- **Summary:** Counties and municipalities are prohibited from adopting any regulation that prohibits or restricts the use of a "park model trailer" (defined) on a residential lot as a primary single-family residence if all other statutory requirements have been met.
- F. [HB 2624 S/E: law enforcement expenditure; minimum amount/HCR 2028 minimum law enforcement expenditure amount](#) (Blackman)
- **HB Summary:** Requires the Economic Estimates Commission (EEC) to determine and inform all counties and municipalities in Arizona of its minimum law enforcement expenditure amount. Specifies consequences for municipalities that fail to meet the amount. This proposal will create a formula that limits local flexibility, fails to provide for local input on the funding formula or the recent influx of one-time federal dollars, includes capital/equipment expenditures in formula, and disincentivizes fiscally responsible cost-saving measures.
  - **HCR Summary:** The 2022 general election ballot is to carry the question of whether to amend the state Constitution to require the Economic Estimates Commission to determine a minimum law enforcement expenditure amount by adjusting the amount of local law enforcement services spending for each county and municipality for FY2019-20 to reflect the changes in the population and the cost of providing local law enforcement services. County and municipal governing bodies are prohibited from authorizing total law enforcement expenditures that are less than the minimum law enforcement expenditure amount for the county or municipality.

- J. [HB 2675 right to jury; parent-child relationship](#) (Biasiucci)
  - **Summary:** A party to any hearing for the termination of the parent-child relationship has a right to a trial by jury and that right cannot be arbitrarily denied. If the court fails to provide notice, any subsequent proceedings or rulings do not have the force of law. If a party believes the party's rights have been violated and files a jury demand with the court within 20 days after court orders were filed, the court is required to set a new hearing before a jury within 20 days after the demand is filed. - L. [HB 2822 personal property; additional depreciation](#) (Weninger)
  - **Summary:** For personal property that is initially classified during or after tax year 2022 as class one, class two (P), or class 6, the county assessor is required to use a valuation factor of 2.5 percent. Previously, the valuation ranged from 25 percent of the scheduled depreciated value in the first tax year of assessment to 89 percent of the scheduled depreciated value in the fifth tax year of assessment.
- M. [HCR 2031 employee benefits; compensation; state preemption](#) (Cobb)

  - **Summary:** Allows voters to have early ballots tabulated at the polls, they must be tabulated on a separate machine, an unspecified appropriation is included.

    - Increases percentage of funds that the Land Department must spend on trails
    - Lowers the amount that AZ Parks can use on Fund administration and to spend at least 10% of the fund on enforcement of OHV laws and at least 10% for the state land lessee impacts.
    - Requires the AZ Parks Board to have a public meeting when designating land for OHV use.
    - Requires the AZ Parks Park to when spending monies on projects to give preference to projects for mitigation efforts, address impacts to state land lessees, and for nonfederal projects and for projects where federal entities work with state and local entities.
    - Makes OHV operators and passengers responsible for risks associated with use of personal injury or death associated with recreational use on public or private land.

- Removes the responsibility of landowners and authorized lessees to have a duty to keep lands safe for entry and use by recreational users or to warn of or maintain lands and trails for OHV use.
  - Requires a person to complete a course of instruction in off-highway vehicle safety and environmental ethics and provide proof to the ADOT of completion before getting an off-highway vehicle user indicia.
  - Requires that before a person may rent or sell an off-highway vehicle to a customer they must provide vehicle safety and environmental educational materials approved by AZ Game and Fish.
  - Increases the number of AZ Game and Fish employees to enforce OHV use (from 7 to up to 14)
- P. [SB 1596 S/E: off highway vehicle study committee](#) (Kerr)

