CONTRACT NUMBER	INTERGOVERNMENTAL AGREEMENT
CTR067930	SCOPE OF WORK

1. Background

The Arizona Department of Health Services (ADHS) Bureau of Nutrition and Physical Activity (BNPA) administers funds provided by the United States Department of Agriculture (USDA) for the operation of the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) and Breastfeeding Peer Counseling Program (BFPC) for the State of Arizona. The USDA nutrition programs are discretionary, and each provides a specific service to women, infants, and children who are low income and at nutritional risk. The overall goal of all the USDA Nutrition Programs is to increase food security and reduce hunger by providing eligible participants access to nourishing food and supportive nutrition education.

1.1. WIC Nutrition Services:

- 1.1.1. The WIC Program accomplishes this goal by providing participant-centered services (PCS) including nutrition and breastfeeding information and support, specific supplemental healthy foods through the issuance of food benefits that can be used at ADHS-approved grocery stores, and referrals to other health and human services as an adjunct to good health care during critical times of growth and development. Service population eligibility for the WIC Program is based upon federal regulations such as participant category (pregnant and breastfeeding women, postpartum women, and infants or children under five (5) years of age), a household income at or below 185% of federal poverty guidelines, residence within the service area, and nutrition risks,
- 1.1.2. To be considered as a WIC Local Agency, the organization must be a local public or private non-profit organization, county health department, or tribal entity under contract with ADHS to provide WIC services according to the WIC Program federal regulations and state policies and procedures. The State awards a WIC Contract based on the ability of the organization to provide WIC services, potentially eligible population, need, response to the Scope of Work, information technology capacity, and available funds. The State determines and awards the WIC Contract amount based on a funding formula using several factors such as a base level for a program to function, the amount of caseload negotiated with each Local Agency, and quality of performance, and
- 1.1.3. Specific objectives for nutrition services (based on Healthy People 2030) are:
 - 1.1.3.1. To increase the incidence of women initiating breastfeeding;
 - 1.1.3.2. To increase the duration of women breastfeeding for the first six (6) months of their baby's life;
 - 1.1.3.3. To increase the duration of women breastfeeding for the first one (1) year of their baby's life;
 - 1.1.3.4. To increase the rate infants are exclusively breastfed at three (3) months and at six (6) months;
 - 1.1.3.5. To reduce the proportion of adults who are considered obese;
 - 1.1.3.6. To reduce the proportion of children ages two (2) to five (5) who are considered obese;
 - 1.1.3.7. To increase the consumption and variety of fruits and vegetables by those age two (2) and older;
 - 1.1.3.8. To increase the consumption of whole grains by those age two (2) and older; and
 - 1.1.3.9. To reduce household food insecurity and hunger.

CONTRACT NUMBER	INTERGOVERNMENTAL AGREEMENT
CTR067930	SCOPE OF WORK

1.2. BFPC:

- 1.2.1. Breastfeeding peer counselors add a critical dimension to WIC’s efforts to help women initiate and continue breastfeeding. WIC breastfeeding peer counselors provide a valuable service to their communities, addressing barriers to breastfeeding by offering breastfeeding education, support, and role modeling. They are familiar with the resources available to WIC participants and the questions a new breastfeeding mother may ask, and recognize when to refer mothers to other resources when issues outside their scope of practice arise. In 2020 the USDA Food and Nutrition Service (FNS) released their new national breastfeeding campaign titled WIC Breastfeeding Support: Learn Together. Grow Together. As a part of this, FNS has developed training and technical assistance to equip WIC Programs with a framework for designing and maintaining peer counseling programs. Developing this training included formative research to understand barriers and motivators to implementing and sustaining peer counseling programs and develop training curricula. This Peer Counseling Training for WIC Managers, which is a training and technical assistance project that will be used as a model to aid WIC in designing, building, maintaining, and sustaining peer counseling programs that will improve breastfeeding initiation and duration rates. Arizona will be using this program to guide and develop the state peer counseling program,
- 1.2.2. The discretionary peer counseling services are considered an adjunct support to WIC breastfeeding services to help achieve the WIC Nutrition Services objectives regarding breastfeeding, and
- 1.2.3. Peer counseling has been a significant factor in improving initiation and duration rates of breastfeeding among women in a variety of settings, including disadvantaged and WIC populations representing diverse cultural backgrounds and geographical locations. Peer counselors are especially effective in communities where role models for breastfeeding behaviors, knowledgeable health care providers, and cultural practices that include breastfeeding as the norm, are scarce. Combining peer counseling with the ongoing WIC breastfeeding promotion and support efforts has the potential to significantly impact breastfeeding rates among WIC participants, and most significantly, increase the harder to achieve breastfeeding duration rates. WIC Local Agencies are strongly encouraged to provide peer counseling services in addition to the ongoing breastfeeding support to their WIC participants. Contractors must provide a breastfeeding friendly environment and have policies to accommodate participants and staff who are breastfeeding.

2. Objective

- 2.1 At a minimum, provide WIC services while allowing each Local Agency to provide, at their discretion, Breastfeeding Peer Counseling Services.
