ARPA funds cannot be spent on the following unallowable costs. Please confirm that no portion of your allotment will be spent on the following items by checking each box. I verify that ARPA funds will NOT be spent on::

Just like LSTA funds, ARPA funds will require a final report that helps us "tell the story" of how these funds benefited the community. Please take a few minutes now to describe how you plan to use these funds to benefit your community. You can use this template if you find it helpful: The goal of this project is _____.Funds will be used to_____.Community members will benefit because_____.

The goal of this program is to enhance low-contact services and outdoor programming at the rural library branches in Cochise County, and improve library services for underserved communities including children in high-need school districts and seniors with limited mobility. Funds will be used to purchase outdoor programming supplies and supplies and materials to help target populations connect with technology and learning opportunities. Community members will benefit because of increased access to informal education programs and services.

These awards are large sums of money with about one year for the period of performance. Please provide a description of how you anticipate budgeting these funds for projects and activities.