    - Imposes a variety of requirements on ballot drop boxes, including that all locations be listed online and that all placements are approved by the Board of Supervisors.
    - Requires the electronic publication of ballots within 48 hours of an official canvass. Appropriates an unspecified amount for creation of a "ballot image portal."
    - Requires County Recorders to notify electors when USPS determines that their address of residence is a forwarding address.
    - Increases required frequency of County Recorder checks of voter rolls against USPS change of address information. Requires that an elector provide confirmation of their address in these cases in order to vote.
- R. [SB 1656 water and energy; improvement district](#) (Pace)
- **Summary:** Establishes Commercial Property Assessed Clean Energy (C-PACE) as an authorized public improvement for commercial, industrial, agricultural, multifamily properties.
    - The proponent's goal is to allow property owners to access additional capital financing to make building energy efficiency/renewable energy improvements through a special assessment on the property instead of taking out a loan for the business or requiring the company to pay upfront out of pocket.
    - Cities, towns, and counties would have the authority to authorize (through resolution or ordinance) these types of financial agreements and would be responsible for administering the collection and disbursement of the special

assessment until the special assessment until the lien is paid. If the property is sold, the responsibility for the lien transfers to the new owner.

- The language does require a city/town to enter into an agreement with the county if the county is going to administer the program
- A county treasurer may impose a fee for expenses directly related to collecting the special assessment.

Comments: 02.04.2022: Staff summarized the bill, noting that the legislation makes a variety of changes to a long list of election processes. Staff also noted that feedback from county election directors and recorders was forthcoming. The LPC took no action on the bill.

Summary: Makes a variety of changes to election law, including:

- Adding "performing election integrity audits" to the powers and duties of the Auditor General. Specifies how these audits are to be conducted, including rotating the counties audited and audit topics.
- Implements a registration system at the Secretary of State for specific categories of individuals who register voters.
- Requires the Secretary of State to offer "a separate course of instruction" in signature verification – based on the FBI's forensic handwriting verification guidelines – to county election officers.
- Imposes a variety of requirements on ballot drop boxes, including that all locations be listed online and that all placements are approved by the Board of Supervisors.
- Requires the electronic publication of ballots within 48 hours of an official canvass. Appropriates an unspecified amount for creation of a "ballot image portal."
- Requires County Recorders to notify electors when USPS determines that their address of residence is a forwarding address.
- Increases required frequency of County Recorder checks of voter rolls against USPS change of address information. Requires that an elector provide confirmation of their address in these cases in order to vote.

--------	--	--	-----------------	--	--	--	--	------------------------------

Comments: Summary: Establishes Commercial Property Assessed Clean Energy (C-PACE) as an authorized public improvement for commercial, industrial, agricultural, multifamily properties.

- o The proponent's goal is to allow property owners to access additional capital financing to make building energy efficiency/renewable energy improvements through a special assessment on the property instead of taking out a loan for the business or requiring the company to pay upfront out of pocket.
- Cities, towns, and counties would have the authority to authorize (through resolution or ordinance) these types of financial agreements and would be responsible for administering the collection and disbursement of the special assessment until the special assessment until the lien is paid. If the property is sold, the responsibility for the lien transfers to the new owner.
- The language does require a city/town to enter into an agreement with the county if the county is going to administer the program
- A county treasurer may impose a fee for expenses directly related to collecting the special assessment.

Comments: LPC - 01/14/2022 - Staff provided an explanation of the bill, including stakeholder concerns about (1) the ability of current tabulation machines to detect all elements of the special paper, (2) difficulties obtaining the special paper due to a paper shortage, and (3) the difficulty of implementing these changes before the upcoming 2022 election. Comments: 02.04.22: Staff provided a brief update and noted that the sponsor was planning on making changes to ensure existing facilities could be used and considering removing the open meeting law violation.

01.28.2022: Staff explained the bill, noting concerns around the lack of specificity - namely that the bill (a) does not define a "reasonable" amount of seating, and (b) that the eventual difference between the time "the public will have physical access" and the time the event begins could lead to confusion. Supervisors mentioned that this could hurt smaller counties, who do not have as much seating as larger counties, and that this probably arose out of the move to ZOOM meetings during the pandemic. The LPC voted, to OPPOSE the bill as currently drafted.

