

# Miracle Valley Bible College

Board of Supervisors

Work Session

July 25, 2023

Update since the May 9, 2023, BOS Work Session

# DEVELOPMENT SERVICES

- The property was deeded to the State in March 2022.
- May 9, 2023, BOS Work Session with Staff recommendations.

## **A.R.S 11-268.G:**

Before the removal of a dilapidated building the board of supervisors shall consult with the state historic preservation officer to determine if the building is of historical value.

---

The State Historic Preservation Office (SHPO) provided a letter of determination of eligibility (DOE) to the National and Arizona Registers of Historic Places.

The DOE is not limited to the Tabernacle building alone but to the properties associated with the ministry—potentially a historic district.

The DOE does not compel a listing. The choice to designate is completely up to the County.

No further action is required. The property may be sold at the BOS auction later this summer.

## Discussion
