25000

Project Narrative. Describe how you plan to use the SGIA allotment. **Note: These funds may not be used for construction-related expenses.**

The Cochise County Library District will use 2023 State Grants-in-Aid funds to supplement library collections, support summer reading programs and special events at libraries across the county, cover travel and training costs for staff development, and offset the cost of library supplies and professional services.

The State Grants-in-Aid allocation makes it possible for our rural library district to offer a higher, more consistent and professional level of service than we could provide on our own. We very much appreciate the support we receive from the Arizona State Library, Archives & Public Records.
