

Streamlined Annual PHA Plan (HCV Only PHAs)	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires 03/31/2024
--	---	---

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, including changes to these policies, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals and objectives for serving the needs of low- income, very low- income, and extremely low- income families

Applicability. The Form HUD-50075-HCV is to be completed annually by **HCV-Only PHAs**. PHAs that meet the definition of a Standard PHA, Troubled PHA, High Performer PHA, Small PHA, or Qualified PHA do not need to submit this form. Where applicable, separate Annual PHA Plan forms are available for each of these types of PHAs.

Definitions.

- (1) **High-Performer PHA** – A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers, and was designated as a high performer on both the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments if administering both programs, or PHAS if only administering public housing.
- (2) **Small PHA** - A PHA that is not designated as PHAS or SEMAP troubled, that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceed 550.
- (3) **Housing Choice Voucher (HCV) Only PHA** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment and does not own or manage public housing.
- (4) **Standard PHA** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceed 550, and that was designated as a standard performer in the most recent PHAS and SEMAP assessments.
- (5) **Troubled PHA** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.
- (6) **Qualified PHA** - A PHA with 550 or fewer public housing dwelling units and/or housing choice vouchers combined and is not PHAS or SEMAP troubled.

Plan Elements.

B.1 Revision of PHA Plan Elements.

(a) Have the following PHA Plan elements been revised by the PHA since its last Annual Plan submission?

Y N

- X Housing Needs and Strategy for Addressing Housing Needs.
- X Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.
- X Financial Resources.
- Rent Determination.
- X Operation and Management.
- X Informal Review and Hearing Procedures.
- X Homeownership Programs.
- X Self Sufficiency Programs and Treatment of Income Changes Resulting from Welfare Program Requirements.
- X Substantial Deviation.
- X Significant Amendment/Modification.

(b) If the PHA answered yes for any element, describe the revisions for each element(s):

Section 8.0 PORTABILITY, C. Absorption by the Housing Authority of Cochise County

If funding is available under the consolidated ACC for HACC Voucher Program when the portable family is received, HACC can absorb the family into its Voucher Program. After absorption, the family is assisted with funds available under the consolidated ACC for HACC Tenant-Based Program. Should HACC be absorbing a tenant who is an existing Port-In, HACC will absorb the tenant with the earliest effective date.

9.1 INCOME, EXCLUSIONS FROM INCOME, DEDUCTIONS FROM INCOME

Effective July 1, 2024:

HACC has the option of using a “safe harbor” income verification from another federal means-tested program to verify gross annual income.

HACC must first determine the family’s income for the previous 12-month period and use this amount as the family income for annual reexaminations; however, adjustments to reflect current income must be made. Any change of income since the family’s last annual reexamination, including those that did not meet the threshold to process an interim reexamination of family income in accordance with the HACC’s policies and 24 CFR §§ 5.657(c), 960.257(b), or 982.516(c), must be considered. Income from assets is always anticipated, irrespective of the income examination type.

Overview of Calculating Annual Income at Annual Reexamination

Step 1:

Determine the annual income for the previous 12-month period as defined at 24 CFR § 5.609(a) and (b). If there have been no changes to income beyond this calculation, then this is the amount that will be used to determine the family’s rental assistance.

HACC reviews the following information to determine prior-year income:

- The EIV Income Report (must be pulled within 120 days of the effective date of the annual reexamination to be considered current);
 - The income reported on the most recent reexamination HUD–50058/ HUD–50059;
- and

- What the family certified to HACC on the annual reexamination paperwork for prior-year income.

Step 2: Take into consideration any interim reexamination of family income completed since the last annual reexamination.

- If there was an interim reexamination performed, HACC must use the annual income from the interim to determine the family's rental assistance, if there are no additional changes.
- If HACC did not perform an interim or there have been changes since the last reexamination, move to Step 3.

Step 3: If there were changes in annual income not processed by the PHA/MFH Owner since the last reexamination, use current income.

Family reports their income for the prior year and whether there have been permanent changes.

If there are no reported changes to an income source, HACC may use documentation of prior-year income to calculate the annual income used for the current annual reexamination HUD-50058/HUD-50059. HACC may use the following documentation and certification from the family:

- EIV + self-certification (wages, Supplemental Security Income (SSI), Social Security, and unemployment)
- Current level 4B2 documents verifying prior-year income that are dated within the required timeframe (120 days of receipt by the PHA/MFH Owner), for example:
 - Year-end statement
 - Paycheck with year-to-date amount
 - Tax forms (Form 1040, W2, 1099, etc.)

If there are reported changes by the family or HACC notes discrepancies between EIV and what the family reports, follow the verification hierarchy to document and verify income.

Applying the Current SSA COLA at Next Annual and Interim Reexamination

Regulations: 24 CFR §§ 5.609(c)(2); 960.257; 982.516; and 891.105

Annually in October, the Social Security Administration (SSA) announces the cost-of-living adjustment (COLA) by which federal SS and SSI benefits are adjusted to reflect the increase, if any, in the cost of living as measured by the Consumer Price Index for Urban Wage Earners and Clerical Workers prepared by the Bureau of Labor Statistics. The purpose of the COLA is to ensure that the purchasing power of SS and SSI benefits are not eroded by inflation. The federal COLA does not apply to state-paid disability benefits. Additional information regarding the SSA COLA is available online at www.socialsecurity.gov.

Effective the day after SSA has announced the COLA, HACC is required to factor in the COLA when determining SS and SSI annual income for all annual reexaminations and interim

reexaminations of family income that have not yet been completed and will be effective January 1 or later of the upcoming year.

De Minimis Errors

Regulations: 24 CFR §§ 5.609(c)(4); 5.657(f); 960.257(f); 982.516(f); 882.515(f); 882.808(i)(5); 891.105; and 891.655

HACC will not be considered out of compliance solely due to de minimis errors in calculating family income. De minimis errors occur when HACC's determination of a family's income deviates from the correct income determination by no more than \$30 per month in monthly adjusted income (or \$360 in annual adjusted income). HUD may revise the threshold amount that constitutes a "de minimis error" through rulemaking. HACC will not be issued a finding by HUD or the Contract Administrator (MFH only) for de minimis errors in income calculation.

As HACC becomes aware of the existence of an income calculation error, they are obligated to correct the error(s) retroactive to the effective date of the action the error was made regardless of the dollar amount associated with the error. HACC must take corrective action to credit or repay a family if the family was overcharged tenant rent, including when HACC makes de minimis errors in the income determination. Families will not be required to repay HACC in instances where HACC miscalculated income resulting in a family being undercharged for rent.

Elderly/Disabled Family Deduction

Regulation: 24 CFR § 5.611(a)(2)

The elderly/disabled family deduction increases from \$400 to \$525 and applies to a family's next interim or annual reexamination, whichever is sooner. The amount of the deduction will be adjusted annually. Not later than September 1 annually, HUD will publish the CPI-W adjusted elderly/disabled family deduction to the HUDUser Web site. HACC must implement the adjusted elderly/disabled family deduction for all income examinations that are effective on January 1 or later.

Unreimbursed Health and Medical Care Expenses and Reasonable Attendant Care and Auxiliary Apparatus Expenses Deduction

New Higher Threshold for Deducting Health and Medical Care Expenses and Unreimbursed Reasonable Attendant Care and Auxiliary Apparatus Expenses

Regulation: 24 CFR § 5.611(a)(3)

The sum of unreimbursed health and medical care and reasonable attendant care and auxiliary expenses that exceed 10 percent of the family's annual income can be deducted from annual income. Prior to January 1, 2024, the threshold was 3 percent of the family's annual income.

