When this Contract is terminated, the disposition of all such property shall be determined by the ADHS. For Fixed Price contracts, when the Contractor provides the services/materials required by the Contract, any and all equipment purchased by the Contractor remains the property of the Contractor. All purchases of equipment need to be reported to the ADHS Office of Inventory Control.

4.10.2. *Title and Rights to Materials.* As used in this section, the term “Materials” means all products created or produced by the Contractor under this Contract, including, but not limited to: written and electronic information, recordings, reports, research, research findings, conclusions, abstracts, results, software, data and any other intellectual property or deliverables created, prepared, or received by the Contractor in performance of this Contract. Contractor acknowledges that all Materials are the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. The Contractor is not entitled to a patent or copyright on these Materials and may not transfer a patent or copyright on them to any other person or entity. To the extent any copyright in any Materials may originally vest in the Contractor, the Contractor hereby irrevocably transfers to the ADHS, for and on behalf of the State, all copyright ownership. The ADHS shall have full, complete and exclusive rights to reproduce, duplicate, adapt, distribute, display, disclose, publish, release and otherwise use all Materials. The Contractor shall not use or release these Materials without the prior written consent of the ADHS. When this Contract is terminated, the disposition of all such Materials shall be determined by the ADHS. Further, the Contractor agrees to give recognition to the ADHS for its support of any program when releasing or publishing program Materials.

4.10.3. *Notwithstanding the above, if the Contractor is a State agency, the following shall apply instead:* It is the intention of ADHS and Contractor that all material and intellectual property developed under this Agreement be used and controlled in ways to produce the greatest benefit to the parties to this Contract and the citizens of the State of Arizona. As used in this paragraph, “Material” means all written and electronic information, recordings, reports, findings, research information, abstracts, results, software, data, discoveries, inventions, procedures and processes of services developed by the Contractor and any other materials created, prepared or received by the Contractor and subcontractors in performance of this Agreement. “Material” as used herein shall not include any pre-existing data, information, materials, discoveries, inventions or any form of intellectual property invented, created, developed or devised by Contractor (or its employees, subcontractors or agents) prior to the commencement of the services funded by this Agreement or that may result from Contractor’s involvement in other service activities that are not funded by the Agreement.

4.10.4. Title and exclusive copyright to all Material shall vest in the State of Arizona, subject to any rights reserved on behalf of the federal government. As State agencies and instrumentalities, both ADHS and Contractor shall have full, complete, perpetual, irrevocable and non-transferable rights to reproduce, duplicate, adapt, make derivative works, distribute, display, disclose, publish and otherwise use any and all Material. The Contractor’s right to use Material shall include the following rights: the right to use the Material in connection with its internal, non-profit research and educational activities, the right to present at academic or professional meetings or symposia and the right to publish in journals, theses, dissertations or otherwise of Contractor’s own

choosing. Contractor agrees to provide ADHS with a right of review prior to any publication or public presentation of the Material, and ADHS shall be entitled to request the removal of its confidential information or any other content the disclosure of which would be contrary to the best interest of the State of Arizona. Neither party shall release confidential information to the public without the prior expressly written permission of the other, unless required by the State public records statutes or other law, including a court order. Each party agrees to give recognition to the other party in all public presentations or publications of any Material, when releasing or publishing them.

4.10.5. In addition, ADHS and Contractor agree that any and all Material shall be made freely available to the public to the extent it is in the best interest of the State. However, if either party wants to license or assign an intellectual property interest in the material to a third-party for monetary compensation, ADHS and Contractor agree to convene to determine the relevant issues of title, copyright, patent and distribution of revenue. In the event of a controversy as to whether the Material is being used for monetary compensation or in a way that interferes with the best interest of the state or ADHS, then the Arizona Department of Administration shall make the final decision. Notwithstanding the above, "monetary compensation" does not include compensation paid to an individual creator for traditional publications in academia (the copyrights to which are Employee-Excluded Works under ABOR Intellectual Property Policy Section 6-908C.4.), an honorarium or other reimbursement of expenses for an academic or professional presentation, or an unprofitable distribution of Material.

4.11. E-Verify Requirements In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.

4.12. Federal Immigration and Nationality Act The Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the Contract. Further, the Contractor shall flow down this requirement to all subcontractors utilized during the term of the Contract. The State shall retain the right to perform random audits of Contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the Contract for default and suspension and/or debarment of the Contractor.

4.13. Protection of State Cybersecurity Interests. The Contractor shall comply with State Executive Order No. 2023-10, which includes, but is not limited to, a prohibition against (a) downloading and installing of TikTok on all State-owned and State-leased information technology; and (b) accessing TikTok through State information technology.

