Notices to the State required by the Contract shall be made by the Contractor to an ADHS Procurement Officer, unless otherwise stated in the Contract. An authorized ADHS Procurement Officer and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice, and an amendment to the Contract shall not be necessary.

4.9. Advertising and Promotion of Contract. The Contractor shall not advertise or publish information for commercial benefit concerning this Contract without the prior written approval of an ADHS Procurement Officer.

4.10. Property of the State.

4.10.1. *Equipment.* Except as provided below or otherwise agreed to by the parties, the title to any and all equipment acquired through the expenditure of funds received from the State shall remain the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. When this Contract is terminated, the disposition of all such property shall be determined by the ADHS. For Fixed Price contracts, when the Contractor provides the services/materials required by the Contract, any and all equipment purchased by the Contractor remains the property of the Contractor. All purchases of equipment need to be reported to the ADHS Office of Inventory Control.

4.10.2. *Title and Rights to Materials.* As used in this section, the term "Materials" means all products created or produced by the Contractor under this Contract, including, but not limited to: written and electronic information, recordings, reports, research, research findings, conclusions, abstracts, results, software, data and any other intellectual property or deliverables created, prepared, or received by the Contractor in performance of this Contract. Contractor acknowledges that all Materials are the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. The Contractor is not entitled to a patent or copyright on these Materials and may not transfer a patent or copyright on them to any other person or entity. To the extent any copyright in any Materials may originally vest in the Contractor, the Contractor hereby irrevocably transfers to the ADHS, for and on behalf of the State, all copyright ownership. The ADHS shall have full, complete and exclusive rights to reproduce, duplicate, adapt, distribute, display, disclose, publish, release and otherwise use all Materials. The Contractor shall not use or release these Materials without the prior written consent of the ADHS. When this Contract is terminated, the disposition of all such Materials shall be determined by the ADHS. Further, the Contractor agrees to give recognition to the ADHS for its support of any program when releasing or publishing program Materials.

4.10.3. *Notwithstanding the above, if the Contractor is a State agency, the following shall apply instead:* It is the intention of ADHS and Contractor that all material and intellectual property developed under this Agreement be used and controlled in ways to produce the greatest benefit to the parties to this Contract and the citizens of the State of Arizona. As used in this paragraph, "Material" means all written and electronic information, recordings, reports, findings, research information, abstracts, results, software, data, discoveries, inventions, procedures and processes of services developed by the Contractor and any other materials created, prepared or received by the Contractor and subcontractors in performance of this Agreement. "Material" as used herein shall not include any pre-existing data, information, materials, discoveries, inventions or any form of intellectual property invented, created, developed or devised by Contractor (or its employees, subcontractors or agents) prior to the commencement of the services funded by this Agreement or that may result from Contractor's involvement in other service activities that are not funded by the Agreement.

4.10.4. Title and exclusive copyright to all Material shall vest in the State of Arizona, subject to any rights reserved on behalf of the federal government. As State agencies and instrumentalities, both ADHS and Contractor shall have full, complete, perpetual, irrevocable and non-transferable rights to reproduce, duplicate, adapt, make derivative works, distribute, display, disclose, publish and otherwise use any and all Material. The Contractor's right to use Material shall include the following

CONTRACT NUMBER	INTERGOVERNMENTAL AGREEMENT
CTR057557	TERMS AND CONDITIONS

rights: the right to use the Material in connection with its internal, non-profit research and educational activities, the right to present at academic or professional meetings or symposia and the right to publish in journals, theses, dissertations or otherwise of Contractor's own choosing. Contractor agrees to provide ADHS with a right of review prior to any publication or public presentation of the Material, and ADHS shall be entitled to request the removal of its confidential information or any other content the disclosure of which would be contrary to the best interest of the State of Arizona. Neither party shall release confidential information to the public without the prior expressly written permission of the other, unless required by the State public records statutes or other law, including a court order. Each party agrees to give recognition to the other party in all public presentations or publications of any Material, when releasing or publishing them.