New Definition of Unreimbursed Health and Medical Care Expenses and Reasonable Attendant Care and Auxiliary Apparatus Expenses Deduction

Regulation: 24 CFR § 5.603

Health and medical care expenses, as defined in 24 CFR § 5.603, include costs incurred for the diagnosis, cure, mitigation, treatment, or prevention of disease or payments for treatments affecting any structure or function of the body. Health and medical care expenses include medical insurance premiums and long-term care premiums that are paid or anticipated during the period for which annual income is computed. Medical insurance premiums continue to be eligible health and medical care expenses. However, health and medical care expenses may be deducted from annual income only if they are eligible and not otherwise reimbursed and may only be deducted for elderly or disabled families.

Although HUD revised the definition of health and medical care expenses to reflect the Internal Revenue Service (IRS) general definition of medical expenses, HUD is not permitting PHAs to specifically align their policies with IRS Publication 502c2 for determining which expenses are included in HUD's mandatory deduction for health and medical care expenses. IRS Publication 502, in some instances, may instruct that certain expenses are not to be considered medical expenses that would otherwise be allowed under HUD's definition of health and medical care expenses. HACC must review each expense to determine whether it is eligible in accordance with HUD's definition of health and medical care expenses.

Unreimbursed Reasonable Attendant Care and Auxiliary Apparatus Expenses

Regulation: 24 CFR § 5.611(a)(3)(ii)

Auxiliary apparatus items can include, for example, expenses for wheelchairs, ramps, adaptations to vehicles, guide dogs, assistance animals, or special equipment to enable a person who is blind or has low vision to read, or type or special equipment to assist a person who is deaf or hard of hearing. Some examples of attendant care expenses can include teaching a person with disabilities how to perform day-to-day tasks independently like cleaning, bathing, doing laundry, and cooking. Attendant care can be 24-hour care, or care during sporadic periods throughout the day.

In order to claim the deduction for the cost of unreimbursed reasonable attendant care and auxiliary apparatus expenses, the family must include a person with a disability, and the expenses must enable any member of the family (including the member who is a person with a disability) to be employed. If the unreimbursed reasonable attendant care and auxiliary apparatus expense exceeds the amount earned by the person who was enabled to work, the deduction will be capped at the amount earned by that individual.

Hardship Exemptions for Health and Medical Care Expenses and Reasonable Attendant Care and Auxiliary Apparatus Expenses

Regulations: 24 CFR §§ 5.611(c)(1); 5.611(c)(1)(D); and 5.611(c)(2)

The threshold to deduct health and medical care expenses and reasonable attendant care and auxiliary apparatus expenses has been increased from an excess of 3 to an excess of 10 percent of annual income. Concurrently with this increase, the regulations provide financial hardship exemptions for unreimbursed health and medical care expenses, and for reasonable attendant care and auxiliary apparatus expenses for eligible families. A family will benefit from this hardship exemption only if the family has eligible expenses that can be deducted in excess of 5 percent of annual income. In order to claim **unreimbursed health and medical care expenses**, the family

must have a head, co-head, or spouse that is elderly or a person with a disability. In order to claim **unreimbursed reasonable attendant care and auxiliary apparatus expenses**, the family must include a person with a disability, and the expenses must enable any member of the family (including the member who is a person with a disability) to be employed.

To initiate, extend, or conclude a hardship exemption only, HACC will process and submit a non-interim reexamination transaction.

Families may be eligible for relief under one of two categories; phased-in relief or general relief, as defined below.

Note: A family receiving phased-in relief may request to receive general hardship relief instead; **once a family chooses to obtain general relief, a family may no longer receive the phased-in relief.**

27

Phased-In Relief

This section describes the phased-in relief for families affected by the statutory increase in the threshold to receive unreimbursed health and medical care and reasonable attendant care and auxiliary apparatus expense deductions from annual income.

All families who received a deduction for unreimbursed health and medical care and/or reasonable attendant care or auxiliary apparatus expenses based on their most recent income review prior to January 1, 2024, will begin receiving the 24-month phased-in relief at their next annual reexamination or interim reexamination, whichever occurs first after January 1, 2024. Families who receive phased-in relief will have eligible expenses deducted that exceed 5 percent of annual income for 12 months. Twelve months after the 5 percent phase-in began, families will have eligible expenses deducted that exceed 7.5 percent of annual income for the immediately following 12 months. After the family has completed the 24 months phase-in at the lower thresholds, as described above, the family will remain at the 10 percent threshold, unless the family qualifies for relief under the general hardship relief provision.

When an eligible family's phased-in relief begins at an interim reexamination, the HACC will need to process another transaction one year later to move the family along to the next phase. The transaction can be either an interim reexamination if triggered, or a non-interim reexamination transaction. The following table demonstrates when the phased-in relief will begin and increase every 12 months during the 24-month phase-in period.

Child-Care Expenses Deduction and Hardship Exemption to Continue Child-Care Expenses Deduction

Regulation: 24 CFR §§ 5.603 Child-Care Expenses and 5.611(d)

Under 24 CFR § 5.611(d), any reasonable child-care expenses necessary to enable a member of the family to be employed or to further their education are deducted from income. Reasonable child-care expenses are defined in 24 CFR § 5.603(a) and are

expenses for the care of children (including foster children if the unreimbursed child-care expenses are paid from the family's annual income and not from another source.

A stipend from the child welfare agency), age 12 and younger, when all the following statements are true:

- The care is necessary to enable a family member to be employed or to further his or her education (e.g., work, look for work, or further their education (academic or vocational));
- The expense is not reimbursed by an agency or individual outside the household; and
- The expenses incurred to enable a family to work do not exceed the amount of employment income that is included in annual income.

A family whose eligibility for the child-care expense deduction **is ending** may receive a hardship exemption to continue receiving a child-care expense deduction in certain circumstances when the family no longer has a member that is working, looking for work, or seeking to further their education, and the deduction is necessary because the family is unable to pay their rent.

When a family requests a hardship exemption to continue receiving a child-care expense deduction that is ending, HACC must recalculate the family's adjusted income and continue the child-care deduction if the family demonstrates to the HACC's satisfaction that the family is unable to pay their rent because of loss of the child-care expense deduction and the child-care expense is still necessary even though the family member is no longer working, looking for work, or furthering their education. The hardship exemption and the resulting alternative adjusted income calculation must remain in place for a period of up to 90 days. HACC, at their discretion, may extend such hardship exemptions for additional 90-day periods based on family circumstances.

To initiate, extend or conclude a hardship exemption, HACC will submit a non-interim transaction code on form HUD-50058/HUD-50059, unless there is an accompanying event that triggers an interim reexamination.

Definition of Family

Regulation: 24 CFR § 5.403

The definition of family to also include a single person who:

- Is an otherwise eligible youth who has attained at least 18 years of age and not more than 24 years of age;
- Has left foster care, or will leave foster care within 90 days, in accordance with a transition plan described in section 475(5)(H) of the Social Security Act (42 U.S.C. 675(5)(H)); and
- Is homeless or is at risk of becoming homeless at age 16 or older.

The definition of "family" in the final rule incorporates revisions made to the 1937 Act by the Fostering Stable Housing Opportunities provisions of the Consolidated Appropriations Act, 2021, which expands the definition of "single persons." Due to the modification of the statute prior to this final rule, HUD is making a conforming change to 24 CFR § 5.403 to align with the new statutory language.

New Definitions of Foster Adult and Foster Child

Regulation: 24 CFR § 5.603

Definitions for “foster adult” and “foster child.” A foster adult is defined as a member of the household who is 18 years or older and meets the definition of a foster adult under state law. State-level agencies define who is considered a foster adult/child, so the classification may vary from state to state.

In general, a foster adult is unable to live independently due to a debilitating physical or mental condition and is placed with the family by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction.