5. Costs and Payments

5.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, net 30 days. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate Contractor's Expenditure Report for payment from the State within thirty (30) days, as provided in the Accounting and Auditing Procedures Manual for the ADHS.

5.2. Recoupment of Contract Payments.

5.2.1. *Unearned Advanced Funds.* Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.

	Contract No.: CTR055256	IGA Amendment No: 3	Procurement Officer Lucas Terry

- 5.2.2. *Contracted Services.* In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.
- 5.2.3. *Refunds.* Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 4.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 5.2.2, Contracted Services.
- 5.2.4. *Unacceptable Expenditures.* The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.
- 5.3. Unit Costs/Rates or Fees. Unit costs/rates or fees shall be based on costs, which are determined by ADHS to be reasonable, allowable and allocable as outlined in the Accounting and Auditing Procedures Manual for the ADHS.
- 5.4. Applicable Taxes.
- 5.4.1. *State and Local Transaction Privilege Taxes.* The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect taxes from the buyer does not relieve the seller from its obligation to remit taxes.
- 5.4.2. *Tax Indemnification.* The Contractor and all subcontractors shall pay all federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall require all subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs, including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.
- 5.4.3. *I.R.S. W9 Form.* In order to receive payment under any resulting Contract, the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona.
- 5.5. Availability of Funds for the Next Fiscal Year. Funds may not be presently available for performance under this Contract beyond the first year of the budget term or Contract term. The State may reduce payments or terminate this Contract without further recourse, obligation or penalty in the event that insufficient funds are appropriated in the subsequent budget term. The State shall not be liable for any purchases or Subcontracts entered into by the Contractor in anticipation of such funding. The Procurement Officer shall have the discretion in determining the availability of funds.
- 5.6. Availability of Funds for the Current Contract Term. Should the State Legislature enter back into session and decrease the appropriations through line item or general fund reductions, or for any other reason these goods or services are not funded as determined by ADHS, the following actions may be taken by ADHS:

	Contract No.: CTR055256	IGA Amendment No: 3	Procurement Officer Lucas Terry

- 5.6.1. Accept a decrease in price offered by the Contractor;
- 5.6.2. Reduce the number of goods or units of service and reduce the payments accordingly;
- 5.6.3. Offer reductions in funding as an alternative to Contract termination; or
- 5.6.4. Cancel the Contract.

6. Contract Changes

- 6.1. Amendments, Purchase Orders and Change Orders. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment, Purchase Order and/or Change Order within the scope of the Contract, unless the change is administrative or otherwise permitted by the Special Terms and Conditions. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by an unauthorized State employee or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized Contract Amendments, Purchase Orders and/or Change Orders, shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.
- 6.2. Subcontracts. The Contractor shall not enter into any subcontract under this Contract without the advance written approval of the Procurement Officer. The subcontract shall incorporate by reference all material and applicable terms and conditions of this Contract.
- 6.3. Assignments and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

7. Risk and Liability

- 7.1. Risk of Loss. The Contractor shall bear all loss of conforming material covered under this Contract until received and accepted by authorized personnel at the location designated in the Purchase Order, Change Order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.
- 7.2. Mutual Indemnification. Each party (as "indemnitor") agrees to indemnify, defend and hold harmless the other party (as "indemnitee") from and against any and all claims, losses, liability, costs or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as "claims") arising out of bodily injury of any person (including death) or property damage, but only to the extent that such claims, which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees or volunteers.
- 7.3. Force Majeure.
 - 7.3.1. *Liability and Definition*. Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. 7.3.2. *Exclusions.* Force Majeure shall not include the following occurrences:

7.3.2.1. Late delivery of Materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;

7.3.2.2. Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

7.3.2.3. Inability of either the Contractor or any subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

7.3.3. *Notice.* If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day of the commencement thereof, and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that the results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

7.3.4. *Default.* Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that, such delay or failure is caused by force majeure.

7.4. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor for or toward the fulfillment of this Contract.

8. Description of Materials The following provisions shall apply to Materials only:

8.2.4. Adequately contained, packaged and marked as the Contract may require; and

8.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

8.3. Inspection/Testing. Subparagraphs 8.1 through 8.2 of this paragraph are not affected by inspection or testing of or payment for the Materials by the State.

	Contract No.: CTR055256	IGA Amendment No: 3	Procurement Officer Lucas Terry

8.4. Compliance With Applicable Laws. The Materials and services supplied under this Contract shall comply with all applicable federal, state and local laws, and the Contractor shall maintain all applicable license and permit requirements.