4.10.5. In addition, ADHS and Contractor agree that any and all Material shall be made freely available to the public to the extent it is in the best interest of the State. However, if either party wants to license or assign an intellectual property interest in the material to a third-party for monetary compensation, ADHS and Contractor agree to convene to determine the relevant issues of title, copyright, patent and distribution of revenue. In the event of a controversy as to whether the Material is being used for monetary compensation or in a way that interferes with the best interest of the state or ADHS, then the Arizona Department of Administration shall make the final decision. Notwithstanding the above, "monetary compensation" does not include compensation paid to an individual creator for traditional publications in academia (the copyrights to which are Employee-Excluded Works under ABOR Intellectual Property Policy Section 6-908C.4.), an honorarium or other reimbursement of expenses for an academic or professional presentation, or an unprofitable distribution of Material.

4.11. E-Verify Requirements In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.

4.12. Federal Immigration and Nationality Act The Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the Contract. Further, the Contractor shall flow down this requirement to all subcontractors utilized during the term of the Contract. The State shall retain the right to perform random audits of Contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the Contract for default and suspension and/or debarment of the Contractor.

5. Costs and Payments

5.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, net 30 days. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate Contractor's Expenditure Report for payment from the State within thirty (30) days, as provided in the Accounting and Auditing Procedures Manual for the ADHS.

5.2. Recoupment of Contract Payments.

5.2.1. *Unearned Advanced Funds*. Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.

5.2.2. *Contracted Services*. In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be

CONTRACT NUMBER	INTERGOVERNMENTAL AGREEMENT
CTR057557	TERMS AND CONDITIONS

paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.

- 5.2.3. *Refunds.* Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 5.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 5.2.2, Contracted Services.
- 5.2.4. *Unacceptable Expenditures.* The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.
- 5.3. Unit Costs/Rates or Fees. Unit costs/rates or fees shall be based on costs, which are determined by ADHS to be reasonable, allowable and allocable as outlined in the Accounting and Auditing Procedures Manual for the ADHS.
- 5.4. Applicable Taxes.
 - 5.4.1. *State and Local Transaction Privilege Taxes.* The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect taxes from the buyer does not relieve the seller from its obligation to remit taxes.
 - 5.4.2. *Tax Indemnification.* The Contractor and all subcontractors shall pay all federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall require all subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs, including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.
 - 5.4.3. *I.R.S. W9 Form.* In order to receive payment under any resulting Contract, the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona.
- 5.5. Availability of Funds for the Next Fiscal Year. Funds may not be presently available for performance under this Contract beyond the first year of the budget term or Contract term. The State may reduce payments or terminate this Contract without further recourse, obligation or penalty in the event that insufficient funds are appropriated in the subsequent budget term. The State shall not be liable for any purchases or Subcontracts entered into by the Contractor in anticipation of such funding. The Procurement Officer shall have the discretion in determining the availability of funds.
- 5.6. Availability of Funds for the Current Contract Term. Should the State Legislature enter back into session and decrease the appropriations through line item or general fund reductions, or for any other reason these goods or services are not funded as determined by ADHS, the following actions may be taken by ADHS:
 - 5.6.1. Accept a decrease in price offered by the Contractor;
 - 5.6.2. Reduce the number of goods or units of service and reduce the payments accordingly;
 - 5.6.3. Offer reductions in funding as an alternative to Contract termination; or
 - 5.6.4. Cancel the Contract.

6. Contract Changes

- 6.1. Amendments, Purchase Orders and Change Orders. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment, Purchase Order and/or Change Order within the scope of the Contract, unless the change is administrative or otherwise permitted by the Special Terms and Conditions. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by an unauthorized State employee or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized Contract Amendments, Purchase Orders and/or Change Orders, shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.
- 6.2. Subcontracts. The Contractor shall not enter into any subcontract under this Contract without the advance written approval of the Procurement Officer. The subcontract shall incorporate by reference all material and applicable terms and conditions of this Contract.
- 6.3. Assignments and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

