

# Comprehensive Psychiatric Program

**An Overview for the Cochise County Board of Supervisors**

# Patients Treated

- **Currently Active Patients: 167**
- **Closed Cases: 40**
- **Total Patients Treated: 207**
- **No-Show Rate: 19.29% over past six weeks**
- **We have had more referrals than I alone have been able to treat while building this program.**

# Current Composition

- **1 Psychiatric-Mental Health Nurse Practitioner/Program Manager**
- **1 Registered Nurse**
- **1 Case Manager**
- **Due to the high demand, we will be hiring 2 more PMHNPs in the near future.**
- **We are looking to hire an MA to provide support to prescribers**

# Recovery

- **Using the EQ-5D-5L, we have been able to measure a sample of our patients' improvement in their quality of life:**
- **On intake, the average score was: 55.25 (out of 100).**
- **After three months, the average score was: 62.8 (out of 100).**
- **We continue to gather data to have a more meaningful result, and we hope to demonstrate continued improvement the longer this program is in process.**

# Gratitude

- **We are grateful for the funding that allows us to be able to see these patients.**
- **We expect our program to continue to grow.**
- **We are recruiting from outside the area to bring more psychiatric services to Cochise County.**