A foster child is defined as a member of the household who meets the definition of a foster child under state law. In general, a foster child is placed with the family by an authorized placement agency (e.g., public child welfare agency) or by judgment, decree, or other order of any court of competent jurisdiction.

Foster adults/children are not considered **family members** and must not be included in calculations of income for eligibility and rent determination purposes. However, foster adults/children are considered **household members** and must be included when determining unit size or subsidy standards based on established policies.

The definition of “dependent” under § 5.603 was revised to explicitly **exclude** foster children and foster adults. HACC may not provide a dependent deduction under § 5.611(a) for a foster child or foster adult. Consistent with the determination that foster adults/children are not family members, income earned by foster adults/children, payments received for the care of foster adults/children, and expenses incurred related to foster adults/children are not considered to be family income or family expenses used in the determination of annual income. Reasonable unreimbursed child-care expenses (as defined in § 5.603) for foster children under 13 years of age may be deducted from annual income if those expenses are necessary to enable a member of the family to work, look for work, or to further their education.

Families may be eligible to continue to receive the child-care expense deduction, pursuant to a hardship exemption, when the unreimbursed child-care expense is for the care of a foster child under the age of 13, but only if the unreimbursed child-care expense for the care of the foster child is paid from the family’s annual income (and not another source, such as a stipend from a child welfare agency).

When a member of an assisted family is temporarily placed in foster care (as confirmed by the state child welfare agency), the member is still counted as a family member in the unit from which they were removed. This means that a foster child or foster adult could be considered an assisted family member in one household while also being a foster child or adult in another household and receiving consideration in both families’ voucher size and/or unit size.

E.3 Alignment of Family Member Definition Across Programs

Regulations: 24 CFR §§ 5.403; 5.603; and 5.609

Summary: Since approximately 2008, MFH programs have treated foster children and foster adults as family members. Effective with the final rule, foster children and foster adults will be treated as household members in MFH programs.

Family assets of household members are excluded when determining initial eligibility or eligibility for continued assistance; however, household members are considered for purposes of unit size and subsidy standards. For example, a live-in aide must be considered for bedroom size requirements for a unit, but their income and expenses would not be included for the purposes of income eligibility and assistance levels. Household members do not qualify for expenses or deductions, except that reasonable unreimbursed child-care expenses may be deducted for foster children under the age of 13 if it enables a member of the family to work, look for work, or go to school.

Annual Income

Regulations: 24 CFR §§ 5.609(a)(1)–(a)(2); and 891.105

Annual income includes all amounts received from all sources by each member of the family who is 18 years of age or older, the head of household, or spouse of the head of household, in addition to unearned income received by or on behalf of each dependent who is under 18 years of age. Annual income does not include amounts specifically excluded in paragraph (b) of 24 CFR § 5.609. All amounts received by the head of household, co-head, or spouse, including the income of a day laborer, independent contractor, and seasonal worker are included in annual income regardless of age, unless otherwise excluded in paragraph (b) of 24 CFR § 5.609.

Note: Annual income includes “all amounts received,” not the amount that a family **may** be legally entitled to receive but which they do not receive. For example, a family’s child-support or alimony income must be based on payments received, not the amounts to which the family is entitled by court or agency orders. A copy of a court order or other written payment agreement alone may not be sufficient verification of amounts received by a family.

Annual income also includes all actual anticipated income from assets even if the asset is excluded from net family assets but the income from the asset is not otherwise excluded. Imputed returns on net family assets are included in annual income only when net family assets exceed \$50,000 (a figure that is annually adjusted for inflation) and actual asset income cannot be calculated for all assets. HACC will not impute income from assets if the total value of net family assets is equal to or less than \$50,000 (as adjusted by inflation).

F.2 Earned Income

Regulation: 24 CFR § 5.100

Earned Income is defined as income or earnings from wages, tips, salaries, other employee compensation, and net income from self-employment. Earned income does not include any pension or annuity, transfer payments (meaning payments made or income received in which no goods or services are being paid for, such as welfare assistance, Social Security, and other governmental subsidies/benefits), or any cash or in-kind benefits.

Definition of Day Labor

Regulation: 24 CFR § 5.603(b)

A day laborer is defined as an individual hired and paid one day at a time without an agreement that the individual will be hired or work again in the future.

Income earned as a day laborer is not considered nonrecurring income under 24 CFR § 5.609(b)(24).

F.2.b Definition of Independent Contractor

Regulation: 24 CFR § 5.603(b)

An independent contractor is an individual who qualifies as an independent contractor instead of an employee in accordance with the Internal Revenue Code federal income tax requirements and whose earnings are consequently subject to the self-employment tax.

In general, an individual is an independent contractor if they have the right to control or direct only the conduct of the work. For example, while instructions and route information are generally provided, third-party delivery and transportation service providers are considered independent contractors unless state law dictates otherwise. In addition, individuals considered “gig workers,” such as babysitters, landscapers, rideshare drivers, and house cleaners, typically fall into the category of independent contractor.

Income earned as an independent contractor is not considered nonrecurring income and must be included unless specifically excluded in 24 CFR § 5.609(b) (e.g., 24 CFR §§ 5.609(b)(3), (b)(14), etc.).

Definition of Seasonal Worker

Regulation: 24 CFR § 5.603(b)

A seasonal worker is defined as an individual who is: 1) hired into a short-term position (e.g., for which the customary employment period for the position is 6 months or fewer); and 2) the employment begins about the same time each year (such as summer or winter). Typically, the individual is hired to address seasonal demands that arise for the employer or industry.

Definition of Unearned Income

Regulation: 24 CFR § 5.100

Unearned income means any annual income, as calculated under 24 CFR § 5.609, that is not earned income.

Assets

Asset requirements in 24 CFR §§ 5.603 and 5.609 apply to HCV (including Project-Based Vouchers and all special purpose vouchers), Public Housing, Section 8 Moderate Rehabilitation, Section 8 Moderate Rehabilitation SRO, and MFH programs.

Determining Net Family Assets

Regulations: 24 CFR §§ 5.100 and 5.603

Net family assets are defined as the net cash value of **all assets owned by the family**, after deducting reasonable costs that would be incurred in disposing of real property, savings, stocks, bonds, and other forms of investment.

Assets with negative equity. The cash value of real property or other assets with negative equity would be considered \$0 for the purposes of calculating net family assets. Negative equity in real property or other investments does not prohibit the family from selling the property or other investments, so negative equity alone would not justify excluding the property or other investments from family assets. F1 Real property, as used in 24 CFR Part 5, has the same meaning as that provided under the state law in which the real property is located.

Assets disposed of for less than fair market value. In determining the value of net family assets, PHAs/MFH Owners must include the value of any business or family assets disposed of by an applicant or tenant for less than fair market value (including a disposition in trust,^{F2} but not in a foreclosure or bankruptcy sale) during the two years preceding the date of application for the program or reexamination, as applicable, in excess of the consideration received.

An asset moved to a retirement account held by a member of the family is not considered to be an asset disposed of for less than fair market value. In the case of a disposition as part of a separation or divorce settlement, the disposition will not be considered less than fair market value if the applicant or tenant receives consideration not measurable in dollar terms.

Asset owned by business entity. If a business entity (e.g., limited liability company or limited partnership) owns the asset, then the family's asset is their ownership stake in the business, not some portion of the business's assets. However, if the family holds the assets in their own name (e.g., they own one-third of a restaurant) rather than in the name of a business entity, then the percentage value of the asset owned by the family is what is counted toward net family assets (e.g., one-third of the value of the restaurant).