7. Risk and Liability

- 7.1. Risk of Loss. The Contractor shall bear all loss of conforming material covered under this Contract until received and accepted by authorized personnel at the location designated in the Purchase Order, Change Order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.
- 7.2. Mutual Indemnification. Each party (as "indemnitor") agrees to indemnify, defend and hold harmless the other party (as "indemnitee") from and against any and all claims, losses, liability, costs or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as "claims") arising out of bodily injury of any person (including death) or property damage, but only to the extent that such claims, which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees or volunteers.
- 7.3. Force Majeure.
- 7.3.1. *Liability and Definition.* Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "*force majeure*" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God; acts of the public enemy; acts of terrorism; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-interventions not caused by or resulting from the act or failure to act of the parties; failures or refusals to act by government authority not caused by or resulting from the act or failure to act of the parties; and other similar occurrences beyond the control of the party declaring force majeure, which such party is unable to prevent by exercising reasonable diligence.
- 7.3.2. *Exclusions.* Force Majeure shall not include the following occurrences:
- 7.3.2.1. Late delivery of Materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;
- 7.3.2.2. Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or
- 7.3.2.3. Inability of either the Contractor or any subcontractor to acquire or maintain any required

insurance, bonds, licenses or permits.

7.3.3. *Notice.* If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day of the commencement thereof, and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that the results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

7.3.4. *Default.* Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that, such delay or failure is caused by force majeure.

7.4. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor for or toward the fulfillment of this Contract.

8. Description of Materials The following provisions shall apply to Materials only:

8.1. Liens. The Contractor agrees that the Materials supplied under this Contract are free of liens. In the event the Materials are not free of liens, Contractor shall pay to remove the lien and any associated damages or replace the Materials with Materials free of liens.

8.2. Quality. Unless otherwise modified elsewhere in these terms and conditions, the Contractor agrees that, for one year after acceptance by the State of the Materials, they shall be:

8.2.1. Of a quality to pass without objection in the Contract description;

8.2.2. Fit for the intended purposes for which the Materials are used;

8.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units;

8.2.4. Adequately contained, packaged and marked as the Contract may require; and

8.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

8.3. Inspection/Testing. Subparagraphs 8.1 through 8.2 of this paragraph are not affected by inspection or testing of or payment for the Materials by the State.

8.4. Compliance With Applicable Laws. The Materials and services supplied under this Contract shall comply with all applicable federal, state and local laws, and the Contractor shall maintain all applicable license and permit requirements.

8.5. Survival of Rights and Obligations After Contract Expiration and Termination.

8.5.1. *Contractor's Representations.* All representations and warranties made by the Contractor under this Contract in paragraphs 7 and 8 shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12.510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S. Officer, the Contractor shall fully perform and shall be obligated to comply with all Purchase Orders and Change Orders received by the Contractor prior to the expiration or termination hereof, including, without limitation, all Purchase Orders and Change Orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

9. State's Contractual Remedies

- 9.1. Right to Assurance. If the State, in good faith, has reason to believe that the Contractor does not intend to, or is unable to, perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract.
- 9.2. Stop Work Order.
- 9.2.1. *Terms.* The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for a period up to ninety (90) Days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.
- 9.2.2. *Cancellation or Expiration.* If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.
- 9.3. Non-exclusive Remedies. The rights and remedies of ADHS under this Contract are not exclusive, and ADHS is entitled to all rights and remedies available to it, including those under the Arizona Uniform Commercial Code and Arizona common law.
- 9.4. Right of Offset. The State shall be entitled to offset against any sums due the Contractor in any Contract with the State or damages assessed by the State because of the Contractor's non-conforming performance or failure to perform this Contract. In the event the ADHS terminates the Contract in whole or in part as provided in this paragraph, the ADHS may procure, upon such terms and in such manner as deemed appropriate, Services or Materials, similar to those terminated, and Contractor shall be liable to the ADHS for any excess costs incurred by the ADHS in obtaining such similar Services or Materials.
- 10.7. Continuation of Performance Through Termination. Upon receipt of the notice of termination and until the effective date of the notice of termination, the Contractor shall perform work consistent with the requirements of the Contract and, if applicable, in accordance with a written transition plan approved by the ADHS. If the Contract is terminated in part, the Contractor shall continue to perform the Contract to the extent not terminated. After receiving the notice of termination, the Contractor shall immediately notify all subcontractors, in writing, to stop work on the effective date of termination, and on the effective date of termination, the Contractor and subcontractors shall stop all work.
- 10.8. Disposition of Property. Upon termination of this Contract, all property of the State, as defined herein, shall be delivered to the ADHS upon demand.

