To Whom It May Concern:

I would like to take this opportunity to thank your staff in the Elections Division of ProVote Solutions for providing excellent service to the County of Lake Registrar of Voters office since March 2020.

My continued choice of ProVote, as our official ballot printing vendor and election supplies vendor, has been influenced because of the extraordinary relationship and great communication our office has built with Nancy Phillips (Sales and Marketing), Terri Fries (Election Coordinator), Maria Castilo (Office Manager) and formerly Rayla Phillips prior to her retirement. I am impressed that ProVote manages to meet the deadlines of our vote-by-mail ballot mailings and the delivery to the US Postal Service Sorting Centers for distribution under stringent timeframe constraints.

My experience with using ProVote Solutions' services has been extremely satisfactory due to staff's professionalism and always going above and beyond to meet our office needs. Without a doubt, I highly recommend ProVote Solutions as an official ballot printing, election mailing and election supplies vendor.

Sincerely,

A handwritten signature in blue ink that reads "Maria Valadez". The signature is fluid and cursive.

Office Hours: Monday – Thursday 7:30 a.m. to 5:30 p.m.  
Friday 8:00 a.m. to 12:00 p.m.

March 7, 2019

To Whom it May Concern:

I am pleased to provide a letter of reference for ProVote Solutions, they are the printing vendor of choice for The Tulare County Registrar of Voters. ProVote Solutions has printed both our Official Ballots and Sample Ballots/Voter Information Pamphlets for our Federal, State and Local Elections. Tulare has partnered with ProVote Solutions since 2009. ProVote Solutions also processes our Vote by Mail ballots, addressing the envelopes and inserting for mail.

Each election cycle, a ProVote Account representative meets with Tulare County Management to confirm plans for anticipated services, production of official materials, and delivery schedules. The production requires coordination and cooperation between County staff who create and proof official materials, detailed order sheets, and special print layout guides, and ProVote staff who receives, interprets, and transforms the County's materials into production-ready documents. The nature of the production process requires diligent responsive communication and the ability to adapt quickly. It is not uncommon for official documents to be delayed or changed due to legislative or court action; ProVote staff are adept at troubleshooting these challenges to production schedules and still make the original target delivery date.

My experience with ProVote staff, at all levels, is that they care about the quality of their services and products, and the strength of their relationship with customers. The Tulare County Registrar of Voters Office and ProVote Solutions have built a strong and trusted partnership. This partnership has allowed the Tulare County Registrar of Voters Office to provide the Tulare County Voters with tools that they require to make informed voting decisions.

Sincerely,

To Whom It May Concern:

I am pleased to provide a letter of reference for ProVote Solutions. ProVote has printed Sonoma County's Official Ballots and Voter Information Guides for all primary, general, as well as special elections for over 30 years. In addition to printing services, Pro Vote's customer service is unmatched; from printing coordinators to account representatives, their reliability, responsiveness and technical support is consistently excellent.

Each election cycle, a ProVote account representative meets with Sonoma management to confirm plans for anticipated services, production of official materials, and delivery schedules. Although Sonoma County provides its own art used in ballot and pamphlet production, Pro Vote regularly creates and produces Sonoma's pamphlet covers and instructions. Upon request, they promptly create pamphlet materials for special orders when Sonoma County is unable to produce non-standard materials. The production requires well-executed coordination and cooperation between county staff who create and proof official materials, detailed order sheets, and special print layout guides, and Pro Vote staff who receive, interpret, and transform the county's materials into production-ready documents. The nature of the production process requires diligent, responsive communication and the ability to adapt quickly. It is not uncommon for official documents to be delayed or changed due to legislative or court action; ProVote staff are adept at troubleshooting these challenges to production schedules and still make the original target delivery date. Sonoma County also relies on Pro Vote for translation services to meet State language assistance requirements at all polling places. After the election, a meeting is scheduled to review the election and discuss any improvements that need to be implemented for future elections.

My experience with ProVote staff, at all levels, is that they genuinely care about the quality of their services and products, and the strength of their relationship with customers. They easily adapt to changing election law to ensure their products are compliant, and will even assist us to identify solutions-and suggest alternate Pro Vote services-to facilitate our objectives when we've made internal procedural changes (e.g. changes to mailing envelope designs and sample ballot delivery methods).

During the beginning of my tenure, Sonoma County was in a situation where we had an entirely new management team. ProVote worked to with our team to educate, guide and explain the timelines, laws and procedures that they were familiar with, and helped to make our elections with a new team successful. They were always available to answer questions and provide guidance in an appropriate manner. We anticipate continuing our existing relationship with ProVote, due to their experience, reliability, and proven track record of providing us excellent service and customer support.

Sincerely,
