### The Purpose of Re-Zoning

The purpose of zoning is to guide the development of land in accordance with the County's Comprehensive Plan, and to promote the public health, safety and general welfare of the County's residents. Zoning districts specify permitted land uses, minimum lot sizes, and certain site development standards such as setbacks and screening. Because Cochise County encompasses a large and diverse area, there are 34 individual zoning districts, ranging from rural and residential districts to business and industrial districts. When property is rezoned, all uses permitted within the new district can be permitted on the rezoned parcel.

### What is the Process?

1. Pre-application meeting with County planning staff.
2. Citizen Review Process – the applicant must send notice to all property owners within a radius of no less than 300 feet of the subject parcel(s), as shown on the most recent available records of the last property tax assessment. The County Zoning Inspector may expand the mailed notification area to greater than a 300-foot radius at time of application acceptance if there are compatibility concerns associated with the request. Note: this step is not required for rezonings to less intensive districts.
3. Application Submittal
4. Technical review by relevant internal staff and external agencies
5. Public Hearing – Planning and Zoning Commission (Recommendation to the Board of Supervisors)
6. Public Hearing – Board of Supervisors (Approval or Denial)

### Required Submittals

1. This application
2. Citizen Review Report
3. Land use/concept plan -drawn to scale showing the existing and proposed District boundaries and an accurate legal description of the area being petitioned for amendment. See our website for an example plan: <https://www.cochise.az.gov/development-services/rezoning>
4. Letter of Authorization (for authorized agents, if applicable)
5. Copy of survey with an associated legal description (if more than one zoning district is requested on a single parcel, if applicable)
6. Processing Fee

Please state the reason for this request and why it should be supported.

Changing this parcel from R-18 to RU-4 district is more in line with our rural lifestyle. It is in keeping with the St David Area Plan which encourages large lot home sites, sustaining and honoring the ranching and farming heritage of St David, and preferred rezoning to RU districts.
