JACKIE WATKINS, PE
Director

DATE: October 21, 2021

TO: Board of Supervisors

THRU: Jackie Watkins, County Engineer

FROM: Teresa Murphy, Right-of-Way Agent

SUBJECT: Altering the declared width of a portion of Moson Road

Recommendation: Adopt Resolution 21-____ Authorizing the alteration of the width of the declared County Highway, Moson Road in Hereford.

Background (Brief): Cochise County Engineering recently presented to the Board of Supervisors their 5 Year Plan which included the improvement of Moson Road. Due to the nature of the improvements, it is necessary to widen the declared width of this portion of Moson Road to 100 feet and to authorize the acquisition of right-of-way. In accordance with statute, staff has given notice of this public hearing for two weeks in the designated newspaper.

Fiscal Impact & Funding Sources: No fiscal impact for establishing a highway. Funding for right-of-way acquisition will be derived from Highway User Revenue Funds and had been approved as part of FY2021 budget.

Next Steps/Action Items/Follow-up: If the recommendation is approved, no further board action is required.

Impact of Not Approving: That portion of Moson Road will remain a County Highway however, right-of-way will not be acquired and improvements to Moson Road will not commence.
