NO, I DO NOT SUPPORT THIS REQUEST. Please state your reasons:

*Arizona has a water problem. Why are you asking permission to let an owner raise grapes which needs irrigation. The water supply in Arizona should not be used for this purpose. If the state, county, and city of Douglas is supplying water to this property then why can't water be made available to the adjacent lots so people can build on them??? If you need tax dollars, I suggest you supply water to these lots not a single project that will drain the water supply for very little revenue to the state, county, and city.*

To whom it may concern:

I would like to express my full support of Mr. Hurtado's business idea of a wine production company. I believe it will have a positive impact within our community by creating jobs, and attracting more tourism in our small town of Douglas. I am exciting to hear and see this new business prosper.

Please let me know if there is anything I may assist you with.

Mr. Jose Quintero