Jointly owned assets. For assets jointly owned by the family and one or more individuals outside of the assisted family, HACC must include the total value of the asset in the calculation of net family assets, unless the asset is otherwise excluded (see F.4.b of this notice), or unless the assisted family can demonstrate that the asset is inaccessible to them, or that they cannot dispose of any portion of the asset without the consent of another owner who refuses to comply. If the family demonstrates that they can only access a portion of an asset, then only that portion's value shall be included in the calculation of net family assets for the family. Likewise, any income from a jointly owned asset must be included in annual income, unless that income is specifically excluded or unless the family demonstrates that they do not have access to

A disposition in trust is when the family creates a trust for the benefit of someone outside of the assisted family. It would not be considered an asset disposed of for less than fair market value if the family establishes a nonrevocable trust for the benefit of someone in the assisted family.

If an individual is a beneficiary who is entitled to access the account's funds only upon the death of the account's owner, and may not otherwise withdraw funds from an account, then the account is not an asset to the assisted family, and the family should provide proper documentation demonstrating that they are only a beneficiary on the account.

Exclusions from Net Family Assets

Regulations: 24 CFR § 5.603(b)(3)–(b)(4)

Required exclusions from net family assets include the following:

- The value of necessary items of personal property.
- The value of all non-necessary items of personal property with a total combined value of \$50,000 or less, annually adjusted for inflation.
- The value of any account under a retirement plan recognized as such by the Internal Revenue Service, including Individual Retirement Accounts (IRAs), employer retirement plans (e.g., 401(k), 403(b)), and retirement plans for self-employed individuals.
- The value of real property that the family does not have the effective legal authority to sell in the jurisdiction in which the property is located. Examples of this include but are not limited to: co-ownership situations (including situations where one owner is a victim of domestic violence), where one party cannot unilaterally sell the real property; property that is tied up in litigation; inherited property in dispute.
- Any amounts recovered in any civil action or settlement based on a claim of malpractice, negligence, or other breach of duty owed to a family member arising out of law that resulted in a member of the family being a person with disabilities.
- The value of any Coverdell education savings account under section 530 of the Internal Revenue Code of 1986; the value of any qualified tuition program under section 529 of such Code; and the amounts in, contributions to, and distributions from any Achieving a Better Life Experience (ABLE) account authorized under section 529A of such code.
- The value of any "baby bond" account created, authorized, or funded by the federal, state, or local government (money held in trust by the government for children until they are adults).
- Interests in Indian trust land.
- Equity in a manufactured home where the family receives assistance under 24 CFR Part 982.47
- Equity in property under the Homeownership Option for which a family receives assistance under 24 CFR Part 982.
- Family Self-Sufficiency accounts.
- Federal tax refunds or refundable tax credits for a period of 12 months after receipt by the family.
- The full amount of assets held in an irrevocable trust. (See paragraph F.4.d (Trusts) of this notice.)
- The full amount of assets held in a revocable trust where a member of the family is the beneficiary, but the grantor/owner and trustee of the trust is not a member of the participant family or household. (See paragraph F.4.d (Trusts) of this notice)

F.4.c Necessary and Non-Necessary Personal Property

Regulation: 24 CFR § 5.603

Necessary personal property is excluded from net family assets. Non necessary personal property with a combined value greater than \$50,000, as adjusted by inflation, is considered part of net family assets. When the combined value of all non-necessary personal property does not exceed \$50,000, as adjusted by inflation, all non-necessary personal property is excluded from net family assets.

All assets are categorized as either real property (e.g., land, a home) or personal property. Personal property includes tangible items, like boats, as well as intangible items, like bank accounts. For example, a family could have non necessary personal property with a combined value that does not exceed \$50,000 but also own real property such as a parcel of land. Even though the non necessary personal property would be excluded from net family assets, the real property would be included in net family assets regardless of its value unless the real property meets a different exclusion under 24 CFR § 5.603.

Necessary personal property are items essential to the family for the maintenance, use, and occupancy of the premises as a home; or they are necessary for employment, education, or health and wellness. Necessary personal property includes more than merely items that are indispensable to the bare existence of the family. It may include personal effects (such as items that are ordinarily worn or utilized by the individual), items that are convenient or useful to a reasonable existence, and items that support and facilitate daily life within the family's home. Necessary personal property also includes items that assist a household member with a disability, including any items related to disability-related needs, or that may be required for a reasonable accommodation for a person with a disability. Necessary personal property does not include bank accounts, other financial investments, or luxury items.

Determining what is a necessary item of personal property is a highly fact-specific determination, and therefore it is incumbent on PHAs/MFH Owners to gather enough facts to qualify whether an asset is necessary or non-necessary personal property.

Items of personal property that do not qualify as necessary personal property will be classified as non-necessary personal property.

The following table lists examples of necessary and non-necessary personal property. **This is not an exhaustive list.**

Examples of Necessary and Non-Necessary Personal Property

Necessary Personal Property	Non-Necessary Personal Property:
------------------------------------	---

<input type="checkbox"/> Car(s)/vehicle(s) that a family relies on for transportation for personal or business use

- Personal effects that are not luxury items (e.g., toys, books)
- Wedding and engagement rings
- Jewelry used in religious/cultural celebrations and ceremonies
- Religious and cultural items
- Medical equipment and supplies
- Health care–related supplies
- Musical instruments used by the family
- Personal computers, phones, tablets, and related equipment
- Professional tools of trade of the family, for example professional books
- Educational materials and equipment used by the family, including equipment to accommodate persons with disabilities
- Equipment used for exercising (e.g., treadmill, stationary bike, kayak, paddleboard, ski equipment)
- Recreational car/vehicle not needed for day-to-day transportation (campers, motorhomes, travel trailers, all-terrain vehicles (ATVs))
- Bank accounts or other financial investments (e.g., checking account, savings account, stocks/bonds)
- Recreational boat/watercraft
- Expensive jewelry without religious or cultural value, or which does not hold family significance
- Collectibles (e.g., coins/stamps)
- Equipment/machinery that is not used to generate income for a business
- Items such as gems/precious metals, antique cars, artwork, etc.

Necessary and Non-Necessary Personal Property

The Cross family owns three items of personal property. The family has a checking account valued at \$5,000, a \$15,000 recreational boat, and Ms. Cross’s \$3,000 engagement ring. The checking account and recreational boat are both considered non-necessary personal property. They are worth a combined \$20,000. The engagement ring is considered necessary personal property, because it is jewelry used in a religious/cultural celebration or ceremony. Since the total value of non-necessary

personal property is less than \$50,000, the family's non-necessary personal property will not be considered when calculating the Cross family's net family assets.

Trusts

Regulations: 24 CFR §§ 5.603 and 5.609

Summary: Whether the value of a trust counts as a net family asset and whether distributions from the trust count as annual income to the family depends on the following three factors:

- Whether the trust is under the control of the family;
- Whether distributions are made from the trust's principal; and
- The purpose of the distribution, if the distribution is made from income earned on the trust's principal.

Trusts as Net Family Assets

The value of irrevocable trusts and revocable trusts that are not under the control of the family are both excluded from net family assets.

The distinguishing feature of a revocable trust is that the grantor can terminate and/or amend the trust at any time for any reason before his or her death. In circumstances when a member of the assisted family is the beneficiary of a revocable trust, but the grantor is not a member of the assisted family, the beneficiary does not "own" the revocable trust, and the value of the trust is excluded from net family assets. For the revocable trust to be considered excluded from net family assets, no family or household member may be the account's trustee.

A revocable trust that is under the control of the family or household (e.g., the grantor is a member of the assisted family or household) is

included in net family assets, and, therefore, income earned on the trust is included in the family's income from assets. This also means that HACC will calculate imputed income on the revocable trust if net family assets are more than \$50,000, as adjusted by inflation, and actual income from the trust cannot be calculated (e.g., if the trust is comprised of farmland that is not in use).