8.5. Survival of Rights and Obligations After Contract Expiration and Termination.

8.5.1. *Contractor's Representations.* All representations and warranties made by the Contractor under this Contract in paragraphs 7 and 8 shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12.510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S. 9. State's Contractual Remedies

9.1. Right to Assurance. If the State, in good faith, has reason to believe that the Contractor does not intend to, or is unable to, perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract.

9.2. Stop Work Order.

9.2.1. *Terms.* The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for a period up to ninety (90) Days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

9.2.2. *Cancellation or Expiration.* If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

9.3. Non-exclusive Remedies. The rights and remedies of ADHS under this Contract are not exclusive, and ADHS is entitled to all rights and remedies available to it, including those under the Arizona Uniform Commercial Code and Arizona common law.

The right to offset may include, but is not limited to, a deduction from an unpaid balance and a collection against the bid and/or performance bonds. 	INTERGOVERNMENTAL AGREEMENT (IGA) Amendment		ARIZONA DEPARTMENT OF HEALTH SERVICES 150 18 th Ave Suite 530 Phoenix, Arizona 85007
	Contract No.: CTR055256	IGA Amendment No: 3	Procurement Officer Lucas Terry

SCOPE OF WORK

1. BACKGROUND:

- 1.1. The vision of the Arizona Department of Health Services (ADHS) is "Health and Wellness for all Arizonans." The ADHS conducts a five (5) year statewide needs assessment, the Arizona State Health Assessment (SHA), to examine key health indicators and provide a comprehensive overview of the health of Arizonans. Annual updates to the SHA are also published. ADHS published the 2019 Arizona State Health Assessment, which utilizes an evidence-based public health approach to improve the health and wellness of Arizona residents. Findings from the SHA inform the priorities outlined in the 2021-2025 Arizona Health Improvement Plan (AzHIP) and guide programming within ADHS, including that under the Title V Maternal and Child Health Services Block Grant (hereafter Title V MCH Block Grant) and the Preventive Health and Health Services Block Grant. The AzHIP creates a roadmap to improve the health of Arizonans over the next five (5) years through the development of partnerships and resources to work collectively on shared health improvement goals and strategies. **The Title V MCH Block Grant places a high emphasis on engaging with family, young adults, and communities in MCH programs funded by Title V Funds. This includes building capacity between counties and the local community to partner in decision-making regarding Title V Programs to help achieve the identified MCH priorities.**
- 1.2. The mission of the Bureau of Women's and Children's Health (BWCH) is to "strengthen the family and community by promoting and improving the health status of women, infants, and children." The BWCH administers the federally funded Title V MCH Block Grant and Preventive Health and Health Services Block Grant, in addition to other federally funded, private, and state supported programs;
- 1.3. This IGA was initiated in July 2020 and originally only included strategies and activities funded through the Title V MCH Block Grant. In July 2022, strategies and activities funded through the Preventive Health and Health Services Block Grant were added to the IGA.

MCH Healthy Arizona Families Program:

- 1.4. The MCH Health Arizona Families Program is funded through the Title V MCH Block Grant.
- 1.5. BWCH is responsible for the implementation of the Health Resources and Services Administration (HRSA) funded Title V MCH Block Grant. Established in 1935, in Title V of the Social Security Act, the goal of the Title V MCH Block grant is to improve the health and well-being of America's mothers, children and families including children with special health care needs by supporting and promoting the development and coordination of systems of care for the MCH population, which are family-centered, community based and culturally appropriate. The Title V MCH Block Grant has five (5) population domains which include: Women/Maternal Health, Perinatal/Infant Health, Child Health, Children with Special Health Care Needs, Adolescent Health. The sixth (6th) domain addresses Cross Cutting and Systems Building;
- 1.6. The Title V MCH Block Grant also requires that a five (5) year statewide needs assessment be conducted and submitted as one (1) of the grant deliverables. The purpose of the Title V MCH statewide needs assessment is to identify the priority health needs and issues of Arizona's maternal and child health populations through a collaborative and systematic data collection and analytic process with stakeholder input. This needs assessment process is guided by eight (8) overarching principles and values that include:
 - 1.6.1. Listen to those who are not traditionally involved,
 - 1.6.2. Learn from community members as well as the MCH Community,
 - 1.6.3. Honor and respect the work that others in the community and state have completed to assess the wellbeing of Arizona residents,

	INTERGOVERNMENTAL AGREEMENT (IGA) Amendment		ARIZONA DEPARTMENT OF HEALTH SERVICES 150 18 th Ave Suite 530 Phoenix, Arizona 85007
	Contract No.: CTR055256	IGA Amendment No: 3	Procurement Officer Lucas Terry

- 1.6.4. Assess health disparities across communities including racial, socioeconomic and access,
- 1.6.5. Use a life course development approach and address social determinants of health as a framework for planning,
- 1.6.6. Recognize that social, political and economic policies and conditions impact health outcomes,
- 1.6.7. Value the community as a core partner in public health and work to assure the equity in health, and
- 1.6.8. Plan, develop and evaluate programs and systems of care which are comprehensive, community-based, culturally competent, coordinated and effective.

