

PRICING PROPOSAL

Due to the equipment used to produce these documents, the pricing is inclusive of 1,000 sheets of each size in one design rather than the minimum quantity of 25 referenced in the Q&A section. Actual pricing will change with larger quantities or different sizes, configurations, and designs.

The pricing below encompasses the initial request for both Tasks 1 and 2 (security features plus duplex printed ballot). While we have a relationship with system providers to supply ballots for testing (option 3), we would prefer that Cochise was the intermediary for this process using their existing relationship and test deck ballot artwork. Task 2 ballot production will be printed on equipment certified for ballot production in our facility.

8.5" x 11"	\$1,322.56 for 1k
8.5" x 14"	\$1,315.64 for 1k
8.5" x 17"	\$1,330.08 for 1k
8.5" x 19"	\$1,388.16 for 1k

The pricing below is for the printing of our recommended GhostMark option listed in the Technical Proposal. This covers Task 1 and 2 of the GhostMark security feature along with printed duplex ballots. This will be printed on existing certified ballot substrates and equipment certified for ballot production.

8.5" x 11"	\$436.28 for 1k
8.5" x 14"	\$432.82 for 1k
8.5" x 17"	\$440.04 for 1k
8.5" x 19"	\$469.08 for 1k

IR Key Fob Readers \$150.00 ea.

UV LED Lights \$25.00 ea.