Actual Income from a Trust

If HACC determines that the revocable trust is included in the calculation of net family assets, then the actual income earned by the revocable trust is also included in the family's income. Where an irrevocable trust is excluded from net family assets, HACC must not consider actual income earned by the trust (e.g., interest earned, rental income if property is held in the trust) for so long as the income from the trust is not distributed.

Trust Distributions and Annual Income

- Revocable trust considered part of net family assets:** If the value of the trust is considered part of the family's net assets, then distributions from the trust are not considered income to the family.
- Revocable or irrevocable trust not considered part of net family assets:** If the value of the trust is not considered part of the family's net assets, then distributions from the trust are treated as follows:
 - All distributions from the trust's principal are excluded from income.
 - Distributions of income earned by the trust (i.e., interest, dividends, realized gains, or other earnings on the trust's principal), are included as income unless the distribution is used to pay for the health and medical expenses for a minor.

Federal Tax Refunds or Refundable Tax Credits

Regulation: 24 CFR § 5.603

All amounts received by a family in the form of federal tax refunds or refundable tax credits are excluded from a family's net family assets for a period of 12 months after receipt by the family. At the time of an annual or interim reexamination of income, if the federal tax refund was received during the 12 months preceding the effective date of the reexamination, then the amount of the refund that was received by the family is subtracted from the total value of the account in which the federal tax refund or refundable tax credits were deposited. When the subtraction results in a negative number, then the balance of the asset is considered \$0. If the tax refund or refundable tax credit is deposited into another excluded asset, such as a retirement account or a Coverdell Education Savings Account, then the deposit will have no effect on the balance of the asset (i.e., there is no need for HACC to subtract the amount of the deposit from the value of the excluded asset). Only the amount that the family receives is excluded from net family assets. For example, if a family anticipates a \$500 federal tax refund but only receives \$250, then only \$250 will be excluded from the net family assets because that is the amount that the family received.

HACC is not required to verify the amount of the family's federal tax refund or refundable tax credit(s) if the family's net assets are equal to or below \$50,000 (adjusted annually for inflation), even in years when full verification of assets is required or if the PHA/MFH owner does not accept self-certification of assets. PHAs/MFH Owner

must verify the amount of the family's federal tax refund or refundable tax credits if the family's net assets are greater than \$50,000.

Nonrecurring Income

Regulation: 24 CFR §§ 5.609(b)(24) and CFR 891.105

The nonrecurring income exclusion replaces the former exclusion for temporary, nonrecurring, and sporadic income (including gifts), but it provides a narrower definition of excluded income in contrast to the former broad exclusion of temporary, nonrecurring, or sporadic income. Income that will not be repeated beyond the coming year (i.e., the 12 months following the effective date of the certification), based on information provided by the family, is considered nonrecurring income and is excluded from annual income. However, income received as an independent contractor, day laborer, or seasonal worker is not excluded from income under § 5.609(b)(24), even if the source, date, or amount of the income varies.

Income that has a discrete end date and will not be repeated beyond the coming year during the family's upcoming annual reexamination period will be excluded from a family's annual income as nonrecurring income. This does not include unemployment income and other types of periodic payments that are received at regular intervals (such as weekly, monthly, or yearly) for a period of greater than one year that can be extended. For example, an increasing number of cities and states are piloting guaranteed income programs that have discrete beginning and end dates. This income can be excluded as nonrecurring in the final year of the pilot program. For example, for an annual reexamination effective 2/1/2024, guaranteed income that will be repeated in the coming year but will end before the next reexamination on 2/1/2025 will be fully excluded from annual income.

Income amounts excluded under this category may include, but are not limited to, nonrecurring payments made to the family or to a third party on behalf of the family to assist with utilities, eviction prevention, security deposits to secure housing, payments for participation in research studies depending on the duration, and general one-time payments received by or on behalf of the family.

The following list of exclusions is codified at 24 CFR § 5.609(b)(24) as nonrecurring income. Please note that the list is not exhaustive:

- Payments from the U.S. Census Bureau for employment lasting no longer than 180 days and not culminating in permanent employment;
- Direct federal or state economic stimulus payments;
- Amounts directly received by the family as a result of state refundable tax credits or state tax refunds at the time they are received;
- Amounts directly received by the family as a result of federal refundable tax credits or federal tax refunds at the time they are received;
- Gifts for holidays, birthdays, or other significant life events or milestones (e.g., wedding, baby shower, or anniversary gifts);
- In-kind donations (e.g., food, clothing, or toiletries received from a food bank or similar organization); and
- Lump-sum additions to net family assets (e.g., lottery winnings, contest winnings,

etc.).

HACC may accept a self-certification from the family stating that the income will not be repeated in the coming year.

Student Financial Assistance

Regulation: 24 CFR § 5.609(b)(9)

Summary: The treatment of student financial assistance depends on the HUD program, student/household characteristics, and the type of financial assistance received by the student. The student financial assistance rules apply to both full-time and part-time students.

The two types of student financial assistance applicable to MFH and PIH programs are described below.

Amounts Received Under Section 479B of the Higher Education Act (HEA) of 1965, as amended (20 U.S.C. 1087uu)

Certain types of student financial assistance are to be excluded in determining eligibility for benefits made available through federal, state, or local programs financed with federal funds. The types of financial assistance listed below are considered 479B student financial assistance programs; however, this list is not exhaustive, and 479B will be updated as of July 1, 2024.

- Federal Pell Grants;
- Teach Grants;
- Federal Work Study Programs;
- Federal Perkins Loans;
- Student financial assistance received under the Bureau of Indian Education;
- Higher Education Tribal Grant;
- Tribally Controlled Colleges or Universities Grant Program;
- Employment training program under section 134 of the Workforce Innovation and Opportunity Act (WIOA).

Other Student Financial Assistance

Other student financial assistance includes grants or scholarships received from the following sources:

- The Federal government;
- A state (including U.S. territories), Tribe, or local government;
- A private foundation registered as a nonprofit under 26 U.S.C. 501(c)(3);
- A business entity (such as a corporation, general partnership, limited liability company, limited partnership, joint venture, business trust, public benefit corporation, or nonprofit entity); or

- An institution of higher education.

Other student financial assistance does not include:

- Financial support provided to the student in the form of a fee for services performed (e.g., a work study or teaching fellowship that is not excluded under section 479B of the Higher Education Act HEA); or

- Gifts, including gifts from family or friends.

Note: Other student financial assistance may be paid directly to the student or to the educational institution on the student's behalf. The PHA/MFH Owner must verify that the other student financial assistance is for the student's actual covered costs.

Elimination of the Earned Income Disregard (EID)

Regulation: 24 CFR § 5.611

Summary: The Earned Income Disregard (EID) will not apply to any family who is not eligible for **and already participating in** the disallowance as of December 31, 2023. The EID allowed eligible families to have a portion of their earned income excluded from annual income for a maximum period of 24 consecutive months.

Although HOTMA eliminates the EID from HUD regulations, families who were receiving the EID benefit as of December 31, 2023, may continue to receive the full benefit until the remaining timeframe for an individual family's EID expires. Because the EID lasts up to 24 consecutive months, no family will still be receiving the EID benefit after December 31, 2025.

The EID policies described above are distinct from similar policies in the Jobs Plus program. Families eligible to receive the Jobs Plus program rent incentive (Jobs Plus Earned Income Disregard (JPEID)) pursuant to the FY2023 Notice of Funding Opportunity (NOFO) or earlier appropriation distributed through prior Jobs Plus NOFOs may continue to receive JPEID under the terms of the NOFO. The JPEID was established by HUD as an alternative requirement to EID for Jobs Plus grantees by waiving section 3(d) of the U.S. Housing Act of 1937 (42 U.S.C. 1437a(d)) and § 960.255(b) and (d). For more information about JPEID waivers and alternative requirements, please review the following *Federal Register* notices: [80 FR 13415](#) (March 13, 2015) and [83 FR 13506](#) (March 29, 2018).

