

COCHISE COUNTY

Strategic Plan 2021-2024

BOS Work Session

January 12, 2021

Public Programs...Personal Service

Strategic Plan 2017-2020

- Strategic Plan developed through work sessions in 2017. Approved by Board in March 2018.
- Plan was used by Board to make budget priorities and decisions within Appointed Offices.
- Provided staff with guidance for Board's vision during term of office.

Strategic Plan 2017-2020

- Seven priority areas:
 1. Economic Development Countywide
 2. Promote Environmental Issues
 3. Increased Intergovernmental Cooperation and Collaboration
 4. Workforce Development
 5. Efficient Administration Practices
 6. Maintain Fiscal Responsibility
 7. Infrastructure Management and Development

Strategic Plan 2021 – 2024

- Proposed Draft (Handout)
 - Uses previous priority areas
 - Incorporates common concerns from Board as well as Department Directors

Strategic Plan 2021 – 2024

- Considerations:
 - Priority areas were broad = allowed departments creativity in achieving goals
 - Does Board want to continue with previous priorities or focus priorities even further?
 - Many goals were achieved, are there new goals that should fall into these priority areas?
 - Should Plan include input from Elected Offices?