Summary: The bill requires all public bodies to provide for a reasonable amount of seating to accommodate the anticipated attendance of all persons desiring to attend the deliberations and proceedings. The agenda for a public meeting must include notice of the time that the public will have physical access to the meeting place. The head of a public body that violates these requirements is liable for a civil penalty as provided in statute for open meeting law violations.

HB2080 hand count; electronic tabulation verification

HB2162	open meeting law; violations; penalty							
					1st Read: 01/18 <b>GE</b> None <b>RULES</b> None		SPONSORS: KAISER 2nd Read: 01/19	

Comments: 01.28.2022: Staff explained the bill, noting that it could increase the civil penalties for violations of open meetings laws and that it adds the designation of some violations as "reckless." Supervisors mentioned that the open meeting laws can be confusing, especially on small Boards, and that accusations are often leveled during campaigns. The LPC voted to OPPOSE the bill as currently drafted.

Summary: Increases the civil penalties the court is authorized to impose for violations of open meeting law. Currently the 2nd offense cannot be charged more than \$500 for a first offense and a 3rd offence not more than \$2500. The bill would make the 1st offence not more than \$500, the second not more than \$10,000. In addition to or in lieu of civil penalties, the court is authorized to require a member of the public body to attend training on public meetings as directed by the Attorney General or Ombudsman Citizens Aide. Comments: 1/20/2022: Staff summarized the intent of the legislation, which was to make changes to a constitutional property tax exemption for disabled veterans - currently halted by a 1989 court order - to allow it to function as intended. Staff recommended, and the Board voted, to SUPPORT the bill as currently drafted.

Summary: Puts the question to the ballot of consolidating and reorganizing constitutional provisions relating to property tax exemptions for disabled veterans and widows, in addition to repealing and reinserting the constitutional sections relating to property tax exemptions overall.

Coincides with HB2454, which makes necessary statutory changes, enacted conditionally upon the voters approving this HCR. This is an AACo bill to fix the disabled veterans property tax exemption that was struck down in Benjamin v. ADOR in 1989.

Comments: LPC - 01/14/2022 - Staff provided an explanation of the bill, including stakeholder concerns that increasing the "voting differential threshold" would trigger more recounts, necessitating higher staffing levels. The LPC voted to OPPOSE the bill as drafted.

Summary: Specifies that voting differential threshold necessary to trigger an automatic recount for an election will increase from 0.01% to 0.5%. This language is identical to the House Engrossed version of SB 1083 from last year.

Comments: 1/20/22: Staff summarized the bill and conveyed its intent to remedy an outdated law that has remained in statute. The Board voted to SUPPORT the bill as drafted.								
Repeals statute that allowed any action for the malfeasance or nonfeasance of a sheriff or his deputies to be prosecuted against the personal representative of the sheriff in the same manner as if the cause of action survived at common law. Comments: LPC - 01/14/2022 - Staff provided a detailed explanation of SB 1063, including concerns that the bill would remove county Boards of Supervisors from the appointment process for legislative vacancies. Staff also mentioned that additional provisions of the bill remove the specific county residency requirement for nominees and voting precinct committeemen. Feedback included that the nomination process is inherently political, that the Board plays an important role in vetting candidates, and that the current exclusion of in-district out-of-county PCs may be problematic. The LPC discussed the bill, but took NO POSITION.								
Summary: Specifies if a vacancy occurs in the legislature and the vacant seat was represented by a political party that has at least 30 elected precinct committeemen from precincts in the legislative district, those elected precinct committeemen are required to elect a qualified elector to fill the vacancy who belongs to the same political party and who resides in the legislative district. The person filling the vacancy is no longer required to live in the same county as the person vacating the seat.								
Precinct committeemen would no longer be required to nominate three qualified electors and the county board of supervisors would no longer appoint a person to fill the vacancy.

Staff brought this bill for discussion, and the LPC voted to OPPOSE the bill as currently drafted.

Summary: Would form a study committee to contemplate the formation of a new county, Sitgreaves County, from parts of Navajo and Apache counties.