Civil Rights Settlements or Judgments

Regulation: 24 CFR § 5.609(b)(25)

Civil rights settlements or judgments, including settlements or judgments for back pay, are excluded from the calculation of annual income.

Historically HUD has followed a practice of excluding from income civil rights settlements and judgments as lump-sum additions to assets, which would include amounts received as a result of litigation or other actions, such as conciliation agreements, voluntary compliance agreements, consent orders, other forms of settlement agreements, or administrative or judicial orders under nondiscrimination laws. However,

this new exclusion clarifies that even where such payments are not lump-sum payments but instead may have a payment schedule, such payments are excluded. Additionally, this exclusion applies to back pay received by the family pursuant to a civil rights settlement or judgment.

INTERIM REEXAMINATIONS

A family may request an interim determination of family income or composition because of any changes since the last determination. HACC must conduct any interim reexamination within a reasonable period of time after the family request or when HACC becomes aware of a change in the family's adjusted income that must be processed in accordance with the final rule. What qualifies as a "reasonable time" may vary based on the amount of time it takes to verify information, but HACC generally should conduct the interim reexamination not longer than 30 days after HACC becomes aware of changes in income. The following subsection focuses on HOTMA's revisions to income reexamination requirements. The final rule changes the conditions under which interim reexaminations must be conducted, codifies when interim reexaminations should be processed and made effective, and requires related changes for annual reexaminations and streamlined income determinations. When HACC determines that an interim reexamination of income is necessary, they must ask the family to report changes in all aspects of adjusted income. For example, if the family is reporting a decrease in annual adjusted income that is more than 10 percent, but the family also had a change in assets that would result in a change in income, the change in assets must also be reviewed. HUD recommends as a best practice that HACC maintains documentation of all reported decreases in annual adjusted income in the family's file, including those that did not result in an interim reexamination. HUD also recommends reviewing the applicable regulations to ensure that any program-specific reexamination requirements are addressed.

Decreases in Adjusted Income

Regulations: 24 CFR §§ 5.657(c)(2); 882.515(b)(2); 891.105; 891.410(g)(2); 891.610(g)(2); 960.257(b)(2); and 982.516(c)(2)

A family may request an interim determination of family income for **any** change since the last determination. However, HACC may decline to conduct an interim reexamination of family income if the PHA/MFH Owner estimates that the family's adjusted income will decrease by an amount that is less than 10 percent of the family's annual adjusted income. HACC has the discretion to set a lower percentage threshold, in which case that lower percentage threshold must be included in the ACOP, Administrative Plan, or Tenant Selection Plan, as applicable.

HACC must conduct an interim reexamination of family income when the HACC becomes aware that a family's annual adjusted income has changed by an amount that HACC estimates will result in a decrease of 10 percent or more in annual adjusted income or a lower threshold set by HUD or by HACC's Administrative Plan. In addition to decreases in family income, increases in deductions may produce a sufficient decrease in adjusted income to support an interim reexamination effective January 1, 2024, or later.

Decreases in Adjusted Income

Regulations: 24 CFR §§ 5.657(c)(2); 882.515(b)(2); 891.105; 891.410(g)(2); 891.610(g)(2); 960.257(b)(2); and 982.516(c)(2)

A family may request an interim determination of family income for **any** change since the last determination. However, HACC may decline to conduct an interim reexamination of family income if the PHA/MFH Owner estimates that the family's adjusted income will decrease by an amount that is less than 10 percent of the family's annual adjusted income. HACC has the discretion to set a lower percentage threshold, in which case that lower percentage threshold must be included in the ACOP, Administrative Plan, or Tenant Selection Plan, as applicable.

HACC must conduct an interim reexamination of family income when the HACC becomes aware that a family's annual adjusted income has changed by an amount that HACC estimates will result in a decrease of 10 percent or more in annual adjusted income or a lower threshold set by HUD or by HACC's Administrative Plan. In addition to decreases in family income, increases in deductions may produce a sufficient decrease in adjusted income to support an interim reexamination effective January 1, 2024, or later.

Policies for Families to Report Changes to Annual Adjusted Income or Household Composition

Regulations: 24 CFR §§ 5.657(c)(4); 882.515(b)(1)–(4); 882.808(i)(4); 891.105; 891.410(g)(2); 891.610(g)(2); 960.257(b)(4); and 982.516(d)

HACC must require families to report **household composition changes**; however, HACC determine the timeframe in which reporting happens. PHAs/MFH Owners must develop policies that describe when and under what conditions families must report **changes in annual adjusted income** consistent with the new requirements for processing interim reexaminations. HACC is responsible for educating families on the requirements for reporting changes. Families are responsible for reporting these changes to HACC within 10 days.

Processing Time Period for Interim Reexaminations

Regulations: 24 CFR §§ 5.657(c)(1); 882.515(b)(1); 891.105; 891.410(g)(2); 891.610(g)(2); 960.257(b)(1); and 982.516(c)(1)

The updated regulations codified long-standing guidance on how long PHAs/MFH Owners should take to process an interim reexamination. Families may request an interim determination of income or household composition because of any changes since the last determination. HACC may decline to conduct an interim reexamination of family income if they estimate the family's annual adjusted income will change by less than 10 percent, when the PHA/MFH Owner conducts an interim reexamination, it must be conducted within a reasonable period after the family's request or after the PHA/MFH Owner becomes aware of an increase in the family's adjusted income.

Effective Date of Interim Rent Changes

Regulations: 24 CFR §§ 5.657(c)(5); 882.515(b)(4)–(b)(5); 891.105; 891.410(g)(2); 891.610(g)(2); 960.257(b)(6); and 982.516(c)(4)

The updated regulation codified long-standing guidance on when interim reexaminations are made effective.

- **Changes Reported Timely:** If the family has reported a change in family income or

composition in a timely manner according to HACC's policies, then HACC must provide the family with a 30-day advance notice of any rent increases, and such rent increases will be effective the first day of the month beginning after the end of that 30-day period.

If the tenant has complied with the interim reporting requirement and the tenant's rent is anticipated to decrease, rent decreases will be effective on the first day of the month after the date of the actual change leading to the interim reexamination of family income. This means the decrease will be applied retroactively.

· **Changes Not Reported Timely:** If the family has failed to report a change in family income or composition in a timely manner according to the PHA/MFH Owner's policies, HACC must implement any resulting rent increases retroactively to the first day of the month following the date of the change leading to the interim reexamination of family income. Any resulting rent decrease must be implemented no later than the first rent period following completion of the reexamination. HACC may choose to adopt a policy that would make the effective date of an interim reexamination retroactive to the first of the month following the date of the actual decrease in income as opposed to the first of the month following completion of the reexamination. PHAs/MFH Owners may also choose to establish conditions or requirements for when such a retroactive application would apply (e.g., where a family's ability to report a change in income promptly may have been hampered due to extenuating circumstances such as a natural disaster or disruptions to the PHA/MFH Owner management operations). PHAs/MFH Owners that choose to adopt such policies must ensure the earliest date that the retroactive decrease is applied is the later of the first of the month following the date of the change that led to the interim reexamination, or the first of the month following the most recent previous income examination (i.e., most recent interim or annual reexamination or the family's initial examination if that was the family's only income examination before the interim reexamination in question).

In applying a retroactive change in rent or family share as the result of an interim reexamination, the PHA/MFH Owner must clearly communicate the effect of the retroactive adjustment to the family so that there is no confusion over the amount of the rent that is the family's responsibility. In the HCV and Moderate Rehabilitation/SRO programs, the PHA must also clearly communicate the effect of the retroactive adjustment to the owner as well. These policies may reduce the potential hardship on families and eliminate or significantly reduce the amount a family may owe the PHA for back rent if the family has had difficulty in making timely rent payments during the time between the loss of income and the interim reexamination.