1.7. The Title V MCH Block Grant uses a three-tiered National Performance Measurement Framework (Attachment A) which includes National Outcome Measures (NOMs), National Performance Measures (NPMs) and state-initiated Evidence-based or informed Strategy Measures (ESMs). The framework provides flexibility to a state in identifying the best combination of measures to address the MCH priority needs that were identified based on the findings of the Five-year Needs Assessment (available on the ADHS website: <https://www.azdhs.gov/prevention/womens-childrens-health/reports-factsheets/index.php#title-v>)

1.8. Key populations of interest for the MCH Healthy Arizona Families Program are: infants; children and adolescents (inclusive of children and youth with special health care needs); and women of reproductive age.

1.9. **The purpose of integrating family/young adult advisors is to create opportunities for the voices, wisdom, and experiences of individuals, families, and communities, who receive Title V services, to be included in the process and financially compensated for their time effort dedicated to shaping grant funded activities. The contributions of family and young adult advisors impact the design, delivery, and evaluation of programs and policies impacting systems of care in Arizona.**

Public Health Improvement Program:

1.10. The Public Health Improvement (PHI) Program is funded through the Preventive Health and Health Services Block Grant.

1.11. BWCH is responsible for the implementation of the Centers for Disease Control and Prevention (CDC) funded Preventive Health and Health Services Block Grant. The Preventive Health and Health Services Block Grant Program was established in 1981 through the consolidation of several previously categorical health and social service grants (e.g., emergency medical services, hypertension, home health services, health education and risk reduction, urban rodent control, and community water fluoridation). The Preventive Health and Health Services Block Grant Program provides federal funding for 61 recipients: all 50 states, the District of Columbia, 2 American Indian tribes, 5 US territories, and 3 freely associated states and is administered by CDC's Center for State, Tribal, Local, and Territorial Support.

1.12. The Preventive Health and Health Services Block Grant gives recipients the ability to address prioritized public health needs in their jurisdictions in collaboration with local and tribal public health agencies and organizations. Recipients set their own goals and program objectives and implement local strategies to address their prioritized public health needs related to Healthy People 2030 objectives.

1.13. The Preventive Health and Health Services Block Grant Measurement Framework allows for standardized data collection and aggregation of the outputs, outcomes, and achievements of health departments using grant funds. The framework consists of four key measures:

- 1.13.1. Improvement in the capacity of information systems to collect data of public health importance;

1.13.2. Improvement in the efficiency or effectiveness of operations, programs, or services;

1.13.3. Emerging public health needs addressed;

1.13.4. Evidence-based public health interventions implemented.

1.14. Key populations of interest for the PHI Program are: all Arizonans.

2. PURPOSE:

The purpose of this IGA is to leverage partnerships between ADHS and Local County Health Departments by providing Title V MCH Block Grant and Preventive Health and Health Services Block Grant funding to support the implementation of high impact strategies that address the health priorities identified in the AzHIP, county health improvement plans (CHIPs) and 2020 Title V MCH Needs Assessment. This IGA is intended to provide flexibility to the Local County Health Department to meet the needs of local communities.

3. OBJECTIVES:

MCH Healthy Arizona Families Program:

3.1. Counties will implement evidence-based/evidence-informed strategies at the local community level that:

3.1.1. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for pregnant women, mothers and infants up to age one (1) for the Women/Maternal and Perinatal/Infant population domains,

3.1.2. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for the Child Health, Adolescent Health and Children with Special Health Care Needs population domains,

3.1.3. Integrate family, young adult, community engagement in any of the county selected Title V funded MCH Block Grant activities in conjunction with the ADHS Engaging Families and Young Adult Program.

3.1.4. Promote and implement evidence-based or evidence-informed strategies that enhance cross-cutting and system building infrastructure.

PHI Program:

3.2. Counties will implement evidence-based/evidence-informed strategies at the local community level that:

3.2.1. Promote and implement healthy community interventions that target policy, system and environmental approaches that will shape the communities in which we live, learn, work, and play; and

As part of the local evaluation plan, the counties will be responsible for measuring the short term, and intermediate outcomes. Monitoring progress on short-term outcomes provides an opportunity for the counties to make adjustments to strategies to ensure increased long-term impact. ADHS in coordination with the counties will be responsible for measuring the long-term and impact outcomes. Process indicators, outcomes measures, and impacts must clearly relate to the selected strategies and activities identified within each County's Annual Action Plan; and