As the work of the Contractor progresses, advice and information on matters covered by the Contract shall be made available by the Contractor to the State throughout the effective period of the Contract.

13. Client Grievances

If applicable, the Contractor and its subcontractors shall use a procedure through which clients may present grievances about the operation of the program that result in the denial, suspension or reduction of services provided pursuant to this Contract and which is acceptable to and approved by the State.

14. Sovereign Immunity

Pursuant to A.R.S. § 41-621(O), the obtaining of insurance by the State shall not be a waiver of any sovereign immunity defense in the event of suit.

CONTRACT NUMBER	INTERGOVERNMENTAL AGREEMENT
CTR057557	SCOPE OF WORK

1. Background

- 1.1 The COVID-19 pandemic has exposed multiple gaps in the ability for Cochise County to respond to a prolonged and ever-changing public health emergency. Among those gaps are limits in information sharing, dispensing of medical countermeasures, surge management, and biosurveillance. The identified gaps are due in part to the limited number of personnel that work for Cochise Health and Social Services (Contractor), technological and equipment shortfalls, geographic location, as well as the ruralness of our population.
- 1.2 Availability of medical services, which include diagnostic testing and vaccination, has been a challenge for the rural community. Often individuals travel substantially further distances for care than those that live in more developed and urbanized areas. Therefore, an additional strategy is needed to improve access to both testing and vaccines. This strategy needs to encompass additional funding to increase access and availability of care by developing a mobile community health capacity to take services out into the community. The model and planning used to build this capacity should be maintained after COVID-19 to ensure an enhanced response to all future health threats.
- 1.3 Limited personnel at the Contractor has also led to limits in the ability to contact trace and investigate cases. This has had an effect throughout the organization as staff has been assigned from other programs into these roles. Further complicating the need for additional staffing is the wave pattern that COVID-19 cases take. The demands on staff change just as rapidly as the spread of new cases. The Contractor needs to implement a strategy that allows for quick expansion and contraction of operational capabilities to handle surveillance, analysis, and development of interventions effectively in the community across all public health threats. This could include additional epidemiological staff to include contact tracers, case investigators, and informatics specialists.
- 1.4 Gaps in personnel are not limited to contact tracing and case investigations. At various times throughout the pandemic, the Contractor has been targeted as an outlet for members of the public to vent out their frustrations and fears. Contracting with a security agency will help the staff feel safer at work and is an essential part of a mitigation strategy to deter members of the public from causing disturbances at our locations. There has also been a sudden surge in funding opportunities available across health department programs, aimed at the COVID-19 pandemic. The Contractor currently operates with one (1) accountant and various program managers. Most of these program managers have been inundated with some level of response to COVID-19 on top of their typical workload. This has made managing the various funding streams very taxing on management and the workforce in general. It would be of benefit to bring on additional staff to help manage these funding streams. Additionally, enhancing the Contractor's workforce as gaps arise will continue to be a need as the pandemic evolves.
- 1.5 Another identified gap, information management, has affected the community in multiple ways. This includes the public's trust in our ability to respond to emergencies. The Contractor currently has limits on the methods of pushing out information and making sure information is going out to and received by the right people. The Contractor needs to implement a system for effectively alerting and pushing out information to the community at large and identified groups.
- 1.6 Lastly, the COVID-19 pandemic has exposed the limited understanding of the community regarding their access to healthcare, access to factual information, and viewpoints on public health interventions. The Contractor needs to conduct a county-wide assessment that helps understand the health of the community and areas of concern. This information will lead to a better understanding of the community and will lead to a better response by allowing the Contractor to make data driven decisions, not only in this current pandemic, but in all future community-based responses. The Contractor can take the information learned from this evaluation and incorporate it throughout our emergency preparedness plans.