An exception to the requirement that a PHA/MFH Owner implement resulting rent increases retroactively to the first of the month following the date of the change leading to the interim reexamination exist if a PHA/MFH Owner failed to process a family's interim reexamination because the family did not timely report an income decrease, as illustrated in example I4, scenario D, below.

9.8 Asset Limitation

Per requirements in Section 104 of HOTMA, 24 CFR 5.618 creates a restriction on the eligibility of a family to receive assistance if the family owns real property that is suitable for occupancy by the family as a residence or has assets in excess

of \$100,000, as adjusted annually in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers.

Pursuant to 24 CFR 5.618(c), PHAs/MFH Owners are given discretion at reexamination in enforcing the asset limitation on eligibility for assistance in § 5.618(a). HUD will issue additional guidance on the use of this discretionary authority.

Financial Resources / Operation and Management

HACC administers voucher-based rental programs in which HCV ACC units are 686, HUD-VASH are 88, Special Purpose 7, and Emergency Housing Vouchers are 21. From July 2022 to June 2023, HACC spent nearly \$3.7 million for the HCV, Special Purpose, EHV, and HUD-VASH vouchers. HACC is anticipating spending approximately the same amount of \$4.9 million during the 2023-2024 fiscal year. HACC currently has a to utilize 120% of the published Fair Market Rents published by HUD. HACC's additional Federal funding sources are Housing Opportunities for Persons With AIDS (HOPWA) in which an estimated \$210,000 is projected for operating and program costs and the Family Self-Sufficiency Program is estimated \$72,000.00. HACC does not receive non-Federal funding.

Housing Needs and Strategy for Addressing Housing Needs

HACC opened a new wait list in February 2024, receiving more than 800 applications. HACC's jurisdiction covers Cochise and Graham Counties, spanning nearly 11,000 square miles, including Bisbee, Douglas, Sierra Vista, Hereford, Palominas, Tombstone, Willcox, Benson, Safford, Thatcher, and surrounding areas. Within our county, Bisbee and Tombstone are tourist attractions; Sierra Vista is the home to Fort Huachuca Army Base, and two large Border Patrol stations at the ports of entry in Naco and Agua Prieta, Mexico. Because of this, the rental market is high, making it difficult to find affordable housing. Payment Standards for 2023 are:

Cochise County & Sierra Vista	Graham County
0 BR: \$872	\$1014
1BR: \$930	\$1020
2 BR: \$1157	\$1231
3 BR: \$1644	\$1750
4 BR: \$1970	\$2098
5 BR: \$2266	\$2412

Due to the vastness of our county, moving to the very rural areas where housing is more affordable means trading affordable rent for being close to hospitals, grocery stores, pharmacies, public transportation, etc...

Cochise County has some of the oldest housing stock in the West. 58% of the housing in the city of Bisbee was built before 1940 and 91% before 1978. In Douglas and surrounding areas, 21% of the housing was built prior to 1940 and 78% before 1978. Sierra Vista is our largest city with newer homes and units, with more expensive rents and limited affordable housing.

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

HACC accepts applications only from families whose head or spouse is at least 18 years of age. To be eligible for participation, an applicant must meet HUD’s criteria, as well as any permissible additional criteria established by the PHA. HUD’s eligibility. Please see sections 3.0 and 5.0 of attached Administrative Plan.

Rent Determination

HACC will verify information related to waiting list preferences, eligibility, admission, and level of benefits prior to admission. Periodically during occupancy, items related to eligibility and rent determination shall also be reviewed and verified. Income, assets, and expenses will be verified, as well as disability status, need for a live-in aide and other reasonable accommodations, full time student status of family members 18 years of age and older, Social Security Numbers, citizenship/eligible immigration status. Please see section 10 of the attached Administrative Plan.

Informal Review and Hearing Procedures

HACC will investigate and respond to complaints by participant families, owners, and the public. HACC may require that complaints other than HQS violations be put in writing. Anonymous complaints are investigated whenever possible. Please see section 15.0 of the attached Administrative Plan.

Homeownership Programs

Although FSS escrow disbursements have resulted in families purchasing homes, HACC does not administer a homeownership program.

Self Sufficiency Programs and Treatment of Income Changes Resulting from Welfare Program Requirements

HACC encourages self-sufficiency of participant families and assist in expansion of family opportunities which address educational, socio-economic, recreational, and other service needs.

Family Self-Sufficiency program (FSS program): Established by HACC to promote self-sufficiency of assisted families, including the coordination of supportive services (42 U.S.C. 1437u).

Substantial Deviation

A change in the use of federal funds for activities that prohibit or redirect HACC’s goals or mission of providing safe, decent, and sanitary conditions for very low-income families to manage resources effectively. HACC is to promote personal, economic, and social upward mobility to provide families the opportunity to make the transition from subsidized to non-subsidized housing as identified in the 5-Year Plan.

This includes but is not limited to major changes in proposed activities or policies that will affect residents’ services or programs.

This does not include changes in the organizational structure or budget revisions that are a result of HUD regulations or minor policy changes.

Significant Amendment/Modification

Changes that are sufficient to rent, admissions policies, or the waiting list that is not required by federal requirements as to a change in the Administrative Plan.

This does not include changes in the organizational structure or budget revisions that are a result of HUD regulations or minor policy changes.

Instructions for Preparation of Form HUD-50075-HCV Annual PHA Plan for HCV-Only PHAs

A. PHA Information. All PHAs must complete this section. (24 CFR §903.4)

- A.1** Include the full **PHA Name**, **PHA Code**, **PHA Type**, **PHA Fiscal Year Beginning** (MM/YYYY), **Number of Housing Choice Vouchers (HCVs)**, **PHA Plan Submission Type**, and the **Availability of Information**, specific location(s) of all information relevant to the public hearing and proposed PHA Plan.

PHA Consortia: Check box if submitting a Joint PHA Plan and complete the table. (24 CFR §943.128(a))

B. Plan Elements. All PHAs must complete this section. (24 CFR §903.11(c)(3))

B.1 Revision of Existing PHA Plan Elements. PHAs must:

Identify specifically which plan elements listed below that have been revised by the PHA. To specify which elements have been revised, mark the “yes” box. If an element has not been revised, mark “no.”

Statement of Housing Needs and Strategy for Addressing Housing Needs. Provide a statement addressing the housing needs of low-income, very low-income and extremely low-income families and a brief description of the PHA’s strategy for addressing the housing needs of families who reside in the jurisdiction served by the PHA and other families who are on the Section 8 tenant-based assistance waiting lists. The statement must identify the housing needs of (i) families with incomes below 30 percent of area median income (extremely low-income); (ii) elderly families (iii) households with individuals with disabilities, and households of various races and ethnic groups residing in the jurisdiction or on the public housing and Section 8 tenant-based assistance waiting lists. The statement of housing needs shall be based on information provided by the applicable Consolidated Plan, information provided by HUD, and generally available data. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. Once the PHA has submitted an Assessment of Fair Housing (AFH), which includes an assessment of disproportionate housing needs in accordance with 24 CFR 5.154(d)(2)(iv), information on households with individuals with disabilities and households of various races and ethnic groups residing in the jurisdiction or on the waiting lists no longer needs to be included in the Statement of Housing Needs and Strategy for Addressing Housing Needs. (24 CFR § 903.7(a)).

