investigate, and verify all information to determine if the quality is appropriate for their intended purpose. If legally defensible boundaries or locations are required, they should first be established by an appropriate state-registered professional. The information contained in this data is dynamic and may change over time. It is the responsibility of the data user to use the data appropriately and consistent with the intent stated in the metadata.

Per A.R.S. 37-178: A public agency that shares geospatial data of which it is the custodian is not liable for errors, inaccuracies or omissions and shall be held harmless from and against all damages, loss or liability arising from any use of geospatial data that is shared.