The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. (24 CFR §903.7(a)(2)(i)) Provide a description of the ways in which the PHA intends, to the maximum extent practicable, to address those housing needs in the upcoming year and the PHA’s reasons for choosing its strategy. (24 CFR §903.7(a)(2)(ii))

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions. A statement of the PHA’s policies that govern resident or tenant eligibility, selection and admission including admission preferences for HCV. (24 CFR §903.7(b))

Financial Resources. A statement of financial resources, including a listing by general categories, of the PHA’s anticipated resources, such as PHA HCV funding and other anticipated Federal resources available to the PHA, as well as tenant rents and other income available to support tenant-based assistance. The statement also should include the non-Federal sources of funds supporting each Federal program, and state the planned use for the resources. (24 CFR §903.7(c))

Rent Determination. A statement of the policies of the PHA governing rental contributions of families receiving tenant-based assistance, discretionary minimum tenant rents, and payment standard policies. (24 CFR §903.7(d))

Operation and Management. A statement that includes a description of PHA management organization, and a listing of the programs administered by the PHA. (24 CFR §903.7(e)).

Informal Review and Hearing Procedures. A description of the informal hearing and review procedures that the PHA makes available to its applicants. (24 CFR §903.7(f))

Homeownership Programs. A statement describing any homeownership programs (including project number and unit count) administered by the agency under section 8y of the 1937 Act, or for which the PHA has applied or will apply for approval. ([24 CFR §903.7\(k\)](#))

Self Sufficiency Programs and Treatment of Income Changes Resulting from Welfare Program Requirements. A description of any PHA programs relating to services and amenities coordinated, promoted, or provided by the PHA for assisted families, including those resulting from the PHA's partnership with other entities, for the enhancement of the economic and social self-sufficiency of assisted families, including programs provided or offered as a result of the PHA's partnerships with other entities, and activities subject to Section 3 of the Housing and Community Development Act of 1968 (24 CFR Part 135) and under requirements for the Family Self-Sufficiency Program and others. Include the program's size (including required and actual size of the FSS program) and means of allocating assistance to households. ([24 CFR §903.7\(d\)\(i\)](#)) Describe how the PHA will comply with the requirements of section 12(c) and (d) of the 1937 Act that relate to treatment of income changes resulting from welfare program requirements. ([24 CFR §903.7\(d\)\(iii\)](#)).

Substantial Deviation. PHA must provide its criteria for determining a "substantial deviation" to its 5-Year Plan. ([24 CFR §903.7\(r\)\(2\)\(i\)](#))

Significant Amendment/Modification. PHA must provide its criteria for determining a "Significant Amendment or Modification" to its 5-Year and Annual Plan.

If any boxes are marked "yes", describe the revision(s) to those element(s) in the space provided.

B.2 New Activities. This section refers to new capital activities which is not applicable for HCV-Only PHAs.

B.3 Progress Report. For all Annual Plans following submission of the first Annual Plan, a PHA must include a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year PHA Plan. ([24 CFR §903.11\(c\)\(3\)](#), [24 CFR §903.7\(r\)\(1\)](#))

B.4 Capital Improvements. This section refers to PHAs that receive funding from the Capital Fund Program (CFP) which is not applicable for HCV-Only PHAs

B.5 Most Recent Fiscal Year Audit. If the results of the most recent fiscal year audit for the PHA included any findings, mark "yes" and describe those findings in the space provided. ([24 CFR §903.7\(p\)](#))

C. Other Document and/or Certification Requirements.

C.1 Resident Advisory Board (RAB) comments. If the RAB had comments on the annual plan, mark "yes," submit the comments as an attachment to the Plan and describe the analysis of the comments and the PHA's decision made on these recommendations. ([24 CFR §903.13\(c\)](#), [24 CFR §903.19](#))

C.2 Certification by State of Local Officials. Form HUD-50077-SL, *Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan*, must be submitted by the PHA as an electronic attachment to the PHA Plan. ([24 CFR §903.15](#)). Note: A PHA may request to change its fiscal year to better coordinate its planning with planning done under the Consolidated Plan process by State or local officials as applicable.

C.3 Civil Rights Certification/ Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan. Provide a certification that the following plan elements have been revised, provided to the RAB for comment before implementation, approved by the PHA board, and made available for review and inspection by the public. This requirement is satisfied by completing and submitting form HUD-50077 ST-HCV-HP, *PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed*. Form HUD-50077-ST-HCV-HP, *PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed* must be submitted by the PHA as an electronic attachment to the PHA Plan. This includes all certifications relating to Civil Rights and related regulations. A PHA will be considered in compliance with the certification requirement to affirmatively further fair housing if the PHA fulfills the requirements of §§ 903.7(o)(1) and 903.15(d) and: (i) examines its programs or proposed programs; (ii) identifies any fair housing issues and contributing factors within those programs, in accordance with 24 CFR 5.154; or 24 CFR 5.160(a)(3) as applicable (iii) specifies actions and strategies designed to address contributing factors, related fair housing issues, and goals in the applicable Assessment of Fair Housing consistent with 24 CFR 5.154 in a reasonable manner in view of the resources available; (iv) works with jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement; (v) operates programs in a manner consistent with any applicable consolidated plan under 24 CFR part 91, and with any order or agreement, to comply with the authorities specified in paragraph (o)(1) of this section; (vi) complies with any contribution or consultation requirement with respect to any applicable AFH, in accordance with 24 CFR 5.150 through 5.180; (vii) maintains records reflecting these analyses, actions, and the results of these actions; and (viii) takes steps acceptable to HUD to remedy known fair housing or civil rights violations. impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with the local jurisdiction to implement any of the jurisdiction's initiatives to affirmatively further fair housing; and assures that the annual plan is consistent with any applicable Consolidated Plan for its jurisdiction. ([24 CFR §903.7\(o\)](#)).

C.4 Challenged Elements. If any element of the Annual PHA Plan or 5-Year PHA Plan is challenged, a PHA must include such information as an attachment to the Annual PHA Plan or 5-Year PHA Plan with a description of any challenges to Plan elements, the source of the challenge, and the PHA's response to the public.

D. Affirmatively Furthering Fair Housing (AFFH).

D.1 Affirmatively Furthering Fair Housing. The PHA will use the answer blocks in item D.1 to provide a statement of its strategies and actions to implement each fair housing goal outlined in its accepted Assessment of Fair Housing (AFH) consistent with 24 CFR § 5.154(d)(5) that states, in relevant part: "To implement goals and priorities in an AFH, strategies and actions shall be included in program participants' ... PHA Plans (including any plans incorporated therein) Strategies and actions must affirmatively further fair housing" Use the chart provided to specify each fair housing goal from the PHA's AFH for which the PHA is the responsible program participant – whether the AFH was prepared solely by the PHA, jointly with one or more other PHAs, or in collaboration with a state or local jurisdiction – and specify the fair housing strategies and actions to be implemented by the PHA during the period covered by this PHA Plan. If there are more than three fair housing goals, add answer blocks as necessary.

Until such time as the PHA is required to submit an AFH, the PHA will not have to complete section D., nevertheless, the PHA will address its obligation to affirmatively further fair housing in part by fulfilling the requirements at 24 CFR 903.7(o)(3) enacted prior to August 17, 2015, which means that it examines its own programs or proposed programs; identifies any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement; and maintain records reflecting these analyses and actions. Furthermore, under Section 5A(d)(15) of the U.S. Housing Act of 1937, as amended, a PHA must submit a civil rights certification with its Annual PHA Plan, which is described at 24 CFR 903.7(o)(1) except for qualified PHAs who submit the Form HUD-50077-CR as a standalone document.

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the Annual PHA Plan. The Annual PHA Plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public for serving the needs of low- income, very low- income, and extremely low- income families.

Public reporting burden for this information collection is estimated to average 6.02 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Responses to the collection of information are required to obtain a benefit or to retain a benefit. The information requested does not lend itself to confidentiality
